

LOCAL HAPPENINGS

Mr. Clayt Baker has his new dairy one door west of Anglican church nearly completed and will move into it about the 1st of Oct.

Mrs. Sam Hoover who has been in the U.S.A. will move into her new home on Church Street South about the 1st of October.

Number of 15 and 20 gallon size barrels for sale. Good clean wooden stock, suitable as cider barrels. Benj. Rexlin.

Mr. S. Brownsberger of Stamford Centre, near Ottawa, was home last week for a few days. He is teaching school at Stamford, but the institution is temporary closed owing to an outbreak of paralysis.

In the forthcoming provincial election the Progressive party if put into power promise a plebiscite on the liquor question again within a year, the Liberals promise, one when the people demand it, and the Conservative government if returned say emphatically there will be no more plebiscites on the question. So now you have it. Take your choice.

Earl Grubin, R. O. Eyesight specialist, at Stouffville from Wednesday to Saturday each week.

Remember the "Old Fashioned Supper" served in the basement of the Stouffville United Church, on Thursday, evening, October 10th

The long dry spell has burned the pasture lands so badly that rain will have little effect in restoring the grass this fall, but it will help the plowing.

John Asenhurst of Goodwood is appointed as returning officer in the coming provincial election for the riding of North Ontario. John A. Watson of King City is returning officer for North York.

The old fashioned custom of holding public meetings in school houses township halls, and now community halls, still holds good during election times, and political oratory will flow freely during the next few weeks. The leaders however, will be able to reach more people by the radio than by any other means.

Comfortable house to rent in west end. Apply to Miss Johnson.

Remember the "Old Fashioned Supper" served in the basement of the Stouffville United Church, on Thursday, evening, October 10th

Mr. Wm. Ratcliff has purchased from W. Chapman over 600 cords of dry slabs and 4 foot dry hard wood. This wood was cut from the Morris bush at Gravel Hill, and Mr. Ratcliff will have it hauled from there to his customers as he fills their orders.

Mr. A. S. Collins is having the old house at the east end formerly occupied by the late John Jerman raised up about two feet and a new basement built and all modern conveniences put in. This will make a most comfortable house when completed.

Two young Chinamen are having the store lately occupied by the Dominion Store remodeled and will open their cafe this month. They have a business place in Port Perry, and are owners of a large Cafe in Vancouver. The Celestials are well pleased with the looks of Stouffville.

The death of Sidney B. Gearing, for 20 years manager of the Standard Bank in Picton, occurred in the Toronto General Hospital last week. Deceased had been in poor health for some months, and his death followed an operation. Mr. Gearing was born in Picton, and when a young man entered the employ of the Standard Bank and continued with this institution until his retired a year ago. He was also manager at Stouffville 30 years ago.

Wm. Armstrong has sold his Manitoba farm to a neighbor who lives near the property which is located 165 miles south-west of Winnipeg. Mr. Armstrong just recently returned from the West, where he assisted in taking in the crop of his lands. In this section of southern Manitoba a crop failure is rarely, if ever, experienced, and it is in this locality that another of our citizens, Mr. Robt. Miller is a large land owner.

The new trout pond recently constructed on the Wm. Ratcliff farm on the 31st concession of Whitechurch is now in perfect working order, and is ready for trout fry, which will be put in next spring. For some time difficulty was encountered in holding the water, but this has been overcome. The pond is located just to the north east of Mr. Ratcliff's residence near the old pond, and is under lease for a term of years to Mr. W. Davison, president of the Toronto Anglers Association.

Despite the fact that many parts of Ontario are experiencing a poor yield in field corn, this immediate locality is producing a good crop. Evidence of this is easily obtainable by visiting the school fairs and viewing the wonderful stocks of corn which the children bring for competition. Corn 12 feet in height is quite the thing, but the Vaughan School Fair can lay claim to exhibiting the highest stock of any fair in York County so far this fall. Corn of the record height of fourteen feet was shown, and this "will take some beating" as the show man says.

Christie Armstrong has sold to James Ferguson of Cherrywood the brick residence and premises known as the Armstrong home for half a century. It is located at the corner of Stouffville and Montreal streets in the extreme east end. Many of our readers recall when the Armstrong weaving shop stood on the property and did a thriving business therein. The residence which was rebuilt some years ago is of brick, and the three bachelor brothers, Sam, Wm. and Christie all first saw the light of day there. Since their mother died a couple of years ago, the three boys have kept bachelor quarters, which are now to be given up. They may build a smaller dwelling this fall somewhere in the centre of the town and if they do Sam and Bill will be the carpenters. Ira Rusnell has rented the Armstrong place from the new owner, and will move on November 1st.

Stouffville will have a winter Chautauqua next January lasting four days. Fifteen citizens have been secured by Miss Staveloy of Weyburn, Sask., the representative, who has signed the necessary guarantee for \$480 in order to bring Chautauqua here.

Mr. Levi Hisey who is holding an auction sale on October 12th, has purchased the Hutchinson lot of a 1/4 acre on the 7th concession of Markham. Mr. and Mrs. Hisey will move to their new home in a few weeks. The present occupants of this property, Mr. and Mrs. D. McDonald are moving into Whitechurch to live in part of Herm Burkholder's house on the 7th.

An Old Fashioned Supper including fried sausages, potatoes, pan-cakes, etc, will be served in the basement of Stouffville United Church, under the auspices of the Garret Mission Circle, on Thursday Oct. 10th. Supper from 5.30. admission adults 35c., children under twelve 20c.

