

# LOCAL HAPPENINGS

Potatoes are selling in the field at 80c per bag. It is predicted that the late crop will demand more money, as the long dry spell is said to have diminished the prospects for late tubers very considerably.

Little grains of powder, Little daubs of paint, Make our darling daughter Seem like what she ain't.

The Jubilee Branch (Churchill) Women's Institute are holding a bazaar on the veranda of Mrs. C. Lee, Musselman's Lake, Sat., August 16 1930, at 2.30 p.m. Home-made baking, candy, fancy work and other articles for sale.

While A. S. Collins and other gardeners are now selling cobbled corn, Harry Burgess is probably the largest grower in this section and sells thousands of cobs every summer and fall. Harry is called on to supply corn roasts as well each season.

Mr. A. S. Leaney is not much improved in health since his return from Jackson's Point. He is troubled with a numbness in his legs that renders him unable to walk at times. Poor circulation is evidently the trouble, but we trust his health will improve so that his familiar figure will once more be seen on our streets.

Don't forget the Lennox picnic which is being held at Island Grove, Jackson's Point, Lake Simcoe, on Wednesday, August 20th. It is expected that the Hon. R. B. Bennett, K.C., M.P., Canada's new Prime Minister, will be present to deliver an address.

A travelogue on the Gaspe Peninsula, under the auspices of St. James' Presbyterian W.M.S. will be given by Rev. G. R. Duncan in the Presbyterian Church, Stouffville, on Friday evening, August 22nd, at 8.15 o'clock.

Mr. Duncan has prepared a number of the slides from his own snapshots illustrative of his travel talk. A silver collection will be taken at the door. The public cordially invited.

The long dry spell was broken last week by a nice shower of rain, but more is still needed for the benefit of the local vegetable crop.

Markham Village Council has received information to the effect that the hydro electric rates there will be reduced at once. The new rating is the same as that announced in The Tribune last week for Stouffville.

Although he recently celebrated his 74th birthday Elias Lehman is doing his share to garner the present harvest. He has been assisting the local farmers to lift their crop, and takes his place with a man of half his age.

You need not be a member of the Stouffville Horticultural Society in order that your boy or girl enter the floral costume competition for children. For further particulars and application to enter interview either Mrs. Borinsky of Mrs. George T. Lee

R. P. Ellerbeck relieving agent at the C. N. R. depot during the illness of J. R. Hodgins, anticipates that our former agent will be able to resume his position here as soon as he recovers from a nervous breakdown under which he is now suffering. Mr. Hodgins and family are at Midland for an indefinite time. While the sight of one eye is gone entirely, the other is preserved with full vision.

The Ontario Motor League have donated a large number of signs to this town on the understanding that we place them on conspicuous corners throughout the country, which will indicate the road to Stouffville by the arrow on the sign.

Councillor Rowbotham has been charged with the duty of placing these signs over the countryside for the benefit of motorists, and a number have already been put up. If any of our citizens or friends know of a place where one of these signs would prove an advantage to the public let the councillor or this paper know, and the request will be attended to.

The camp meeting held in the Moyer bush at Dixon Hill which closed on Sunday night was attended with very good crowds. The evening service on Sunday was said to have closed with 1000 people in attendance. These meetings were under the auspices of the Pentecostal Mission of Toronto, which organization has conducted a small mission in Markham village for years, but are now prepared to branch out and place a permanent pastor there.

Councillor and Mrs. Ward are today (Thursday 14th) celebrating their 40th wedding anniversary. Visitors at the Brier Bush during the week have been Mr. and Mrs. Clayton Hodgson, and son Donald from New York, Mr. and Mrs. George Hodgson of Hudson Heights, Quebec, Miss Freda and Miss Muriel Ward, also Mr. and Mrs. Watson, all of Toronto, and Mr. and Mrs. W. Hunt of Bristol, England.

The Star Fresh Air Fund was enriched last week by the sum of \$21.69 through the thoughtful effort of four young girls, namely, Edith Grubin, Mary Doten, Nelda Lehman and Edith Borinsky. The girls opened a booth one afternoon on the veranda of the Grubin home and dispensed soft drinks, ice cream, etc. The proceeds from this added to a personal canvas, realized the handsome sum obtained.

