

LOCAL HAPPENINGS

Painting and Papering done by Orval Roach. Experienced workmanship. Agent for Sunworthy Wall Papers. Phone 3406 and I will call with samples. 10

Milk prices—Summer prices commenced May 1st for milk and cream. Milk tickets 20 tickets for \$1.00. No change in cream prices which are 15c per half pint, 8c quarter pint.

The May meeting of the Women's Liberal Association will be held at the home of the president, Miss E. Sangster, on Tuesday evening, May 13th. Mr. Mulock, Liberal candidate in this riding for the Federal House, will be present to address the meeting, and all members and friends of the Association are cordially invited to attend. A good program of musical numbers is being arranged.

Tough luck for the poor school kids! The 24th of May comes on a Saturday.

Mr. Alf. Hoover of Church street has made a splendid recovery from a recent stroke, which although light, was bad enough. He is able to enjoy the open spaces once again.

Isn't it about time the Board of Health pointed out the way of health to the owners of neglected back yards. This organization can do a great deal towards cleaning up the community at this time of year, if they determine to take a hand in the matter.

Mrs. Frank Cooper of Sunderland has been spending a few days at the home of her sister Mrs. Harding, owing to the death of her brother Mr. Calvin Yake. Mrs. Cooper says that her husband is not enjoying very good health.

The unfinished work on the 10th concession at Lincolnville has left the road impassable, and cars which attempt to travel that way are constantly being stuck in the mud. After the rain last week several had to be drawn out by farmers' teams. Couldn't something to be done to speed up the completion of this roadway so that the heavy traffic could at least get by during the summer time.

R. E. CURTIS, THE MEN'S STORE

GOODYEARS EXCEL

In the TWO Main Parts of a Tire

Press the palm of your hand down on the Goodyear All-Weather Tread and feel how the deep-cut, sharp-edged blocks under pressure grip and pinch the flesh. That is what the Goodyear Tread does on the surface of the road, and why it has superior traction.

THERE are two main parts of a tire—the tread and the carcass. Goodyear Tires excel in both! There is greater traction in the Goodyear All-Weather tread. There is greater vitality in the Goodyear Supertwist carcass. What proves this? These two tests.

2 Have us show you on our cord-testing machine the greater stretch in Goodyear Supertwist Cord over standard cord. This extra stretch gives the Goodyear Supertwist Carcass its unmatched vitality, enabling it to withstand road-shocks and continuous flexing.

These advantages in Goodyear Tires cost you no more; yet they are indispensable to the utmost enjoyment of your car. Come in and talk it over.

Brathwaite's
Hardware
Stouffville

Lost—Pearl Crescent valued as a gift. Mrs. E. J. Davey

"The Sunday Drivers" were out in full force over the weekend, compelled by the fine weather to get out of the city into the country. There was an endless procession through Stouffville.

Mr. John Monkhouse has recovered a large portion of the \$2000 stock of cloth taken from his shop in the recent robbery. The remainder of the goods were held as evidence at the trial.

There were fifteen beginners started to school at the local knowledge works following the Easter holiday season. This will about equal in size the number of pupils in the Entrance class at the head of the school.

Specially reduced prices on Axminster and Wilton Rugs now showing at Shaw's store just when you need the floor covering. Also attractive line of Linoleum covering in beautiful rug designs, etc. at surprisingly low prices.

The Easter Cantata which was gotten up by the choir of the Victoria Park Christian church, Toronto, was so good that they have been asked to give it at a number of places. The Ringwood church is to have the choir out on Saturday night, May 17, at 7.30. The public are asked to attend for that splendid occasion. No admission.

During the severe electrical storm which passed over this section on Thursday evening last, lightning struck the house and barn on the farm of Miles Crosier, one mile west of Utica, in Reach Township, and the reflection could be seen by Stouffville people. The house and barn were a total loss and both went down at the same time from the one bolt of lightning. The buildings were said to be rather poor.

With the coming of May 1st the usual bunch of fish stories are afloat. Among the truthful reports we are able to say that Roy Strong holds the lead for having the best luck in catching trout. He pulled out 23 of the speckled beauties from the creeks north of Stouffville, while other fishermen had varying luck. Some reported the streams too swollen to get near, while still others came home with the usual "few."

The Continuation School has suffered in attendance this week owing to the prevalence of measles. It is said that some children returned to school within two days of their recovery which may be the cause of the present mild epidemic. The quarantine period for this disease is 21 days for those coming into contact with the one who is ill, while the patient is required to be isolated for two weeks after the rash. There are stern measures provided against those who disobey the law, in this regard.

