A. W. SCOTT
 MAN SO NERVOUS GETS SORE WHEN SPOKEN TO

"It actually irritated me to have anyone talk to me, I was so nervous. Vinol ended this and I feel wonderful now."—Wm. Faby.

"Vinol is a compound of iron, phosphates, cod liver peptone, etc. The very FIRST bottle makes you sleep better and have a BIG appetite. Nervous, easily tired people are surprised how QUICK the iron, phosphates, etc., give new life and pep. Vinol tastes delicious. J. M. Storey, druggist, Stouffville.

GEO. E. BAKER, box 24, Stouffville

PRIZE CATTLE AT CHICAGO
 Bred In Unionville

A wire from Chicago, to the management of Glenburn Farms, owned and worked by Col. F. H. Deacon, yesterday, conveyed the pleasing intelligence that his fine shorthorn herd, following their great success at the Royal Winter Fair in the city had met with even greater success in competition with the best American and Canadian herds. Col. Deacon's success is all the more remarkable by reason of the fact that it is only within the past five or six years that he has taken up seriously the breeding of high-class shorthorns.

In addition to the championship prizes, the herd were successful in winning first on the shorthorn bull, over three years; first on bull calf, first on three bulls owned by one exhibitor, first on three-year-old cow, third on aged cow, ninth on senior yearling heifer, fourth on junior yearling heifer, and second on aged cow with calf. This is said to be a record unsurpassed in any previous year, and reflects infinite credit on Col. Deacon and Markham township.

Another York county exhibitor who scored high is T. H. Russell, of Downsview, Etobicoke, who captured first on junior shorthorn yearling bull, fourth on bull calf, fourth on three bulls owned by one exhibitor, third for two bulls and two or three other awards. Russell Fleming of Whitby, was successful in Oxford sheep, and James Brodie of Stouffville came fourth for best carload.

PICKERING COUNCIL

The above council met pursuant to adjournment on Monday, the 2nd. inst. Members all present, the reverend in the chair, Minutes of last meeting read and approved.

REESORS MARMILL LTD. MARKHAM, ONTARIO

An Extra Hired Man

TAKING all the hard work out of sawing, grinding, filling the silo, milking, separating, churning, pumping—doing the job in one-half to one-quarter the time—a "Toronto" Engine is like an extra hired man around the farm. And it works year after year economically and efficiently.

"Toronto" Engines are built to stand long, hard use. Simple in construction—economical in operation. Burn either Kerosene or Gasoline. Many sizes to choose from. A "Toronto" Engine, Saw and Grinder make a wonderful time and labor saving combination. Drop in and see them when you are in town, or write for interesting free literature.

GEORGE J. LAWSON Stouffville, Ontario

VICTORIA SQUARE

At the close of a very successful Standard Training School, sponsored by Markham Township—Religious Education Council, held in the United Church, Markham, the presentation of forty-nine certificates was a pleasing feature. Our school brought home eight certificates. Among these successful ones were, Misses Perry, Vera Nichols, Reva Nichols, Mrs. R. F. Boynton and Messrs Harold Wilkinson, Cecil Nichols, Joseph W. Brown and Louis L. Nichols.

Messrs Francy and Brumwell filled their stables with fine herds of feeders this week.

LET YOUR PIGS MAKE YOUR FORTUNE.

Use PROVENDEINE

Be sure that your pigs will develop and fatten rapidly, without set backs or interruptions. This boon is certain to wise breeders who regularly add Provendeine to the feed.

Don't delay if you wish your pigs to develop healthily. "Provendeine" is the only product which assures continuous success. In pig-rearing time is money. Buy Provendeine today and you will save money tomorrow.

BREEDERS! Make certain that your pigs will return you a handsome profit! Give them Provendeine from weaning onwards.

The sickest pig become the best — and sold the highest — thanks to Provendeine.

Branden, Vi. Nov. 3rd 1927.

"An experiment with PROVENDEINE has so pleased me I feel that, as producers of such a splendid product, you should know the details of the test.

"On August 1st I selected, from a litter of young pigs, eight weeks old, the one that appeared to be the weakest. This pig was placed in a pen near the others and was given the same feed as the rest except for the addition of Provendeine as per directions.

"The pig picked up and thrived almost from the start and after I had used about a box and a half of Provendeine I let the experimental pig out in the pen with the others. I called in an experienced farmer and asked him to pick out the best-looking pig. This gentleman knew nothing of my tests and he had never before seen the litter. The condition and weight of the test pig was quite noticeable.

"I have recently sold all my hogs on the hoof. I was offered a price per hog except for the one that I had been feeding Provendeine which brought me 8.00 dollars additional. I regret that I did not feed them all Provendeine.

"I heartily recommend your product and you may rest assured that next season I shall feed Provendeine to all my hogs and I am positive that I will realize a profit far ahead of past years.

(Sgd.) Paul T. RICKERT.

Provendeine is sold every where in packets at \$1.50. Manufactured by: Masion Louis Sanders, Brussels

Wholesale: Louis SANDERS, Toronto, Ont.

Well--It Can't Be Done

HOW often have you decided that it just isn't possible to comfortably heat your home—that, no matter how much coal your furnace eats, the rooms never seem to lose their chill?

This Saturday afternoon apply two to three inches of DRY INSULEX between the attic floor joists, anyone can do it. It forms a fire and vermin-proof barrier that retards the loss of heat through the ceiling, forcing it to give full value in the downstairs rooms.

DRY INSULEX comes in convenient sized bags, costs little and pays for itself in two or three seasons' fuel bill reductions.

See us to-day and learn how DRY INSULEX will add to your comfort this winter.