Progress is being made with the additions to the Canadian Bank of Commerce, and before the work is finished the interior of the building will be changed around just opposite to the present layout. Going in the front door customers will walk straight down the west side of the building, so that the clerks will be "caged" on the east side. This will eliminate the present turn just inside the front entrance.

Following only a brief illness, presumably from peritonitis, death claimed Mrs. Earl Hisey of Markham on Thursday, August 7th. She had been rushed to the General Hospital, but little hope was entertained for her recovery, and she passed away there in her 24th year. Mrs. Hisey was the second daughter of Mr. and Mrs. Dan'l Gibner, and besides a sorrowing husband who is employed at Schell's butcher shop, Stouffville, she leaves a baby boy of two years, and her parents, four brothers and four sisters. The young couple had been living in Markham, but were preparing to move to this town within a few weeks. She was born at Victoria Square, but had lived here prior to her marriage when the parents were local residents before going on a farm in Whitechurch. The funeral on Sunday afternoon took place from the home of the husband's mother, Mrs. S. Hisey, Clark street, to Markham Second Baptist Church. The service was conducted by the pastor Rev. W. W. Fleisher, who extended words of deep sympathy and comfort to the stricken relatives.

Horticultural Society Show, Thursday August 28th.

Dr. Patterson, dentist, has opened an office in the Silvester block.

An English girl wishes employment as a general. Aged 18 years. Apply Mrs. Wilsner, Gormley, R.R. 1

Lovers of flowers are welcome to visit the Brier Bush just now and feast their eyes on the fine display of gladioli.

The late raspberry crop proved a big disappointment in this section, for those who counted on them found that the hot dry weather had cut the crop off very short.

Stouffville needs a building restriction bylaw. Why not introduce one now at a time when there are no contentious matters to affect such a bylaw. Some of these days someone may build a shack next your good house and it is then the need of a building restriction bylaw is appreciated and necessary.

While cleaning a horse in a stall, George W. Mole of Ashburn suffered a crushed ankle when the animal moved over, crowding him against the side of the stall and stepping on his foot.

Sympathy is being extended to Clerk Wm. Crawford and his wife of Whitechurch Township, in the sudden death of their daughter Mrs. George Fockler of Pine Orchard. Mrs. Fockler passed away suddenly last week following an attack of acute indigestion.

Morley S. Bedford of Toronto, it was announced last week, was elected president of the Ontario Funeral Service Association which met in Ottawa. Mr. Bedford, who has been active in the work for 17 years, is a son of Rev. A. Bedford one-time pastor of the former Methodist church here. Morley is well remembered in Stouffville where he frequently visits.

The daily press carried newspaper cuts of His Honor Judge C.H. Widdifield last week, who celebrated his 25th year on the bench. Judge Widdifield was appointed county court judge of Grey county in 1905, and in October 1929, was transferred to Toronto. He is a native of Uxbridge, and a brother of Mrs. F. H. Sangster of Stouffville.

There are still other wonderful yields of aslake besides those mentioned in last week's paper. Edgar Steckley reports having threshed for George Hoover of Markham, obtaining a yield of just a fraction over 10 bushels to the acre. This Peaches' Corner farm obtained 34 bushels and 41 pounds of slightly less than 3 1/2 acres.

Wm. Simpson has returned from Western Canada, after spending six weeks at Aberdeen, Sask., where he had a new barn erected on his farm there, following the fire which destroyed the former structure in June last. Mr. Simpson, who is qualified to estimate the wheat fields of western Canada, anticipates not more than half a wheat crop on the average and this may be further lessened by continued drought. At Aberdeen, however, where his own farm is located, there has been more rain, and a good yield is promised.

None of the 11 tenders for complete construction or 6 tenders for partial work, on the proposed new Aurora Arena, were accepted by Aurora Council at a special meeting. In every case Council considered the price offered too high. Council finally decided to call for new plans for a less expensive structure. Stouffville is fortunate in having an arena constructed by private enterprise, as other towns are being forced to build civic arenas.

