Mrs. Shelley writes:—
For the past twenty-five years I suffered so much with stomach trouble I hardly knew what it was to really feel well or enjoy a square meal.
After taking two bottles of SARGON I noticed a great improvement in my condition. It gave me a wonderful appetite and I can once more enjoy my meals.

COUNCILLORS IN A TALKATIVE MOOD

Extra Session Required to Clinch the Business under Discussion

The August meeting of the municipal council held on Wednesday night lasted for two and a half hours, still very little business was completed. The members were given such a free hand in the matter of debate, that little else was accomplished. Before any action was secured on one question someone sprung another matter, and thus the evening was spent.

Reeve Sanders introduced the matter of a new cross street from the old vineyard factory running east to O'Brien Avenue. Property would have to be purchased from F. H. Sangster who owns a field on the east side of the railway, and from Edw. Lloyd. The matter was given long consideration, and the council decided to personally go over the ground at an early date.

Councillor Ward said he didn't see any purpose in opening such a street. When the present new road is finished who will use the back street, he asked.

Councillors Ward and Borinsky introduced a resolution authorizing the clerk to purchase a ton of calcium chloride for laying the dust on side streets which will be used as detours during the construction of the new road. The cost is around \$36 per ton and cartage. Council unanimously decided to try a ton.

A. V. Nolan read portions of a communication received by The Tribune from a former citizen who was desirous of donating a tower clock to the town, but was so disgusted on a recent visit here with the disrepair of the fire hall building that the offer had been withdrawn so far as the fire hall is concerned. The communication said the council (past and present) must be lacking in civic pride to allow a public building to become so dilapidated.

Councillor Rowbotham was asked to take charge of all urgent work on behalf of the council in connection with the new road. Every day there are important matters coming up in connection with water pipes, etc., which require decision of civic authorities, hence some member of council is necessarily required on the job armed with authority to act.

Council adjourned to hold an extra session this week to take action in connection with repairing the fire hall, and other business.
Accounts passed:—
J. Gower, cutting weeds \$9.00
A. E. Weldon, police tunic, Cap \$32.25
H. Anderson, tramps 50c
J. Oxendale, cartage 50c
H. O. Klinek, fire insurance \$12.50
F. D. Morton, labor \$1.50

The R-100 was fairly visible to our citizens on Monday morning, as it cruised over Toronto.

Mr. and Mrs. Wm. Ratcliff and sons Harry, Alex, and Gordon, Misses Ida Brownberfer and Margaret Grove were visitors near Bala, Muskoka a couple of days last week.

The laying of stone on the second mile of road north of our burg is progressing rapidly. It will only be a short time until we will have a paved road to within two miles of Mount Albert. We hope the Good Road Commission will see fit to complete this short stretch in the near future, which would connect our paved road with the Sharon—Mount Albert highway

MADILL—WILD

A happy event took place at the Claremont parsonage on Saturday last when Miss Ivy Wild, daughter of Mr. and Mrs. Joseph Wild of Markham Township, and formerly of Stouffville, became the bride of Mr. Colin Madill, of Brougham, Rev. A. McLellan, officiating. They were supported by Mr. James McDonald, of Brougham, and Miss E. Davis, of Stouffville.

The happy couple left for a short motor trip and on Monday evening a reception was held for them at the home of Mr. and Mrs. Bert Matthews, when about one hundred invited guests were present.

A short program was given, Rev. A. McLellan presiding, with Mrs. D. Gannon, of Brougham, at the piano. Musical duets were given by Mrs. E. Palmer of Claremont, and Mrs. Geo. Lee, of Stouffville. Miss Margaret Spencely of Claremont, gave a musical monologue with Miss Winnie Wilson at the piano.

A happy feature was an address by Mr. Morton, of Seattle, Wash., an old Pickering Township boy, who with Mrs. Morton, is renewing old acquaintances.

The Pickering Township Citizens Band played a few old-time selections. A tasty lunch was served and a fine array of costly presents was displayed, expressing the popularity of the young couple and the good will of the Community. Mr. and Mrs. Madill will reside in Brougham.

Our football team defeated Claremont Saturday evening last by a score of 3-0 in a hard fought game. This puts the locals in a fine position for the cup and it is now conceded the silverware will come to Goodwood again.

Mrs. Prewett and Miss Edwards of Detroit are on a touring trip to Toronto, Ottawa, Montreal and other points east, spent the weekend at Mr. Wm. Helmky's. Other guests at Mr. Helmky's on Sunday were: Miss Corbett, Miss Guest, Mr. Robt. Kelly, Mr. Mickel of Detroit, also Mrs. H. Helmky and daughter Annie, Mr. J. Jackson and Dr. Fisher of Toronto.

