

**A PEACOCK NEEDED**

The attention of the editor has been called to a report appearing in The Tribune of June 5th relative to the line fence dispute between Mr. Percy Allin and Mr. Lou Brillinger at Bethesda. The fence in question is over 50 rods in length, and the report stated that it was near enough to the proper line that if a bird sat on it facing Lou Brillinger's acreage, its tail would be encroaching on Mr. Allin's premises.

Now Mr. Allin informs us that this is quite incorrect, as no such findings were made by the fence viewers. He informs us that when the fence viewers arrived they found the stone which had always marked each farm boundary in the locality was missing, and they were at a loss to give any decision on the matter. Said Mr. Allin, "I know where the stone had stood when it marked the true line, and the fence has been constructed so as to encroach from 5 to 22 inches on my lands."

According to this information a peacock would need to roost on that fence to encroach on both properties. Mr. Brillinger informed the Tribune that the fence viewers had been called on, and had not ordered the fence changed, but Mr. Allin gives the reason of the helplessness of the

fence men being due to the corner stone being removed.

The only way a satisfactory settlement of such a case could be arrived at would be to call in a surveyor, but this is not the matter of this paper. We are glad to give Mr. Allin's version of the matter in fairness to him.

**SIXTH LINE WHITCHURCH**

David Harris spent Sunday somewhere "who knows?"

Mr. and Mrs. Job Scott spent the weekend at Harvey Clendenning's.

Mr. and Mrs. Wm. Paisley spent Thursday with friends in Keswick.

Born—To Mr. and Mrs. Edgerton Clabine on Wednesday, June 18th, a son.

Mr. and Mrs. R. J. McLaughlin and son were guests at Wm. Paisley's on Wednesday.

A number of our young people attended the garden party at Victoria Square on Saturday.

Mr. and Mrs. Coakwell and family of Markham were Sunday visitors at Frank Steckley's.

Any team wishing a game with our local soft-ball nine should call Norman Steckley, manager, for arrangements.

Don't forget the big Baptist picnic in Robt. Ratcliff's orchard on Saturday, July 5th. Sports and races in the afternoon and a good program in the evening, supplied by the Airon Male Choir of Toronto, accompanied by their elocutionist and local talent.

**Continuation School Report**

Lower School Final Standing, Year Sept. 1929—June 1930

**EXPLANATIONS**—The Government grants certificates for the four departmental subjects.

All the rest of the subjects are promotion subjects, and a student must get 50% standing in each subject or have no more than 2 stars. In order to be promoted to the next form.

Any student who has failed on any Departmental Subject on the above report has the second chance of trying the government departmental examination which examination is held this year at Stouffville from June 20th to 25th. The results of this examination are announced the first week in August. If a student passes in enough departmental subjects, he may receive Promotion standing. It is impossible for a student who has failed in a promotion subject of a form to carry on the work of the advanced form and it is further not fair to the advanced form to have such a student holding the form back. Hence the staff have been unanimous in deciding on this promotion report.

C. E. Powell, B. A., Principal  
P. Stiles, Assistant  
R. Fuller, Assistant

**STATISTICS**—On Lower School Report.

In the Lower School Departmental Subjects 46 students wrote 134 papers, passing 161 for a percentage of 87.5. Some of the students who failed in the 23 papers are writing the government papers and no doubt will obtain some.

In the promotion subjects 51 students (including 5 form III students repeating form I subjects) wrote 205 papers, passing 153 for a percentage of 74.6.

In all the Lower School Subjects taken together 51 students wrote 389 papers, passing 319 for a percentage of 82.

P means promoted, \* means must repeat year. Failure is below 50 in any subject. P1 Means promoted conditionally with 1 star; P2 two stars. English counts 1 subject but a failure in either Composition or Literature is a failure in English.

Departmental Subjects—English, Grammar, Phisiology, Arithmetic, Zoology.

Promotion Subjects—Algebra, Geometry, French, English Composition, English Literature.

60 is required pass mark for Second Form taking Form I Algebra.

Those losing their year in Form II may be allowed to take one or two Form III subjects to make up their 8 subjects, if the time-table can be arranged.

Third Form students writing on Second Form French—Barker Gertrude 0, Stover Harry 16. Ratcliff Glenn 51, Todd Helen 0, Warren Reg. 3, Ratcliff Glenn Second Form Latin 27, Warren Reg. 19.

**FOR SALE OR EXCHANGE**

**170 ACRES**—near Claremont of clay loam rolling, 130 acres workable balance mixed bush and pasture, some small fruits, water supplied by windmill and well, 1 1/2 story frame 10 roomed house, fair roof, cellar, eastern lawn, bank barn 40 by 70, another 60x20, roof fair, hay track, horse tie up 6 and cattle 18, there is another barn 52 by 24, hog pen, hen pen, implement shed, on Rural mail route, Toronto 3 1/2 miles, store 3 miles, station 1 mile, school 1/2 mile. Rents at Five hundred dollars. One Hundred and Twenty-five Dollars, insurance Forty-Five Hundred, encumbrance of Seventeen Hundred, price of farm Six Thousand Exchange equity on service station.

