There are places in the walk now that are deplorable and none too safe for pedestrians.

Howard Malloy has produced some radishes from his garden this fall that resemble turnips in size, one of them placed in the Tribune window has been taken for a turnip by many people, because of its unusual size. They are of the white variety and weigh up to 3 1/2 pounds. The centres are not hollow, and the flavor is quite as good as the early spring varieties.

The 79th birthday anniversary of Mrs. Charles Middleton was celebrated in the form of a dinner party, held at the home of her granddaughter Mrs. James H. Elder, 399 Gainsborough Road, Toronto. About 30 guests, including four generations were present. Mrs. Middleton was the recipient of a number of nice gifts, which were greatly appreciated. As a former resident of Stouffville, Ontario for sixteen years, and a resident of Uxbridge Township for 63 years, there are many friends in this neighborhood who will be delighted to know that their old friend and neighbor reached such an advanced age in the pleasantness of this occasion.

Stouffville High School baseball team challenged the Uxbridge school team last week and went up to the northern town to pay the engagement. On their arrival there our lads were surprised to learn that Uxbridge was playing girls baseball, or softball as it is called. But like good sports they adjusted themselves to the situation and went out to meet their opponents who soundly defeated them as they displayed their training in the art of softball. A number of the fans who accompanied the Stouffville line-up were conducted through the fine new Uxbridge High School. Did we hear one of the girls say that with a fine school like that they would hope to be a pupil therein all their days?

The executive committee of the Toronto-Stouffville Old Boys' and Girls' Association have donated \$10 to the Stouffville Horticultural Society in token of their appreciation of the fine time enjoyed here on July 1st last. In making the remittance, President Mertens of Weston says the former citizens appreciate the effort of the Horticultural Society in making the old home town beautiful, and this little gift may help along the work.

The Stouffville United Church was well filled on Sunday evening for the annual meeting of the Bible society of the local district. Rev. Graham, assistant editor of the New Outlook, was the special speaker. On the text from the gospel of St. Matthew, "Man shall not live by bread alone, but by every word that proceedeth out of his mouth," he delivered an impelling sermon, lucidly depicting the need for feeding the hunger of the soul which alone can be satisfied from the book of books. The bible is now printed in 618 languages, and is distributed to millions of new homes in foreign lands every year. It is to further extend this work that more funds are needed, for which canvassers will shortly make a call throughout the congregations in this district. All the town churches were closed on Sunday evening in order to lend their support to this great work for which this district contributed \$600 last year. A few years ago \$1000 was raised locally and the officers hope to reach this figure again this year. On the platform with the preacher of the evening was Rev. Shantz, Morton, Fleischer and Warren. Mr. Amos Lehman, president of the local society, acted as chairman.
