WEED INSPECTOR REPORTS ON CONDITIONS IN YORK

Mr. A. R. G. Smith of New Hamburg, Waterloo County, District Inspector of Western Ontario, called at the office of Mr. Ralph White of Newmarket on Wednesday and reported on the conditions of the townships in York County.

Mr. Smith referred to the efficient work done in the Townships of Georgina, North York, Markham and Whitechurch. He regretted that in some instances the councils had used poor judgment in appointing inspectors.

A Weed Inspector should know the municipality and not wait for complaints. Weeds should be cut earlier to keep them from blooming. Many plants will mature their seeds if the plant is cut when in bloom, and not destroyed. The weed menace in York County can be reduced by the efficiency of the Weed Inspectors. There are many evidences in some townships to show that the Weed Inspectors have not been around at all. The weed menace is a serious one but public opinion is behind the Ontario Weed Control Act. There is a noticeable increase in the summer following after harvest cultivation this year.

The Weed Inspectors in Western Ontario have developed a great interest in the improvement of cemeteries in rural districts in Western Ontario. Many of these are now in very good condition.

GOODBYE TO ALGEBRA AND GEOMETRY

Vancouver Sun
Within a short time, it is predicted, algebra and geometry will vanish from school courses—and good riddance!

In California, the two subjects are long will not be required for entrance to state universities—and children will have more time to devote to real knowledge.

Algebra, Euclid and such technical things merely remain in school curricula because, traditionally, they are part of the martyrdom through which children must go. To 999 children out of 1,000 they are absolutely useless; they deaden the desire for knowledge; they are in most cases never used after the child is graduated.

If the child adopts a profession calling for the use of algebra and Euclid, he should learn them, just as he learns engineering or chemical analysis. But making them part of a general course is ridiculous.

PRIZE WINNERS AT THE FLOWER SHOW

Beautiful Setting for 7th Annual Display

Stouffville Horticultural Society has added one more success to its list with this year's exhibition held last Thursday. With the arena dressed up in the best of style, under the supervision of Mr. George Saunders, the stands well filled with beautiful exhibits, it was a setting worthy of the 100 per cent attendance of local residents. It was only to be expected that the prolonged drought would be reflected in both the quantity and quality of the exhibits. After all allowance was made for the climatic condition, our local gardeners came across with exhibits that were a distinct credit to the members of the society.

As usual the most striking feature of the exhibition was the gladioli display and by a reference to the prize list it will be seen that Councillor Ward repeated his success of the previous week at Niagara Falls.

Some choice vegetables were also on display and those who visited the exhibition were more than satisfied with the effort of the society to continue its work of making Stouffville a beauty spot in the province.

Mr. H. J. Moore of Toronto, acted as judge of exhibits, and gave an instructive talk on "Hints to Exhibitors."

Director F. L. Button acted as chairman during the evening, and the Stouffville Band rendered suitable music. The ladies served luncheon, and their efforts to augment the funds of the society in this manner proved very successful.

The prize winners, were announced as follows:—

Cut Flowers

Ageratum—Eva Hoover; Aster White—Mrs. Rexlin, Anne Lehman, Mrs. Taun; Aster Pink—Anne Lehman, Mrs. Grubin, Mr. Ward; Asters Mauve—Mrs. H. Sanders, Mrs. Nolan; Aster Red—Mrs. J. W. Taun, Mrs. A. An Essential of Modern Life

BANKING SERVICE is one of the essentials of modern life. It assists in the production of every article and in the transportation of every commodity. Without it, distribution would be impossible. Yet Banking functions so smoothly that we are scarcely aware of our dependence upon it. By taking BANKING SERVICE for granted we pay our greatest tribute to its efficiency. Each year an increasing number of depositors and clients affords evidence of the character of SERVICE offered by the Bank of Commerce of Canada.
