

LOCAL HAPPENINGS

Investigate the bargains at Shaw's mid-summer clearing sale. It will pay.

Ford coupe for sale, in running order. Regular bargain. Apply Mrs. Anderson, (1/2 mile south) Ringwood.

Robt. Spofford of Mongolia, took 30 heaping loads of alkali off 10 acres last week, which promises a good average yield.

The Jubilee Branch (Churchill) Women's Institute are holding a bazaar on the veranda of Mrs. C. Lee, Musselman's Lake, Sat., August 16 1930, at 2.30 p.m. Home-made baking, candy, fancy work and other articles for sale.

Don't be disappointed! So many people come in for single copies of The Tribune every week only to find out that we are sold out. You can secure your copy now until Dec. 31st next for only 60c. Special rate for new subscriptions only.

Tom Thum Golf, which is taking Toronto by storm, is now being played at Lake Musselman, a course having been opened on the north side on Saturday last. It ought to be a revenue producer, as it is running without any restrictions, whereas in Toronto the hours are limited. We understand the Whitechurch Council will take some action before next season to regulate such amusements.

The Strand Theatre at Uxbridge is installing the talkie pictures, and is accordingly the first theatre to be so equipped in this rural section of Ontario.

The Kingston Whig-Standard wants the scientists to produce a lawn grass that'll grow only so high and then quit. We suggest one inch and no mower.

Keep in mind that Jacob Yako will be found in the Silvester block over the hardware. Jewelry repairing of all kinds as usual, also real estate handled.

Newmarket and Aurora are battling for the league title and the right to represent the York-Ontario hardball league in O.B.A. The first of the play-off games was held last week, and the final this week. Stouffville stood third in the league standing this year.

Men engaged on the new road through Stouffville find it difficult to secure boarding houses. One of the chief difficulties in taking them was told is that the road gang is working on daylight saving time, and Stouffville operates on standard time. To rise so early and prepare breakfast have to go through the night especially when those engaged would have to go through the performance again at the customary time for the boarders on standard time.

As the evening attendance is very small due to the hot weather and so many being on holidays, the 7 o'clock worship in the United Church is withdrawn for next Sunday.

Arthur Carruthers one of our prominent farmers living in the Atha district, finished harvesting on Wednesday, and reports exceptionally good crop. Although having a large farm, Mr. Carruthers is one of the first to finish.

There was a lot of talk of unemployment in the recent campaign but we never heard of any public speaker who said farmers were to be found in the city bread lines. In these busy harvest days the tillers of the soil do line up for three meals a day but it is at their own tables.

Don't forget that a bus will leave Stouffville for the Mennonite Camp at Kitchener on Sunday, August 10th, for which the return fare is \$3. Reserve your seat now with Mr. Noah Baker. The bus will leave in time to reach its destination for the morning services, and will not return until after the evening service.

It was very quiet in Stouffville on Civic Holiday, and but for the fact that the stores were all closed, things passed off as per usual. There has been no celebration in Stouffville this year, and the town is looking rather like a northern mining settlement in the early days of their growth, due to the great upheaval in the construction of a new roadway from the 9th to 10th.

Delbert Holden, the Ford dealer, has arranged for a tractor demonstration on the Davis farm just west of town, on Friday, August 15th. This demonstration always draws an interested crowd, and every farmer, whether he intends buying a tractor just now or not is invited to be present, and see the latest demonstrated in tractors.

Eggs, fresh extras were a little better in price on the local market last Thursday bringing 32c per dozen. Other grades sold at 30 and 28c. Butter still remains at only 30c pound for good quality, and 28c for the more doubtful quality, which seems to be the kind that many farm women make. Really choice farm prints are in keen demand.

After a lingering illness of some thirteen months, Jeremiah (Jerry) Teele passed peacefully away late Saturday afternoon. Born in the Stouffville-Markham district, says the Newmarket Era, Mr. Teele spent all his life in North York, being an employee of the Davis Leather Company when they were located at Kinghorn, and coming to Newmarket with them. For a short time he worked at the Office Specialty Co. With a keen sense of humor, Jerry was a general favorite with his fellow employees and all with whom he came in contact.

A business deal took place here last week when Mr. Noah Baker disposed of the Standard Garage premises, formerly the Todd Carriage Shop, to his son Frank, who tenanted part of the building. Mr. Noah Baker took over in turn from his son the brick residence which he built on Baker Avenue a few years ago and sold to Rev. W. M. McGuire who recently disposed of it to Frank Baker. The transfer of owners will not affect the tenants in any way.

Miss Erma Grubin ranked the highest in Markham High School last term in Modern History, indicating that this bright young pupil got a good grounding in the local school thereby assisting her in leading the way when she entered Markham school last year to secure her fourth form work. She was awarded a prize by the local newspaper in our neighboring town for her prowess in this subject.

It is nice to go in swimming these real hot days, but it is also nice to keep within the law. Bathing suits are cheap, and look well. The suit you were born in is O. K. but even back in Adam and Eve's time it was fashionable to wear a fig leaf—the fashion is still correct; but we have no fig trees in Canada, so it is bathing suits. Get one and keep within the law. Constables at the lakes in this section are seeing to it that the law of the bathing suit is obeyed. In fact there is little or no attempt to disregard it.

A young damsel from across the United States border was in town on Thursday feeling considerably distressed because she had lost her purse somewhere in Stouffville the previous evening. The stray hand bag didn't contain much money she said, but her United States "passport" to Canada was in it, and how she was going to get back to her native country seemed something to worry about. Fortunately the lost bag had fallen into good hands, having been picked up by Joe McMullen, who promptly handed it to the owner when she made enquiries in the east end of the town. Besides containing the necessary papers for re-entrance to the United States, there was \$17 in cash also in the lost bag. The young maiden was so delighted on Mr. McMullen taking \$5 for his trouble in the matter. The lady had no friends in the district, and was stopping at the Ford Hotel Toronto.

