

Mackenzie King pretends to be a Friend of the Veterans.

"Are the people of this country going to place at the head of affairs a man who will be precipitated into such a position, who will take from the treasury of this country, would have taken enough money to build two Dreadnoughts and send that money to England so that they could spend it as they pleased. And against what country? He was ready to send money to build warships to fight Germany."

"A large number of the delegates were of German descent, and they loudly applauded Mr. King's statement."

"Referring to the candidature of Mayor Weichel, he asked, how are the Germans of this country going to stand behind him when he is supporting a man who is taking that stand in regard to the defences of the Empire? And again the delegates applauded."

"The issue on this question, he declared, was between Mr. Borden and his Imperialistic platform and Sir Wilfrid Laurier and his policy of local autonomy."
The Globe, August 22nd, 1911.

The attempt is now being made to represent Mr. King as genuinely concerned about the future of the Empire. That attempt is as arrant humbug as the parallel attempt to brand as Little Canadians all who oppose him.

THE POTATO MARKET CAPTURED

Growers of Top Brand Have Satisfied Big Consumers

Ontario Potatoes are Assuming a Market Supremacy Once Again

A meeting of the executive of the Central Ontario Potato Growers' association was held in the agricultural office at Alliston on Thursday last week with representatives from Orangeville and Whitfield in Dufferin county, Caledon in Peel, Newmarket in North York, Uxbridge, Whitby, Zephyr and Goodwood in Ontario, Pontypool and Port Hope in Durham and Craighurst and Alliston in Simcoe county.

The retiring officers were re-elected for the ensuing year as follows: J.S. Martin, Orangeville, president; Arthur Walt, Craighurst, vice president; Carroll Whiteside, Alliston, secretary, treasurer.

A report of the past season's operations was read by J. T. Cassin:

The Ontario department of agriculture through the crops and markets branch, sponsored the movement in the above mentioned counties for the growing and marketing in an attractive manner of better quality Ontario potatoes.

For the past few years Ontario potatoes, or as the trade terms them "Ontarios," were marketed at a discount when compared with New Brunswick and P. E. I. potatoes. To improve this condition in the potato industry in the province of Ontario, the department of agriculture appointed as fieldmen, Mr. R. D. Nodwell, Hillsburg, and Mr. J. T. Cassin, Alliston, to supervise seed selection and cultural operations with a view to producing a potato crop with good keeping and cooking qualities

and placing it on the market in an attractive manner in which the trade and the consumer could recognize these better Ontario potatoes.

Seeing that the eastern provinces had to a large extent gained supremacy in Ontario cities and large towns by their good grade of potatoes, our association realized, said Mr. Cassin, the importance of establishing a high grade mark or brand whereby this better grade could be identified. So a registered brand known as the "Tee Pee brand" was selected for this grade. In order to bring this trade mark into prominence, new stenciled sacks bearing this TP brand were for shipping the association's potatoes to market.

Large dealers were reluctant to again accept even these better Ontario potatoes on an even basis with eastern potatoes, but upon assurance that convinced the trade in our large cities that the Ontario potato growers were at last making an earnest effort to supply them with really first class potatoes that had good keeping and cooking qualities they were at once ready and willing to give this TP brand of Ontario potatoes a fair trial. When they had tested out the real quality that was being grown in to this TP brand of Ontario Dooley potatoes it was only a matter of informing the different dealers with whom we were doing business that more TP brand potatoes were for sale and another pleased customer was anxiously awaiting the arrival of the shipment in order that he could once again offer to his customers more of these good TP Dooleys.

The season's shipments of table stock amounted to 68 cars and about 15 cars of certified seed were sold. The average price paid during the 1929-30 season was \$1.69 for table stock and prices ranging from \$2 to \$3 per 90 lb. bag were paid for certified seed which was very satisfactory. —Alliston Herald.

