

LOCAL HAPPENINGS

Now it's Reeve Borinsky (prótem) cherries are now available at Collard's orchard, Gormley. All sprayed fruit. Place your order early.

It would be too bad for Stouffville if the business people and householders in general allowed their properties to go into disrepair, as the councils of the past have allowed the municipal hall to deteriorate. Have you noticed its shabby condition?

Edward D. Reeves, pastor of the Pentecostal church at corner of Lippincott and College streets Toronto, was in town last week, making arrangements for the annual camp meeting to be held in August in Moyer's Bush, 8th concession, Markham.

On Saturday Councillor Rowbotham motored to Jackson's point where he found Reeve Sanders returned from the hospital to Lakeview House following his recent operation for appendicitis. The Reeve made a record recovery, being just seven days in the hospital. He is now convalescing nicely.

Work on the new road north of Ringwood is progressing although progress is very slow. The swamp section near Abner Baker's is causing the hold-up while the men take out the old corduroy road by hand. The ditching machine made good time until this section was encountered, and it will be two weeks yet before graveling can proceed again. In the meantime a section of the road is impassable.

The Chevrolet car for which many people in Stouffville and district bought tickets in the hope of securing the lucky number at the veterans picnic on July 1st have all been disappointed. The car goes to Ivan Tomlinson of Baldwin with ticket No 2773. The draw was postponed until Wednesday night last at Newmarket. Second prize of a silver cup, donated by Walter Hurst, J. P., also went north, being won by W. H. Cowan of Pefferlaw, ticket number 363. Clarence Brown, Newmarket, holding another substantial number 1372, won the oil painting donated by Mr. Geo. Muir.

Stephenson hand washing machine in good repair for sale. Apply Mrs. R. S. Hope, phone 9404

Mulock's committee rooms in the Blue Block will be open daily until the evening of July 28th, election day. Everyone invited. Call for information.

Stouffville defeated Uxbridge in hardball on Tuesday evening in a league game by 3-1. In the north town, but they lost to Aurora last Friday 6-5.

The young people of Goodwood United Church are holding an ice-cream social at Gravel Hill on the lawn of Mr. Russel Story on the evening of Friday, July 18th. Good program and lunch. Admission 20 cents. Everybody welcome.

The tax rate in Stouffville is set at 31 mills on the dollar, which is exactly the same as that of 1929. This is the lowest taxed place in York County, and when some disgruntled ratepayer tells you he is going to move out because of high taxes, right away find out where he intends to locate: We are a favored community; may we remain so.

The reopening services at Peaches Church (Markham Tp.) will be held on Sunday July 20th. The pastor Rev. Mr. MacNeil will preach at 11 a.m. and Rev. H. E. Pogue, a former pastor at 7.30 p.m. The church has been wonderfully improved in the renovation just completed, and all old friends are invited to attend the reopening services next Sunday.

Good upright piano for sale (Heintzman) W. J. Monkhouse, Altona.

The acting reeve has been authorized to secure a uniform for our police officer. Now watch the chief taking on a real stride.

This issue of The Tribune is delayed in mailing owing to the arrival of late copy for political advertising.

As an introductory offer to new subscribers The Tribune will be sent to any address in Canada from now to end of December 1930 for only 60c.

Anyone wishing a school, mantle or hall clock can secure one at greatly reduced price, at the giving up business sale at Yakes Jewellery store.

Services in the United Church will be withdrawn for the next two Sunday nights, while the evangelistic meetings are in progress at the Arena.

Councillor Ward is conducting a church service at Lake Musselman every Sunday morning during the camping season-as he has done in the past four years.

The wooden tower on the fire hall building has shifted its position at the south-west corner about six inches. The wind has not accomplished this by one great lurch, but over a period of time the movement has become quite noticeable.

Jubilee branch of the Churchill institute have accepted an invitation to meet in Pine Orchard on Wednesday afternoon, July 23rd. An invitation is extended to all members to be present. Phone the secretary information.

The postponed picnic of the Juni- or Women's Institute will be held at Musselman Lake (north side) on Tuesday July 22nd, at 2.30 p.m. Will members please bring in money received from sale of quilt tickets. The lucky number will be drawn for the quilt.