PAUL BOARDWAY, Manager
STOUFFVILLE BRANCH

The Junior Women's Institute will hold their monthly meeting at the home of Miss Louie Lloyd on Wednesday, August 13, at 2.30 p.m. The Altona Institute will provide the program and be the guests of the afternoon.

Stouffville will be well represented at the Sutton Horse Show this Thursday, Friday or Saturday, as it has been in the past. W. J. Kay, the secretary of this big show, is the father of Norval Kay, a member of the local staff of the Bank of Nova Scotia.

When Charlie Harper was drawing in his harvest last Saturday, he fell off a load of barley, and landed heavily on his face. He was rushed to the doctor, and at first it was feared he had sustained a broken jaw, but fortunately such was not the case. His nose was broken however and his face somewhat scratched.

When driving towards Stouffville along the 10th concession of Whitechurch and south of Lincolnville last Sunday, a fine looking car came to grief, when the driver, L. H. Perry of Windsor, Ontario, allowed the machine to head into the ditch and turn over. He was looking at his road map as he speeded along, and in trying to do the two things at one time, made a complete failure of both. The ditch is deep at this point, so that the occupant of the unfortunate car might easily have been seriously injured. The exact point of the accident was just south of the railway tracks at Wagg's sideroad.

Notice

TO DOMESTIC WATER USERS

Owing to a serious shortage of water, users are notified not to use lawn hose for any purpose, or otherwise unnecessarily waste water until further notice. This order is issued in the best interests of all having regard to the fire hazard when the reservoirs are low.

By order of Council
J. Borinsky, Chairman

Goodwood Ladies' Aid are holding an Ice Cream Social and Musical program, August 12th, at the home of Jess Tindall, 1/2 mile south of Goodwood. Program consists of Claremont Quartette, Hawaiian music, vocal duet, elocutionist and others. Admission 25 and 15c. Ball game at 6.30 p.m. Booth on grounds.

The death took place last Saturday at Minnesota, U.S.A. of Elizabeth Forsyth, beloved wife of Francis White, and daughter of the late Mr. and Mrs. Vanburen Forsyth of this place. Deceased passed away following a long and serious illness. She was a native of Glasgow, Ontario, and is survived by her husband, and by three brothers and two sisters, being Levi and Edwin Forsyth of Stouffville, Grenville of Chicago, and Mrs. Clayton Stouffer and Mrs. Roland Winn also of Stouffville.

The recent breaks in the mains caused a serious loss of water, which coupled with the long dry spell and extra demand on the reservoirs to supply the water required in building the new road makes it necessary for citizens to conserve the supply. Under present conditions a fire would be serious, but with users discontinuing the use of hose and turning off taps carefully, the supply will soon gain up again. In the meantime everybody should meet the wishes of the council as announced in this issue.

A motor accident at Bloomington on Sunday evening caused a lot of excitement, and might have proven serious for the two occupants of the car, namely Floyd Hill of Michigan, and his brother Murray, both sons of Wesley Hill Murray was at the wheel and they were traveling south, when they met another car going north. In passing the Hill car took to the ditch, and in turning over the top struck a telephone pole causing heavy damage to the car, stripping the top right off. Murray sustained severe deep cuts to his shoulder and chest, necessitating 29 stitches being put in. The boys are said to have been travelling at a good rate of speed, when the blinding lights of the passing car caused the driver to lose sight of the road momentarily. Constable Pugh was called and investigated.

Following only eight weeks of illness death claimed Mrs. W. J. Flewell at the late home at lot 3, concession 9, Whitechurch, on Friday of last week. Mrs. Flewell was a splendid type of woman and was highly respected in the community. She was born in the county of Grey nearly 69 years ago, her maiden name being Ellen Jane Jay. She was twice married, and is survived by an only son from her first marriage, in the person of A. R. Croft of Bobcaygeon. Following her second marriage she located in Whitechurch Township 16 years ago, where she spent these happy years of her declining life. Much sympathy is extended to the bereaved husband and son. The funeral on Sunday took place to Bobcaygeon cemetery.

An Essential of Modern Life

BANKING SERVICE is one of the essentials of modern life. It assists in the production of every article and in the transportation of every commodity. Without it, distribution would be impossible. Yet Banking functions so smoothly that we are scarcely aware of our dependence upon it. By taking BANKING SERVICE for granted we pay our greatest tribute to its efficiency. Each year an increasing number of depositors and clients affords evidence of the character of SERVICE offered by the Bank of Commerce of Canada.

GOODYEARS EXCEL

In the TWO Main Parts of a Tire

1 Press the palm of your hand down on the Goodyear All-Weather Tread and feel how the deep-cut, sharp-edged blocks under pressure grip and pinch the flesh. That is what the Goodyear Tread does on the surface of the road, and why it has superior traction.

THERE are two main parts of a tire—the tread and the carcass. Goodyear Tires excel in both! There is greater traction in the Goodyear All-Weather tread. There is greater vitality in the Goodyear Supertwist carcass. What proves this? These two tests.

2 Have us show you on our cord-testing machine the greater stretch in Goodyear Supertwist Cord over standard cord. This extra stretch gives the Goodyear Supertwist Carcass its unmatched vitality, enabling it to withstand road-shocks and continuous flexing.

These advantages in Goodyear Tires cost you no more; yet they are indispensable to the utmost enjoyment of your car. Come in and talk it over.
