FALL WHEAT MOST PROMISING GRAIN

Farmers are more than rushed these days taking in the hay while fall wheat cutting is also commencing. The hay crop is one of the best in years, and the weather conditions for the past ten days has been ideal for curing and drawing in.

Several farmers commenced cutting fall wheat early in the week, and the crop is also said to be better than the average year. Sam Fretz on the 9th concession of Pickering has 22 acres which is more than the local farmers usually sow to fall wheat. His crop is most promising, and is eliciting considerable attention from those who are interested in fertilizers. Mr. Fretz fertilized one field of this wheat with manure, while patent fertilizer was used on another field. There is a decided difference in the straw and head of the two fields. The field strengthened with patent fertilizer has a much heavier straw that would withstand considerable heavy winds, and the head is two inches or more longer than the field fertilized with stable manure. It is estimated that the longer head will produce a much larger yield, and Mr. Fretz intends to keep the grain separate in order to make the test. His crop may average 45 bushels to the acre.

Spring grains are still in the growing stage but do not look too promising for a bumper crop, although the development of the past week may bring them up to an average year. Some fields of oats are not filling too well, while others seem quite plump.

GIRLS SOFTBALL LEAGUE

The second series of the Yonge Street Softball League began last Monday. The girls can do much better when given liberal support by the fans. Come along and help them win these games. Here is the schedule:—

GORMLEY

Mr. and Mrs. Will Cummlin of Dayton, Ohio, are spending their holidays with friends in Gormley. Through the kindness of Mr. Lewis Lehman, of Almira, forty-four young people from Victoria Square, Gormley, Almira, and Unionville, were privileged to hear the Utica Jubilee Singers on Friday evening at the Mennonite camp meeting near Kitchener. The following were among the number who went, Mr. and Mrs. Frank Harvey, Mr. Earl Doner, Mr. Percy Cassel, Mr. Frank Curtis, the Misses Verna and Mabel Hills, the Misses Audrey and Marie Leary, Miss Ella Cober, Miss Stella Heise, Miss Verna Dennis, Miss R. Hoover, Mrs. Harvey Houck, Miss Lehman.

SCHOOL BOARD APPOINT CHAIRMAN

Nomination Meeting to be Called to fill Vacancy

On Thursday evening the school Board met to general business with the following members present, Messrs. J. McMullen, E. A. Lloyd, Edw. Baker, Ambrose Stover and A. V. Nolan.

Fitting reference was made to the demise of their chairman the late W. J. Shaw, and the secretary was authorized to send a letter of condolence to the bereaved family.

The first business was the selection of a new chairman, and this went to A. V. Nolan, who was approved by all the members. There was little other business to transact, outside of passing a few accounts.

The clerk was instructed to serve formal notice, on the reeve of the municipality regarding the vacancy on the school board, and this official will then be required to authorize a nomination meeting and if necessary, an election, to fill the vacancy. The nomination meeting will likely be held on August 8th, but due notice will be given later when the reeve determines the date definitely.

BIRTHS

Cloke—At Buffalo N. Y. to Mr. and Mrs. Walter Cloke (nee Cora E. Stockey of Gormley,) a daughter (Rhoda Pearl).

Local Happenings

New potatoes and green peas!

Civic holiday, Monday, Aug. 5th.

Lansing vs. Stouffville this Friday night in girls softball.

Persons attending Herb Lennox Picnic this year at Jackson's Point will find ideal grounds and accommodation for this annual outing.

Richard Stadler, who has been a long sufferer from his war service, has been particularly bad the past week and his condition is very serious.

Dr. S. S. Ball, and Messrs. J. A. Aluston, N. M. McLean and Ross Davis were in Ottawa last week attending the Grand Lodge of Masonic Order.

About sixty returned soldiers from Christie Street Hospital were entertained at Shadow Lake on Tuesday of this week. Providing a few happy hours for these unfortunate men is a praiseworthy work.

The figures "13" hold no terror for Mr. Alf. Hill, principal of Unionville public school. Thirteen of his pupils wrote on the entrance, and thirteen passed, four of them obtaining honors.

The root crop will greatly benefit from the heavy downpour of rain which came on Tuesday afternoon. Those who are not through haying, of course, were not so overjoyed with the deluge.