GEO. E. BAKER,  
Box 24, Phone 170, Stouffville.

**LAKE MUSSELMAN**

Dr. Edgar White and bride are spending their honeymoon at their cottage at Appleton Ave., Lake Musselman.

We understand three or four new cottages are being erected on Appleton Avenue.

Mr. Appleton and Mr. Malcolm Connor are improving the appearance of their homes by a coat of paint.

A large number of our annual campers have again returned for the summer months.

It is declared by an old resident of this section that the lake this year is higher than it has been in fifty years. Two years ago persons could walk out twelve to fourteen feet on a sand beach; this season the water is estimated as being two feet up on the banks.

**FAIRM FOR SALE**—Part of E 1/2 Lots 5 and 6, Con. 3, Township of Uxbridge, 125 acres, good clay loam soil, with good buildings. This is a good farm and will be sold reasonable. Apply to the owner, H. Roach, Goodwood, 18.

**DOL (173208) [12921]**, Percheron, the property of E. A. Somerville, will stand at his own stable during the season of 1930. Dol is considered one of the best Percherons imported. This is a real stock horse. Terms \$15. Lot 14, Con. 10, Markham: Phone 1539, Markham.

**DAGO [12912] 183056**, the imported Percheron stallion and Kool Jr. [12863] will stand at home stables Lot 15, rear Con. 6, Markham. Terms \$15 and \$14, respectively. W. H. Johnson, proprietor.

**4th LINE UXBRIDGE**

We are sorry to hear Mrs. Geo. Jones is on the sick list.

Charlie Alsop and Maude Norton also Dan Norton motored to Lake Musselman on Sunday.

Mrs. R. Coppins has been attending the bedside of her father who is very low from blood poison.

After a disorder of Least Hill visited her cousin Mrs. Geo. Jones last week.

Miss Hattie Maye and brother Bert, attended the Agricultural course picnic at Port, Bolster.

John Collins, our road boss claimed most of our men and teams, improving the road by graveling them and putting in culverts.

Our Junior football team played their return game with Goodwood on Friday night, Goodwood winning by 3-2. Hope for better luck next game.

**INFORMATION FOR THE BUSY FARMER**

(From Dept. of Agriculture)

York County farmers have experienced some difficulty in maintaining their stand of Alfalfa. Usually a good catch can be obtained, and a good two year's stand will result but grass intrusion coupled with vigorous winters sometimes plays havoc with good alfalfa fields.

Alfalfa can be strengthened to meet these severe tests. Strong root development in well-drained sweet soil marks the alfalfa stand that survives the winter.

Alfalfa is usually looked upon as a "double-edged" benefactor, it makes an abundance of high quality feed and at the same time, it improves the nitrogen supply in the soil. While all this is true, one must keep in mind that alfalfa draws heavily upon the potash, lime and phosphoric acid of the soil. A 5-ton crop of alfalfa will remove from one acre 223 lbs. potash, 465 lbs. lime and 55 lbs. phosphoric acid.

These facts led the Department of Chemistry and Mr. R. E. White, Agricultural Representative for York County to conduct a test with Mr. Earl Toole of Newmarket.

Mr. Toole operates a mixed farm of 150 acres 2 1/2 miles east of Newmarket, with signal success. He has supplemented his studies at Ontario Agricultural College with wide observations and experience. Knowing the value of alfalfa, and the importance of the crop to York County, Livestock producers, he readily operated in a test. Equal areas were measured off in early spring, 12 per cent phosphoric acid and 15 per cent potash) was applied to one plot. Finely ground raw rock phosphoric was applied to a second area, while the third plot received no additional manure, and was operated as a check. The result in the first crop is worthy of close study. The plot receiving 0-12-15 fertilizer is much thicker, darker and taller than either of its neighbours. Three independent estimates place it at least 40 per cent better than the average of the field. Actual yield weights will be carefully taken in the near future.

**DIXON'S HILL**

A birthday party in honor of Mrs. S. B. Hoover of Dixon's Hill was held at the home of Mr. and Mrs. W. L. Hallman last week. All the family were present including Miss Bertie Hoover who resides with her mother, Mr. and Mrs. P. J. Lott of Montreal, Mr. and Mrs. Willis Lehman, Almira, Mr. and Mrs. D.L. Stouffer, Ringwood Mr. and Mrs. L. W. Hoover, Atha, Mr. and Mrs. Anthony Hoover Dixon's Hill and Mr. and Mrs. Harry Spang, Mount Albert and their families. Also present were Mr. and Mrs. W. Forest and Wm. and Carl Bowman all of Toronto and several other friends. Numerous messages of best wishes were received by Mrs. Hoover. A supper was served on the lawn and an enjoyable time was spent in music, singing and speech making. Mrs. Hoover is enjoying good health and spirits, considering her advanced age, being in her eighty second year, having been born in the community in which she has lived all her life. We wish her long life and many happy returns of the day.