The death of Miss Joanna C. Neal in Stouffville on Sunday last came as a great shock to her friends and many associates in the United Church, some of whom were not aware of her serious illness. Miss Neal was president of the Mission Circle, and was a faithful helper. She came to Stouffville in 1911 as house nurse for Dr. Ira Free which position she held up to a few years ago. Born in Whitby Township her parents farmers there, and later moved to Claremont, but after the death of Mr. Neal the Mother came to Stouffville to be with her daughter. One sister, Miss Margaret at home, and one brother, George living in Agincourt, also two nephews, survive. The funeral on Tuesday took place to Salem cemetery, near Greenwood.

There was big excitement one morning last week just in front of the post office when a big stout traveller parked his Dodge car there while he proceeded on foot to visit several customers. Returning to where he left his vehicle he discovered it was gone, and hastily enquired for the constable, Chief Pugh was soon on deck, promptly took down the details of the missing car, license number and other "car" marks, when it was noticed that another Dodge car was standing down the street, and in the crowd gathering some declared it had been there for a couple of hours which was about as long as the traveller had left his car standing. It was soon found that the "left-over" car belonged to Mr. Noah Stouffer, who was communicated with on Levi Forsyth's farm on the 10th concession, when the whole trouble was revealed. Our O'Brien Avenue ditzon had called at the post office that morning enroute to the farm. As he left the building looking over his mail with the intentness of a young sinner receiving his first love letter, Mr. Stouffer entered the wrong Dodge. Even the extra trouble in starting the strange car nor the fact that it was much older than his own, did not prove a sufficient "tip" that all was not right, and he never suspected anything wrong until Constable Pugh got on his tracks up on the farm, charging him with running off with a car belonging to a Toronto citizen. We almost forgot to say that owing to the previous excellent character of the offender, he was let go on suspended sentence.

Mothers' Day next Sunday.

Be sure and attend the public meeting in the fire hall on Friday night. Every ratepayer is financially interested in a new road through Stouffville.

Rev. W. M. McGuire of the Parkdale Tabernacle has been engaged to conduct a series of evangelistic meetings in the Baptist church at Claremont, commencing on May 28th.

The Auditorium Theatre is showing on May 23rd and 24th Harold Lloyd in "Welcome Danger." This is a big special, so keep a place open for it.

Rev. John E. Brown Miss Sadie McAlpine and Mrs. McAlpine of Toronto, spent Saturday afternoon with Mr. and Mrs. K. G. Tarr. Mr. Brown conducted meetings in the United church in December 1928.

Mr. Henry O'Brien, a former resident of this town who has spent many years in New Ontario, and has frequently called on old friends here, has again located in Uxbridge town, moving there with his wife last week from New Liskeard.

The many friends of Mr. J. R. Hodgins will be pleased to learn that he is out of the hospital, although he has not yet returned home. Our station agent is much improved in health, but is making daily visits to the hospital for treatment.

The Stouffville Egg Circle next to Ward's garage is grading and candling eggs to government standards, and the inspector when here two weeks ago approved of all the grading done there. His interview given the Tribune had no reference to the Egg Circle.

The death of Elias Reesor in his 79th year occurred at his late home here on Wednesday morning of this week; following a long period of ill health. The funeral will be held Friday at 2.30 p.m., interment taking place to Stouffville cemetery, following which divine service will be held in the Christian Church.

While the merchants of Stouffville are apparently satisfied to sit quietly and watch the local weekly farmers' market gradually dwindle and die for lack of support, and proper market conditions, the village of Claremont is stirring itself into establishing a weekly market, to be supported by the merchants and farmers of the district. We wonder which village is making a mistake, Stouffville or Claremont?

When hurrying down O'Brien Avenue to his boarding house one day last week, Winston Stonehouse, teller in the Bank of Nova Scotia, in some unaccountable manner fell on the cement walk, striking his face with such force as to break two upper front teeth, as well as inflicting a nasty cut in the lip, necessitating several stitches.

Another change in time-table is announced by the C.N.R. affecting only the evening train for Toronto. The new time set for this train to depart from Stouffville is 7.16, which is now changed back to the old time of 7.46. Owing to the serious handicap the fast time imposed on school children going to Peterboro and Lindsay, it was found necessary to revert back to the winter time-table until the holiday season begins at least.

