PAVEMENT JOB TO START ON MONDAY

Local Labor will be Engaged—
Sewer Construction to Start
at O'Brien Ave.

The Warren Bituminous Paving Co., who have been awarded the contract for laying a storm sewer and asphalt pavement through Stouffville, will commence operations here on Monday next a representative of the firm told the Tribune when interviewed this week.

"Will you engage any local help," was the first question we asked. "We certainly will. That is our policy, to take all the local help, but of course we bring our key men with us," stated the company's engineer. The first operation will be to lay the storm sewer pipe, starting at the creek in front of O'Brien avenue, and working west. The drain which goes down the centre of the street will all be completed before the entire surface of the road is torn up. It will be necessary to arrange for detours when the concrete base is ready to lay. The street will not all be closed at one time, but only in sections as the work goes on.

The gravel to be used in the work stated the engineer, will come from Storey's at Gravel Hill. The company will confer with Engineer Rose in an effort to have the two hills on the 10th at Lincolnville gravelled before drawing starts, as the long job of cutting down the grades is about completed. With this had piece gravelled a fair road to the gravel pit is obtainable.

Conservative Meeting

INDUCTION SERVICE FOR NEW PASTOR

First Service of its Type Ever Witnessed in the Church—
An Impressive Ceremony Throughout

The first induction service ever to be held in the United Church, Stouffville, took place on Thursday evening when Rev. Thos. Laidlaw, B.A., the newly appointed pastor was inducted into the ministry of the local congregation. To the former Presbyterian this form of service was not new, but to the former Methodists it was something of a novelty, and it against this new policy, it was fairly well dispelled, for the service was very impressive and called forth approval from every section present.

Rev. Dr. Cranston, chairman of the Toronto East Presbytery, officiated. The address to the congregation was given by Rev. W. D. McDonald of Agincourt, who referred the congregation to the ministry of John the Baptist. One of his early converts was Andrew, and one of the first things Andrew did on being converted was to run and tell his brother Simon. The danger today is that those who find the Christian experience are apt to leave it to some other agency to tell even their own families. The church cannot take the place of the home. The home is God's first agency to tell the Christian life, he declared.

The Rev. Mr. Laidlaw was called to the platform and was required to give his account to a series of questions read to him by the chairman. These questions concerned his faith in Christ, and his willingness to obey the will of the United Church. Then the speaker turned to the congregation and put to them a question calling on them to honor and support the ministry and the United Church, to which the congregation responded by standing. The address to the minister was delivered by Rev. George Lawrence, pastor of Wanstead church. He recalled the various trials and difficulties encountered in pastoral work, and offered suggestions as how best to meet them.

As a layman speaking to the laymen Mr. A. D. Bruce gave some very pointed defects found in congregations of today, and called for unity and loyalty which would send the church forward. The new pastor, Rev. Mr. Laidlaw comes from Owen Sound, where he has completed a five year term. Years back he served in the former Methodist church as pastor on the Epsom circuit just east of Uxbridge town. At the conclusion of the induction service both Mr. and Mrs. Laidlaw were introduced to all present by various officials of the church.

Minister of Finance Receives Royal Welcome

Procession Headed by Band Escorted Visitor to the Arena

Despite the fact that farmers are right in the midst of haying at least 1000 or 1200 people assembled in the Arena at Memorial Park on Friday afternoon for the opening meeting of the Liberal party in this section of North York for the coming election on July 28th.

Hon. Chas. Dunning, minister of finance was the special speaker. Mr. W. P. Mulock, the candidate, himself addressed the meeting, and J. D. MacDonald, candidate in Muskoka-Ontario. Both were very brief, giving all the time possible to Mr. Dunning who had to leave at 4.30. In dealing with the wheat problem, Mr. Dunning declared: "The Conservatives say that I had the Western wheat in mind when I formed the budget. I freely admit that I had it in mind, and if in the course of this speech I have not shown the interdependence of the east of Canada with the west, I have failed." Mr. Dunning traced the reaction of the wheat tie up from the wheat fields of the prairies through every channel of employment to the coast. The half crop of wheat which did not sell, he said, resulted in unemployment for railway hands, men working in dockyards, on lakes and river shipping, in the shipyards, and right through to the industrialism of the eastern provinces, even to the eastern farm. But even then, he pointed out Canada had fewer unemployed in proportion to population than any country in the world.

