

LOCAL HAPPENINGS

School re-opens on April 8th.
Whitchurch Township Council will meet on Saturday.

LOST—A License for Car. No. (363-313). Tribune Office.

There is a fair "run" of sap reported locally, and maple syrup is being offered by the farmers at \$2.50 and \$3 gallon.

Two town boys "went swimming" on March 23rd. Season is well advanced but the boys report the water is still cold.

A Curling Club meeting is called for 7.30 p.m. on Wednesday, April 10th, at the Curling Rink. Members please attend. Dr. W. A. Sangster, president.

The Ontario Fruit Growers Association is urging that all cull apples be prohibited from being marketed. Should legislation be brought in effecting this, it would prevent the sale of a lot of rubbish, increase orchard spraying and the supply of cider.

F. Y. W. BRATHWAITE

Her friends will be sorry to know that Mrs. Thos. Williamson has been quite ill again.

At the Auditorium Theatre next Tuesday and Wednesday "The Wolf's Trail", with "Dynamite" the Wonder Dog.

The weather was very favorable over the Easter holiday, although on Sunday it was quite cold, and turned to rain in the evening.

This is the time of year when farmers need to keep in mind that the largest and best crops are secured from growing clean seed.

Mrs. Joel Nendick has returned to her home, O'Brien Ave., after spending the winter in Toronto. Mrs. Nendick will celebrate her 82nd birthday on Sunday, April 7th and will be "at home" from 2 to 5 p.m.

Rev. E. Baker, pastor of the United Church at Meaford, gave a brief address at the "fourth" degree in the Masonic lodge rooms on Friday evening last, he being one of the guests of the evening.

Mr. and Mrs. Jesse Cober moved into their newly acquired house, known as the Isaac Reaman place, last week. A portion of the furniture had to be left at Gormley until the roads get in better condition. The Cober family are welcome additions to our community.

The Fire Chief calls our attention to the fact that no one has any right to mount the fire truck going to a fire, unless that person is a member of the brigade. When the alarm was sounded on Saturday over-anxious helpers insisted on riding to the fire, although the capacity of the truck was taxed with those officially attached to the brigade.

"We are having it hot here at present," writes Mrs. W.B. Wurts a former resident, from Bedford, Indiana. Mrs. Wurts is living with her daughter and tells us that it is 85 in the shade there with everything green, and beautiful flowers in bloom. We are glad to know that our former resident is well and able to enjoy such beautiful climate.

This printed "squin" was in the Tribune mail the other day, and as it was postmarked Indianapolis, we suspected our old town boy Mr. Henry O'Brien passed it on to us. It reads thus:—"A certain Missouri editor refuses to publish obituary notices of people who, while living failed to subscribe to his newspaper, and gives this pointed reason: "People who do not take the home town paper are dead anyway, and their passing away has no news value"

WEEK END SPECIAL—
"WALNUT FUDGE"
MISS BERTIE RAYMER
After next week open Tuesday, Thursday and Saturday eve.

Read the advertisements.

Although Easter came rather early this year, many of the ladies had their new spring "bonnets" on last Sunday.

Drive slowly with your car along the wet streets. Only a mean driver will splash mud on others. To do so is an offense against the law.

There are rumors that a "howl" will be put up at the council meeting in town on Friday evening this week—if the dog owners don't get "cold" feet, as one councillor twits.

Last Sunday Rev. H. S. Warren, pastor of the United Church, exchanged pulpits with Rev. Edw. Baker of Meaford. Rev. Mr. Baker was pastor at Markham when Rev. H. Lee occupied the Stouffville pulpit a few years ago.

Newmarket Town Council are asking the Bell Telephone Co. to remove their poles from off the Main street of the town. Stouffville would also look a great deal more attractive if the accumulation of wires and poles was removed from the business section of the town at least.

When leading a cow along the street in Unionville one day last week Ernest Wheatley of that village was severely injured when the animal became unmanageable and crushed Wheatley against a tree, fracturing three of his ribs. He was removed to the Wellesley Hospital.

Sufficient contracts have been signed to ensure the building of a hydro electric line into Altona from the south, off the line which serves Claremont, while it is also expected that the line coming up to Mongolia on the 10th con. will also be built this summer, as only a few additional contracts are required now. The line on the 10th will come from Locust Hill.