How many children will be twelve years of age this year in Stouffville and district? We can't answer the question correctly, but at least twenty youngsters in this class showed themselves wide awake one morning last week when they lined up at seven o'clock in front of Brathwaite's Hardware to receive a free camera. The Canadian Kodak Co. offered a free camera to every child with a twelfth birthday this year. Word had gone out that the number of cameras would have to be limited thus the rule of "first come, first served" came into play. The first child on the scene was the son of Edw. Lintner, who arrived shortly after 6 o'clock, and so they came until about twenty formed up like the scene in front of a show house, each accompanied by a guardian according to regulation. Fortunately there were enough cameras to supply the early demand, and no child went away disappointed.

Good of Kitchener will preach each evening and twice each Sunday. Through the week service 7.45 p.m. No service Saturday evening. Sunday 10 a.m. and 7.30 p.m. All are invited. Rev. A. T. Gooding, pastor.

SALE REGISTER

Saturday, May 17th, 1930—Auction sale of 60 head of Fresh Cows and Grass Cattle and 26 Pigs, the property of John Thompson, will be sold at Lot 13, Con. 4, Uxbridge, 1 1/2 miles east of Goodwood. Sale at 1 o'clock. W. F. Marquis, auctioneer

Last week was a busy time for the fishworms, dodging spades, forks, hoes and other utensils, as trout chasers sought to obtain bait.

The Aurora Town Council, accompanied by their engineer, visited Penetang one day last week in a body to see the large skating and hockey rink there, before proceeding with the new municipal rink to be built in the Yonge street town this summer.

Are you taking advantage of the special prices announced weekly in this paper by the local advertisers. One subscriber told us recently that he saves the year's subscription price of his local paper in a few weeks by following the advertising weekly.

Last week we were shown an x-ray photograph of the fractured knee cap suffered by Walter Miller in the recent accident when he figured in a head-on collision on the Ringwood road. A portion of the bone is completely severed, and it is estimated that the victim will be laid up for at least two months. If fortune favors him he may make a recovery which will leave his knee normal, or it may leave him with a stiff knee.

The Tennis Club held their organization meeting last Thursday evening, the officers elected being: President, Dr. Neil Smith; Vice-Pres. Winston Stonehouse; Sec'y-Treas. Luella Holden. General membership \$1.50. Casual membership \$1.00 for season. Membership cards may be obtained from Winston Stonehouse, Reg. Hastings, and Luella Holden. The courts will be in splendid condition, tournaments are being planned and we hope to have a full season of good sport.

VOTE TO RUN RADIAL RAILWAY

Richmond Hill, Vaughan Township Markham Township and North York Township voted decisively on Saturday in favor of radial service from Toronto city limits to Richmond Hill.

The vote was 1,336 to 107 in favor of giving the councils of Richmond Hill village and of the three townships power to make an agreement with Toronto to purchase a section of the now abandoned Metropolitan line.

The vote was recorded as follows: North York township 743 to 86, Markham 171 to 8, Vaughan 174 to 7 and Richmond Hill 248 to 6. Every subdivision gave a majority for the proposal. Responsibility for payments will be as follows: North York 55 per cent. Vaughan and Markham each 11 per cent. and Richmond Hill 23 per cent.

It is unlikely that any further action toward securing the line immediately will be taken until the June meeting of county council. Voting

Local Dealer, R. J. Smith, Stouffville, Ont.

Its Extra Traction Cuts Down Fuel Costs

IT just takes one look at a "Caterpillar" to see why it does so much work on so little gasoline. Look at the traction it gets, with those long, wide tracks. It simply can't slip or sink, whether the going is rough or smooth, level or sloping, wet or dry. A full 80 per cent. of its engine power is delivered at the draw-bar.

Best for Farm or Road Work

The "Caterpillar" is without a peer for farm work—economical to operate—abundant power—remarkably low cost of upkeep—long life—goes anywhere—works close to trees and fences—turns almost "on a postage stamp"—easy to steer—comfortable to ride.

On the road job—construction or maintenance—it works in any weather—uphill or down—along the ditch, or anywhere you want it to go—doing the work at the lowest possible cost.

Look for the Name "Caterpillar"

There are various tractors on the market. But the genuine "Caterpillar" has the name on the radiator. Look for it. That's your assurance of sturdy dependability.

Send your name and address, and we will mail you the "Caterpillar" Magazine, FREE. Shows you actual photographs of the "Caterpillar" in action. It's interesting.

Toronto Tractor & Equipment Co., Limited
510 King Street West Toronto, Ont.