Milk cows reached \$151 at the public auction sale held on the farm of John Spence last Thursday. Harris of the 9th concession was the buyer of this top cow which was not a fresh milker. Thos White took the second highest priced milker at \$147.50. There were 12 cows sold, as Mr. Spence is going out of the dairy branch of farming.

The old building which has stood at the corner of 10th and Main streets for a number of years has been taken down. This building was built by the late John Yake about the year 1857 and used for many years by Mr. Yake as a store. After this it was used as a dwelling, but for some years it has not been occupied. The timbers used in this building were as heavy as those put into large barns these days, and the excellent lumber in the main dwelling was in first class condition.

The home of Mr. and Mrs. Robt. Woodcock has been sorely stricken by the loss of their little boy John "Freddie", aged 3 yrs. 9 months. Tho' feeling ill for a couple of days, he didn't complain. On Tuesday a doctor was called and after consultation Freddie was rushed to the hospital for operation hoping to remove thereby some intestinal obstruction, but it proved unavailing and he passed out about 7 p.m. Thursday evening. Freddie was an exceptionally bright little lad and a general favorite. Funeral service was held in the United Church on Sunday afternoon. Interment was made in Markham cemetery. By many floral tributes, as well as by messages, a host of friends have manifested sincerest sympathy.

Councillor Ross E. Ratcliff was almost stunned with surprise during the regular session of Whitechurch Council last Friday morning when Reeve Herman Kidd, on behalf of his fellow members around the Board, presented Mr. Ratcliff with a silver casserole dish. The presentation was in honor of the recent marriage of their colleague, and the Reeve expressed the hope that Councillor and Mrs. Ratcliff would live long to enjoy the good things that will be made in that dish. Mr. Ratcliff said he hoped the donors would have an opportunity to sample of the good things at some future time.

On Saturday last, September 28th, 1929, one of our oldest residents passed their 50th milestone of an active life, with an all-day celebration. At her Clark street home, Mrs. Moses Hill, was surrounded from early morning to dewy eve with her immediate family of daughters, sons-in-law, granddaughters, grandsons, cousins, neighbors and friends, all bearing greetings, expressed in many presents, in flowers, in cards, and the mail brought similar tokens of good will.

Among those present in person or represented by sweet remembrances of the old days of friendship and neighborliness, we note the following: Mrs. R. N. Fairies, Mrs. S. Heise, Mrs. J. Pearson, Mrs. N. Mowder, Mrs. S. McKeown, Mrs. Latchford, Mrs. K. Miller, Mrs. M. Irwin, Miss Eckhardt, Mrs. T. Rae, Nora M. Stapleton, Mrs. (Rev.) H. S. Warren, Mr. and Mrs. John Phillips and family, Marjorie, Jean, Mary and Murray; Mr. and Mrs. Nathan Gilbert and family Harold, Ross, Marlon Doris, Delbert, Florence and baby Ruth; B. F. Quantz of Barrie; Robt. Rae, Rev. F. Erwin Hyde.

Destroying grape vines, gardens and flower beds by racing over them in playing games in the evening is being charged against young boys of school age. We have requests from no less than three citizens in the centre and west and asking us to notify parents.

Rev. Mr. Ridout, who travelled 1700 miles through all the Central European States, will give an address with lantern slides and moving pictures, illustrating the national characteristics of all the Europeans who immigrate to Canada, also showing their landing at Quebec. Those delegates who attended at the Whitty gathering and who witnessed the pictures, were of one opinion that they were worth going a long distance to see. He will be in the United Church here next Sunday evening.

CHRISTIAN CHURCH RALLY

Nearly two hundred people gathered for the Young People Rally of the Center Field in the Christian church, Stouffville, last Friday night.

A fine musical and literary program was rendered by the following Misses: Kate Reesor, Jessie Paisley, Alta Pockler, Lila and Jane Grove and Mr. Dawson Davis.
Mr. Meadows, pastor of Newmarket Christian church gave an inspirational speech. His subject was "Stop Thieving" in which he warned the young people to beware of the thieves of idleness, selfishness and falsehood, and other thieves. He urged the young people to get out and serve in the noble cause of winning souls into the Kingdom of God.

After the closing hymn and Endeavor Benediction the gathering adjourned to the basement where the Ladies' Aid served delightful refreshments.

At a later hour, all went to their homes, feeling that it had been good to be present, and knowing that the rally had brought them a little closer to our God and each other. Those interested are looking forward to the next rally to be held at Altona.

Keep Your Hens Everlastingly on their Job

Put them on the Ful-O-Pep Egg Mash ration. Do it today. Make them steady producers—eager to lay. Get more eggs, bigger eggs, more profits. Ful-O-Pep Egg Mash contains Cod Liver Meal, which forces the other ingredients to work directly and more efficiently on the egg-producing organs. Nothing like the Cod Liver Meal to get the most out of feeds. Ful-O-Pep Egg Mash has the correct amount of mineral, and laying hens need lots of mineral for egg shells as well as their own nutriment. The base of all Ful-O-Pep feeds is high quality oatmeal—**not just ground oats.**

Keep Ful-O-Pep Egg Mash before your birds all the time. Cold weather and short daylight won't cut down production, because Cod Liver Meal supplies the element of sunshine. Old hens and new layers both become steady, vigorous profit-makers. Ful-O-Pep Egg Mash gets you lots of strong-shelled eggs, all through the season when prices are highest. Keeps birds everlastingly on their jobs.
