

LOCAL HAPPENINGS

No issue of The Tribune next week

See the big 10c, 15c and 25c sale at Dominion Stores this week.

A comfortable home for boarders at reasonable rates. Mrs. LaGeer, south street, east end, Stouffville.

The 28 head of milk cows sold by public auction for Frank Timbers last Saturday realized \$3045 or an average of over \$108.

The monthly meeting of the Junior Women's Institute will be held on Wednesday, Sept. 10th, at 2.30 p.m. This will take the form of a hike and corn roast and will be held at Mrs. Clifford Lemon's, Bloomington.

As an evidence of the big slump in the cut flower market we cite the case of a local grower who sent 525 blooms to Toronto one day last week when he got his returns he had just 27c profit for his work as grower after paying express charges and other incidental expenses.

A raid by an east end dog on a rabbitry last week resulted in a record kill of Chinchillas, some dozen of that breed being the victims. The owner of the dog acknowledges her responsibility. After a slaughter of chickens a few weeks ago and this fresh raid it may soon be necessary to add fowl and rabbits to the list that secure compensation for sheep that may be killed.

Private Sale of the following furniture at the residence of Mrs. Boynton, on Friday, Sept. 5th, all day. —Music Cabinet, Dining room suite, Oak Bedroom Suite, three pieces also Springs and Mattress almost new, Hall hat rack with seat and mirror, a number of upholstered chairs, Kitchen table, Living room table, Kitchen Lounge, China Toilet Set, seven pieces; Set Smoothing Irons, Wilton Rug size 3 yds by 3 1/2 yds, and a number of sealers.

SEE THE BIG 10c, 15c and 25c sale at Dominion Stores this week.

Farmers are working on their fall wheat land, while a number have their grain sown. David Pugh, John Spence, Ezra Clubine finished last week.

Next Saturday will be circus day in town, but if any parade is held it will have to take place between Stouffville and Ringwood, as the Main street is blocked to all traffic with the laying of the new roadway.

Lawrence O'Neil of Pefferlaw sustained a broken back when his head struck bottom while diving in Lake Simcoe last week. He was rushed to the hospital and his condition is said to be so favorable that he is likely to survive.

The first fall meeting of the Women's Missionary Society of the United Church, will be held in the basement of the church on Thursday afternoon, Sept. 11 at 3 p.m. when Mrs. G. S. Vernon of Uxbridge, will be the speaker.

Notices have been issued for an autumn lawn bowling tournament to be held on the local greens on Wednesday, Sept. 10th, commencing at one o'clock standard time. Arrangements will be made to serve meals on the grounds if possible.

As a salesman Delbert Holden will take some beating. Despite the talk of hard times, and a dropping off in business, the local Ford agent sold no less than 106 new cars to date this year, also 111 second hand cars. Any man that can go out and put through 217 automobile sales in a season like this ought to have Sir Henry Thornton's job to retire on.

Sixty-four head of cattle and fourteen horses were sold by auction last Friday east of Clarendon for Wm. Hopkins and J. A. Hawtin, by F. W. Silversides. The cattle were mostly stockers and feeders and brought very good prices. The best horse sold for \$145, while a broncho colt was dropped off at \$45.

Mr. and Mrs. Robt Leslie and little daughter from Edmonton have rented the Boynton residence on Main street west and will move in at once. Mrs. Boynton is making her home with Mr. and Mrs. Mervyn Watts who recently built a new house south of the Boynton property. Mr. Leslie is the new manager of the Shaw store.

Victory oats, an American seed, and Banner oats as well, both gave a yield of over 50 bushels to the acre on the farm of Mr. Ernest Ratcliff who has just threshed. While wheat and oats are reported generally as a good yield in this section, barley has not been up to the standard, the dry hot weather having ripened it too soon.

The severe electrical storm which passed over Stouffville shortly after one o'clock on Tuesday noon, appears to have done little damage, although the heavy flashes of lightning filled the air with a sulphur odor. Right after the storm Mr. T. Birkett, insurance agent received notification from outside points where policy holders had suffered slight damage. The home of George Moles at Chalk Lake was struck, but not fired, while Wm. Harbron of Balsam lost a cow by lightning. Loss in both cases covered by insurance.

If you are sixteen years of age or over and would like to learn gliding or motorless flying then write to Earl Grubin box 143, Stouffville, or see him personally. Gliding is the safest, cheapest and most interesting method of flying, for the average individual who has no intention of entering commercial aviation. It also gives a good practical basic training for those who will later on pilot powered aircraft. About twenty members will be necessary to form a local soaring club. Gliding can be carried on in all seasons and provides just as much sport in winter as in summer.

