

LOCAL HAPPENINGS

Sunday and Monday were the hottest days this summer.

Mrs. Watts, Millinery Parlor, is now open daily for the fall season.

Now Ready—Clapps' Favorite and Bertlett Pears. W. Barkey, east end fruit gardens.

Egg prices stiffened a little more last week on the local market and dealers were paying 35c per dozen.

Frank Baker's auction sale to be held next Saturday at the farm on the 9th concession, near Stouffville, will mark the opening of the fall sale season in this district.

Miss Anne Lehman, A.T.C.M. will resume teaching this week. During the past terms, "Studio Recitals" have been held at which a great deal of musical interest has been shown. We are anticipating similar occasions this season. New pupils wishing to commence lessons in Theory or Pianoforte, Phone 4301.

Stouffville sent down six rinks to Markham bowling tournament last week, and Geo. Saunders rink came home with fourth prize.

Wm. Chapman of Bethesda will move into Mr. N. Baker's bungalow lately occupied by Mr. Len. Vanzant, Main street. Mr. Chapman will be a welcome addition to our community.

A couple of Chinamen have submitted to the Grubin estate an offer to rent the premises now occupied as Schell's butcher shop to be used as a cafe. They ask that the building be extended 50 feet south.

The snow shovelling bylaw might be extended to include those who allow the sidewalk to become blocked by long grass and weeds permitted to grow. Also hedges in some places are overrunning the walks. The weed inspector was after one resident last week which resulted in a few weeds being torn up. Keep up the good work John!

For Rent—House in west end. Apply Miss Johnson this week or Mrs. Herbert Barnes.

Arrangements are being made we understand for the opening of a new up-to-date beauty parlor in town.

Earl Grubin, R. O. Eyesight specialist, at Stouffville from Wednesday to Saturday each week.

Miss Florence Morden daughter of Mrs. Preston Morden of Markham township is confined to the house by an ugly bite on the face from a vicious dog. Florence attempted to pet the dog and it turned on her tearing her face. The dog is now tied up, awaiting the ten days test.

Both George Lawson and Marvin Lemon, former pupils at Stouffville, completed their matriculation at Markham high school this last term, according to the announcement recently made of the results. Reg. Button, who made the third local attending Markham last term also got a portion of his matriculation, and will likely complete the course next term.

An announcement in the Ontario Gazette states that the first of the Old Age Pensions will be paid on Nov. 1st, the beginning of the Ontario Gov't fiscal year. Applicants may apply to the local clerks of their municipalities for the necessary forms on which to make applications for pension. This may be done any time, from this out as persons become eligible for the grant.

Friends in town will regret to learn of the death of Mrs. Harry Coulson, wife of a former druggist in Stouffville. The late Mrs. Coulson before her marriage was Miss Maggie Patterson, and is very well remembered here. Mr. and Mrs. Coulson were among the guests here at the Re-Union two years ago, and when they resided here, Mr. Coulson owned the drug store now conducted by Mr. Jacob Boadway.

The tax rate for Markham village has advanced five mills this year, to 36 mills on the dollar. As a means of helping out the increased rate the council discussed increasing the poll tax from \$2 to \$5. This is a tax gathered from young men of voting age who are unmarried. It is designed as the means of assessment of young men who help wear out the sidewalks and for whom a ballot must be printed, and who receive a benefit from other utilities in the municipality. This tax is not collected in Stouffville, but we see no reason why it should not be.

The little daughter of Mrs. Frank Thompson of Main street narrowly escaped serious injury on Tuesday night, Aug. 27th. The child was in the business section with her mother and attempted to cross the road when she was struck by a car driven by Fred Whitney of Uxbridge. The driver promptly stopped and rushed the youngster to a doctor's office. Several body bruises were visible but not of a serious nature. Mr. Whitney was wending his way through closely congested traffic, and the child darted out from between two cars right in front of the passing automobile.

