

LOCAL HAPPENINGS

Whitechurch Township Council decided last week to make their annual tour of the township roads, beginning today (Thursday).

As May 24th falls on a Saturday, and being a public holiday, all places of business will be open on Friday night this week. Farmers and town people alike will use this day to lay in their weekend food supplies.

Mr. J. R. Hodgins, the local C.N.R. agent is still remaining in Toronto while undergoing daily treatment at a hospital for his eyes. While it was feared that he might lose his sight, we are glad to learn that the obliging agent at the local depot, will shortly return home with only his vision slightly impaired.

After being returned to his home at Gormley following an operation for appendicitis and a big fight for life in a Toronto hospital, Alvin Farmer, auctioneer, was returned to the hospital last week for further treatment. It is believed he is now out of danger, and that recovery although slow, is more certain.

When the voice of Mr. A. S. Leaney was heard over the telephone in the Tribune office on Monday, we at once thought that our townsman had been able to come down street after his long illness. Such is not the case however. Mr. Leaney had a phone placed in his residence which he will find of great convenience, although he is able to be out on very fine days.

The assessment returns just completed for the town of Aurora shows the population of the town to be 2623 persons.

Empire Day will be observed in the schools of Ontario on Friday, May 23rd. The Department of Education has issued a nicely illustrated book for the information of teachers and pupils in respect to this celebration.

According to official notice in this issue the Board of Health intend to keep the town clean this summer, and therefore add to the general good health of the community. After June 1st the Sanitary Inspector will inspect back yards, and see that the provisions of the health act are observed.

No matter how small your business, it is an unfavorable mark of cheapness and poor business to send out accounts on blank forms or odd pieces of paper. We print your name, etc. on bill heads and do them up in lots of 200 or more at a very small cost. Special summer prices at The Tribune office.

Mr. Edgar Scott of Newmarket, whom it was announced had rented the Lloyd block just east of Button's Hardware, has made other arrangements and will not locate in Stouffville. Mr. Scott informs The Tribune that he was unable to make satisfactory arrangements with Mr. Lloyd regarding repairs to the building, and this led to him having to abandon his desire to locate in the dry goods business here.

A fair definition of the property bought a few years ago as a dumping ground for Stouffville is, "a piece of bog surrounded by bog, and impossible of approach excepting in very dry weather." The dump is located on the second concession of Uxbridge Township, and because of the recent rains, the annual collection day advertised for last Friday had to be postponed indefinitely. It is now impossible for a truck to approach the place to deposit a load of rubbish, but so soon as conditions change public announcement will be made by the reeve.

Don't miss the theatre Friday or Saturday with the big special picture "Welcome Danger".

Potatoes—We have Prince Edward Island Potatoes, Irish Cobblers and Dooley's from registered seed. S.A.V. Hastings, Phone 169.

Contracts are being signed this week for a hydro service along the fifth concession of Whitechurch and the village of Bethesda. The service will come from the Markham sub-station.

Miss L. Hammond, former principal and teacher last year in our Continuation school spent the week end at the home of Mrs. Alex. Grubin. Miss Hammond has been successful at University this term of securing her complete B.A. degree with special standing in English and French.

A new 28-foot galvanized culvert has been delivered at the corner of the townline and 5th concession of Whitechurch, in readiness to replace the wooden culvert on the 5th just north of the corner. It is expected the work will be done within the next week and during the changing operations, the road will be closed for a couple of days.

The unfavorable weather of the past week has given much concern to the farmers. The incessant rain is hard on the young grain, while there has been frosts which killed off early vegetables, especially beans and cucumbers. This latter situation is not so serious as there is time to replant garden seeds. Some fields of spring grain are looking rather yellow as a result of the cold winds and night frost, but the return of warmer weather will correct a lot of these ills.

A telegram was received here on Sunday announcing the death in Cresco, Iowa, of Dr. P. G. Button, brother of the late Major John Button and Mrs. A. W. Lehman, and uncle to Messrs. F. L. and E. A. Button. Mr. Button died on Saturday, May 17th, and is survived by a wife but no children. About thirty years ago he lived in Stouffville and occupied the residence now owned by Dr. John Storey on Main street.