The first accident, and it is hoped the last, to happen since the roadway job started in town, occurred on Wednesday last week, when Mr. John Atkinson, an aged west end resident, fell into the deep ditch running down the centre of the road. Mr. Atkinson was crossing the street in front of his home, when he misjudged the pathway, and stepped into the open ditch falling some twelve feet into a muddy bottom. His groans were heard and help was soon at hand. Fortunately his injuries are not serious, and he escaped without any broken bones, although his chest is very sore. It is believed that Mr. Atkinson fell into the end of the ditch where there is a gradual decline instead of an abrupt fall. This probably saved him from a fatal fall.

Progress is being made with the additions to the Canadian Bank of Commerce, and before the work is finished the interior of the building will be changed around just opposite to the present layout. Going in the front door customers will walk straight down the west side of the building, so that the clerks will be "caged" on the east side. This will eliminate the present turn just inside the front entrance.

PAUL BOADWAY, Manager STOUFFVILLE BRANCH

Modern brick residence, 6 rooms for rent. All conveniences. Noah Baker.

The Lennox majority for Vivian in the recent election is 21. The majority has been incorrectly printed in our previous issues.

Dr. S. T. Bodendistel who recently took over the veterinary practise of Dr. John Storey, has been appointed official veterinarian for this district. This qualifies him to issue health certificates for export cattle and sheep to the United States.

George Baker the real estate man has sold the summer cottage at Lake Musselman belonging to Milt. Leavens to Hugh B. Nelson, of Toronto. The property is located near Connor's dance hall, and was recently purchased by Mr. Leavens from Fred Betz.

The sr. branch of the Women's Institute will hold their regular meeting on Wednesday afternoon, August 20th. Meeting to be held in the Town Park, at 2.30 o'clock. Mrs. Graves, District President, will speak on the "Hand-Book." Visitors are cordially invited, and members will please bring their dishes.

There are still other wonderful yields of aslake besides those mentioned in last week's paper. Edgar Steckley reports having threshed for George Hoover of Markham, obtaining a yield of just a fraction over 10 bushels to the acre. This Peaches' Corner farm obtained 34 bushels and 41 pounds of slightly less than 3 1/2 acres.

Prize lists are issued for the Horticultural Society exhibition.

The Canadian National Exhibition opens a week from Friday then comes fall-

Out of the list of successful students mentioned in this issue from Stouffville Continuation School the following four completed their junior matriculation, which is the highest standing they can obtain in this school: Misses Janet Button, Zaida Barker, Elsie Lonsborough, Edna Foskett (Goodwood), and Lloyd Wagg.

At the Auditorium Theatre, on Friday and Saturday, August 29 and 30, see "The Man Who Laughs." A picture story from the immortal novel by Victor Hugo. Starring Conrad Veidt and Mary Philbin. A big special at the regular prices. Watch for further announcements of this picture, composed by the man who wrote "The Hunchback of Notre Dame," and "Les Miserables"

Running into the blacksmith shop near her home in her barefeet, little Phyllis Anderson, daughter of Mr. and Mrs. Ira Anderson, stepped on a red hot piece of iron that had just been cast onto the floor by a workman. Seeing the child's impending danger as she rushed forward the blacksmith endeavored to stop the youngster but was too late to prevent the accident. The child's foot received a nasty burn, but nothing of a serious nature, although very painful.

Stouffville section is coming in for a full share of road work this summer. Both in town and at the outskirts extensive work is underway, which when completed will leave nothing to be desired in giving us fine roads all about the district where main travel runs. From Ringwood two and a half miles north the grading and draining is completed, and the south half gravelled, so that this work will likely be finished early. The work here is under contract to The Jupp Construction Co. It has gone along fast as there has been no heavy fill or other work which usually takes so much time. The Road is very good to travel on at the present time. Over on the 10th concession work on the big fill at Lincolnville is still under way. The engineer has decided to further cut down the south hill in order to widen the roadway at the bottom and eliminate any danger of the sides going out. When this is completed and the hills gravelled, the last really bad road in this section will have gone. Right in town there will be big inconvenience for some time until the new road is completed this fall.

