INSURANCE PAYS the BILLS Congestion on our streets and highways increases daily.

More cars are being purchased in Canada and there is a growing influx of tourists from across the border which will tend to multiply the already large number of automobile accidents.

Ten seconds can see the infliction of damage and practical injuries running into thousands of dollars and the man without insurance is out of luck.

How does this affect YOU? Are YOU taking chances or playing safe with a policy of insurance.

BETHESDA

Quite a number from here attended the camp meeting at Kitchener on Sunday.

Harold Ireland of Toronto had dinner on Monday at his uncle's, Mr. David Snider.

After the rains ideal haying weather has prevailed. A big cut is being the barns.

An enjoyable time was spent at the Melville, Bethesda and Peaches picnic held at Lake Musselman.

The W.M.S. met at the home of Mrs. Cherry on Wednesday afternoon where they entertained the White Rose W.M.S.

Mr. and Mrs. Ern. Steckley and family took in the Locust Hill picnic on Tuesday at Oshawa. Miss Ida Foote accompanied them.

Mr. and Mrs. Chris. Wideman, Mr. and Mrs. Jesse Cober visited with Mr. Snider's on Sunday.

Congratulations to our teachers Mrs. Ross Chapman and to the pupils who all successfully passed their entrance examinations, namely: Kathleen Steckley, Genevieve Bruce, Jack Clubine and Ernie Staley.

There was quite a good attendance at church on Sunday evening, to hear the splendid sermon given by the pastor, Rev. E. H. Gray.

Glad to hear Mr. John Clark is progressing favorably. His many friends will be glad when he is able to come out from Toronto and be in our midst again.

Surrender To French

Claims Is Criticized

Bilingual School Policy of Premier Ferguson Scored by George McCombe at L. O. L. Celebration

Aurora, July 13.—They came in their thousands to celebrate the 12th at Aurora. From all over York County and surrounding districts loyal adherents of the Orange Order gathered in Aurora to commemorate the immortal day just 239 years ago when Prince William of Orange led his heroic forces through the swollen waters of the Boyne and won religious freedom for all English speaking nations.

In former years the Orange celebration in North York has been exceedingly good, but it is doubtful if any could touch yesterday's big day at Aurora. In the first place the number on parade was probably the largest that ever walked in that district. Over 3,000 members were in the line up and took part in the long walk.

Fifty-three lodges were represented there and the majority of these had very strong turnouts. Then the afternoon's programme at the fair grounds was carried out with zest and snap. Speeches were made by men whose names are honored wherever the Orange Order has a foothold. An excellent programme of athletic events was run off. Then in the evening there was a monster street dance that didn't break up till the small hours of the morning. In short it was a great day.

One Language.

After the street parade was over, all the lodges gathered at the fair grounds. Most of the interest centred around the platform. Past county Master W. Bro. George McCombe was the chief speaker of the day. Mr. McCombe is one of the strongest supporters of the principle of English only as the language of instruction in the schools, so quite naturally the subject he chose for his address was the "School question."

"The Orange Order is one of the greatest institutions that one world has ever seen," said Mr. McCombe. "It is one bulwark on the tower of Protestantism. The Orange Order in the British Empire has always stood for one school, one flag, and only one language. The language question is the most vital issue that has even been before Ont., Orangemen. It is vital to the whole Dominion. If we are going to keep Canada part of the British Empire we must keep our mother tongue."

"Previous to the enactment of Regulations 17, in 1911, the Orange Association appointed a commissioner to investigate the school conditions for themselves. They found the conditions even worse than they expected. Sir James Whitney said: If the French people will not obey our laws I will wipe out the French language from this country. What a glorious opportunity! It was wasted, though. Regulation 17 was then enacted as a protection of the English language in this province. Hearst and Drury refused to repeal it though they were continually asked to do so. Premier Howard Ferguson was elected by men who were and are absolutely opposed to the abolishment of the regulation. We were told and promised it would be safe in his hands."

Grand Lodge Failed.

