

INFORMATION FOR BUSY FARMER

Valuable Crops
Hay and pasture crops, including grasses, clover, and other forage plants constitute the most valuable group of plants grown on Ontario farms. Over seven million acres of land, which is about half of the total area in cultivation, are used to produce the hay and pasture crops of the province. This hay and clover crop is valued annually at more than \$50,000,000 for the past 45 years, and over \$80,000,000 annually for the past five years, 1924-8.

Spray Early and Often
At the Experimental Farm, Ottawa, it has been found that in some seasons, six or more applications of spray material are required to entirely control the apple scab, but it is well worth the extra labor and cost when one obtains clean fruit. The first application must be made very soon after growth begins, if not when the tree is still dormant. The best plan is to have the spray machinery and materials ready at the earliest possible date and prepare to begin in time.

Interesting Figures
Interesting statistics issued at Ottawa recently show that Canadians drink a pint of milk a day on an average, making an increase of approximately one hundred per cent since 1921. Canadians are also said to eat more butter per capita than any other people in the world as indicated by a figure of 29.31 pounds per man, woman and child annually. The per capita consumption of milk is 470.8 pounds a year, which is compared with 458 pounds per capita for the United States. Ice cream, likewise, has shown an increase, the 1928 figure being 7.04 pints per capita as compared with 5.26 pints for 1921. The consumption of cheese in the past seven years has also risen from 2.51 pounds to 3.54 lbs. per capita per year.

Farm Machinery
It has been proved that the use of modern machinery can reduce the costs of production on all crops. However, the buying of machinery should be done only after careful consideration, and machinery will not turn a deficit into a profit. Machinery will not take the place of good seed and good cultural practices nor will it serve as a substitute for intelligent management. In fact, the more machinery there is on a farm, the greater is the necessity for following the best farm practices because investment costs are higher, risks are greater and losses may be heavier.

Sow Correct Seed
Farmers should remember the value of sowing weed-free seeds and seeds of tested varieties of grain. By so doing one may increase the yield from 30 per cent to 63 per cent above the lowest yielding varieties. In oats, it has been shown that large plump seed will average 62 bushels to the acre while the small seed yields only 46.6 bushels; in barley the ratio is 53.8 and 43.2 bushels. Farmers are advised to get a copy of the analysis of the same before buying seed. Your local agricultural office can furnish desired information on this subject.

Apple Prices Poor
The latest bulletin of the Ontario Fruit Growers' Association based upon the reports of the overseas representatives, indicates a low price for the last lot of Canadian apples received at Liverpool due to poor condition. It is recommended that growers shipping overseas use shredded oil paper for packing as a large part of the last shipment was affected greatly by scald. South African plums, peaches and pears are being offered in large quantities and are quite cheap, affecting somewhat the sales of Canadian apples. The fruit is of excellent quality and well packed and commands a ready sale on the British market.

Weekly Crop Report
The weekly crop report of the Ontario Department of Agriculture indicates that farmers throughout the province are experiencing a hard winter in feeds particularly, due to the fact that live stock went into winter quarters in a poor condition. Algoma is an exception, however, and rough feed is plentiful in that district. Hay is being brought into Carleton in large quantities and the possibility of a feed shortage is apparent in Dufferin. Good prices were obtained by Durham farmers for cattle shipped while egg production there is reported as being only fair. In Frontenac milk and cream is plentiful. Haldimand has had a great demand for good seed grain, which indicates a renewed interest in good seed. Huron farmers are having a shortage of root and silage feeds. Milk is far below the average in Lennox and Addington, while Peel indicates a surplus in the supply. Importation of New Zealand butter has lowered the price of that commodity in Lincoln. In Temiskaming seed grain is said to be moving slowly with a light demand. Potatoes however, are good.

IT CAN'T BE DONE!

There has been such a demand for tickets from many points about Stouffville that to accommodate everybody it may truly be said, "It can't be done!" However, the management are going to allow 40 more in at 8.00 p.m. on Friday night the first 40 there to be served. Patrons holding reserved seats are requested to try and be there shortly before 8 as the orchestra starts promptly at 8 and we cannot place the extra 40 until everyone is seated. Curtain rises sharp at 8.15 p.m. Please take notice.

The management, in closing, guarantees that no effort is being spared to give the public the amateur theatrical treat of the season! Costumes, scenery lighting effects, stage technique, musical effects, etc., are being prepared in every detail. There are 17 in the play and 14 behind the scenes.

AUCTION SALE

FARM STOCK, IMPLEMENTS, ETC.
The undersigned has been instructed to sell by Public Auction at **LOT 16, REAR CON. 10, MARKHAM** ON

THURSDAY MARCH 6th
1930, the following property belonging to

PLAN DIAMOND WEDDING

Quiet celebration of their diamond wedding, to take place February 23, is planned by Mr. and Mrs. Kay Reesor, Markham residents. Mr. Reesor having been critically ill for the past few weeks.

