

## VINOL

**BUILDS STRENGTH AND VITALITY**

Almost everyone needs a tonic at this season of the year to purify and rid the blood of poisons accumulated during the shut-in months of the winter. Are you tired, weak, run-down or lack the strength and vitality to throw off illness? Vinol is the great nutritive tonic that will build you up, make you eat better, sleep better and feel stronger.

## HONEY

"Honey is the nectar of flowers, gathered and modified by the honey bee". Approximately it consists of 85 per cent invert sugar, 15 per cent water, small quantities of mineral matter and volatile oils. Honey varies in color and flavour according to its source, but all is of equal value as a sweet or food. All Canadian honey granulates sooner or later, depending upon the proportions of the invert sugars present. Unfortunately, granulation is often taken as a sign of adulteration, this, however, is not the case, as granulation indicates purity and does not in any way affect the quality of the honey."

## Spring Poets

Will soon be with us again. Rhyming jingles of spring and sing, etc.

But the spring poetry that most of us won't hear anything about will be composed around garages and back yards when the fine days come, by gents who are trying their cars out for the first time since last fall and finding that there is a carbon knock here or something loose there and that the garage man will have to feel her pulse before there can be any driving this spring.

And the poems will all be about how many and different kinds of "saps" he has been all winter for not having the work done while the bus was idle. Don't be in this "Spring Poet" class. Bring yours in now-you're still early enough if you do it now. "Drive in and see for yourself."

## CEMENT ROAD IS NOW CONSIDERED

We understand that County Engineer Rose was in town on Wednesday of last week, looking over the Main street roadway, with a view to starting work here early this spring in putting on the surface of the road started last fall. While the Tribune did not meet the Engineer, we are informed that he intends to put us down a first-class road, and may consider the advisability of a cement surface. If such a surface is laid, it would bring us in line with many of the other municipalities all about us, who are laying cement roadways along their main streets.

The additional cost to any individual taxpayer, we believe, would not be burdensome, and if the council are of this opinion they should endeavour to have this class of road put down.

It is pointed out that if a cement road is put down, the crown would be cut down considerably, and would provide sufficient dirt to half fill the deep ditches from Baker's Garage to the 10th concession.

## FARMER LOSES CASE

**William Crapper Loses Case Over Automobile Accident**

Howard Hagaman and Mrs. Hagaman, Sixth line, Oakville, were awarded \$3,649.50 and costs by Mr. Justice McEvoy at the Halton county spring assizes for injuries received in an automobile accident. The accident occurred on Sunday, Oct. 7, at Coyne's school-house corner, 7th line Trafalgar township, when a car driven by Wm. Crapper of Goodwood going eastward, collided with Mr. Hagaman's car, seriously injuring Mrs. Hagaman. The claim was for \$10,000 damages.

## ALTONA

The April meeting of the Altona branch of the Women's Institute will be held at the home of Mrs. W. Resor, on Wednesday, April 10th, at 2.30 o'clock. An interesting feature will be a debate, "Resolved that middle age is more pleasurable than young girlhood"; paper, "Hospitality" by Mrs. C. Barkey; reading, Mrs. Yake; piano duet, Mrs. Hodgson and Mrs. Harris; demonstration "Doughnuts". Roll call—Where I first met my husband. Exchange of bulbs and flower seeds.

## MONGOLIA FARMER TURNS FIRST SOD

Mr. Edw. Vanzant of the 10th concession Markham, (Mongolia) can probably lay just claim to being the first local farmer to commence plowing this spring. Mr. Vanzant started plowing on Tuesday last week, and found the going very good in sod.

Although Mr. Vanzant turned over the furrow on the above date it must not be construed from this that plowing is general in this vicinity, for it is not. The land is still quite wet, and it may be two weeks or less before it will be fit for general work. Seeding is not expected to be unduly early about here.

## LOCAL LADY BENEFITS BY LARGE ESTATE

**Additional Assets of \$372,230 Have Been Filed for Probate**

Further assets consisting of personally to the extent of \$372,230 have been located in the estate of the late Dr. William Lehman a brother of the late A. Lehman of O'Brien Ave. Stouffville, and have been filed for probate by the Toronto General Trusts Corporation. This brings the total value of the estate which is left to ten nieces and nephews to \$550,360. One of the nieces is Mrs. Cliff Pipher.

The additional assets are understood to have consisted of large blocks of mining and other stocks which had been deposited in various safety deposit boxes in various cities.

Dr. Lehman was a native of Parkdale, but had not lived in Toronto for many years. He had spent most of his time in extensive travelling.

His will, which was dated August 7, 1923, left his wife an annuity of \$3,000, but she predeceased him.

He had provided that in case of such an event the estate should be divided into fifteen shares and he left two of such shares to Marshall Brown, who is a Toronto employee of the C.N.R. and A.E. Lehman, John Lehman, Jessie Spaulding, Jennie Pipher, Harman Brown, Harry Brown, Nettie Hudson, Ada Lehman and Meeda Lehman each receive one share.

## EARLY SPRING IN WEST

Spring has come to the West early and swiftly, and the indications are that the Prairie Provinces will have the earliest spring sowing in their history. Work is already under way at many points in Manitoba, Saskatchewan and Alberta. This makes fine news for all parts of the Dominion, so closely linked up are Canada's industries with the prosperity of the wheat fields.