**FOR SALE**—9 Pigs, 6 weeks old. S. W. Knight, Ph. 4714.

**FOR SALE**—1 Fresh Cows, all heavy milkers. Geo. M. Brown, Lincolnville, Stouffville R.R.3. 18

**PARTIES** having U.F.O. fence stretchers kindly return them to the Secretary at once.

**BARRAGE PLANTS FOR SALE** also Cauliflower, and nice Jersey Bull Calf 10 weeks old, from choice Cow. H. Moyer, Ph. 6003.

**ESTRAY**—Dunham Cow, red, from Walsingham Tuesday night. Near springer or fresh. J. G. Lunau, Ph. 2817, Markham.

**NOTICE TO TELEPHONE SUBSCRIBERS**  
Owing to the installation of Cable in the Village of Stouffville during the next few weeks, there will be unavoidable interruptions to our service on certain lines. We would ask our subscribers to bear with us, and we will cause as little inconvenience as possible.

The Bethesda & Stouffville Telephone Company, Limited.

**IN MEMORIAM**  
Morden—In loving memory of Aunt Mary Morden, who passed away June 28th, 1928.

Sweet memories will linger forever, Time cannot change them, its true. Years that may come cannot sever. Our loving remembrance of you. Ever remembered.

Mrs. W. Lewis and Mrs. J.Y. Lunau

Morden—In loving memory of a dear friend, Mary J. Morden, who passed away June 28, 1928.

A fond remembrance, said to recall. Of a dear one who was loved by all. Her loving face we'll never forget. Though years may pass away. The loss of her we sadly feel. As keen as the first day.

Mrs. McCroghan, Dorothy, Mrs. May

Morden—In loving memory of my dear mother, Mary J. Morden who passed away, June 28, 1928.

How calm be thy rest dearest mother. For well was thy lifes journey run. And closely you followed your Saviour.

Thy Zions bright glory was won. The works of thy hands shine re-splendent.

More bright than the world's greatest fame. And high in the archives of heaven. Have Angels recorded thy name.

Wilfred E. Morden

**BLOOMINGTON**

Mr. Lemon and Miss Hill visited at Brampton last week.

Mr. and Mrs. J. Stouffer of Toronto visited here recently.

**RIB-ROLL THE ORIGINAL NEW STYLE ROOFING**

**RIB-ROLL** Galvanized Roofing has been so successful that tens of thousands of farmers now have it on the roofs of their buildings. There has not been a single complaint. RIB-ROLL safeguards crops, protects stock and enhances property values. It is fire-proof, water-tight and truly handsome. Permanent, economical, easy to lay on any roof, keeps our dampness which induces spontaneous combustion. Be sure to get the one and original RIB-ROLL—the roof with the seven ribs and a nail every five inches. Free sample on request.

**PRESTON LED-HED NAILS**

Lead is used on the head of LED-HED NAILS to seal the nail-hole, thus making the roof waterproof and weather-tight. PRESTON LED-HED NAILS do away with clumsy washers, threading, punching, etc. The lead can't come off. No other nail serves so well in laying metal roofing. They can be handled in cold weather with mitts on. Millions are being used. Write for free samples of the ideal roofing combination—RIB-ROLL and PRESTON LED-HED NAILS.

No need to buy new—These machines have years of good service in them. Keep in mind we have repairs for any make of binder, or mower, horse rake, at below factory prices.

Highest price for wool. We want 10,000 pounds, at once.

**BEN. REXLIN**

Phone before you sell to 192. FAT FOWL WANTED

Healthier, more valuable beef cattle! More and better milk from dairy cattle! 1/3 to 1/2 more food value from corn! Increased profits all around!

**THAT IS WHY YOU NEED A TORONTO SILO**

A "TORONTO" Silo helps you to get biggest returns from your large investment in beef and dairy cattle. By turning corn into nutritious ensilage, it gives it 1/3 to 1/2 greater food value than when fed as dry fodder. It supplies the equivalent of rich June pasturage all winter through. A "Toronto" Silo soon pays for itself by increasing profits—by enabling you to obtain highest market prices for milk and beef.

The "Toronto" Wood Stave Silo ensures perfect ensilage. Airtight, waterproof, with creosoted staves. Hip roof gives 15% greater capacity. Strongly, durably made, it will give years of perfect service.

Let me tell you more about the advantages of "Toronto" Silos. Or write for valuable free Silo Booklet.