With the weather turning so cool on Sunday that it reminded one of early October, those colored folk in town this week may be able to return south and tell their brothers about getting a breath of the north pole right in July while on this visit to what some regard as the north country.

Mr. Jos. Alsop, a well known farmer and truck driver who lives on the third concession of Uxbridge Township, 1 1/4 mile east of Glasgow, was stricken by a stroke on Wednesday of last week. His condition is quite serious as he has not yet recovered consciousness after more than a week. He is a comparatively young man.

If you miss the camp meeting any night this week, the loss is all yours. Already thousands of people have heard the colored quartette from Cleveland, and Dr. Thomas, the Welsh evangelist. Comfortable seating at the arena, bright singing and a stirring message from the preacher all contribute to the success of each gathering.

Mr. Noah Stouffer is home from the hospital, and was able to take in the camp meetings one evening last week. His condition is not too cheerful however, as he may yet be faced with undergoing a critical operation which is not a promising thing for a man of 72. However, Mr. Stouffer has a splendid constitution, and we all hope that our townsman will regain his usual good health again soon.

Has this municipality any right to pay the fire brigade for answering a call outside the corporation? We think not. Many municipalities have a working arrangement with adjoining municipalities whereby the cost of running to fires outside the corporation is paid for by the municipality receiving the benefit. Stouffville is willing, no doubt, to loan her apparatus, but the cost of supplying fire fighters at least, ought not to be paid locally. The bill before the council last week for the brigade running to Unionville, is too small for consideration, but it has a principal none the less.

Mr. and Mrs. E. J. Davey are attending the Canadian National Railways veterans picnic which is being held today at Stratford. Mr. Davey is a representative of the Lindsay Club.

Davis Bros. of Newmarket are donating three prizes of \$15, \$10 and \$5 for the best decorated car featuring Empire Trade, or float, in Newmarket on Saturday next for the parade in honor of Canada's Prime Minister to North York. Let Stouffville get into this. The parade will assemble at Steele's Corners.

Over 50 people gathered at the farm home of Mr. and Mrs. Wm. Timbers, Ringwood, for the annual gathering of Timbers descendants. The event was a joyful occasion, the afternoon being spent in games, concluding with a bountiful feast, then a good program. Members were present from Detroit, Sarnia, Toronto and the immediate locality.

Four local girls wrote and four were successful in passing their examinations at Toronto Normal School last month. They are Misses Edna Stouffer, Mildred Foote, Leta Bunker and Margaret Simpson. Miss Gladys Dougherty wrote of several subjects from previous year, and was also successful. These new "school marm's" may now settle down to teaching for a period of two years or four if they elect when they must take their final year at Normal School. We congratulate the young ladies on their success, and hope that each of them will be promptly snapped up as teachers by school trustees.

Owing to the heavy rains here on Sunday the 14th concession near Lincolnville on the two hills became impassable for the busses of the Toronto Transportation Co. and a detour had to be made over the road through Glasgow. Lighter cars were able to wallow through the mud without getting stuck, while some took one look at the mud hills and turned back to travel some other route. As most people know, the situation there is due to the deep fill being made in cutting down the two grades at this point. The work was started last year, and one bill was impassable all last spring. In conversation with the county engineer who was out here this week, Mr. Rose told The Tribune he was looking into the matter and that it was possible a light coating of gravel would be laid through the centre to ensure a passage for cars and busses. The work of cutting down the hills is not yet completed, but when the job is once finished, it will provide a fine motor road to Goodwood, Uxbridge and other northern points.

Collard's cherries will be ready first of next week. Price \$1.00 basket, or pick your own at 75c.

12 scholars belonging to Mrs. Blake Sanders' Sunday School Class took an excursion to Niagara Falls on Wednesday.

Those who heard the colored quartette sing over the radio from Buffalo, "Ezekiel's Dry Bones," will want to hear it again on Friday night. This is a request number for that evening at the big gospel meetings in the arena.

Take notice that a balliff's sale of watches, clocks, jewelry, phonographs and show cases, will be held in the store premises of Jacob Yake on the evening of Thursday, July 17, at 7 o'clock. Terms cash. All articles sold in separate pieces. E. C. Pennock balliff.