Pressure of business and growth of the Canadian Pacific Telegraphs has necessitated the appointment of an assistant general manager of the system. W. D. Neill, assistant manager, western lines, Winnipeg, having been promoted to the position. Other appointments resulting from this are: W. M. Thompson, superintendent, Ontario Division, Toronto, to be assistant manager, western lines, Winnipeg; H. S. Ingram, superintendent, eastern division, Montreal, to be superintendent, Ontario division, Toronto; and W. S. Emery, chief operator, Montreal, to be superintendent, eastern division, Montreal.

Fox Film Corporation during early July took sound records of the wind in the pines, the music of the waterfalls and the rippling of streams around Danf Springs Hotel and into this boxed atmosphere there will be placed actors and actresses who will be shown climbing mountains, walking by the side of lakes or canoeing on water-courses they have never seen.

Beating the world's record in passenger traffic operations, western Canada came into the limelight at the end of June with the 1,252 mile continuous run from Fort William to Calgary performed by Canadian Pacific engine No. 2808, of the H1 class. This locomotive is one of several now in service and under construction for the railway and are the latest type of passenger engine.

Carrying nearly a hundred tourists organized by the University of Montreal, a special Canadian Pacific train left Montreal July 5 for western Canada and the Pacific Coast. This tour is the sixth annual transcontinental trip undertaken and will last for three weeks. The richest industrial, agricultural and commercial districts of Canada, as well as the most beautiful scenery, including the Rocky Mountains, will be visited.

The Baptist Sunday school held their picnic to Lake Musselman on July 9th, and had a splendid time.

The Goodwood United Church League are holding an ice cream social at the home of Mr. Russell Story on Friday night, July 18.

Mr. and Mrs. Jas. Farr of Cutash, Washington, also Mr. and Mrs. Raymond of Milverton, visited Mr. and Mrs. Howard Harper last week.

The Loyal Orange Lodge held a meeting on July 14th, and initiated four, namely: Chas. Alsop, Robert Hamilton, Chas. Symes and Orval Goulet. We understand there are several more who wish to join, so come along boys. The lodge turned out 40 in number for the parade in Lindsay on the 12th, and all report a wonderful time, there being 105 lodges in line.

The Crapper home on the 4th line of Uxbridge was the ideal spot for the celebration of Wm. Crapper's birthday which was organized by his sons and daughters, as a surprise. Autos to the number of ten landed there Sunday last for the occasion. He has a beautiful home and the bush just west of the house is an ideal spot for picnic which added greatly to the enjoyment of those attending. There were 62 present, being: Mrs. Harold Gage, of Ottawa, Miss Viola Reid of Goodwood, Mr. and Mrs. Jas. Crapper, Mr. and Mrs. V. Crapper, Mr. and Mrs. Wm. Crapper, and family, Mr. and Mrs. Geo. Crapper and family, Mr. and Mrs. Alex. Crapper and family, Mr. and Mrs. Henry Reid and family, Mr. and Mrs. Ed. Rodgers and family, Mr. Gordon Crapper, Mr. and Mrs. Dixon, and family, Mr. and Mrs. Hunter and family, Mrs. Alex. Crapper and family, Mrs. Elmer Hunter and family, Mrs. A. G. Clark and family, Mr. and Mrs. Harold Crapper, Mr. and Mrs. Harry Orpen, Mrs. S. Tunney of Toronto, Mr. Roy and

Geo. Crapper of Oakville, Miss Beatrice Fraser of Cleveland, Ohio. Mr. Crapper reminded them of his courting days, referring to a night when he was enjoying himself with his future wife. Her father came into the room and said, young man, do you know the time of night? Of course he said, "yes sir, and took to his heels" to learn later that the parental watch had stopped, and he really did wish to know the time. Mr. Crapper was the recipient of many costly and useful presents.