On Tuesday, Mr. E. Sinclair of the Ringwood Road House, sold his \$7 acre farm on the first side road north of Ringwood, off the 8th concession to a Mr. Stephens of Toronto. The sale price was \$7,200. Mr. Sinclair taking a city property in the deal. Mr. Stephens is now putting in the crop, while his family will locate here after the city schools close.

The noted colored quintette from Cleveland, Ohio, which will sing at every service in connection with the big evangelistic campaign to be held in Stouffville Arena in July under auspices of the local Mononite Church, have arranged to billet in the east side of Queen's Court during their campaign here. Local friends will look after necessary furniture and meals for the visitors. A number of local people heard the quintette in Massey Hall, Toronto, on Sunday, and predict that they will draw one of the largest crowds ever assembled in the Arena.

A representative of the Rogers Radio Corporation toppled over on Main street here Monday morning in front of Storey's drug store. He had been transacting business with Mr. Storey in the store and feeling ill stepped outside for fresh air when he collapsed. Rip VanWinkle slept for 20 years on the Catskill Mountains, according to the story book, and when he awakened up the United States was no longer under the rule of George the Third. When the radio salesman rained on the street in the forenoon the day was early and promising, but when he came to himself and was able to leave Hugh Anderson's whether he had been carried, the day was far spent and darkness was setting in. Under careful medical care the unfortunate fellow was able to proceed homeward that evening to Toronto. The freezing of his jaw for the extraction of a tooth just before coming to town that morning was the primary cause of the illness.

Mutton-eating dogs are starting on their destructive work early this spring, as we understand one flock of sheep has been raided in Whitechurch Township. A dog is a valuable animal, but not the sheep-killing kind. Such animals as the one referred to in the Walkerton Herald is some use. The Herald reported last week as follows: "Courageous action of a dog which sprang to its master's assistance probably saved Dr. William Rogers from being gored to death by a bull on his farm near Belwood. While attending to the chores, Dr. Rogers had led the animal, which had always been of a quiet disposition, out of its stall. It suddenly charged and teased him, then attempted to gore him. Dr. Rogers's sister, hearing him cry for help, unleashed the dog, which sped to his assistance, and seizing the enraged animal by the nose, held on tenaciously permitting the physician to escape. Later the dog drove the bull to its stall, where it stood guard. Medical examination disclosed that the doctor had sustained several broken ribs, a painful gouge under the eye and bruises about the body."

Old Coins and Stamps—Turn them into money, highest prices paid. Norman M. McLean, Stouffville

Although he had been incapacitated for seven years during which time he never did any work, Mr. John Groves of Main street east, was able to put in his own garden this spring and seems to have received a new lease of life. His friends will be glad to learn of his improvement.

Some property holders appear to be waiting for the annual warning from the Board of Health, of the visit of the sanitary inspector, before they proceed with the necessary clean-up of back yards, etc.

Congratulations are due George Lawson of Stouffville and Marvyn Lemon of Bloomington, two of our local boys, on passing their first year work at Toronto University in their course as civil engineers.

Men engaged on road work in Ontario County this season employed on county roads will be paid at the rate of \$2.50 per day, and \$5.00 per day for man and team. This rate will prevail throughout the county.

The town of Uxbridge received a cheque last week for \$2,000 from Chas. H. Henderson, Toronto solicitor for the late Dr. J. A. Bascom estate, being a legacy left his native village. For many years and until his death in 1929 the doctor lived in Toronto, but never forgot his native heath.

Miss Edith (Ted) Hoover daughter of Mr. and Mrs. Lud Hoover has been successful in passing her third year at the Toronto College of Art. Of a class of 40 less than half were able to make the pass, and Miss Hoover is to be congratulated on her signal success.

Dr. John Storey who enjoyed one of the largest country veterinary practices in Ontario, is still in a very weakened condition from his recent illness which has prevented him from practising all winter. Although slightly improved the last few days the doctor is unable to leave his bed.

