

LOCAL HAPPENINGS

Sutton Horse Show, Aug. 8, 9, 10th, usually draws a big crowd from Stouffville district.

A number of trees along Main street, should be trimmed up. They are a nuisance to anybody carrying an umbrella.

We understand that Mr. Wm. Williams will return to Stouffville and has rented Mr. Ed. Baker's house. We are glad to hear our former citizen is returning.

Eight motorists were each fined \$1 for passing the intersection in Claremont without obeying the stop signs, a week ago last Sunday. The assessment was levied on them in Pickering police court.

Writing from Toronto Mr. B. W. Morton says, "Enclosed you will find \$4, being for two years renewal to your paper. One year seems to roll around so quickly that I felt two years renewal would be better. We have a great number of friends in Stouffville and surrounding district, and we feel lost without the weekly news"

Man's Watch Found east of town. Apply H. Pointer, Phone 6907.

There are a number of valuable homes for sale in Stouffville now—Anyone thinking about buying would do well to look around.

John Harris was sentenced to twelve months in the Ontario Reformatory by Magistrate Willis at Whitby last week for stealing chickens from the farm of John Packerin of Pickering Tp.

Keep the date open for the Ice Cream Social to be held at the H. Foote farm, 7th line, Whitechurch on Friday August 9th, under auspices of Christ Church (Anglican). Good programme.

Mr. George Delain leading soloist of the Royal York Hotel Toronto, will be the Sunday evening soloist in the Stouffville United church. Mr. Delain is the well known soloist over station C.F.R.B.

JELLY MAKERS ATTENTION—Red and Yellow Astracan Apples at the Brier Bush, 50 cents per eleven quarts in your baskets.

The Horticultural members wishing their lawns and gardens judged should send in their names to Mrs. T. Rae or Miss M. Mertens by Saturday, Aug. 17th.

Lim Kon, the local laundryman, has just installed an electric washing machine, of quite a large type, which is calculated to give the finest of service. The proprietor now suggests that you take a holiday from wash day, and have the work done at the local plant, where he guarantees satisfaction.

Stouffville's baseball nine went to Oshawa on Wednesday last week to play an exhibition game with the boys of the motor city. The game ended a tie 8-8, not being played off owing to darkness. Bruce and Lou Leiman formed the battery and Max Reesor held down second base. The boys all played good ball.

If any of our local readers are receiving information from former residents of this section now living in Western Canada, regarding crop conditions there, the Tribune would be pleased to publish their views on reports. Old friends are glad to hear of old friends and that's what makes the home paper interesting.

Home grown potatoes from the Uxbridge district were sold on the Uxbridge market last week at from \$2.40 to \$2.50 per bag. Exceptionally good yields are being reported, and if the price only holds up, the farmer should reap a profit this year. Instead of a loss on tubers such as occurred last year. Current prices is \$2.25 bag.

The market in Stouffville last Thursday was so small that it was scarcely entitled to the name. Eggs advanced slightly to 30c a dozen, while butter ran all the way from 35 to 40c. The supply of butter was very small and the grade was very low for the most part. Are farmers' wives losing the neck of making good butter, or are they just too busy to give the proper time to the work?

A demand was again made at the council meeting on Friday night to have the gravel hauled to town, checked. The gravel bills running into hundreds of dollars are the only ones coming before council this year, that get paid, with councillors knowing nothing about them. The Road and Bridge Committee have promised to look after the checking in future.

Since our last issue the main roadway through Stouffville has been treated to a couple of heavy coats of road oil and tar, a wonderful road preserver, but a pest to motorists and all others, for the dirty stuff tracks into stores and houses despite all the care that can be taken. When the ratepayers of Stouffville muster up enough courage to ask for a higher class roadway which would cost them some money, they will then be relieved of the oil nuisance for the high-class roads do not require to be treated in this manner. In the meantime we have a very good road, but not a lasting road.

William Hugh McGill paid with his life on Friday of last week in the Regina jail yard for the murder of ten-year-old Anna Goff, of Shaunavon Sask., on June 28, 1928. He was hanged at dawn. The remains were claimed by his mother who brought the body to Markham village for interment in the family plot, the burial taking place Monday morning on the arrival of the morning train. A strong plea of mental deficiency, said to have been caused by an old wound in the head, was put up by his counsel and he was given a verdict, but without a change of verdict.

The Stouffville Softball team met with good success at the Lennox picnic at Jackson's Point on Monday. They defeated Aurora by 9 to 4, and each player was presented with an electric reading lamp, as a prize. Stouffville played an aggregation from the Queen City called "The Toronto Ladies" and eliminated them by 13 to 14. The prize in this case is not yet known, but the officials informed the Stouffville team that it would be forwarded to them in due course. A citizen of Toronto, and a member of the medical fraternity is providing this award. On Friday night of this week the Stouffville team will go to Thornhill to play a league fixture.

Dancing at Adams Pavilion. (Milliken) every Saturday night, commencing at 8.30 o'clock. Lloyd Henderson's Orchestra. Come and enjoy an evening. 24

Mrs. Jas. Bruce who has given up house keeping to live with her sister next door to the Mennonite church, has rented her comfortable brick residence on Main street west, to Mr. Allan Goudie, who takes possession immediately.

Despite the fact that the town reservoirs were cleaned out a couple of weeks ago, when the weather was hot and the demand therefore greater for water, the supply is again more than ample, and a couple of days ago when the writer visited the property, both reservoirs were almost brimming over the top.