"The United States which our Conservative friends are so fond of pointing to as an example in the matter of employment," declared Mr. Dunning, "are suffering from more unemployment in proportion than in England." There were over 3,000,000 union men unemployed in the United States, he said. Mr. Dunning defended his budget from Mr. Bennett's statement that it was an "empty gesture." Ramsay MacDonald, Lloyd George, Stanley Baldwin, leaders of the great political parties in Great Britain had all expressed their opinion on the budget as Canada's great lead.

"The British press, the freest press in the world," said the Minister, "speaks with highest praise for the budget as an inducement to greater trade. The shrewd British shopkeeper immediately took advantage of the budget, continued Mr. Dunning, "and advertised an empire loaf, 85 per cent. Canadian wheat, and the other 15 per cent empire grown." The Minister cited the favorable reaction of the West Indies, and pointed out that the United States department of commerce estimated that the budget would cost the United States \$225,000,000 to \$275,000,000 in export trade to Canada, and would increase Great Britain's exports to Canada at that amount.

Mr. Dunning criticized the Conservative policy on the grounds that it was as good as asking the British workmen to tax food going into Great Britain in order that Canadian goods could be given a preference. Britain already bought twice the amount of goods from Canada as the Dominion bought from the Mother country.

BALLANTRAE

The United Church garden party this year at Mr. George Wright's brought in receipts of nearly \$90, and the crowd was very gratifying to the officials. Shadow Lake camp girls and Pine Orchard orchestra rendered a pleasing program. At the conclusion Rev. Mr. Laycock, the retiring pastor on the circuit was presented with an address and purse of money, as a mark of esteem.

OWNERSHIP OF ROAD IS DISPUTED

Vivian Farmer Takes Novel Method to Repossess a Public Sideroad Placed Under Arrest

The arrest of a Whitechurch Township farmer was made last week on an unusual charge when J. B. Grose was taken into custody for obstructing traffic passing along the sideroad between the 8th and 9th concessions at Vivian. Mr. Grose placed trespassing signs on the road, and stood on the road forbidding cars or trucks to pass that way. After repeated warnings to desist from the stand taken, Mr. Grose was arrested and taken to Toronto.

Before the magistrate he told his story. It was that he believed the road was part of his farm, and that he had a right to forbid its use. It was pointed out however, that the road had been a public thoroughfare for many years, and other evidence given to prove that it was a public highway.

His Worship advised Mr. Grose that he had no right to obstruct the traffic, and if he believed the road was a private one, the proper recourse was to take the matter into court to secure ownership. Promising not to further barricade the highway Mr. Grose was allowed to go.

However, on Saturday last the signs were up again, and Mr. Grose was once more on the job forbidding traffic to use the road. Constable Williams was notified and at once visited the scene where he found Grose with a stick in hand, and signs up ready for business. He gave him so many minutes to remove the signs, which was accomplished, and on the understanding that he would not further barricade the road was not placed under arrest.

The sideroad in question is just north of Vivian, and according to some township officials has been in use as a thoroughfare since confederation.

Fighting the Weeds
Ontario is this year making a determined effort to eliminate the weed menace which in recent years has seriously reduced crop returns and land values. Under the Ontario Weed Control Act it is the duty of rural municipalities to see that all weeds growing upon highways under their jurisdiction are cut down at the proper time to prevent the ripening of their seed and to appoint such officers as may be necessary for that purpose. Railway companies are required to take similar action along their rights-of-way. If weeds are to be eliminated from Ontario everyone must do his share because one weedy farm can effectively infest a whole neighborhood. Destroy weeds and help prevent enormous annual losses.
