## NYAL CREOPHOS

"I suffered from Bronchial Asthma for years and could not get relief, but now thanks to CREOPHOS I am cured. I always keep a bottle of Creophos in the house and upon the first signs of a cold I take a few doses and the cold is gone. It also cured my two nieces of whooping cough when nothing else would help them."

This is a statement of one of our many customers who recommend CREOPHOS.

## DON'T WRITE IT "RUSH"-SAYS REEVE

Practical Joke on Tardy Member.

When Councillor Ward made one or two significant remarks respecting the laying of new walks on O'Brien Avenue, when what he termed "deplorable conditions" existed in the east end, he raised strong resentment on the part of Reeve Sanders, at the council meeting on Friday evening. Just after passing two accounts totalling \$1400 for cement walks, Councillor Ward declared that not a cent of that money was spent in the east end, despite his constant complaint against some dangerous holes in the walks and a promise to fix them.

The reeve wouldn't admit any such statement as just made. There has been no discrimination against the east, and no promise that he knew of was ever made to repair the walks. "I wouldn't," said the reeve, "that we look over the walks and endeavour to have repairs made where any dangerous conditions is in existence."

Councillor Rowbotham said it was a very expensive job to repair walks here, there and all over. Moving the big mixing machine cost too much. He thought that some temporary repairs might be made by the town men if any urgent cases existed. This ended the discussion.

Mr. Ward again asked that the streets committee open the ditches before freeze-up time, so that the water would readily get away in the spring. Councillor Russell said he had a man in view to do this work, although nothing so far is done. Mr. Russell was also asked why he had not placed a few loads of gravel in various spots where bad conditions exist, and he promised to get the work done. He provoked a laugh when he stated that it had been pretty wet and the roads were not passable for driving. The members had in view the long weeks of dry weather prior to the rain of last week.

The reeve said, Councillor Ward ought not to address Mr. Russell as RUSHnell—there is no RUSH about it, he observed.

Following out recent requests of the Cemetery Commissioners, the Reeve with Councillor Rowbotham and Russell were appointed a committee to bring in a new bylaw that is intended to set up a perpetual care account for the old cemetery grounds on the basis of perpetual care charges in the new grounds.

It was urged by Councillor Borinsky that something ought to be done to carry out the request of the citizens in obtaining costs for a new road, sewers and curbing. Council didn't feel favorable to the proposal of engaging an engineer at \$200 to give us the necessary figures this year. The County engineer had not prepared his part of the work either.

Council passed a resolution to purchase 13 street lamps of a new type for use on Main street within the business section. It is hoped to have the extra lights put up before the fiscal year ends. The cost of the new lights with brackets complete will be \$8.30 each.

The clerk was instructed to write John W. McCullough stating that this council would require a bond indemnifying them from any future payment to the Storey estate for all time, in the event of council paying over the money for which the original debenture was stolen in 1923, amounting to about \$800.

## DAVID WATSON EXPIRES SUDDENLY

An Ex-Reeve of Uxbridge Township He was widely known

The death of David Watson, prominent farmer of Uxbridge Township, came with shocking suddenness on Saturday morning of last week. Only this fall Mr. Watson sold his dairy herd and intended to lead a retired life because his health was not robust, but despite this his passing came very unexpectedly. Mr. Watson spent a restless night and was about as usual all day Friday.

Born in Uxbridge Township 67 years ago he spent his entire life there. When a young man he married Florence Young, whose parents lived on the 7th concession near Uxbridge village. The couple settled south of Goodwood, where they developed one of the finest farm homes in the whole township. Mr. Watson was highly respected, and when he offered himself as candidate for the township council he readily received the endorsement of the electors. The late Mr. Watson finally became reeve of the municipality which completed an honorable public service. He was staunch supporter of the Methodist and United Church, being a member of the official board for years, and he leaves a vacancy which will be hard to fill.

One brother, William, (also one sister, Mrs. George Dowdwell, both of Stouffville, survive, besides four children and the sorrowing wife. The children are Miss Myrtle at home, Mrs. Robt. Hynes of Uxbridge Township, Charles, the Goodwood merchant, and Everett of Greenbank.

The funeral from the late home south of Goodwood on Monday afternoon was one of the largest ever seen in the district. The remains were taken to the United Church for divine service, conducted by the pastor, Rev. A. Harden, and Rev. Mr. Lunan a former pastor, followed by interment at Goodwood cemetery.