A well attended meeting of the Stouffville Women's Liberal Association was held at the home of the president, Miss E. Sangster, on Tuesday evening of last week. Mr. W. Mulock, Liberal candidate for the Federal House, gave an interesting address. A piano duet was given by Miss Anne Lehman and Miss Eva Hoover; and a ladies' quartette with Mrs. Barnes at the piano delighted the members with a pleasing selection.

In the course of their health program in a nearby town the Board of Health had all the cows from which milk was supplied to the dairies, tested for "T.B." and out of around 100 animals three were found infected, and the trio was weeded out and sent to the city for fertilizers, or whatever use they want to make of them. As it is said that the majority of tubercular trouble in humans is traceable to infected milk, the testing done in the neighboring town might be a good feature for Stouffville Board of Health to show action on. Just how many cases of sickness or disease has been wiped off the slate by the destruction of the three bovines discovered as tubercular will never be known, but milk from these animals might have sent someone to an early grave.

Mr. Harold Sanders, son of Reeve H. W. Sanders, who opened a law office in Stouffville two years ago, has taken a position with the Sun Life Assurance Co., and will enter their Toronto office early in June. The law office over Brathwaite's Hardware will be closed.

With his legal training Mr. Sanders should rise to great importance in his legal capacity with this, one of the largest insurance companies in the world. As leader of the young people in the United Church, and in social circles generally he always took his place, and his removal from town will not be without regrets. Mr. Sanders also took more than an active part in local politics, and last election was opponent to the Hon. George S. Henry, in East York. In Masonic circles he acted as secretary of Richardson Lodge, and is one of the two members of the Shrine living in Stouffville.

AUDITORIUM THEATRE STOUFFVILLE

RINGWOOD

If the Sunday traffic and jam-up continues around our corners, we will have to devise some system of road widening.

Farmers should not forget that we have a good harness repair shop. It's a great convenience to have a man like Mr. Barrett in Circle City.

The cantata, rendered at the Ringwood Christian church by the choir of Victoria Park, Toronto, last Saturday night was much enjoyed by all present. That choir, with other talent in this district expects to render service again at Ringwood, when conference is here from June 11-15.

Constable Walker of Markham Township has been checking up motorists in this district. On Friday he held up an old truck from Stouffville that was in the "ice-box" class. The brakes didn't measure up, but "Jake" Hoover the owner promised to lose no time in getting them to clamp better. As if he anticipated trouble, Jake had an undertaker on board when he was stopped by the police.

HEAR THEM IN PERSON

Ratcliff's Hall Stouffville, Ont. SATURDAY, MAY 31 st. 1930 8.15 p.m.

Arion Male Choir

Frederic A. Thomas, Conductor C. F. R. B. Artists

Local Dealer, R. J. Smith, Stouffville, Ont.

Two parts to a tire!

Goodyears lead in both

WHEN you judge a tire, look to two things. The tread and the carcass. These are the main parts of a tire and Goodyear Tires are outstandingly superior in both! Prove this to your own satisfaction by these tests!

1 Press your hand down on the Goodyear All-Weather Tread. Feel the grip of the deep-cut, sharp-edged blocks which are placed in the centre of the tread—where they belong. Traction!

2 Have us show you on our cord-testing machine the greater stretch in Goodyear Superstretch Cord over ordinary cord. This extra stretch gives the Goodyear carcass its great vitality, enabling it to withstand road-shocks.

MAN CAN'T SLEEP, GETS NERVOUS, HATES PEOPLE

"I could not sleep and got so nervous I hated everybody. Since taking Vinol, I can sleep 10 hours and feel full of pep all day."—Julius Bender.

For 30 years doctors have prescribed Vinol because it contains important mineral elements of iron, calcium and cod liver phosphate. The very FIRST bottle brings sound sleep and a BIG appetite. Nervous worn-out people are surprised how QUICK Vinol gives new life and pep! Tastes delicious. J. M. Storey, Druggist.