The stockings fad is come into prominence. We noticed the other day it had struck Toronto when we saw several over-grown flappers on Yonge street minus the silks. Well, the mosquitoes can have an innings without fighting for it now.

Attractive features of the Lennox Picnic to be held at Jackson's Point on August 5th will include special Midway and Vaudeville attractions, baby show, boxing, amateur swimming championships of Canada and a large field of other events.

Mrs. J. W. Bruce is advertising an auction sale of all her household goods to be sold at her home in the west end. It is her intention to give up housekeeping and live with her sister Miss Elizabeth Stouffer one door west of the Mennonite church.

One of the town reservoirs was cleaned out on Tuesday of this week. The remaining one will be cleaned in a few days. The water in the reservoirs has been running over the sides all summer, due to the increased supply after sinking the new wells last summer.

Bigger and Better is the motto of the Horticultural Society for their 6th annual Flower Show to be held on Tuesday, August 27th, in the Arena. Don't forget the date and plan on sending in some exhibits. Plan now to have your lawn and garden judged. Entries to be in by August 15th, to the secretary.

Judging from the slow moving action of the local municipal council, that body is not so much concerned about light as the Maker of the Universe when He realized that more of that commodity was needed on earth. We are told in the book, "In the beginning God said let there be light, and there was light." At the beginning of the present summer the business men on Main street said to the council "let there be more light" but there is still darkness.

W. Harper Jr. and Sam Fretz may be among the first of the local farmers to cut fall wheat on Monday and Tuesday this week, but the most advanced harvesting we have heard of is on the farm of Floyd McKay at Altona: On Tuesday he was threshing Alsike, and the yield was running around five bushels to the acre. As the shocks were being drawn direct from the field to the barn where the threshers were at work, operations were halted when a heavy thunder storm came up about three o'clock.

The Mennonite church in Stouffville was the scene of its first wedding-party to be united in matrimony since its erection, when on Saturday, July 20th, Miss Reta May Lehman, daughter of Mr. and Mrs. Isaac Lehman of Altona was married to Mr. Allen Meyers. Rev. S. S. Shantz tied the nuptial knot. The bride-maid was Miss Verna Lehman, sister of the bride, and the groomsmen were Mr. Earl Brillinger. Only the contracting parties and the witnesses were present. The young couple left on a wedding trip to Michigan and later will locate on the Meyer farm in Pickering.

PERSONAL NOTES

Mrs. G. T. Lee has returned from a holiday at Muskoka Lake, Hillsboro Beach and Detroit.

Gordon Cockerill of Toronto was in town this week visiting his parents.

Rev. Thos. Mitchell of Edmonton is holidaying at the old home at Ringwood.

Mr. and Mrs. Bernice Heise and child of Buffalo, N.Y., are visiting Mrs. J. A. Heise, west end.

Miss Vera Harper has been visiting Miss Reta Harman, daughter of Albert Harman of Blackwater.

Mr. Butler of Toronto is visiting with his daughter, Mrs. Delbert Jennings.

Mrs. M. Cook of Lemonville is visiting her daughter Mrs. E. C. Pennock.

Mr. and Mrs. E. J. Davey and Miss Dorothy Meyers are on a trip to Palmerston and other places.

Miss Maggie Valentine of the Royal York Hotel staff, visited with her aunt Mrs. Irwin on Sunday.

Miss Flo Todd and Mrs. Capston of Detroit were guests of Miss Gertrude Todd and Mrs. F. L. Button this week.

Miss Agnes Klinck a pupil of Mrs. Monks, won honors in her recent examinations in Junior Piano with the Toronto Conservatory of Music.

Mr. and Mrs. J. P. Powers, Mr. Bond and Master Jack Bond of Keswick beach, visited his mother Mrs. Druels of the west end one day this week.

H. O. Klinck and a number of relatives from Gormley spent a very enjoyable week end with his sister, Mrs. M. A. Clark and family of Omenece.

Miss A. McCarthy and Miss Beth Percy were in town from Toronto on Saturday visiting friends. Miss Percy is here on a visit from her home near New York City.