Not Coming Occasionally, but I am right with you most of the time; to give you the best optometrical service possible. After winning the highest awards possible for a Canadian student of Optometry to attain. I have equipped myself with modern scientific instruments.
Earl Grubin, R. O. Eyesight Specialist, at Stouffville from Wednesday to Saturday each week.

The Stouffville council seem to be alive to the wishes and sentiments of the ratepayers in their desire to improve our community, by making it more attractive. Better lighting, better roads and sidewalks are in the offing within the next few weeks. The harsh critic may say these things are too slow in coming. Probably so, but completed now, they will be in good time for next year.

The Department of Agriculture have given Stouffville a fine chance to receive some good advertising. Scenes in the County of York are to be thrown on the canvas in front of the grand stand at the C.N.E. before thousands of onlookers, and the department are willing to include some of the pretty scenery in and around Stouffville. The council have authorized a committee of their members to secure suitable pictures for the purpose.

Power used in Stouffville for the month of June is probably the highest demand yet made on the system. We were drawing from the H.E.P.C. lines 123 horse power, which cost the municipality \$513. Of course when this was resold to the householders and other consumers, the revenue to the municipality would be much larger than when we only used 100 h.p. The steady increase in new customers and the addition of many new stoves for electric cooking are gradually demanding more current to a noticeable degree.

Reeve Sanders came down from Jackson's Point and spent all day Friday in town, attending the council meeting in the evening. During the day he attended to various matters in his official capacity at the head of the council. Mr. Sanders says he never saw Stouffville street in better condition, which is some satisfaction, he says to Mr. Geo. Dowswell, who was severely criticized last year for the manner in which he repaired this road. It is now said to be in good order. All that was needed was a little time to work out the Dowswell plan.

There was an unusually large congregation for summer time at the United Church on Sunday morning to hear the Rev. Thos. Mitchell of Edmonton, who is holidaying at the old home at Ringwood. Mr. Mitchell is one of the ablest ministers in the United Church of Canada and it was a rare treat to hear him for the second time in Stouffville during the holiday period. His subject on Sunday morning was "The Church of Tomorrow", in which he expressed the opinion that it would not always remain as it is today. It will change just as the church of today has changed from the church of yesterday. The basis of his reasoning along this line was the fact that people are gaining a clearer conception of the essentials of life, the "greatest of which is to repent and believe. Beauty and reverence would be emphasized more than ever in the church of the future, as well as the community spirit. In order to give reverence the proper place it ought to have in the church, Mr. Mitchell said he had altered his own opinion on certain things. Years ago when he was pastor in London, Ontario, he championed the recreation hall in the church, but he had since come to view this as a mistake. These things he held ought to be kept apart from the church building, which should only be a place for one thing—Reverence. Stouffville congregations have been fortunate this summer in hearing two native sons, of the district who are today among the eminent preachers of the gospel, in Rev. Thos. Mitchell and Rev. Samuel Clarkson.

PHONE 0000, MARKHAM, ONT.

On Tuesday, Aug. 20th, Mr. H. J. Moore will give a talk on exhibiting flowers for the flower show. Watch further details.

COMING—Dr. F.E. Luke, Optometrist, 167 Yonge St., Toronto's able eyesight specialist may be consulted about your eyes for glasses at J. Boardway's Drug Store, Stouffville, Thursday, August 15th. 24

Mr. James Muston attended the annual convention of the Canadian Florists and Gardens Association, held in Peterborough last week, and was elected to the Board of Directors for the ensuing year.

The Toronto and York Road Commission are considering the expropriation of land south of Markham village at the corner of the Unionville road, in order to make a safer corner. If this is done, the new turn would pass through where the Anglican church now stands.

A quiet wedding took place last Saturday evening, when Mr. Benjamin Madill, all the way from Edmonton, Alberta, and Mrs. Elizabeth Ann Lloyd of Stouffville, arrived at the Christian church parsonage. Mr. Madill and Mrs. Lloyd were both born in Ontario, but will soon be settled in Edmonton, where he has lived for a number of years. Their many friends extend to them best wishes.

Chas. W. Davison of Mount Albert who purchased a number of lots at Lake Musselman at a tax sale, disposed of seven of them by public auction last Saturday. The property is located near the Windsor drive to the south of the lake, and the prices ranged from \$155 down to \$90. The seven lots realized \$830, and the buyers were all Toronto people.

Frank Mowder has returned from Toronto, having finished a contract for decorating six houses. Frank has the following painting contracts on his list, Stouffville school, 5th Line Markham, Altona, Claremont Baptist church, Baker Hill church.

SITUATIONS GUARANTEED

THE LOCAL MARKET FOR YOUR CREAM CANNOT BE SURPASSED

We are situated within an average distance of about five miles from all our cream shippers, thereby making it possible to serve our shippers to the best advantage. It is easily understood that your cream will reach our creamery in far better condition than if you had to ship it long distances as some of our competitors would like you to, as far as 80 miles from here, and in making train connections your cream in many instances, be on the road for over 24 hours. Do not forget that the difference between 1st and 2nd grade cream is 3 cents per lb. butterfat.

Stouffville Creamery Co.

Stouffville, Ontario
An unequalled Creamery Service since 1918.
Open Tuesday, Thursday and Saturday Evenings

BUYING ON THE INSTALLMENT PLAN

Purchasing commodities by paying "a dollar down and a dollar a week" has grown into great popularity. Often the object purchased is worn out before it is paid for, and the purchaser continues to pay. Buy yourself a fortune on the installments of your earnings in a Bank of Commerce savings account. The money is always available for use if required and there is no depreciation, but accruing interest as time goes on.

THE CANADIAN BANK OF COMMERCE

(with which is amalgamated)
(THE STANDARD BANK OF CANADA)
