

LOCAL HAPPENINGS

For sale—Dominion Upright Piano in perfect condition Miss Laura Forsyth.

Last Thursday's market: butter 30 to 32c eggs 30 to 35c chicken 20 to 28c, hens 18 to 20c and ducks 18 to 22 cents a pound.

Hogs in California are eating up the peach crop which cannot be marketed because of over-production. We wonder if those porkers know enough to spit out the stones.

Canvassers for the North York Plowing Match to be held at Vandorf on October 23rd, will meet this Thursday night at The Tribune office to make out the prize list shortly to be issued.

A small advertisement in The Tribune which cost the farmer only 35c sold two cows a week ago for Jos. Kirk of the 8th concession of Markham. One animal went to a buyer down in Scarborough at \$150 cash, while the other was sold nearer home. The local press has a wide circulation.

Remember its the people who build up your town that get all the criticism. One who does nothing goes unnoticed. A more charitable spirit ought to be shown toward those who are doing your public work without recompense for their labor, excepting the "thank you" you care care to hand out.

Billy Hole and His Live Wires will play for the Barn Dance at Uxbridge Arena October 7th. Bring the girl.

Constable Pugh has been called on several nights during the past two weeks to give protection to a farmer living south of Stouffville who is fearful of chicken thieves or other marauders. So far no arrests have been made, as the constable has not been able to detect any traces of thieves in the neighborhood.

Probably due to the very cold weather for this season of year, the number of outside rinks which came to Stouffville on Monday for the Irish Trebles at the bowling greens was not so large as expected. 36 rinks competed however, and the winners were in order named: Toronto, Uxbridge, Toronto and Markham.

While blasting operations were going on one day last week removing the heavy cement culvert at the entrance to the Brier Bush property in the east end, some windows of Councilor Ward's residence were broken by the explosion, while the soot tumbled down the fireplace in another residence farther away as a result of one heavy explosion. The new road in town is providing a lively time for our councillors, but it's thunder hasn't shattered any glass until this occurrence.

North York Plowing Match at Vandorf on October 23rd.

Small brown purse found containing some silver. Owner apply at Tribune office.

The municipal council will meet on Monday night next for the regular October meeting.

The proprietor of the Snowwhite Dairy, Mr. Harry Sawyer, has been off duty for some time through illness.

Stouffville will act as host to its customers and friends on Thursday evening next week. It will be like a home-coming, as the roads have been tied up so long that many familiar faces have been missing from our streets.

Farmers don't overlook the sale of milk cows and young cattle to be held today (Thursday) at the Stouffville stock yards. Holstein, Ayrshire and Durham cows from well selected herds will be sold on five months credit.

Mr. Isaac Pike who has again been placed on this circuit of the Memorial Church as local helper, will preach in the Stouffville church on Sunday evening while the pastor is at Altona. Mr. Pike will be welcomed back on the local field by his many friends.

Mr. Noah Stouffer returned from Haliburton county on Sunday where he had spent the past six weeks in search of better health. He expects to return for further treatment in the north country next week.

The Stouffville Choral Society will commence rehearsals for this season's concert on Thursday evening the 16th. All former members of the chorus and also all others who are interested in good music are requested to be on hand for the first rehearsal. Mr. Fletcher, the conductor, has gathered a fine collection of musical works and the Society is anticipating a very profitable season.

The Stouffville Choral Society and United Church choir held a joint social evening on Friday night last at the home of Mr. and Mrs. John Turner. Refreshments were served, and the members took the opportunity to present Mrs. Harold Lewis (Ivy Saunders) with a miscellaneous shower. Mrs. Mather moved a vote of thanks to Mr. and Mrs. Turner for the use of their home which was unanimously supported.

Mrs. David Nighswander met with an unfortunate accident on her farm at Altona just a few days ago. She was at the barn, when she slipped on the cement floor sustaining a dislocated left arm. Mrs. Nighswander was standing at the door allowing a cow to pass in when in some manner she lost her balance. It was necessary for her to take an anesthetic to have the arm pulled into place.

Mr. Ab. Goldsmith, the six-footer who is engaged as one of the foremen on the road construction work in town, and who at present drives one of the steam rollers, was off duty on Saturday owing to his wife undergoing an operation in the Toronto General Hospital. Mrs. Goldsmith suffered a fractured hip last spring, and after all these months with it in a cast, a further operation was found necessary when the cast was removed.