From time to time we see small boys pulling at cigarettes, and just a few days ago we were told of a case in town where an elder boy purchased cigarettes for a lad who could not obtain them himself from the tobacconists. The law respecting the sale of cigarettes reads as follows: "That anyone who sells, gives or furnishes tobacco in any form to one under 16 years, whether said tobacco is for the use of the minor or for the use of an older person, is liable to a fine of \$10 for a first offense, \$25 for a second offense, or \$100 for a third offense." The act adds that "it shall be the duty of the constable to seize any cigarettes or tobacco in any form in the possession of any person apparently under the age of 16 years, whom he finds using tobacco in any form on the street or in a public place." Minors thus found with tobacco in their possession must tell where they got it.

Admission 15 and 25c.
S. G. Schmidt, Prop.

A regular meeting of the Stouffville Municipal Council is scheduled for this Friday evening at 8 o'clock.

Stouffville school fair will be held Sept. 23rd., Whitechurch at Vandorf on Sept. 21, and Markham at Unionville. Sept. 17th.

Those citizens who invested their time in digging and weeding last spring, are now taking profits from their investment in lovely flowers and beautiful surroundings.

Harry Palsley has rented the farm at lot 2, concession 9, Whitechurch, worked this past season by Frank Baker. Mr. Palsley will move onto the property this fall just as soon as Mr. Baker holds his auction sale this month.

Although the fact was advertised last week that there would be no issue of The Tribune, quite a number of our subscribers called to secure a copy, thinking their paper had been lost in the mails.

The window of the Tribune office last week was displaying a beautiful bloom of the Japanese dahlia, remarkable for its wonderful size. Mrs. Hill has grown these flowers this season to show a bloom nine inches across.

Seven rinks of bowlers took in the tournament at Markham on Wednesday last week, but a rink skipped by George Saunders, the shoe merchant, was the only one to be in the prize awards, winning fourth prize, and being presented with pyrex dishes. 28 rinks entered the contest.

There are a number of good residential properties for sale or to rent in town just now. Those for sale are moderately priced and should find ready buyers, for with low taxes and a second-to-none water supply Stouffville is an attractive town in which to live or to own property.

After driving over the southern part of this province and through a portion of the State of Michigan the past week, the editor of this column is of the opinion that this is the most favored section we know of. Everywhere there is more or less drought, although the crops in southern Ontario were of a good average. Pasture land is burned brown all over the area we saw, but in this section it looks good in comparison.

The feat of driving "Old Dolfin" on a trip from Stouffville to Toronto and return was quite common in the olden days, and among our older residents there are those whose occupations was hauling wheat and produce to the York market, but in this day of modern motor traffic the idea is almost unthought of. However, Dr. Patterson didn't reject his old drive last week when he and Mrs. Patterson decided to visit the Queen City, together, for they drove their own horse and buggy in making the journey.

Mr. and Mrs. George Lee of this town witnessed the laying of the corner stone of the new Woodbine Baptist Church in Toronto last week. The interesting ceremony was performed by an old Stouffville boy, Mr. J. F. Madill who for many years was a clerk in the Ratcliff store. For a long time he has been a faithful worker in the Toronto congregation which is erecting the new edifice, and a great honor was bestowed on him when he was chosen to perform the task of laying the corner stone. He made an appropriate address and after laying "well and truly" the stone, he was presented with the silver trowel.

September the first seems to be a popular time for those who wish to move from one property to another. Last week Dr. H. B. Freil moved from the Todd house on Main street to the residence of Henry Brillinger in the west end. This fine property it will be recalled was recently purchased by Wm. Ratcliff of Whitechurch, but the doctor will occupy it indefinitely. Mr. Brillinger is now located in his new home to the north of the old house. Mr. A. K. Agnew of the Brathwaite hardware firm has moved from Baker Avenue to the house vacated by Dr. Freil. Archie Harding who has been living with his mother at the extreme east of the town, has rented the east half of George Urquhart's double house just vacated by Mrs. Lloyd who has moved with her husband, Benj. Madill, to Edmonton. Edw. Baker has vacated his house one door east of the Urquhart place and has taken up his abode on the farm purchased last spring to the south of the school house. The residence vacated by Mr. Baker has been rented to Mr. Tomlinson, driver of Lakefield Creamery truck. David Smales has moved into his newly acquired house at the corner of Baker Avenue and Main street, the property he formerly occupied farther east is again being used by David Moyer who repossessed the place. Roy Strong garageman has rented Mrs. James Bruce's house on Main street west, and moved there Monday.

