Last week Mrs. Stadelbauer returned from visiting in Detroit, and leaves this week for Winnipeg where she will reside with her sister. As a life-long resident of Stouffville her removal will be generally regretted. Mrs. Stadelbauer will be better known to many of our readers as Violet Clarkson.

To-night is Hallowe'en.

Harvey Schell's new butcher shop is about completed, and Mr. Schell expects to locate there early in November.

COMING—Dr. F. E. Luke, Optometrist, 167 Yonge St., Toronto's able eyesight specialist, may be consulted about your eyes for glasses at J. Boardway's drug store, Stouffville, October 31st.

"Something new under the sun" was put on at the Sixth Line Baptist church last Sunday night, when seven young men sat on the platform with the pastor and took entire charge of the service. Messrs Dave Harris and Bruce Hisey delivered two excellent discourses.

Mrs. I. G. Crosby of Uxbridge town has just celebrated her 91st birthday in good health. She is about her home daily and on the street, being quite active. Mrs. Crosby is a sister-in-law to W. B. Sanders, being a daughter of the late Edward Wheeler, one of the founders and first business men of Stouffville.

Start it now—with every new subscription to the Tribune for the year 1930, we will give the remainder of this year free. Tell your neighbor who likes to see your paper about this splendid offer.

The official figures for the provincial election of three years ago gave Hon. Geo. S. Henry 11,085 votes, and Mr. Annis his opponent 5,706, being a Conservative majority of 5,279. In North York Mr. Pearson defeated Mr. Keith by 1565 in 1916.

Gordon Ferrier has rented his farm 50 acres on the 10th concession of Whitechurch, to Ernie Strong, who is now occupying the place, having moved some stock there last week. Mr. Ferrier has returned to Stouffville to live with his son one door east of the public library.

An effort is being made to secure hydro power and light for the farms around Vandorf. It would prove a great convenience in the Township Hall, the store and in the homes and barns of the neighborhood. A public meeting was held last week at the hall in order to discuss the matter.

There are still a great many cabbages to market in this district, but just now the crop is commencing to move. \$17 per ton was paid for some shipped out a few days ago. The high price is chiefly caused because of the shortage in the crop. The long dry spell deminished the growth to a serious extent, and prices are likely to remain firm throughout the season as a result.

William Bryan, grandson of Mrs. A. Harding of the east end, Stouffville, was successful in winning the senior championship in sports at the Earl Haig High School Toronto, last week, during their annual field day. He was presented with the Dr. Hill trophy. Last year William was pupil of first form in Stouffville, and he received most of his public school education here also while he lived with his grandmother, hence the local boys will be glad to know of his success in the field of sports.

Two Canadian championships in horsehoe pitching and a special competition for the winners at agricultural fairs have been put on the list for the Royal Winter Fair. All the competitions are sanctioned by the Ontario Athletic Commission. An open singles and open doubles, both for the championship of Canada, will be held. In addition a special competition will be conducted at the Royal, open only to winners held by local agricultural fair associations for the best team of two players.

On Friday evening about forty members of the Swastika Club of the United Church motored to Toronto to enjoy a skating party at the Royal Skating rink where many of the skaters had their first experience on artificial ice. Following the evening at the rink the young people went over to Bond street where they united with the Stouffville Old Boys' and Girls' Association of Toronto and district who were holding a social night. Lunch was served and a social time enjoyed among old friends before returning home. The Swastikas have just organized for the season with H. O. Klinck as president.

Peter Ferguson of the 9th concession of Whitechurch has two sons of whom he may be justly proud. Although both are under eighteen years of age they are expert plowmen and have won some notable prizes at the annual plowing competitions. At the North York match on Tuesday the youngest son, Douglas captured the fine silver tea service and tray donated by Mr. A. J. H. Eckardt for best plowing by boys under eighteen years. Last year the eldest boy, Wilfred won this trophy. The Ferguson home is well supplied with tea services, and the owners may be justly proud of their trophies.

A water test taken last week reveals the town domestic system to be all for drinking purposes. It is thought that a recent test which was not so good must have been put in a defective bottle when sent to Toronto for analysis. A representative from the Health Dept. was in town last week, and after visiting the reservoirs expressed the opinion that he could not understand why Stouffville should ever have impure water. It is very easy to contaminate the supply sent to Toronto if the strictest caution is not observed in taking it. Citizens will be pleased to know that the supply is pure and clean in every way.

