

GOODWOOD

John A. Dike of Uxbridge, called at D. McDonald's on Saturday. Mrs. Jas. Shier of Toronto visited Mrs. Chas. Harper over the weekend. Mrs. Jo. Cooper, sr. is still improving. Hope to see her around soon. Mrs. Thos. Baston has sent for her coat and hat, so we all hope to see her again. Miss Gertrude Harper of Hamilton visited Miss Viola and Marion Reid over the weekend. Miss Ruth Hope is in hospital at Oakwood, undergoing treatment for ailments of which we hope are not serious. Delbert Cooper is sick with quinsy but is getting along fine and we hope will soon be able to be out and get into mischief along with the rest of the boys. Hush! It is rumored there was a private council meeting on June 28. The lid is partly open; why not all the way? What's going on? Congratulations to Bobby Harden who has passed his elementary exam. with honors under the capable tuition of the noted music teacher, Miss Viola Reid. Our football team put it over

Cherrywood 4 to 0 here Saturday night. Keep up the good work boys and the cup will soon be won for Goodwood. The local Orange lodge are holding a special meeting on Thursday evening, the 10th, for the initiation of three. Visiting brethren are cordially welcome to attend this meeting and assist in the initiations. Distan McDonald was delighted to receive a telephone request from Mr. W. W. McLaughlin last Friday to meet the cemetery board, which our citizen hastily called together at his home. Mr. McLaughlin submitted a sketch of the proposed ornamental or memorial gate to be the gift of Mrs. McCullough. After visiting many cemeteries, the design of that from Mount Pleasant was most favored by the donors. We understand the work will be done in the very near future and when completed a dedicatory service will be held. The gift is one most highly appreciated in our village and district in memory of a very dear one who is gone before.

Mr. and Mrs. Fred Woodland and family, Douglas Woodland, wife and family, Mr. and Mrs. E. A. Forsyth, Miss Jean Slack and Miss Ethel White took a picnic trip to Bell-Fontaine last Friday and report a wonderful trip. It is a wonderful place to spend a day. The grounds being private, but visitors are welcome. Look for a write up next issue. The players of the "Dust of the Earth", after their presentation of their play at Uxbridge, presented Miss Jean Slack with a beautiful parasol, for which the following address explains the reason. Miss Jean Slack: During the past season you have been one of us as a player and Fellow of the road, we your friends have occasionally been reminded of the debt we owe you for success as a group of amateurs of the stage. It is not with any wish or desire to make a particular record of your outstanding ability of any one player because we all take a certain pride in ourselves and especially in each other. All have done their part well and all of us are the better for it. The success of anything is due to a large extent by every one doing their best. This especially has been the case in our presentation of "Dust of the Earth". But as you belong to another denomination and more so when you were requested to assist us by your talent, your ready consent and generous response to help us, has made a proud and happy day for us. To prove our sincere appreciation we ask you to accept this little token of esteem and love.

The Orange parade held here last Sunday was a grand success. The Uxbridge band headed the procession 20 strong and gave some very appropriate music. The brethren turned out 60 in number and presented a beautiful sight with their bright regalia and happy appearance. The address was given by Rev. Mr. Harden. The text taken from Numbers 10-9, "Come with us and we will do you good," was well delivered. He explained what the Orange order stood for and how the Orangemen should conduct themselves by regular attendance at Divine service and abstinence from abusive and profane language. The order stood for the maintenance and upholding of the protestant religion and equal rights to all. On their return to the lodge room the band and those of the brethren who remained were treated to a dainty luncheon by the local brethren and a hearty vote of thanks was extended to the band. The vote was moved by brother J.F. Reid and seconded by Rev. Harden. Mr. John Low accepted the good will on behalf of the band. Another vote of thanks was the one extended to the members of the church board, members of the choir, and the pastor Rev. Harden for the splendid services rendered.

GEO. E. BAKER, Box 24, Phone 170, Stouffville

FACTS THE PEOPLE SHOULD KNOW

Carrying Canada's Trade To the Seven Seas !!

EXPANSION OF TRADE

Do you know that liberal policies have produced a greater expansion of trade than has ever been known in Canada.

No nation in the world has enjoyed the same proportionate increase in domestic export since the war as Canada, rising as it has from \$740,000,000 to \$1,363,000,000. This spectacular growth in trade is no mere matter of chance but is the result of policies wisely conceived by the Government of Canada and effectively administered by the Department of Trade and Commerce.