"Premier Ferguson decided without advice to abolish the regulation. The Grand Lodge failed in their duty and decided to assist the Premier in his surrender to the French people in this province. We have to-day I am sorry to say, practically no guard for the English language. There is only one thing we can do, an election will be coming soon, and we can make sure that the Orange Association pledges their candidates. We can go further. We can see that all the privileges and special concessions given to the French and other foreign people in this country be withdrawn. The time has come when we must apply the brakes. We must see to it that the men we elect are men we can depend on. If we are going to keep Canada British we must be up and we must be doing."

Bro. Hon. Geo. S. Henry also addressed the crowd for a short time on the same topic. Mr. Henry tried to explain why the Premier found it necessary to repeal the Regulation and said what methods are now being used to solve the language difficulty. "A commission was appointed," said Mr. Henry, "to delve into the matter and see how Regulation 17 was working out. They found that though its conditions had improved around Windsor, in Essex county and in some parts of New Ont. Around the Ottawa Valley, however, conditions were much worse. Consequently the Premier thought it advisable to repeal the regulation. This is just in the nature of an experiment."

IN MEMORIAM

Lewis—In loving memory of our dear father, who passed away, July 17th, 1926. Gone from us, but leaving memories that can never take away. Memories that will always linger while upon this earth we stay. 'Tis sweet to know we'll meet again. Where partings are no more. And that the one we loved so well has only gone before. Lovingly remembered by wife and daughter.

ESTATE NOTICE

The executrix of the estate of late W. H. Shaw wishes to announce that the store business known as the W. H. Shaw store will be carried on as usual, and under the same name.

What Delco-Light means to women

DELCO-LIGHT brings you clean electric light for working, sewing, reading. Running water in the kitchen, laundry, and the bathroom, and for the stock. Best of all, tireless electric power that supplants hard manual labour. Use it to run the washing machine, the churn, the vacuum cleaner. Use it for the toaster, fan, electric iron. Let me tell you what Delco-Light will do.

VICTOR THOMPSON, DELCO LIGHT Co.
262 Van Horne Street,
Toronto

Healthier, more valuable beef cattle! More and better milk from dairy cattle! 1/3 to 1/2 more food value from corn! Increased profits all around!