The old willow patch in the east end was a familiar place to many former residents. For years it supplied the willow cane for basket making, but the art has either passed away or the demand for willow cane articles has ceased, for the past few years the cane could not be sold at any price. For this reason the owner of the property, Mr. Nelson E. Byer, has just finished uprooting the willows, and reclaiming the land for more profitable business than that of growing cane. A high powered tractor was secured after the willows were all cut, and by the aid of other implements the ground has been thoroughly tilled, and presents a rich piece of soil that will be ideal for vegetable growing. Mr. Byer has done a good piece of work in reclaiming this acreage which improves that section of the town a great deal. As it lies next to the well tilled lands of Percy Brillinger it is becoming a choice section, save for the unsightly appearance of the ditches on both sides of the road. With these market gardeners tilling their lands so carefully it is not fair that weeds should be allowed to accumulate on the roadside along their premises as they are doing on Stouffer street while the enterprising citizens are striving to kill them.

Purse found with small sum of money. Earl Grubin.

Street Dance at Uxbridge, Sept. 9th. Billy Hole's Live Wires.

The first instalment of village taxes for 1930 was due on Tuesday.

Whitchurch Council meets on Saturday of this week for general business.

Lost—spare tire and rim in Markham Twp. Finder please notify James Lenaghan, phone 2120, Stouffville.

Lost—roll of bills amounting to \$20.00, between Canadian Bank of Commerce and railway. Reward. Finder kindly communicate with Jean Collard.

Our east end flower and poultry fancier, Councilor A. J. Ward has again put Stouffville on the map at the C. N. E. with wins in hatching egg, Jersey Black Giants, gladioli, garden turnips. The very dry season was not conducive to the hen production but he got there all the same.

Miss Lena Sanders is in Chicago where she is taking a course in voice culture and impersonation. Her mother, Mrs. W. B. Sanders and father Mr. M. Flint who have been staying at Jackson's Point intend to leave for their home in Los Angeles on Sept. 17th. Mrs. Sanders spent the weekend in town as the guest of Mrs. Frank Baker.

Miss Isobel Greig of Clarendon is teacher at the Altona school this year. Miss Greig has had previous experience having taught last year at Havelock. The salary is \$1000, and David Crosier is secretary of the trustee board. A change has also been made at the Mongolia school where Miss Wideman of Collingwood has been engaged, according to information received from the secretary R. W. Winn.

Murray Nendick has been granted his certificate to High School. Murray wrote the recent entrance examinations, but was eight marks short of a pass on one subject although he had sufficient marks on the total to meet requirements. His case was appealed and the appeal has been sustained with Murray receiving his certificate this week. This gives Principal Watson a 100 per cent pass list again this year. Fourteen pupils wrote and all got through.

An interesting item on the program at the Horticultural exhibition last Thursday evening in the arena was the children's parade that included representative floral and vegetable costumes: 1st prize for vegetable costume, Roy Stover (corn 2nd, Irwin Borinsky (pumpkin) Class under six; flower costume: Elinore Goudie (sweet pea); Cleo Lee (daisy); Class 6-12, Edith Grubin (pansy); Edith Borinsky (black-eyed Susan).

The petition for a wider pavement through the east end of Stouffville having been found to be properly signed, the municipal council at a special meeting held on Thursday evening last week, passed the necessary resolution to authorize the change in the contract. Fifty-three persons signed the petition while 22 other property owners were not on it. The signatures represented over two thirds of the persons entitled to sign and also one-half the total assessment of the property directly affected by the work. The increased cost of the wider pavement from the public library to the 10th concession will be \$6,000, requiring a frontage tax of 1 1/2 cents, and two-third mill increase on all the rateable property in the municipality.

QUALITY SERVICE.

R. E. CURTIS
THE MEN'S STORE

Why

We Sell Only GOODYEARS

It is true that all tires are not alike. And it's obvious that all tires are not the same value. That's why we sell Goodyears only.

We've watched Goodyear Tires in use for a good many years. We're satisfied that they give longest mileage. We're sold on Supertwist and the All-Weather Tread. And Goodyear gives us a complete line of tires to meet all needs.

It's true we don't make quite as much money per tire. But we sell a lot more tires.

We have your size and type.

Brathwaite's Hardware Stouffville

GREEN RIVER

The first memorial service which was postponed on account of weather conditions will be held on Sept. 7th, at 2.30 p.m. in case of rain service in the Green River church.

There will be a memorial concert at Grey's Hall, Green River, on Friday Sept 12th, to be given by four young men from Brantford Institution for the blind. Refreshments served.