The school trustees at the 2nd line school S.S. No. 9 east of Goodwood, have engaged Miss Eilford of Seung as the teacher for the next term. Miss Sharrard of Uxbridge is unable to take up teaching duties next term, although she is a most capable instructor. There were 200 applicants for this school, which indicates that teachers are plentiful. The salary agreed on is \$1000, and the average of pupils in this school is 26. The trustees are Messrs. Jos Cooper, Sam. Bacon, and Albert Taylor.

The township of Nottawasaga has offered a reward of \$200 for information leading to the arrest of the person or persons who stole a number of cheques from the treasurer's book while the members of the township council were dining across the road from their meeting place in Duntroon recently. Now our clerk, H. Roach never leaves signed cheques lying around the council chambers while the members go to lunch on council day. It's just as well.

Harvesting about Finished Agricultural Representative Reports—Insects Destructive

Farm crops in York county have suffered but slightly so far from the heat and drought, says R. E. White, agricultural representative. "Harvesting is in full swing," he said. "Most of the wheat and barley is cut and some of the oats. Late oats might be affected and produce a light crop. Otherwise the grain will be a good crop."

He said that the weather would allow the grain to be harvested in good condition.

Alsike for seed is already cut and maturing for threshing while other spring seedling after a good start in the spring is surely to be all right, he said. It has not suffered so far.

The most prevalent complaint is of the numerous insects, especially from the gardeners and flower growers. "A large number of people have asked about the insects this year," he said. "They are numerous." During a dry spell the destructive work of the insect is more noticed and so far the hoe and market garden crops have suffered.

Apples will be a light crop this season. Mr. White estimated that the earlier varieties will be a fair crop but that the later varieties will be comparatively light.

Corn is thriving in the heat. After a slow start in the early days of growth at seeding time the corn has done remarkably well and promises to be a splendid silage crop.

Mr. White expects that the heat damage will become more apparent in the hoe crops and grains which have not sufficient growth to fill properly without rain.

The United Church garden party was a big success. Receipts were over \$100 and a fine social was enjoyed as well as this financial help gained. The evening was ideal although the busy season is at its height otherwise the crowd would have been still larger. The supper was highly praised by all the visitors, while the program finished up a happy evening.

Earl Cook has been home for a few days visiting his parents. Earl is meeting with big success again this season as a baseball pitcher. He has captured his last five games for the St. George's of Toronto, who promise to win the championship this season. On several occasions Earl has played at the stadium and says the hard diamond there is very deceiving after the being accustomed to the common ball grounds.

PHILIP RAYMER PASSED AWAY AGED 86 YEARS

A fine type of christian citizen passed away on Monday, August 4th, 1930, in the person of Philip Raymer of Ringwood, following a year of declining health. He was 86 years of age last December and had spent all his long life in the Township of Markham, thus being one of the very oldest native citizens. The funeral on Wednesday was largely attended, and took place to Dixon Hill cemetery. The service was conducted by Rev. Mr. Gooding and Rev. S. Goudle of the Mennonite church.

Philip Raymer was a son of the late John Raymer who came from Pennsylvania in those pioneer days. He was born at lot 31 on the 8th concession. As a young man he married Catherine Lewis when they settled shortly after on the farm at Ringwood where he died.
To them three children were born, all surviving the father, together with the aged mother. The children are Lewis at home, Mrs. Benj. Hoover of 8th concession, Markham, and Mrs. Menno Raymer of Mt. Joy. Mr. Raymer was one of 11 children all of whom predeceased him but two, they being Mrs. Elizabeth Armstrong of Toronto, aged 97, and Mrs. John Grove of Stouffville, aged 80 years.

COMMUNICATION

August 9, 1930

Mr. Editor
Will you permit me space to make reference to an editorial or local or whatever you call it, appearing in your paper of two weeks ago, suggesting that our council should take some step to annex the north end of Church street.

This is the first suggestion of the kind I have ever read in the press, but the idea has been in my mind. I think it would be a fine move.

The people of north Church street should be willing to come in as village ratepayers. They enjoy all the privileges of the municipality, water, light, fire protection, and sidewalks. I was talking to one of these residents not long ago, and he was not adverse to casting his lot with the village where he has made most of his living.

The wonder is these people have not taken the initiative and sent in a petition asking for annexation so that they could feel they were part of the life-blood of our community.

However, I commend the move on the part of your paper and now it should be the council's turn to move. Why do they not get out a petition and interview the householders on north Church street with the idea of getting them to sign an application to become annexed. If this were done the necessary legal proceedings could be gone on with.

If the council wish to put over a real stroke of business they might well work out the suggestion of your paper. It would increase the tax revenue of Stouffville several hundreds of dollars.

Yours truly