Well known in the district, the couple have a host of friends in Markham and the surrounding countryside. Mr. Reesor, once warden of York county, has always taken an active interest in community affairs. For the past number of years he has been actively engaged in his real estate business. Mrs. Reesor, of early pioneer stock, is the eldest daughter of John and Sarah McCraith, of Scarborough.

Of the union there are five sons and one daughter, Mrs. Young and granddaughter, Miss Margaret, living at home.

BETHESDA

Mrs. Simeon Atkinson and Miss Lottie expect to move early in March to their new home in Aurora. As good neighbors and valued friends we will all be sorry to see them leave our locality.

We understand the Chapman farm is without a tenant, and we are wondering if it will be our pleasure to welcome Mr. and Mrs. Chapman back from Stouffville.

LEMONVILLE

Our roads are open for motor traffic again.
Mr. Mike Wallace was a city visitor on Friday.
Mrs. Thos Spence spent a week in Toronto visiting her sister Mrs. Kerr.

A few of our respected citizens took in the Choral Concert in Stouffville on Friday evening.

WHAT?—A Boston bean supper, shine your shoes boys, it won't be long.

Mr. Kerr and two gentlemen from Toronto visited our burg on Sunday to the full.
The Harwood boys of Toronto, spent the week end in town with Miss Mina and Mr. Herm Burkholder.
Mr. John Richardson of Toronto was in town a few days last week.
Mr. McMaster and family of the Queen city visited at the home of Mr. Spence on Sunday.
Mr. and Mrs. MacDonald who lived in half the Burkholder residence have moved to Toronto. Mr. Burkholder having purchased the poultry and pens from Mr. MacDonald.

Listen! Do You SWEAR?

Each year when cold weather comes and nothing happens when you step on the starter on a cold morning except a few rattles and a buzz, do you make a solemn vow—by all the frosty nights—to have your engine put in shape before the cold comes "next year"? Do you?

And when next year comes around forget all about it till "some cold morning, etc.; etc." Don't you?

Well, don't take any unnecessary vows and don't be worried and fussed with a car that's hard to start, this year. Drive in to this service station and tell us you want to drive in comfort this cold weather.

YEAR ROUND CREAMERY SERVICE

We would impress on Cream Shippers that we are at your service 12 months in the year—not merely in the summer months. We collect your cream in any kind of weather or season or you may deliver it.

To obtain best results ship your cream to us. 1c. per pound butter fat extra to patrons who deliver their cream, also a can of butter milk to take home free of charge. This will well pay you for your trouble to deliver your cream.

Stouffville Creamery Co.

An unequalled Creamery Service since 1918.
Closed every night at 6 o'clock excepting Saturdays.

Mighty Bridge Spans Saskatchewan

Faith in Canada's northern areas of resource becomes reality in the Canadian Pacific Railway bridge now nearing completion at Nipawin, Saskatchewan. Designed to take the heaviest locomotives likely to be built, this magnificent structure, a little more than 1907 feet long, spans the Saskatchewan River at a point leading from the more definitely agricultural section into mining and timber districts of recognized magnitude. It will afford ready access to still unexplored farm lands and direct transportation possibilities for those who will explore and develop mineral areas rich in promise. This new gateway to the North required more than 8 1/2 million pounds of structural steel in its construction. Vehicular traffic will be carried in the space between the ironwork and Canadian Pacific trains will travel on the top. (1) shows the pile-driver, at work in 1923-1925. (2) in picturesque setting, the main piers of the structure are viewed from Ferry Hill in August 1929 before the steel arrived. (3) the west towers almost finished, December 18, 1929. (4) Looking across the completed bridge on the vehicular roadway which meets the Government highway at either end.

Baptist church by Rev. J. R. Baldwin. To mourn her death are left her sorrowing husband and two sisters, Mrs. John Latham and Mrs. Mary Myers, also three brothers, John of Altona, Jonathan of Bloomington, and James Hutchinson of Manitowish Island. Deceased was an active member of the Baptist church, was 69 years of age and born in Whitchurch Twp. The sympathy of the community is extended to the bereaved family in their sorrow. Mr. W. Brown of Detroit, Mr. R. Brown of Markdale, Mr. A. Brown, of Toronto were the relatives from a distance.

WANTED—Quantity cedar posts Vivian Forest, Mt. Albert 1614.

WANTED—Quantity mixed grain for feed. N. C. Lewis, Phone 9911

WE WANT—All kinds of Live Poultry for which top market price will be paid. SAM GOLDEN, apply at E. C. Pennock's Livery.
