## A TOWER CLOCK IS OFFERED TO STOUFFVILLE

But Suitable Tower Must be Provided on Public or Private Building

A former resident of Stouffville who has a very warm place in their heart for the old home place, wishes to leave a family memorial to this community in the form of a fine English tower clock with musical bell striking the hours. Our would be benefactor was in town last week, and authorized the Tribune to say that they are desirous of making this gift if only a suitable tower can be provided to house the time-piece.

On examination of the present tower on the fire hall, it was found that its condition is not too safe, and that the winds have shifted its position about six inches at the south-west corner.

The council are faced with repairs to the hall this summer, and if they see fit to remodel the tower to accommodate the clock the same will be donated promptly.

At the present stage the donor of this clock wishes to remain unknown to the general public, but the offer, which would be a handsome and lasting gift, is none-the-less genuine. The giver also intimates that a tower might be placed on the post office or a memorial tower might be specially constructed on another site which would also meet with approval.

The Tribune will place the offer formally before the municipal council to take such action on as they see fit.

## THOUSANDS FLOCK TO ARENA SERVICES

2500 People Present on Sunday Evening

The big evangelistic campaign is in full swing every evening in the arena at Memorial Park. It opened on Thursday night with about 600 in attendance and the numbers have grown for each service until Sunday night it reached the climax of the week with a congregation of 2500 people. This figure is not exaggerated for the seating accommodation has been checked up.

The evangelist Rev. John Thomas is a Welshman who has just enough brogue to show his origin. He is a pleasing speaker, with a powerful message. His sermons are not long, but decidedly pointed. The sincerity of the man is never mistaken and the result of his campaigns for converts are always highly successful.

Mr. Thomas has a great helper in Mrs. Thomas who has spoken at the meetings on several occasions. The couple served for years on the foreign mission field. They have five children and one daughter is also serving as a missionary in a foreign land. Sunday night's appeal for converts brought over 20 seekers. So many people have heard the colored quintette over the radio that they felt they knew them when they came here for this campaign which lasts until July 28th. The leader is M. Lacey who is accompanied by his wife, also a wonderful singer. The other members are Messrs. Parker, Jones, Hodgins and Talbert. All are married men, although Mr. Talbert lost his wife a few years ago. He has two children surviving the mother. They are all southerners, but have travelled a great deal all over the American Continent.

Rev. S. S. Shantz, the Mennonite pastor, under the auspices of which church the campaign is being conducted, announced at one of the opening meetings that a budget had been made up amounting to \$1100 which included the total expenses of evangelists, singers, arena lighting, advertising and other incidentals. When collections had been lifted to this amount no further requests would be made on behalf of the campaign.

Meetings are held every night until July 28th with the exception of Mondays. Song service each evening at 7.45. On Sunday next services morning, afternoon and evening. With favorable weather it is expected that 3000 people will find their way to the big arena next Sabbath.

## LOCAL TAX RATE STRUCK—31 MILLS

The municipal tax rate for the year 1930 has been struck by the local council at 31 mills on the dollar which is the same rate as obtained last year. The bylaw setting the rates was passed at the July meeting of the council. Owing to the illness of Reeve H. W. Sanders, Councillor Borinsky was appointed acting reeve for an indefinite time, and his first official act to receive a deputation of ladies, piloted by Dr. Ira Freel.

The deputation consisted of Mrs. Ball, Mrs. H. B. Freel Miss E. Sangster Mrs. Allan Goudie, Mrs. Borinsky and Mrs. Everett Smith, representing various organizations in the town. Mrs. Ball explained the object of the visit, which was to receive a deputation of ladies' rest room with suitable conveniences in the municipal hall, and to offer financial assistance, which the deputation thought the organizations represented would support.

The council promised to consider the matter, and at some future date to specially deal with the question.

An account for \$4.50 from the fire brigade for attending a fire at Unionville was passed after some debate. The matter was small and was allowed to pass, but objection was voiced against paying the brigade for attending fires outside the corporation.

Councillor Ward raised a little enthusiasm when he introduced a resolution to have the town bell ring at 6 a.m. instead of at 7 o'clock. Councillor Rowbotham assured the father of the resolution that he would not support his motion, but as no seconder was secured a vote was not taken. Councillor Ward argued that almost everybody was up at 6, and in any event it was a better time to worm them out of bed to be ready for work at 7 o'clock.

The condition of the roads approaching town on both the 9th and 10th concessions was brought to the attention of council, and Mr. Ward urged immediate action in filling up the holes. The road committee was asked to look into the situation.

The tax rate being struck at the same rate as last year is calculated to leave a satisfactory surplus at the end of the year. The various rates to be struck, are as follows:

amount mills

County	\$5286.99	8.8
Library	500	1.
Street Lighting	1694.04	2.9
School debt	2969.06	5.
Pub. School	14537.50	7.6
General rate	3426.15	5.7

## BIG POLITICAL MEETING TUESDAY

Auditorium Filled to Overflowing for Col. Lennox Meeting.