Mr. and Mrs. J. Hoover, Edgely, Mrs. John Wesley and daughter Given, and Mr. J. R. MacNicol of Toronto and Mrs. MacNicol of Weston, visited at Jos Mertens, last Wednesday.

Mrs. Franklin Baker and brother Chas. Druels with his wife and two children of British Columbia left here on Tuesday to visit friends in Toronto, Niagara Falls, and other places.

Mr. and Mrs. A. V. Nolan, accompanied by Mrs. Griffiths and Mr. and Mrs. Elijah Pennock, attended the funeral of Mr. A. Pennock, formerly of Uxbridge. Mr. Pennock died suddenly in Utica, N.Y.

At the recent Toronto Conservatory examinations Miss Marion Simpson took her Primary Piano, also Doris Baker her Elementary Piano, both taking first-class honors. Teacher Mrs. H. B. Burnes.

Miss Greta Smith left for Quebec City on Saturday, where she will take a short course in conversational French. Miss Gardhouse, one of our former teachers, is also taking this course, and accompanied Miss Smith.

Rev. Gordon Duncan, with his mother and Miss Annie motored into town on Tuesday afternoon from Warkworth where Mr. Duncan is pastor of the Presbyterian church. Mrs. Duncan and her daughter intend to spend a month here, while Rev. Mr. Duncan will be absent on a motor trip to the eastern coast, touching Gaspé.

Dr. and Mrs. D.C. Smith, Dr. Neil Smith, Winston Stonehouse, Mrs. Jas. Turner, returned from a trip to the Muskoka Lakes. They motored to Gravenhurst, and there boarded the large lake steamer for a cruise among the Thousand Islands in the beautiful Muskoka Lakes. The doctor says that the roads about Stouffville was the worst part encountered on the 200 miles motor trip, the Ferguson highway being especially delightful.

The holes on the road on Main street are now all patched, and the oil wagon is expected this week to be here to lay the dust.

Sugar advanced 20c. per bag on the wholesale market this week, which is the usual upward movement that occurs around preserving time. Consumers must look for an advance when they come to buy.

Mr. Jos. Grové, the Ringwood merchant, who was seized with a severe illness at a church meeting, ten days ago, is not making the desired improvement that his friends would like to see.

On Tuesday Myron Anderson underwent a further operation at the General Hospital in an effort to restore his injured arm to usefulness. Myron was on the operating table for three hours, and the doctors state that all has now been done that medical skill can devise to aid the shattered limb. With the buoyant health of youth, it is up to nature to make the further recovery that is hoped for.

ONLY ONE FAILURE IN THREE YEARS

Despite the fact that High School Entrance Exams were said to be a bit "stiff" this year, the scholars who wrote from Stouffville, seventeen in number, passed one hundred per cent. There wasn't a failure in the whole list, while four of the pupils received honor standing.

Great credit is due the pupils, while their teacher, Mr. Cedric Watson is to be especially congratulated on his signal success. There may be schools in the province which can equal this but none can surpass the record. In the three years in which Mr. Watson has been principal at Stouffville he has sent up fifty-seven pupils for entrance with only one failure in the entire list, when one pupil was plucked two years ago. In 1927 he had 13 write, in 1928 there were 22 who wrote, this year 17.

The following is the list of successful pupils this year, followed by the names of those who wrote at this centre from other schools in the district.

Anderson, Myron, Baker, Grant, Borinsky Sam, Closson Donald, Dougherty Mildred, Gayman Luella, Hisey Clifford, Hoover Marjorie, Klinck Agnes (hon.), Nendick Russel, Sanders Billie, Scott Anna, Spitzburg Arthur (hon.), Swift Edith, Russell Norma (hon.), Vanzant Donna, Collard Isabel (hon.).

A GIFT TO THEIR PASTOR

Last Friday evening the Young People's Society of the Sixth Line Baptist Church spent a pleasant social time at the home of Mr. and Mrs. Charles Connor. At the close of a short programme the President of the Society, Miss Della Steckley, presented the pastor with a beautiful worded address and a handsome leather-bound Bible. The address was as follows:—

July 19, 1929.
Mr. Whitcombe—

We desire at this time to express our appreciation of your faithful services during these years of your ministry with us, and to assure you of our continued loyalty and our prayers in our work here, which is yours and ours in his service.