THAT IS WHY YOU NEED A TORONTO SILO

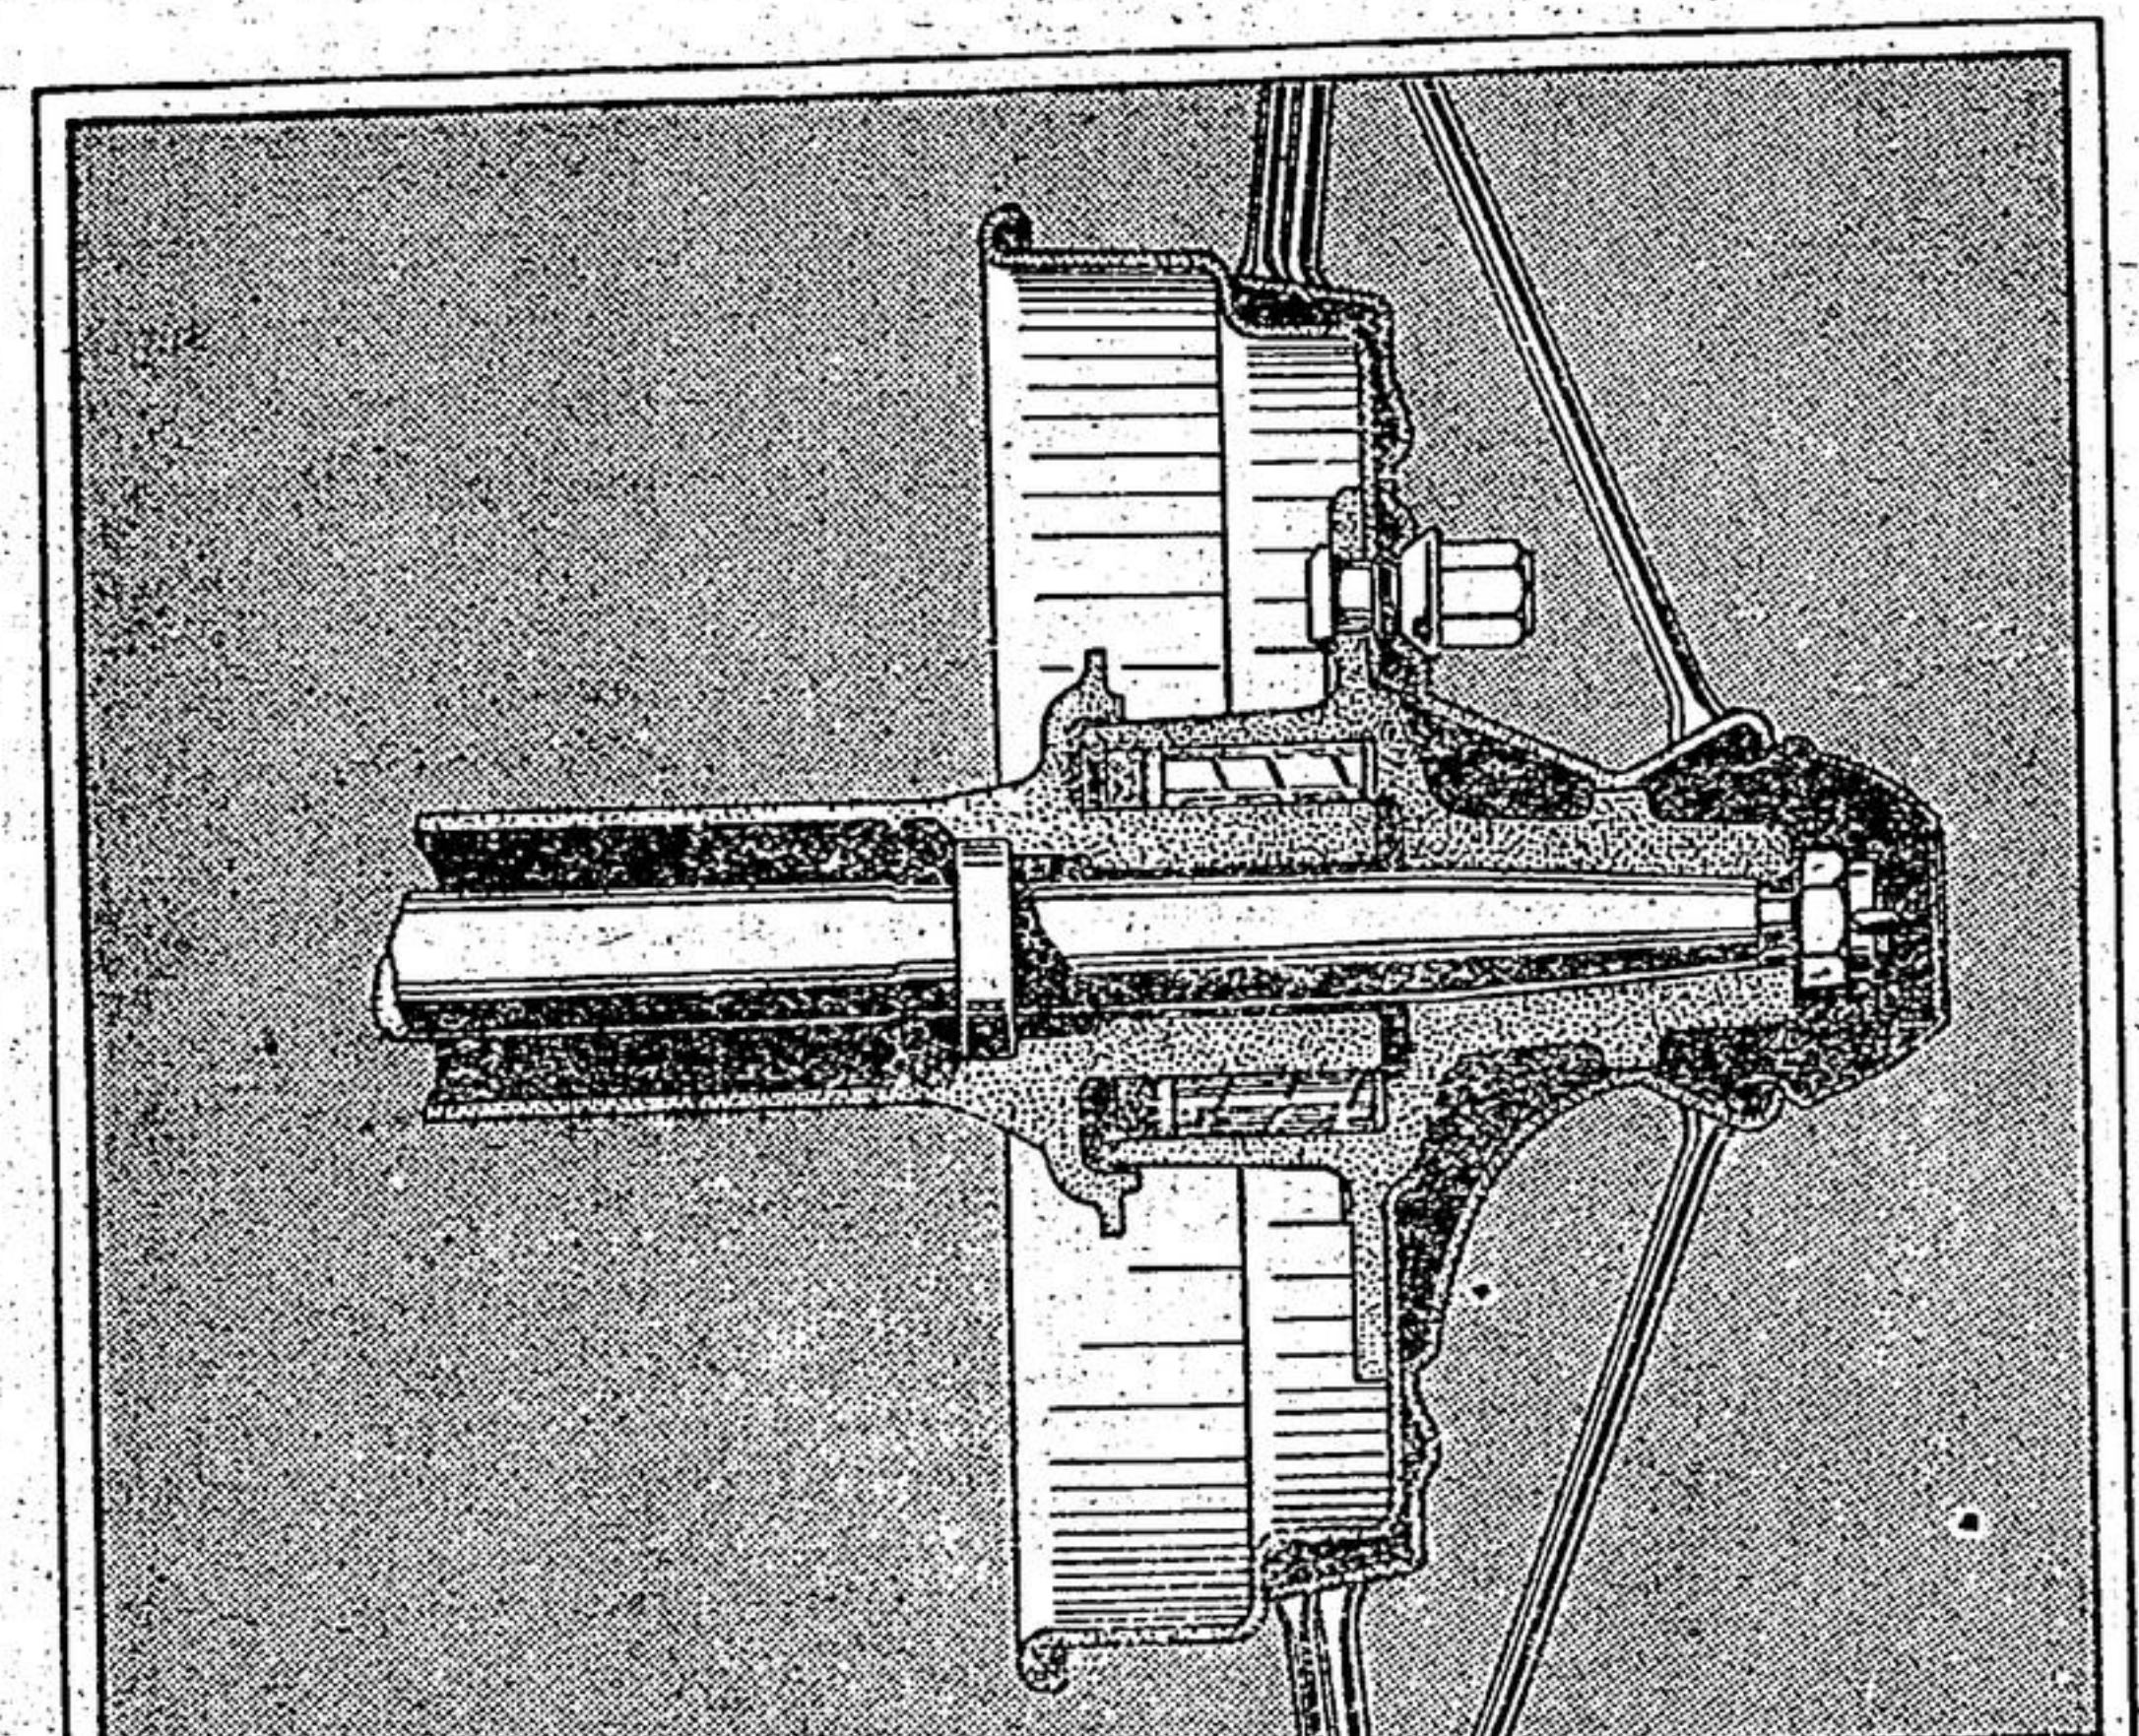

A "TORONTO" Silo helps you to get biggest returns from your large investment in beef and dairy cattle. By turning corn into nutritious ensilage, it gives it 1/3 to 1/2 greater food value than when fed as dry fodder. It supplies the equivalent of rich June pasturage all winter through. A "Toronto" Silo soon pays for itself by increasing profits—by enabling you to obtain highest market prices for milk and beef.

The "Toronto" Wood Stave Silo ensures perfect ensilage. Airtight, waterproof, with creosoted staves. Hip roof gives 15% greater capacity. Strongly, durably made, it will give years of perfect service.