Work on the big hundred thousand dollar pavement through Stouffville commenced on Monday morning. Heavy machinery is coming in, and gradually getting into action. The storm sewer is being put down first, starting in front of Ward's Garage.

Seating for 5000 women in the Newmarket Arena next Saturday night at 8 p.m. to hear Canada's Prime Minister on this occasion. Three bands will be in attendance, also the best pipe on the continent. Amplifiers will be installed to ensure hearing for all.

Mr. and Mrs. Quantz spent last week with their two sons at West Hill. In their absence a telegram came to Stouffville containing the sad news of the death of his only sister, Mrs. W. E. Spring of Elmvale. An effort was made to locate them but was unsuccessful and when they arrived home the funeral was over. Both Mr. and Mrs. Spring were old time Church Hill residents.

Hawtin's cattle sale on Friday drew a fair attendance despite the busy season and slump in cattle prices. Cows sold up to \$100. Messrs. Jerry Sibley and Bert Dike taking the two top notch animals. Other good cows went at \$60, but under present market conditions Mr. Hawtin and Auctioneer Silversides were well satisfied with the outcome of the sale.

Complete up-to-date equipment for work on all battery and electric sets. For efficient, prompt service at reasonable prices, it will pay you to investigate. Have your radio ready for the election. Stewart Beare Phone Markham 2602.

TEN MILLION POUNDS OF BUTTER BEING SHIPPED INTO CANADA

Liberal advertisements claim that Canada's dairy industry is prosperous because more butter was produced in 1929 than in 1921. The advertisements fail to say that in 1929 the butter production was less by more than 20,800,000 than in 1924 before the New Zealand Treaty came into force. They fail to state that in 1925 Canada exported 26,646,535 pounds of butter worth \$9,917,516, while last year it imported 35,000,000 pounds from New Zealand. They fail to state that V. A. Hooper, manager of the Dairy Department of the United Farmers estimates that Canadian dairy cows have been reduced by 140,000 since the New Zealand trade agreement was signed. Since the New Zealand preferences has become effective Canada has bought 90,640,722 pounds of butter, mainly from that country. This butter was worth \$31,443,891 which sum Canadian farmers should have had. For years Conservatives have asked Mackenzie King to break off the treaty which permitted New Zealand to dump butter at ruinous prices into Canadian markets. Notice was given just before the election that the treaty would be abrogated. BUT IT IS TOO LATE NOW TO HELP THE DAIRY INDUSTRY THIS YEAR OR NEXT YEAR. NEW ZEALANDERS ARE SENDING HUGE QUANTITIES OF BUTTER TO CANADA AND THESE WILL KEEP PRICES LOW. Read the following despatch printed in the Liberal Ottawa Citizen on June 23, 1930. "TEN MILLION POUNDS OF N. Z. BUTTER FOR CANADA" PRICE WILL BE KEPT DOWN IN 1931. HALIFAX, June 23.—Nearly ten million pounds of New Zealand butter, carried by the British freighters Huntingdon and Mahana, are en route to Halifax for consumption in Canada. Another steamer with a huge butter cargo, it is reported, will sail for Halifax next month. These large importations, which probably will be augmented by shipments through Halifax and Vancouver later in the summer, are regarded as apparently bearing out the forecast that New Zealand producers would ship enough butter into Canada to be held in storage and keep the price down throughout 1931, after the existing arrangements with New Zealand are abrogated in October. The shipments en route are believed to be the largest amount of butter ever forwarded to Canada in such a short period, although last winter several cargoes, all totalling millions of pounds, arrived at varying intervals for many months, keeping local prices at low levels up to the present time. These two ships carrying enough butter to displace the butter production of 52,632 Canadian cows. From the beginning of the year to May 31, 1930, according to the official figures of the Dominion Bureau of Statistics, New Zealand butter totalling 28,792,292 pounds was imported into Canada. This displaced the output of another 151,538 cows, taking average Canadian butter production in figures vouched for by the National Dairy Council of Canada as 190 pounds of butter a year.