## WELCOMED MENNONITE PASTOR

On Monday evening last week well on to a hundred people gathered in the Mennonite parsonage, Mount Joy, to extend a hearty welcome to their new pastor, Rev. A. T. Gooding wife and family, who recently moved from Port Elgin, where they had served a full term. The congregation of Bethesda, Gormley, Dickson's Hill and Mount Joy were well represented.

The time was occupied with the opening prayer by the leader of the evening's exercises, Isaac Wike. Short addresses were given, interspersed with a few verses of a hymn. Needless to say the people did not come empty handed but brought with them such things as any home has need of—groceries, vegetables, potatoes and some cash. True we have had a long dry spell which was broken a little over a week ago by a three day shower, but there has come to Mr. and Mrs. Gooding and family showers other than rain, and those that were present seemed to feel good to think they helped to make up this show. The presents and the spirit in which they were given, was duly appreciated by Rev. and Mrs. A. T. Gooding and family.

## RINGWOOD

Roy Grove and Miss Lila Grove were in Toronto on Tuesday.  
Miss Alma Hancock is suffering from an attack of pneumonia.

A number from here are attending the revival services in the Stouffville Christian church.

Mr. and Mrs. Geo. E. Jaynes, Mr. and Mrs. Wm. Robinson all of Toronto were Sunday visitors with Miss Ada Barkey.

We are glad to report that Miss E. Pews is able to be out again, following her recent illness.

Did you hear the eer laugh when they heard of the local hunters going back north?

Ed Brownberger with his gang of carpenters is erecting a large metal building at Leaside.

## SECOND TRIAL ON SERIOUS CHARGE

Claremont Man Who Won Appeal, Must Again Face the Courts  
Ceel DeGeer, of Claremont, must stand a second trial on a charge of having carnal knowledge of a young woman said to be an imbecile. He was given a preliminary hearing this week in Whitby police court by Magistrate J. E. Willis and committed for trial in a higher court. A plea of not guilty was entered. The magistrate gave his decision on Thursday night after hearing evidence of a large number of witnesses.  
Accused was tried some months ago on the same charge by Magistrate Clarke, of Pickering. He was found guilty and sentenced to a term in gaol. Appeal from the magistrate's decision was taken to Osgoode Hall on the ground that the plaintiff had not been sworn before giving evidence. The Court granted a new trial. Magistrate Willis was asked by Magistrate Clarke to preside at the second trial.

## FINAL SUMMARY GIVES HENRY 4297

The land slide in last week's provincial election which reached almost every constituency in Ontario where the seat was held by a Liberal or Progressive, didn't extend into the riding of East York where Harold A. Sanders and Hon. George S. Henry were contesting the seat. Although Mr. Henry had an overwhelming majority, it was reduced by about 1000 under that by which he was returned in 1926. There were 1345 less votes polled this time, so that the majority was reduced in any event even assuming that Mr. Henry would have polled two thirds of the uncast ballots.

Stouffville and Markham village were possibly the only places where Mr. Henry made an increased vote. In 1926 Mr. Annis received a majority of 360 in Stouffville, and this time Mr. Sanders received 272, Markham gave Henry an increase of about 100. In East York Mr. Sanders made a notable gain by reducing the old majority about 750. Also in the northern half of Scarborough the Liberals had a majority for the first time in several elections. The entire township taken together, of course, is strongly Conservative.

When one takes into consideration the sweeping Conservative victory all over the province Mr. Sanders' campaign stands out as one well contested. He had just three weeks in which to present the issues. Another interesting fact is that a dozen members who were elected to the Legislature had a smaller vote than Mr. Sanders. East York stands out as the riding with the largest number of voters in the whole province.

"I had some good honest competition, but I am certainly pleased to have won", was the comment of Hon. Mr. Henry when asked as to what he had to say on the results.

Below is the vote by municipalities in East York, and elsewhere in this issue the returns for the whole province are given.

## Local Happenings

J. B. Madill, father of Mrs. George T. Lee of Stouffville, died in Claremont on Monday at the advanced age of 86 years.

To the Electors:—  
Harold A. Sanders wishes to convey to the electors of East York who supported him at the polls on Oct. 30th, his sincere appreciation and gratitude for their confidence expressed on that occasion.

The auction sale of wood lots belonging to Denton Law on the Markham-Whitchurch townline held last Friday brought from \$15 to \$30 per lot. There was little or no mill stuff in the timber which was second growth for the most part, thus the prices realized seemed fairly well placed. One lot partly wooded was disposed of for \$10. The sixteen lots realized \$360.