The Auditorium Theatre was not large enough to hold the crowd which came to town on Tuesday evening to attend the political meeting held in the interest of Col. T. H. Lennox, the Conservative candidate in the present election. At eight o'clock the hall was filled and the stairway accommodated only some of those who were willing to stand. J. Williams and the Maple Leaf Orchestra from Aurora entertained the people until Mr. F. L. Button, the chairman, called the meeting to order. The chairman stated that he was acting for Mr. Robt. Miller who was being entertained by members of the Toronto Exhibition Board on the occasion of his birthday.

Among those on the platform were George Leary, J. F. Lennox, S. P. Foote, T. Underwood, H. Ostin, and H. W. Snowball of the North York Association, also the speakers of the evening Messrs Earl Rowe, ex-M. P. for Simcoe-Dufferin, H. C. Bruiels, and the candidate Col. Lennox.

At 8.30 the speaking got under way with Mr. Rowe on the floor. He declared that the King Government never carried out its promises made in 1922. The provincial governments are responsible for our basic resources, but the federal government is responsible for the distribution and marketing of them. The present bad condition is due to the failure of the federal authorities to provide a good market. The Liberals had made more trade treaties than any government ever in office, but still imported more last year than any year of their history while Canada exported less than any year in the last 40. He charged the King administration with destroying the dairy industry, and said that if the Tories were placed in power on July 28th they would immediately set about to place protection on the dairy industry, in an effort to regain the lost market Canada once had.

Although Col. Lennox spoke for more than an hour and a half the big audience remained seated with no one leaving the hall who had a seat. He was accorded a good hearing and was never interrupted. He stated this was his 10th campaign, and that no man in Canada longer enjoyed the patronage of the electorate as he had. The reception in Stouffville was more than he hoped for, and with a few more introductory remarks launched into his address.

Mr. King, he said, is stating from the platform that we are enjoying prosperity, and cites figures from the Blue Book to prove it. The farmers in York require no blue book to prove their position. They can prove it for themselves. Are you better off today than you were in 1921? The question the farmers have to settle is, are you satisfied with your present condition? I ask the farmer and his wife to mark their ballot for their own benefit, and there is little doubt about where the cross will be placed.

He characterized the Dunning budget as a death bed repentance, as one of expediency. The Liberals couldn't come back on their old platform. Now they admit the Tories policy right, but who is the best to administer that policy—the party who had advocated it for years and who adopts it after condemning it for years.

"The Dunning budget," said Col. Lennox, has been in effect for three months. How much have the farmers got from it? Are your cream cheques larger? Has wheat and calves gone higher? These are questions to ask yourself, and will have to answer on July 28.

He declared the countervailing duties would increase stagnation, or something worse. Heretofore our tariffs were made in Ottawa but under this system they will be made in other countries.

The British preference he said was given to every country in the world, but the government doesn't tell you that, said the speaker. It was welcomed by the British farmer because it allows the British farmer's goods to come into Canada free. Why shouldn't he welcome it.

If Mr. Bennett were called on to form the next government he promises a special session of parliament to deal with unemployment, the introduction of the transcontinental highway, and the starting in of the St. Lawrence project, the latter two items giving employment to hundreds of thousands of men. In closing he said the Bennett administration would do away with countervailing duties.

When Capt. Bruiels arose to speak it was about 11.15, and his remarks were accordingly cut short.

Send the Tribune to absent friends.

## PASSED AWAY IN HIS SLEEP

Mrs. John Grove Makes Startling Discovery When She Called her Husband Sunday Morning

When Mrs. John Grove who lives on Main street at the extreme east end of the town, looking into her husband's bedroom about 8 o'clock on Sunday morning she saw him sleeping peacefully, but in three hours time when she went to awaken him, he was dead. Mrs. Grove states that he lay on his right side, and had only turned his head slightly from the position it was in at 8 o'clock. Death evidently came peacefully as he slept.

For eight years the late Mr. Grove was an invalid and had never been outside the home, until last spring he seemed to have received a new lease of life, and since that time worked daily in his garden and about the premises. On the day before his death he put in a long day working on the corner lot adjoining the home, and went to bed Saturday night tired out, but apparently in fair health.

Born in the Township of Markham he was the son of a pioneer settler, Abram Grove, who came from Pennsylvania in the early eighties. Of a family of 13 children he is the last surviving member.

54 years ago Mr. Grove united in marriage with Margaret Ramer, and the couple farmed on the 8th concession of Markham, but located in Stouffville forty years ago where they have lived ever since. They had no family.

The funeral on Tuesday afternoon took place to the Stouffville cemetery following which divine service was held in the Mennonite Church, to which faith the deceased belonged.