Annual deficits on this section of the line according to the record of the Railway Board amount to between \$30,000 and \$40,000 annually. That the cost of operating figured at 55c per mile was too high, and that it was now costing Richmond

Newmarket 50 per cent. Aurora 37 per cent. King 4 per cent. Whitechurch 4 per cent. Markham 2 1-2 per cent. Vaughan 2 1-2 per cent.

Debitants to cover the purchase price over a period of 15 years would mean practically 12 mills in Newmarket.

QUALITY SERVICE

# D. L. & W. SCRANTON COAL

The first of September is sneaking up on all of us. With it the end of Summer Prices.

It's more to your advantage to buy your coal now. Send your Pullets to the laying pens sturdy, virorous and fully mature by feeding FUL-O-PEP

GROWING MASH. TWO CARS FERTILIZER to arrive Next Week. Leave your order now.

# Stiver Bros.

WHITCHURCH SHARE OF RADIAL PLACED AT FOUR PER CENT OF TOTAL COST

Would be Borne by Ratepayers on Yonge Street to Second Concession.

The purchase of the Metropolitan line from Richmond Hill would cost Newmarket \$30,000. This is half of the entire cost of the Radial price. At the special session of Newmarket council last week various facts and figures were presented by the T.T.C. Commission as to cost of operation, annual deficits, etc. The price of \$160,000 includes track, line, poles, wiring sub station at Bond Lake, property at Newmarket and Aurora. It does not include cars. The different percentage to be paid by the municipalities involved would be:

Newmarket 50 per cent. Aurora 37 per cent. King 4 per cent. Whitechurch 4 per cent. Markham 2 1-2 per cent. Vaughan 2 1-2 per cent.

Debitants to cover the purchase price over a period of 15 years would mean practically 12 mills in Newmarket.

Annual deficits on this section of the line according to the record of the Railway Board amount to between \$30,000 and \$40,000 annually. That the cost of operating figured at 55c per mile was too high, and that it was now costing Richmond

# Let's Have a Look at Your Car

You've no idea what a world of worry you can be saved by having your motor and chassis thoroughly overhanded before you do some real damage to it. We will catch trouble before it catches you! Prompt service... thorough work... by experienced mechanics only. Very reasonable costs.

SWIFT'S GARAGE Auto Repairs

# DOES THE NAME MATTER?

MUCH EFFORT is expended and a great deal of money spent in naming products; in having a name that when mentioned immediately brings to mind one certain brand of a certain product—a name that sells. But if the product itself is inferior, if it is not what the name promises, then it might as well have remained nameless.

All of which brings us to car-service and our slogan—"Where Courtesy is a Habit"—We wish to have Stouffville and district folk think simultaneously of the Car Service and Ringwood Service Station; the place where car work is done not only more efficiently, but courteously—with a smile. The "name" in this case does not camouflage. Put us to the test—once. We know you'll come back.

# Ringwood Garage

F. H. NICELY Proprietor Hudson and Essex Sales and Service Phone 16701, Ringwood WHERE COURTESY IS A HABIT

# FORDSON TRACTOR DEMONSTRATION

We will hold a Fordson Tractor Demonstration, Plowing with a 3 Furrow Plow, and Tandem Disc Harrowing, on the farm of MR. JOHN DAVIS, first farm west of

# STOUFFVILLE ON FRIDAY, AUGUST 15TH, 1930

Everybody come, all welcome, and see the wonderful power and performance of the New Improved Fordson Tractor 15-30 Horse Power. Remember that other makes of 15-30 H. P. Tractors cost \$500.00 more than the New Fordson Tractor.

A similar demonstration will be held at Claremont on Friday, August 22nd, 1930. ON THE WOODWARD FARM, Lot 18, Con. 8, Pickering

D. F. HOLDEN FORD DEALER, STOUFFVILLE, PHONE 184