Let me tell you more about the advantages of "Toronto" Silos. Or write for valuable free Silo Booklet.

GEORGE J. LAWSON, Stouffville, Ontario

THE FORD CAR REAR AXLE

Expense no object in Achieving Perfection

THE rear axle of the Ford car is of the three-quarter floating type with spiral bevel gear. The pinion hub is exceptionally heavy, and, as the pinion is carried on double taper roller bearings, perfect alignment of the gear is always assured. The rear axle has a total of four roller bearings which add considerably to the cost of manufacture but are a protection for the owner against wear.

Special care is taken to insure silence in the pinion and ring gears. These are made up in sets and carefully matched, each set being run in to eliminate all possibility of noise in operation.

The differential side gears are forged integral on the rear axle shafts and the teeth then cut. This permits of lighter and more simple construction. The shafts are unusually strong, and, as the centre line of the wheel comes over the bearings, there is no overhang of the axle shaft, and it has no weight to support.

The use of malleable castings is eliminated in this new axle housing which is made entirely of steel. Bell forgings welded to steel tubing make up the shaft housing which is bolted to an all steel differential housing. The care and skill devoted to the manufacture and assembly of rear axle parts is typical of the high standards of Ford engineering.

Drive it Yourself—there is no Better Test

Ford Car Features