The produce market is not very brisk in Stouffville these weeks. Last Thursday the buyers were paying 50c per dozen for eggs as extras, 45c for firsts and 40c for pullet eggs. Butter was variously quoted at from 40c to as low as 32c for stuff not fit for table use. Strange isn't it, that some people bring in butter which the buyers just hate to take at any price because it is so rank, yet the lady who makes it believes her product is all. Poultry of really choice quality is getting more plentiful. Chickens sold at 28c to 35c pound. The lower price was for birds under four pounds. Old hens brought 23c pound.

Don't forget to reserve Thursday, Nov. 21, to hear "Ye Old Tyme Village Quartette" in Ratcliff's Hall

Don't forget the Old Tyme Concert in Altona school, on Friday Nov. 1 at 8 p.m. given by the Women's Institute. Refreshments served. Admission 25c and 15c.

The many friends of Mrs. Chas. Barkey will be very sorry to learn that she will be confined to her bed for many weeks as a result of a recent fall while picking apples in the orchard of their farm. An x-ray examination showed that Mrs. Barkey suffered two fractures of the left hip.

The officers who manned the polls in Stouffville for the election yesterday were H. J. Malloy and S. Armstrong, D.R.O.'s in the north ward, with Edw. Walls and T. Birckett as poll clerks. In the south ward Ira Anderson and Irwin Gray were D.R.O.'s and Wm. Armstrong and Martin Tait poll clerks.

At the Annual American Convention of the Christian church meeting in Ohio, the Congregationalist and Christian churches of the United States and Canada voted to unite. This has been an issue that these churches have been looking forward to, and it vitally concerns churches at Stouffville, Altona, Ringwood, Bloomington, Church Hill, Keswick, Toronto and Newmarket. Rev. E. Morton and F. E. Hyde are the pastors of the local churches.

In division court at Markham last week Alfred Yakely of the 10th concession of Whitechurch, sued Ralph Connor for \$7.58 for seed grain purchased and long overdue. Mr. Connor told the judge that he had already paid the account, but the court thought otherwise and gave judgment for the full amount of the claim. Mr. Connor's son under oath declared that he saw his father pay the amount at issue, while Chris, Yakely, giving evidence for his brother Alfred, stated that Connor had said to him that he was sorry he had never paid the \$7.58, but that he would pay for it soon. This statement was alleged to have been made at the supper table over a year ago, and after the time Connor's son declared he swore he saw his father make payment.

Wilfred Timbers, Stouffville, won the Carls-Rite hotel perpetual silver trophy for a second time at the annual plowing match of the County of Peel Plowmen's Association held on Friday on the farm of John B. Cation, first line west, Chinguacousy, near Snelgrove D. J. Tran came 4th in this entry.

Another prominent winner of last year's match to repeat was Lloyd Turner who captured the Corbett and McCurdy trophy for the best ridge plow in sod class with jointer wide-breasted plowshare not less than nine inches wide.

In stubble, open to plowmen who have never won a prize in first class, Wilfred Ferguson won first and Norman Steckley third. Fred Timbers brought home the fourth prize in the tractor sod class.

Bruce Lintner, aged 6 years, almost lost his life on Friday afternoon coming home from school when he jumped from a farmer's wagon right in front of a passing automobile, in full view of his mother who stood on the sidewalk and witnessed the crash. The accident happened on Main street in the east end. The lad was riding in a farmer's wagon when he espied his mother and jumped out of the rear of the wagon just as a car driven by L. Fingold of Claremont was passing. The lad was struck down and dragged about 30 feet before the car came to a standstill. It was not going at an excessive rate of speed, but the driver had no warning whatever that the lad was about to jump out of the wagon. The impact can best be imagined from the fact that one fender was badly bent and one lamp smashed. The little fellow was seriously wounded about the head, and eight stitches were put in to close the rut. His body was scraped raw down one side, but an x-ray revealed no bones broken or other internal trouble. After the car came to a halt, the unfortunate lad jumped up and endeavoured to run to his mother, which he managed in a tottering condition, with his face covered with blood exclaiming, "I'm not hurt mother, I'm not hurt mother." He is a plucky boy, and is not complaining now either. Mr. Fingold rendered every assistance possible and is doing what he can to assist the parents through the trouble.