We followed with more than usual interest the giving of your Bible to one who neither owned nor read one himself, and we would that we might share in the giving of that gift, and so by following it with our prayers that it may be read, and may point at least one soul to the way of life.

We hope that you will accept this Bible as a gift to-night, in token of our love and appreciation, and may you long be spared to minister for God in our midst as our pastor and fellow-worker for Him.

Signed on behalf of the B.Y.P.U. President—Della Steckley Vice-President—Marjorie Nicely.

The pastor, who is in the fifth year of his ministry at the Sixth Line church, expressed his appreciation and gratitude in reply.

A new set of doors are to be put on the school building shortly, which will add much to the appearance of the building, and at the same time render service. The present doors require the use of a crowbar to open them, and something else still heavier to get them closed again.

PROCLAMATION

In compliance to numerous requests I hereby proclaim

MONDAY, AUGUST 5th

AS CIVIC HOLIDAY

for the Village of Stouffville and I hereby request all merchants and others to govern themselves accordingly.

H. W. Sanders, Reeve.

MOTHER AND DAUGHTER GRADUATE TOGETHER

A gray-haired mother and her rosy-cheeked daughter graduated together from Spring Valley High School last week. It was learned, says an Albany, New York State paper, "each being awarded a diploma for a full four-years' course."

They were Mrs. Rosa Peters, 44 years old, and Rosa Peters, seventeen years old, wife and daughter of the Rev. Joseph C. Peters, Spring Valley Congregational minister. Mrs. Peters was born in England and educated there, coming here about 25 years ago. She made a special study of music and voice culture and wished to obtain a position as music teacher in the public schools. The law of the state required a regent diploma, so she took the high school course. Her daughter will enter the Albany State College for Teachers."

The above information is quite accurate as a brother of Mrs. Peters resides in Ontario and is well known to the editor of The Tribune and he vouches for the foregoing statement.

CUT DOWN THE SPEED

If every motorist in this country kept within the legal limit, there would be very few accidents on the highways, and very little time would be lost. The extra haste is not necessary in the vast majority of instances, and it only endangers the life of the driver himself and everyone else he meets on the road.

MODEL PROVISION FOR INDOOR SPORT

New Recreation Centre to open on Thursday This Week

Work on remodeling the whole main floor of the Auditorium building will be completed this week. In readiness for the opening of Stouffville's Recreation Centre, the newly established amusement place. The main floor has been divided into two rooms, with five billiard and pool tables on the one side and a fine pair of the latest type five pin alleys in the opposite room.

The whole place has the air of a city or large town recreation hall. It has splendid size, model equipment, and the flooring is all new. The lighting and ventilation have been given due consideration. A new front has been placed in the building while in the north-west side provision has been made for a sitting room. At the south end a lavatory has been installed with the latest plumbing. This is something that so many of such places lack, but there is evidently nothing left to be desired in Stouffville Recreation Centre.

Such an amusement place is but following out the line of reasoning used today in many of the large city churches. Men will and men must congregate. In days gone by it was around bar rooms. With the passing of these, of all sorts sprung up more numerous, and to attract men and cause them to dwell on things more wholesome, churches have installed billiard tables, and five pin alleys, where these men might while away an hour or two.

With the opening of our new Recreation Centre this community will be equipped with as fine a resort as any town in Ontario, and few of them have such spacious setting. In order to introduce the five pin here the management will throw the alleys open free the first evening, which will be this Thursday, and all who wish may come and enjoy the fun. It is a ladies game, as well as a man's sport.

Mr. Harmon Hoover has been appointed manager, and things are so arranged that he can look after the counter trade in tobacco, cigars, candy bars, etc. and at the same time have an eye on both the five pin room and the billiard room.

The management invite all the citizens to visit this newly established centre of amusement.

Mr. Jake Grove of Ringwood has 1200 ducks on his farm, which must present quite a sight at feeding time. Our Ringwood duck raiser will be rivaling the famous Jack Miner for maintaining the greatest habitation in Canada. Of course one deals in the wild birds while the other is interested in the tame quackers.