THUS, SO FAR THIS YEAR, CANADA HAS IMPORTED NEW ZEALAND BUTTER EQUIVALENT TO THE PRODUCTION OF 204,170 COWS. MORE BUTTER IS ENROUTE AND EVEN THE OTTAWA CITIZEN ADMITS THAT CANADIAN BUTTER PRICES WILL BE DEPRESSED NOT ONLY IN 1930 BUT ALSO IN 1931.

Collard's cherries will be ready first of next week. Price \$1.00 basket, or pick your own at 75c.

SCOTTISH COMPANY TO CAMP HERE

A detachment of the Toronto Scottish Regiment will pitch tent at Ringwood on July 19th for two days under canvas. The detachment is "C" company, and is under command of Captain Barsto H. Miller, son of our townsman Mr. Robert Miller. Capt. Miller and his company will go under canvas on the Miller farm one mile west of Ringwood Saturday morning returning to Toronto Sunday. This very short weekend is to be spent in training, and no doubt will be greatly enjoyed by the company who number six officers and fifty non-commissioned officers and men. The Tribune is informed by Capt. Miller that his company would welcome any veterans who live in the neighborhood of Stouffville to visit the camp, and the suggestion is made by this paper that the local veterans round up their forces in order to go out and extend a welcome to the visiting camp.

Deputy Minister of Agriculture Contradicts Liberal Claims About Live Stock Trade

Canadian livestock breeders realize that the half-truths of the Mackenzie King supporters cannot disguise the fact that for eight years the Liberals have done nothing whatever to help them, and now have a gesture of aiding them only on the eve of an election. Of what use to them is a countervailing duty against American cattle when Canada exports more to the United States than it imports. Canada's livestock trade is in bad shape. Liberal politicians may deny it. They do claim that it is better off than ever. But the Department of Agriculture knows the true state of affairs as is shown in the following circular letter mailed out by the Deputy Minister of Agriculture, J. H. Grisdale to farmers at the same time as Mackenzie King was telling the House of Commons that Canada never was more prosperous than it was early this year:

"You are, I understand, interested in live stock of some kind are therefore, I have no doubt interested in Canada's holding her place and even doing a little better than that on the world's markets for various livestock products. Now, as a matter of fact, Canada seems unfortunately to be losing ground in this connection. For instance we no longer export any eggs or butter. We send abroad very little dressed poultry or lambs; our exports of beef cattle are dwindling, our shipments of beef are decreasing, have almost disappeared, and our shipments of cheese are rapidly falling off."

"This department is naturally very much concerned to note this most extraordinary situation in a country such as ours, where so many of our people are farmers where the possibilities for the production of these articles and more besides are so great."

THUS THE DEPUTY MINISTER OF AGRICULTURE, WHO IS NOT A POLITICIAN, CONTRADICTS LIBERAL CLAIMS OF PROSPERITY IN AGRICULTURE.

Canadian farmers ask yourselves whether the Liberals have spoken the truth. Ask yourselves whether those of your children who have left the farm have good jobs. Ask yourselves if Canada is prospering as it should.

IF THE ANSWER IS "NO" THEN VOTE FOR THE CONSERVATIVE PARTY AND YOUR CONSERVATIVE CANDIDATE.—VOTE LENNOX

TAXI CAB DRIVER

[Dedicated to the Ringwood Taxi Service]
The taxicab driver sits in his car, and awaits for the calls from near and far.
He knows all the bad roads, he knows all the nooks.
He knows all the sorrows, he knows all the joys,
He knows all the girls who are chasing the boys;
He knows all our troubles, he knows all our strife,
He knows every man who ducks out from his wife.
If the taxicab driver told half what he knows,
He would turn all our friends into bitterest foes.
He would sow a small wind that would soon blow a gale,
Engulf us in trouble and land us in jail.
He would start up a story which gaining in force,
Would cause half our wives to sue for divorce.
He would get all our homes mixed up in a fight,
And turn our bright days into sorrowing nights.
In fact, he would keep the whole town in a stew.
If he told but one tenth of the things that he knew,
But silent he is if you pay him his fees.
Then he won't know a thing but the A. B. C's.