The following is a report of the trip Mr. and Mrs. Woodland and family, Mr. and Mrs. P. A. Forsyth, Miss Ethel White and Miss Jean Slack took July 6th:

So there's no place that's new under the sun to go for that picnic party you planned. Perhaps you have expressed this thought many times, but—have you been to Bellfountain? No doubt many will gasp—"but where's that? I've never heard of such a place." The writer does not pretend to direct you right to the spot and seat you at one of the many little green tables that infest the bank of the river, but will just say—

It is situated in Peel county, on the Credit River, about twenty miles from Brampton. The nearest railway station is about one mile distant, at the Forks of the Credit. It is nearly four miles from Forks of Credit Station to Provincial Highway number ten. So now if you're interested get out your road map and find out just where it is.

The Park is not merely a public place of amusement. It is owned by W. C. Mack, wealthy rubber stamp manufacturer of Toronto, who has turned his private grounds into a veritable fairy-land and has placed the sign in full view of all (Private but U. R. welcome) Mr. Mack's original intention was just to build a cottage in this secluded spot and use it as a summer home, but seeing the infinite possibilities of the place has used a remarkable brain and has spared neither money nor labor to make this one of the most beautiful spots you can well imagine.

My first impression upon entering the grounds was beauty, everywhere beauty. The next thought was of the master mind that must have visioned all this beauty long ere we were able to gaze upon it all.

The dam which holds the water back to form a lovely little lake, is constructed in step style; the water pouring over, seems to create, myriads of little cascades which are finally all lost in one.

Perhaps the most central object is a large mossy fountain sending out a small but continuous spray. This is topped by a bell.

Around the corner from the fountain, cut in the well kept velvety lawn is a magnificent bed of roses.

On down the walk we come to Mr.

Mack's home. In the large windows facing the path on which we pass, are placed curios collected on an around the world cruise.

On again, just around another turn, with a lovely back ground of natural forest stands a huge open stone fire place, especially adapted for corn roasts etc.

Returning, our interest becomes centered upon Yellow Stone Cave. At first thought it is but a few feet high but it is upon closer observation we find a long flight of steps leading river-wards, brings us to the mouth of the cave. The walls are cobblestone, the ceiling is hung with icicle-like formations, while from spaces cut in the walls odd shaped animals peer out and create a weird feeling, while directly in front of you a gnome smiles down his welcome, another flight of steps takes us directly to the water's edge where a fine view of the cascade is obtained.

Now for a trip across the swing ing bridge, which warns—cross at your own risk. Not far distant the cascade tumbles down, way below huge stones in the river bed, while the bridge moves gently at every step. If you want a thrill, this should certainly gratify your wish, and you won't be blamed if you do breathe a trifle easier when you step off on the opposite bank and wind your way up the corduroy-like path, which leads along the edge of the woods.

After all man's handwork the awe inspiring primitive beauty remains in all its peaceful grandeur. Please remember there is no bathing or fishing allowed on Sundays, so if these things are absolutely essential better make it a week day—also—there is no smoking allowed on the grounds.

If anyone takes the time or trouble to read this and feels inclined to think that the writer wanted to have been dreaming, please bear in mind the average number of cars visiting "Luckenuff" each Sunday varies from eight hundred to a thousand. Just a word in parting—you must see to appreciate, words fall to convey one-half the lovely things there are to be seen there. So don't forget "Luckenuff," Bellfountain.

SHOULD FIRE VISIT YOU TO-NIGHT? What then? You will be faced with big expense or possibly ruin. It might happen today! Protect your interests fully by one of our insurance policies. Let us talk over the matter together.

Farmers are Always Wanting Something

"The Farmers are always wanting protection or one thing or another when they have not even common sense to look after their machines in the field. The trouble with the farmer is he is always wanting something for nothing. Why does he not learn to look after himself like other people do. He cannot expect help from Governments all the time."

The above is a statement made by A. G. McIntyre, Liberal Candidate in South Toronto, last Thursday night July 11th. What can the farmers expect from the Liberal party while this is the sentiment of the Liberals, as proclaimed by one of their candidates?