Mr. John Yake, one of the oldest subscribers to this paper, and who called at the Tribune sanctum on Saturday night, says he still feels quite fit although nearing his 80th birthday. Up to last summer he was always able to bag a goodly number of ground hogs with the gun or rifle, but due to a cataract on one eye he now has to forgo this sport. Shocking up heavy sheaves, he says, tires his back, but that complaint is heard (and felt) from men 50 years his junior.

The farm stock sale held by Mr. Vincent Wagg on the old Wagg homestead just north of Stouffville on Thursday of last week was well attended, especially when it is considered that it was a surplus stock sale. Very often this kind of sale does not attract so many people. Milk cows and swine formed the greater part of the auction. Mr. F. Steckley bought the best priced cow for \$130, while Mr. Clark Young paid \$125 for another animal. The eight head offered brought an average price slightly over \$100. Brood sows for \$91, 90 and at \$87.50. Auctioneer Silversides, handled the sale, which never lagged.

To sow seed or not to sow seems to be the debatable question among residents along Main street who are all confronted with the task of growing grass on the new boulevards just completed from one end of the town to the other. John Turner is probably the first to sow grass seed, and from what we can learn John is right in sowing seed at once. Reliable seed men tell us the fall season is the time to sow down these boulevards. It is to be hoped that every citizen will take an interest in the work so that there will be no "eye-sores" a year from now through some property owners neglecting to cultivate their frontage on Main street.

PAUL BOADWAY, MANAGER

See my display of radios at Markham Fair on Friday and Saturday. Gordon Cober.

A new cement sidewalk is being laid in the business section, thereby replacing the old brick walk which has served for over 30 years.

The annual Harvest Home Festival service will be held in the local Anglican Church, next Sunday at 3 p.m. Unionville choir will render special music.

Owing to the blockade on the road the weekly shipments of livestock have not been going from the local depot of late. Mr. Rae, the shipper, announces however, that shipping will resume next Monday, and he asks that farmers notify him by Saturday of this week of any amount of stock they will bring in.

Patrons of the local Theatre please note the change of date for the mid-week show, next week to Wednesday and Thursday Oct. 8 and 9. A special feature, "Thunder" with Lon Chaney the Man of a Thousand Faces". Our Gang Comedy. Sport-light and review all at the regular prices. S. G. Schmidt, prop.

The 17-year-old lad reported killed when playing around an old well at Coldwater a few days ago was a nephew of Mrs. George Watson of this town. The unfortunate boy with another lad were playing with a stick of dynamite with the result that one was killed outright and the other seriously injured.

The Women's Missionary Society of St. James' Presbyterian church, Stouffville, will hold its annual Thank offering meeting in the church on Wednesday, October 8, at 2.30 p.m.

Mrs. J. G. Inkster, president of Toronto Presbyterian Society who has recently travelled through Palestine and other Eastern lands will address the meeting.

Visitors from all congregations are cordially invited.

On Saturday evening last when the crowd was in town some person stole a tire and rim from the car of G. W. Copen of Cedar Grove. The car was parked at the Auditorium, and although people were all about the place no one seemed to notice the theft taking place. The serial number of the tire is in the hands of the owner, and a reward is offered for information leading to the tire, if sent to S. G. Schmidt proprietor of the theatre.

Owing to the illness of Mr. J. R. Hodgins, meetings of the Park Commission have not been so frequent as would have been the case had he been in his usual health. On Thursday, the 25th, a meeting was held at which all members in town were present and Dr. Ball elected Secy-Treas. for the remainder of year. Accounts for labor and insurance on grand stand were passed for payment. A deputation from the Veterans Association waited on the commission to urge the proper placing of the guns and the committee decided to visit the park on Saturday to determine upon a site for same. After looking over the various suggested sites, on Saturday, the Committee decided to place a platform of cement in the centre of the round bed at the junction of the west outlet alongside the road running south to the arena, the bed to be enlarged and replanted, the carrying out of this scheme was left in the hands of Councillor Rusnell and Dr. D. C. Smith.