At the last meeting of the Horticultural Society it was decided to replace the flower beds at the fire hall and at the east end of the town, with suitable shrubbery this spring. The Society intend to see that the beds look their best, and thus help to beautify Stouffville, to the general advantage and pleasure of us all. The Society have also decided to assist in beautifying the cemetery grounds by providing half the cost of planting and supplying of 125 shrubs.

It is rumored on good authority that a bowling alley is shortly to be established in town. The premises that will be renovated are large and spacious, and the alleys will be of the modern type as seen in Orr Bros. and other places in Toronto. The rumor also says that the billiard parlors belonging to Alex. Grubin will be linked up in the new undertaking, but at present definite settlement of the matter, although certain, is only underway so that more detail is not available.

On Saturday afternoon a fire alarm was turned in and the brigade hastily responded to the first dong of the bell, rushing with their "Flaming Red Bus" to the west end, where an automobile was found to be in danger of being consumed by fire, caused from a short circuit in the car. Although the brigade reached the point of their intended attack in three minutes after the alarm sounded, someone had smothered the fire with a blanket, and the official fire-fighters were not called into action. The car, which was only slightly damaged, belonged to Mr. Harvey Clendenning of the townline, who declares that his "Ford" never kicked up such great excitement in all its career as it did on Saturday afternoon.

Recently a coroner's jury recommended the provincial government enforce the law regarding automobile headlights. It seems to the average person that the non-enforcement of this law is nothing but callous indifference to the safety of both pedestrians and motorists. There has been a vigorous campaign against poor brakes, but records show that a very small proportion of accidents are caused by defective brakes in comparison with glaring headlights. The reason for this may be that a motorist knows when his brakes are poor and can govern himself accordingly, but he rarely realizes that his headlights are a cause of trouble to others. The proper place to overcome this difficulty is at the motor car factories. Force the car makers to install a non-glare lens and a bulb of such power that there is no possibility of there being glaring headlights.

Send the Tribune to absent friends

Local stores open three nights a week.

Local prices for butter fat are now 13c. for special and 17c. for first at the Creamery.

Jacob Yake is offering his overdue accounts for sale in his advertisement in this issue.

Earl A. Grubin, R. O. Eyesight Specialist, at Stouffville from Wednesday to Saturday of each week.

Attempting to fix the mills so they will not grind the ratepayers too much, will soon be worrying the average municipal council.

If the council intend to provide better lighting in the business section of the town, why not have it done for the summer season, and not wait until after the visitors have all gone home? The north side of Main street is so poorly lighted that one cannot distinguish a friend from a foe.

The logical time for beginners to commence school is after Easter. Mothers are urged to get the little people ready for the first day April 8th. Those commencing in Sept. find themselves three months behind and this also increases the difficulty of the teachers, says the principal of Stouffville school.

A meeting of the North York Educational Association was held in Aurora on Saturday last week. The speakers included W. M. Morris, secretary of the Ontario Trustees and Ratepayers Association, Ex-Inspector Malloy, Inspector Fidell and Executive Morgan Baker of Whitchurch Township.

Master George Smith, the 5-year-old son of Mr. and Mrs. Everton Smith who lost an eye last week while in play in his home, has returned from the hospital, and is able to run about again as if nothing really serious had overtaken him. He felt little pain from having the eye removed, and although he is not as perfect as he once was, George is not going to worry and will just place twice the value he once did on the one good eye he has left.

While fishing along the creek near town on Good Friday, Master Charlie Cadieux was quite severely bitten by a collie dog which attacked him without provocation or warning. Charlie was engaged with another lad in chasing suckers, when the animal was noticed running along the bank at the rear of the Dr. Freil property. It suddenly jumped at the boy who fought it off with a stick, but not until the cur had jumped at the boy's face, and succeeded in biting him on the shoulders. Finally it made off across the fields, and was not identified as to ownership.