It can truly be said that the growth in Canada's export trade rest:

- First—Upon trade arrangements and conventions negotiated with Foreign Countries and on the British Preferential Tariffs enjoyed in other parts of the Empire.
- Secondly—Upon an aggressive system of Commercial Intelligence, which has been constantly extended year by year until today there is hardly a strategic point of trade in the world in which Canada is not represented by an efficient Trade Commissioner staff.
- Third—By substantial expenditure of publicity, both at home and abroad, in order to acquaint our people with the value of export trade, and to acquaint the people of foreign lands with merchandise which Canada has to offer.
- Fourth—By providing through subsidy more direct lines of communication from Canada to British and Foreign Countries so that our shippers might enjoy reasonable carrying charges, together with the advantages of direct shipment from Canadian ports.
- Fifth—By assisting in the easy movement of grain in providing increased facilities for the handling thereof on both the Pacific and Atlantic Coasts.
- Sixth—By a definite policy for the enlargement of the nation's endeavors in Scientific and Industrial Research, to assist our producers in every line by providing scientific knowledge for the more economic and profitable development of our resources.

TRADE TREATIES NEGOTIATED

Trade Treaties develop new markets. The Liberal Government has been foremost in making new trade treaties for the benefit of Canadian products and the Canadian consumer. These treaties have greatly extended our export trade beyond the wildest pre-war dreams. Since 1922, treaties have been made with the following countries: France, Italy, Belgium, Netherlands, Spain, Finland, British West Indies, Bermuda, British Guiana, British Honduras, Australia, New Zealand, Czechoslovakia, Cuba, Estonia, Hungary, Latvia, Lithuania, Portugal, Roumania, Yugoslavia.

The existing arrangement with New Zealand is to be revised and a new treaty negotiated. As announced by Mr. Dunning in his budget speech, a new agreement is shortly to be concluded with Newfoundland.

COMMERCIAL INTELLIGENCE SERVICE EXTENDED.

The Liberal Government has greatly extended the Commercial Intelligence Service in order to aid Canadian exporters. This development can best be illustrated by the increase in the number of trade commissioners' offices. In 1922 there were only 22 Trade Commission Offices abroad for the development of Canadian foreign trade. At the end of the present fiscal year there were 33 offices in charge of 33 Trade Commissioners. In the past eight years, the service has increased 50% in number of offices and over 100% in personnel.

SUBSIDIZED STEAMSHIP SERVICES

Ocean services have been subsidized by the Department of Trade and Commerce to the following countries: New Zealand, South Africa, Brazil, Uruguay, the Argentine, and the British West Indies, and Australia.

These improved steamship services have led to a pronounced increase in trade with the countries affected.

| | EXPORTS | IMPORTS |
|---|--------------|--------------|
| NEW ZEALAND | | |
| Canadian trade with New Zealand in 1921-22 | \$ 4,128,531 | \$ 1,783,500 |
| 1928-29 | 17,357,763 | 12,771,194 |
| AUSTRALIA | | |
| In 1921-22 Canadian trade with Australia | 10,678,600 | 1,041,927 |
| In 1928-29 Canadian trade with Australia | 19,470,305 | 3,484,836 |
| In 1921-22 Canadian trade with South Africa | 3,890,390 | 127,733 |
| In 1928-29 Canadian trade with South Africa | 12,231,773 | 280,287 |
| BRITISH WEST INDIES | | |
| In 1921-22 Canadian Trade with West Indies | 13,408,663 | 14,460,079 |
| In 1928-29 Canadian trade with West Indies | 20,524,366 | 20,638,916 |

The steamship subsidies to Brazil and the Argentine have been in force for less than two years. Already they have led to an increase of export trade over \$4,000,000.

DO YOU KNOW THAT UNDER LIBERAL POLICIES CANADA HAS BECOME A WORLD POWER IN COMMERCE?

The result of Liberal Policies is indicated by the enormous growth of Canadian trade since the Liberal Government came into power. In 1921-22, the foreign trade of Canada was \$1,501,731,341. In 1928-29, the foreign trade of Canada was \$2,654,575,166.