A WESTWARD TRIP BY MOTOR CAR

Local Merchant is Enjoying his Long Holiday, and Tells Interesting Story of His Travels

The Tribune is in receipt of an interesting letter from one of our prominent business men, Mr. John W. Ratcliff, who is visiting his daughter at Midnapore, Alberta. A touch of winter has been felt out there when snow fell last week. Mr. Ratcliff left Stouffville on August 1st, travelling by train to Sudbury where he joined Mr. and Mrs. George Storey who have since returned after an extended motor trip as far as Calgary. Mr. Ratcliff writes from Alberta as follows:

"We travelled from Sudbury to the Soo by motor where we crossed into northern Michigan and Wisconsin, on to northern Minnesota and Dakota, then into Manitoba. Leaving Winnipeg we took the "Across Canada Highway" again, passed through Saskatchewan and southern Alberta to Calgary. This highway is of fine gravel and very smooth, a beautiful road except in one or two sections where the government is straightening curves and making some repairs, and it passes through most all the principal towns and cities in the provinces. It is supplied with numerous tourist camps where there is good water also kitchens with large stoves, wood, and all other comforts necessary, all free to tourists.

Crops in the different states mentioned looked fine. Crops in Manitoba good, but much of Saskatchewan looked very poor, while Alberta crops are much above the average. In this section wheat has turned out as much as fifty-nine bushels to the acre and oats as high as eighty-five bushels per acre. After resting for a few days we took a five hundred mile drive into the mountains, first stopping at Banff, then Lake Louise and on to Moraine Lakes. Lake Louise with its magnificent C. P. R. Hotel and beautiful-baths and Moraine Lake with its seven beautiful mountain peaks, can never be forgotten. After passing many other beauty spots, we reached the Great Divide where the waters from the north divide, part flowing into Alberta and part into B. C. which means part into the Pacific Ocean and the other part to the Atlantic. Here we crossed into B. C., following the course of the C. P. R. over roads that are beautifully smooth, but in many places only wide enough for one car to drive, and so high up on the mountain side that a freight travelling below looks almost like a string of matchboxes moving along. We followed the course of Kicking Horse River and soon began to descend into the Yo Ho valley and the town of Field, then through Yo Ho National park to Golden, from which place we followed the Columbia river, passing Sinclair Canyon, and passing through the beautiful natural gateway to Radium hot springs. There we saw 200 feet above us, the C.P.R. Hotel surrounded by numerous bungalows furnished with running water, lovely beds and bedding, to rent single or double at \$2.00 for each bed. On the lower road which widens out to about 80 or 90 feet are Ice Cream parlors and another hotel, and just outside the passageway for cars, where your registration is required before crossing into Alberta again.

You see a beautiful large bath supplied with very hot water flowing out of the mountain side. There are many dressing rooms for gentlemen and ladies. A couple of hundred yards further on a little lower down is a splendid tourist camping ground supplied with large stoves, wood ready for firing, beautiful water, and all other equipment necessary for comfort. After a stay here over night, we journeyed along the Kootenay river through Kootenay National park, passing beautiful marble canyon and other lovely sights we would like to mention. We begin to climb again, and next reach Castle Mountain where we took the trail again to Banff and home 55 miles to Calgary. These mountain roads are not made for nervous, reckless, or drunk drivers for on some of the sharp turns you may hear some of the coarser gravel stones rattling down for a 1 1/2 miles, if not stopped by large ones on the way. This is a trip ever to be remembered."

The Highway Traffic Amendment Act 1930

Safety Responsibility Law

OF ONTARIO
Effective September 1st.

MOTORISTS!

THE NEW LAW MAKES NECESSARY

- Safe, Sane Driving
- Insurance, or ability to pay for damage.

Every motorist should familiarize himself with the details of the new law at once. In its general principles it insists that the mortist who causes damage must be able to pay, either personally or through insurance, or be barred from the road. Also, this same suspension of license may be applied to motorists who are offenders in regard to those rules designed to safeguard person and property on the highway.

And such suspension of driving license through fault of driving, or failure to pay applies to all cars owned by the offender.

And, through reciprocal arrangements, this law applies to Ontario motorists when in other provinces or in the U. S. A. and to visiting motorists in Ontario.

Get a pamphlet containing a summary of this law. The great body of motorists will undoubtedly approve of its conditions.

It is only necessary to DRIVE SANELY — BE ABLE TO PAY
Pamphlets explaining the conditions of the new law can be procured without charge from