The big storm which swept through New York State and gave Toronto quite a swipe on Monday also reached Stouffville and vicinity, but did little damage in this region. Owing to damaged trees falling across the hydro wires near Markham, the power was out of business for a couple of hours while the wind blew a terrific gale that alarmed some people who feared that something more serious might blow this way. However, the sun broke clear again on Tuesday with the wind nowhere in evidence. After reading of the havoc of the wind in other places to the south, we all feel thankful that this section fared so well.

Mr. Leslie Sharp of the Ninth of Whitchurch, who has been engaged with Andrew Green for some years is leaving our neighborhood for the city, also Mr. Theodore Franklin who has been engaged with Mr. Jos. Mertens is leaving to take a position with Mr. Henry Miller. These boys have been regular in attendance at Sunday school and active in all young people's work. They will be missed by the congregation of the United Church, as they acted as ushers. On Sunday afternoon, Dr. Smith on behalf of the church presented the boys with fountain pens.

Following a lengthy illness culminating in a stroke, death removed from our midst on Wednesday, Mar. 27th, Rebecca Sellars, widow of the late Nathaniel Cloughton. About a year ago the deceased moved into town on Mill street with her son Norman of Whitchurch, and owing to her delicate health was unable to be about but very little. Born at Epsom in the Township of Reach 79 years ago, the deceased united in marriage when a young maiden with her departed husband, and 29 years ago they came to Whitchurch near Stouffville, to farm, where Mr. Cloughton died in 1916. To them were born seven children, all of whom survive, namely, Newton of Kansas City, Mrs. Hancock of Yorkton, Sask., Harmon Cloughton of Yorkton, Joseph of Myrtle, Wilbur of Orillia, Mrs. Penny of Markham, and Norman who lived with his mother in Stouffville. Mrs. Cloughton was highly respected and dearly beloved by her family and a wide circle of friends. The funeral on Thursday last took place from the late home to Uxbridge by C.N.R., thence to Utica United Church and cemetery for service and burial. Rev. H. S. Warren conducted the service at the church and at the grave side.

The Stouffville Women's Institute will hold their monthly meeting at the home of Mrs. Allan Goudie on Wednesday, April 10th.

Outside talent will provide the program for the concert in the United Church, Friday April 12th. Keep open the date.

The regular meeting of the Swastikas Society will be held on Monday night, April 8, in the United Church. The program is in charge of Miss Luella Holden's group.

The League of Nations meeting called for last Friday evening only drew seven persons, which we hope was more due to the holiday rather than to indifference to the great problems of the League.

On Monday evening the local Odd-fellows were guests to a number of visitors from Markham, when degree work was exemplified and a pleasant evening enjoyed. In the "fourth" degree Rev. W. R. Auld of Markham and other visiting members participated in the program. The attendance was much above the average.

Coming to the Auditorium Theatre Friday and Saturday, April 19th and 20th, the big production "Uncle Tom's Cabin". This is not a play, but a picture that took eighteen months to make at a cost of over \$1,000,000. Stouffville is the first small town in all Canada to secure this picture. Watch these columns for further details.

Mr. Jacob Yake has sold his business block being one door west of the Mansion House, which has been used as a jewelry store by himself, and prior to this by his deceased son. At one time this was the home of the local branch of the old Farmers Bank. The new owner is Mr. M.T. Leavens, proprietor of the east end grocery store, whom we understand purchased the building as an investment. The sale price is reported as \$2600, and the building is in first-class condition, consisting of good store and dwelling house, with hot water heating. Mr. Yake will occupy the place now as a tenant.

AN EARLY YEAR

The York Herald of 1882 reported that George Baker, of Victoria Square sowed wheat on April 4th. This was an early year although some spring work was reported in other years in March. The average time for commencement of seeding in York County for the past twenty years is about April 20th.

Rheumatism no Part of Nature's Plan

She offers her healing herbs to stop suffering

When America was wilderness, Indians were using herbs successfully. From the Redmen, 60 years ago, James Gallagher learned herbal secrets and compounded Gallagher's Herbal Household Remedies. His famous Kidney Remedy has helped many a sufferer from Rheumatism. This fine, time-proved remedy, drawn from the heart of Nature, heals and cleanses kidneys. Quickly stops back-ache, dizziness and other nagging kidney and bladder ailments. Try it! For sale by