Our flag is on every sea. Our products are sent to the far corners of the earth. In 1921-22, Canada's Foreign trade was \$ 740,249,680. In 1928-29, Canada's Foreign trade was 1,363,709,672. \$ \$ 747,804,332 1,265,679,991

OUR TRADE FROM THE PACIFIC GATEWAY

In the last few years there has been a phenomenal increase in Canadian exports to the Orient. 1921-22 Canadian exports to China less than \$2,000,000 while our imports from China amounted to \$1,719,551. In 1928-29 Canadian exports to China were more than \$24,000,000, and our imports over \$3,000,000.

| | | |
|--|--------------|--------------|
| In 1921-22 Canadian trade with Japan was | \$14,000,000 | \$ 8,192,238 |
| In 1928-29 Canadian trade with Japan was | 42,000,000 | 12,921,317 |
| In 1921-22 Canadian trade with British India was | 1,500,000 | 5,279,857 |
| In 1928-29 Canadian trade with British India was | 12,000,000 | 10,366,548 |

GROWTH OF EXPORTS IN MANUFACTURED GOODS.

Conservative speakers will tell you that our export trade has been built on raw materials. Do you know that the exports of fifty fully manufactured articles have increased from Two Hundred and Forty Millions in 1921-22, to over Four Hundred and Thirty Millions in 1928-29. Do you know that Canada exports more manufactured goods per capita than any country in the world, with the possible exception of Great Britain?

IN MEMORIAM

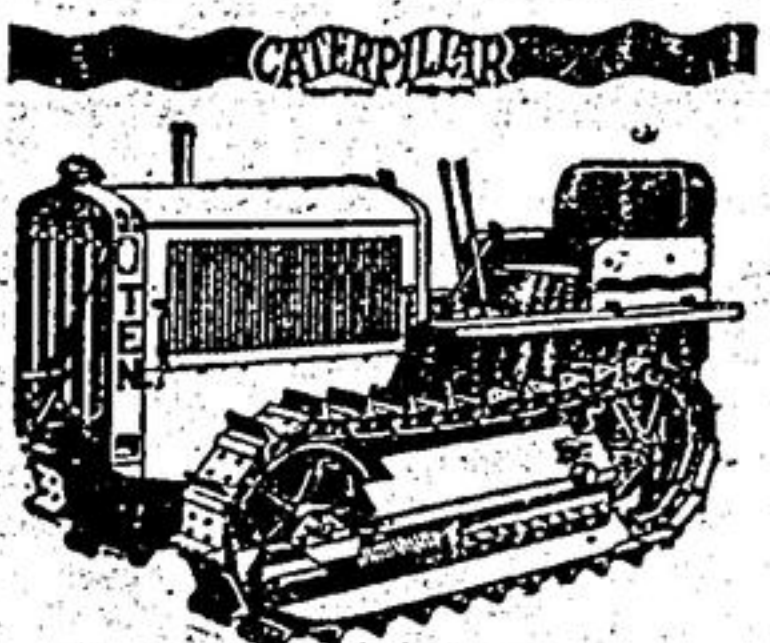

In loving memory of a dear husband and father, Harry West late of Bethesda, who passed away July 4th, 1927. The years are swiftly passing by but still we don't forget. For in the hearts that loved him best His memory lingereth yet. Mrs. Bessie West.

In loving memory of my dear husband William H. Shaw, who died at Stouffville, July 10th, 1929. Out from the home he passed, With no good-bye, no farewell at the last. Out from a life of usefulness, Out from the home his smile was wont to bless. Into a land of never-fading day, Where pain and sorrow never find their way. When day was first begun the summons came, The tired heart was stilled— And hope's bright flame went out. To shine for us no more below. But it will be rekindled, this we know: For love immortal cannot pass away, And we shall find our own some day. Somewhere dear hands shall clasp our own once more, And those whom we have loved in days of yore. Shall come to meet us in the morning land, And there at last our souls shall understand. —Wife and family.

A. G. LEHMAN THE SHOE MAN

Goes Anywhere!

UP-HILL, down-hill, over the ditch, on the level—it's all the same to the "Caterpillar". Plenty of power and "traction" to burn. And all the time it is working on less fuel per mile, or per acre, than any other tractor hauling the same load.

There is only one genuine "Caterpillar". Look for the name on the radiator. "Caterpillar" was the first track-type tractor built—daddy of the war-time "tank"—it has been imitated but never equalled.

We carry a complete line of "Caterpillar" tractors, road machinery and parts. Write for full information and prices.
