**NINE CHILDREN  
SURVIVE MOTHER**

Who Died at Only 24 Years of Age  
—Born in Whitchurch

Following a long and serious illness Mrs. William Hill passed away at her late home near Stouffville, Friday morning, Aug. 9th, in her 54th year. The funeral on Sunday afternoon was largely attended, and following a short service at the home the remains were borne to the Churchill Cemetery. The services were conducted by the Rev. E. Morton, assisted by Rev. A. Laycock.

The late Mrs. Hill was born near Musselman's Lake and spent her entire life in the vicinity, her maiden name being Jennie Rush. She was the oldest daughter of the late Wm. Rush who at one time farmed near Musselman's, later moving to Chesley, Ontario.

There are left to mourn her loss, her husband and nine children, five daughters and four sons, Mrs. Watson Fairless, Bloomington; Misses Elsie, Laura, Edna and Alma at home; Alex of Aurora; Walter of Toronto; Russell of Peterboro, and Howard at home. Two sisters, Mrs. A. W. Murdoch of Winnipeg; Miss Elsie Rush of Calgary, her mother Mrs. E. Rush Calgary. Two grandchildren also survive.

Floral tributes were as follows:—A wreath from the family; Mr. and Mrs. S. A. W. Murdoch Winnipeg a pillow; Miss Elsie Rush and mother, Calgary; a wreath: Sprays from the following:—Mr. and Mrs. Fox of Toronto, Mr. and Mrs. Moore Toronto, W. A. Bloomington United church Miss Meeda Cleaver, Shadow Lake Camp, Mr. and Mrs. J. C. Merritt; a fern from Mr. and Mrs. J. P. Jordan.

**BREAD TO ADVANCE**

High Price for Flour Forces up the Staff of Life

Unless something happens to decrease the price of flour within the next few days, bread prices in Stouffville will likely advance one cent a small loaf. In speaking to Mr. Stover of the Stouffville Bakery, he said that such a step was inevitable, and local bakers in Markham, Unionville, and other surrounding places would be forced to make the same step.

The recent advance alone in flour is 90 cents per barrel, and one barrel of flour produces 90 loaves of the small size. There have been several such advances since word has gone out of a general world shortage of wheat.

Prior to the war the small loaves sold at five cents, but they were only two pounds and a half at that time whereas the standard weight now must be three pounds.

Two weeks ago bread was advanced in Toronto one cent for the three pound loaf, and another advance will probably be effective before this comes into print. Local people may look out for a one cent increase any day now.

**OAT CROPS RUINED BY  
HAIL AND RAIN**

Newmarket, Aug. 16.—As a result of yesterday's driving rain and hail storm which beat down for about four hours on the farm lands in this vicinity, it is expected that this season's oat crop hereabouts will be lighter than ever before. The fact that it came close upon the heels of another violent storm last Saturday afternoon, killing any possibility of the fields recovering, adds a gloom aspect to the situation.

Hail in many places tore whole fields to pieces and made veritable bogs of the grain lands. Keswick farmers are at present facing the possibility of a poor harvest and sparse crops.

On Tuesday morning Mr. and Mrs. Wm. Waddell left for Los Angeles where they intend to spend the winter. They will travel to Sarnia, thence by boat and C. N. R. to Calgary and Prince Rupert. Then they take a boat trip again down the coast to Vancouver from which point they entrain for Los Angeles. Mr. and Mrs. Waddell intend to visit the Grand Canyon of Colorado, and return home by Chicago and Detroit.

Stouffville had a visit last week from Mr. Allan Montgomery, governor of the Infirmary for Sanlack County, Michigan. Mr. Montgomery thinks it is a great mistake to label such institutions as he is at the head of as a "Poor House." They are commonly called aged peoples' homes in Ontario, and never correctly called Poor Houses. The prohibition measure in the U.S.A. states our guest, has failed to stamp out the evil across the line, and the governor's private opinion seemed to favor some sort of government measure such as we have in Ontario. Mr. Montgomery has nothing but praise for the courteous treatment of traffic officers in Ontario. He was here to spend a couple of days with his cousin Mr. Jos Mertens just west of town, and was accompanied by Mrs. Montgomery.

Come and see the added attractions—The parade of the Floral Costumes, and beautiful exhibits of the neighboring Horticultural societies for which handsome prizes are being awarded.
