NOTES AND COMMENTS

Who isn't glad it's all over this morning!

There is a man from Alaska in Montreal with 75,000 muskrat skins for some of which he paid two dollars apiece, and he cannot get rid of them at 75 cents apiece. The closed car, which has done away with fur-lined coats in winter, is blamed for the slump.

Petitions bearing the signatures of almost 1,000 men and women and demanding that an ordinance be passed forbidding the erection in the city of sign boards which carry pictures of women and girls to advertise tobacco and cigarettes were presented last week to the city commission at Pontiac, Mich. The petitions were accepted, but no action taken.

The South Simcoe Teacher's Institute passed a resolution "that a booklet containing information re Simcoe County be printed and a copy placed in each school for the use of teachers, particularly for teachers of second book classes." The suggestion is interesting and valuable and the Fergus News-Record says all other counties might adopt a similar suggestion. The history of our own communities should be the most easily taught to beginners and it could be made quite entertaining, if properly written. If not made interesting for children and teachers, it would be quite useless.

A tourist freak passed through town last Thursday and caused considerable amusement, says the Leamington Post. He said he was from North Carolina, having entered Canada at Niagara Falls, and was on his way to make his exit at Windsor. He carried on top of his car a taboggan and pair of skis, having been told down in his country, he said that he would find summer enjoyment with them here. He asked those who got into conversation with him not to laugh at his ignorance, as he found it hotter in Canada than in his own country, and was returning home to cool off.

GOODWOOD

The Sinclair Cup was won by the Goodwood Football team Cherrywood beat their opponents in the finals.

The first game at Cherrywood resulted in a tie score, 1-1. The second game was won by Goodwood, 3-0.

PACKETS OF PROVENDEINE TO BE GIVEN AWAY, THE ONLY PRODUCT GUARANTEED TO RAPIDLY FATTEN PIGS

CUT OUT THE COUPON BELOW AND HAND IT TO YOUR DEALER WHO WILL IN EXCHANGE GIVE YOU A FREE PACKET OF PROVENDEINE VALUE \$0.50

All pig breeders who have tried "Provendeine" are delighted with the extraordinary results obtained. The use of this wonderful preparation is indispensable to the successful rearing of hogs. Owing to this unanimous verdict on the wonderful properties of "Provendeine" we are making the above free offer so that all who are unacquainted with "Provendeine" can try it out for themselves entirely free of charge. All you have to do to receive a free packet of "Provendeine" is to cut out the coupon below, and hand it to any dealer who sells the product. We know that one trial of "Provendeine" will make you a continued user. That is why we ask you to try it out for yourself at our expense. Use the free trial packet on one pig—the sickest on your farm. Then tell everyone about the results. You will be doing your neighbours a good turn—and us too.

What is Provendeine?

Provendeine is a special vitaminized Condiment for rearing and rapidly fattening hogs, and is an INDISPENSABLE adjunct to their food from the moment they are weaned. We say INDISPENSABLE because it is but very rarely that pigs' feed is in itself a complete diet. Scientific tests made on hogs have shown that corn and oats are deficient in proteins which are essential to their growth and that to feed pigs on corn and oats only is disastrous. But by adding these foods what they lack, namely, mineral elements, they are at once turned into foods of a highly nutritive order. Provendeine contains these ingredients.

What does Provendeine do?

Provendeine establishes equilibrium in nourishment, promotes appetite and aids digestion. Ailing hogs get well and a more rapid growth is imparted to all. Pigs that were given up for lost acquire fresh vigour as soon as Provendeine is added to their feed and fatten rapidly. Hogs kept for fattening when given Provendeine put on more weight and are ready for market a great deal sooner. Young pigs (suckling or just weaned) develop and grow faster and their flesh acquires a more "rosy tint." One of the most priceless advantages which astonishes every user of Provendeine is that WITHIN A FEW DAYS it makes rickets or foot trouble disappear.

Give your pigs Provendeine:

1. To promote their appetite.
2. To make them rapidly fatten.
3. To prevent their suffering from foot trouble.

The use of Provendeine makes pig rearing easy and certain.

Thousands of unsolicited testimonials received from breeders in various countries prove the astounding rapidity in the development of pigs fed with Provendeine.

ECONOMISE 2 MONTHS FEED BY USING PROVENDEINE

Two months feed plus the assurance that young hogs will develop normally without detriment to their health! That is what the wise breeder who uses Provendeine regularly gets out of it. No more stunted growth therefore—no more monetary losses for the breeder, but an assured success in the fattening of his animals.

What PEOPLE SAY:

He thought his pig was dying

R. R. 8 St. Mary's, Ont. January 11th, 1929. I purchased a packet of your Provendeine a while ago and it helped my pig wonderfully well. The pig was nearly dead and it is as lively as a Jack Rabbit now. I would recommend it to anybody. (Signed) ALAN G. SOWERS.

Obtained wonderful results

Paris Junction Ont. March, 4th, 1929. I have had wonderful results from feeding Provendeine. I had two pigs that went off their feet and could not move around at all. I went to our local store of Mr. E. Taylor and got a packet of Provendeine and I did not feed them but once the first day I got the package so they would be a little keener for their feed. I fed them three times

Pigs worth \$10.00 more per head

Ember Farm East Molesey, England. June 22nd, 1929. Please forward me two more packets of your Provendeine. Our pigs have done splendidly since using it their coats are beautifully glossy now, and lots of people ask us what we give them, so we are recommending it to all our friends.

A wonderful tonic

St. Mary's Ontario, January 30th, 1929. I have obtained good results from your Provendeine. I think it the most wonderful tonic I have ever used. My hogs were marketed a month and half sooner than ever before. (Signed) Bert Mc CAULEY.

Invaluable for pigs of all ages

Cund Farm, Esher, England, July 8th, 1929. I have given your Provendeine a fair trial and find it same invaluable for pigs of all ages, I am more than satisfied with the results in rearing and feeding. (Signed) J. ROBERTS.

Pigs fed with Provendeine did more in a fortnight than others did in a month.

Carey, St. Giles in the Heath, Nr. Launceston, Devon, England. I have had a packet of your Provendeine and it has done wonders in a very short time. I had a brood of ten pigs. I have killed eight and the remaining two I have given a packet of Provendeine and they have done more in a fortnight than the rest did in a month. Please send me another packet. (Signed) A. LANE