AMBULANCE SERVICE
Funerals \$70 and up
PHONE 9000, MARKHAM, ONT.

Did you Hear Him?—Wm. Barkey, our east end gardener is a member of the Exhibition Chorus which sings three nights each week before the big throngs at the C.N.E.

Mr. Len. Vanzant and family have removed to Toronto where he has purchased a home. Mr. Vanzant was very sorry to leave Stouffville, but his falling eye-sight compelled him to give up business, and the city offers better opportunities to the family. Mr. Vanzant has been a resident of Stouffville for more than 25 years.

Good progress is being made with the construction of new sidewalks in town, and excellent construction work seems to be going into the job. The new walk on Main street from Dr. Freil's residence to the station was put down at a cost of 14 1/2 c. per foot, a very reasonable figure. We learn that costs for such work in many municipalities is running from 20 to 25c. per foot.

Mr. Harry Leadbetter who purchased the premises and store business at Goodwood so long carried on by the Murisons, has disposed of the business to Charles Feasby, and in the deal which involves some \$13,000 Mr. Leadbetter takes over Mr. Feasby's farm, stock, implements and crop, situated north of Goodwood, 6 1/2 miles on the third concession. The farm contains 190 acres, and the deal was negotiated by George Baker, local realtor.

Mrs. Daniel Yake of Cappon, Alta. left this week for her home after spending some weeks among old friends here. Mrs. Yake who owns the two lots at the corner of the 10th concession and Main street has sold the old house on the property to Geo. Hoover of Mount Joy, who will move the frame this fall from off the present site. Mrs. Yake is offering the two lots for sale, and hopes to soon secure a buyer. The removal of the frame structure from this corner will be welcomed by motorists who drive that way, as it obscures the view at this corner where several minor accidents have occurred.

On Friday, August 30th, Mrs. W. A. Quantz received a telegram stating that her brother, Thomas Alfred Amoss, had died suddenly at Banff, Alberta, due to heart failure. Deceased was a resident of Markham Township in his younger days and a Markham high school boy and after fitting himself for a public school teacher, taught in Mongolia, Fairbanks, Warminster and other places in Ontario, and afterwards went to Saskatchewan where he has taught a great number of years, teaching all told, over 38 years. Lately he has resided in the vicinity of Saskatoon and went with his son Bruce to Banff to recuperate his health where he suddenly collapsed. He died at the age of 62 and leaves his wife, one son and one daughter, besides a numerous circle of relatives to mourn his loss.

GEO. H. SAUNDERS
STOUFFVILLE, ONTARIO

PROMISES MORE FOR TOWNSHIP SHIP ROADS.

The suggestion of Premier Ferguson that it was the intention of the government to appropriate more money for the building of township roads was an announcement which will gladden the hearts of township legislators and township taxpayers. The burden of taxation in townships is becoming excessive and with the rate going up every year it is evident that relief must come from somewhere. With the continued increasing demands for better township roads the expenditure on roads has been a continued drain on the taxpaying citizen. Even the "back concessions" are carrying to-day a volume and type of traffic which was undreamed of a few years ago. The result is that they demand an expenditure on construction and repairs which is actually beyond the means of the average township. This is especially true of the townships close to a large centre such as townships in this district. The townships which are limited in their source of revenue to direct taxation should be relieved of payment to provincial roads and should be given more substantial grants from the Ontario Government on township road work. With the revenue received from the car licenses and gasoline tax the provincial treasury should be able to undertake this responsibility and relieve the farmers of the townships of the excessive load of taxation which they have been asked to carry.
