MOUNT ALBERT

One of the best Congregational meetings in the history of the local church was held this month. The W. A. had arranged for a real family supper and the family was there—to share in both the bountiful repast and the fine fellowship. Immediately after supper, Mr. Roy Stewart led in the singing of several good hymns, and some people who were known to have sung before astonished themselves. Rev. H. O. Hutcheson was elected chairman, and Mr. W. T. Lloyd, Secretary, of the Annual Meeting. The minutes of last year's meeting primed everyone for the necessary business, and reports were presented in rapid succession by officers of every department of church life. Mr. George Hammer, present with Mrs. Hammett, as representative of the sister congregation of Hartman, and speaking for the Parsonage Trustee Board, reported the mortgage on the new parsonage reduced during the year from \$1445 to \$875. The Session report revealed the fact that seven members had died in 1930, and that membership had been further reduced by correction of the roll, and by removals to other places to the extent of fourteen names. Seven new members were received on profession of faith, and one by letter. The present resident membership stands at 253. Mr. Jas. Arnold, Church Treasurer, reported all expenses met, a deficit of \$118.45 from the previous year cleared away a balance on hand of \$50.95 and an income for current expense account totalling over twenty-six hundred dollars. The Missionary and Maintenance Fund Treasurer, Mr. Wm. Campbell, reported our allocation of \$1500, including \$300 from Hartman, raised in full, and slightly exceeded. The Sunday School report indicated an average attendance of 101, as well as 33 studying at home, and 58 on the Cradle Roll, with finances in excellent shape. The Women's Association raised over \$300 and the Women's Missionary Society and Mission Band sent for missions \$575, over and above the participation of members in the M. & M. Fund. The Y.P.S., with 75 pledged members, had a budget of \$230.00 of which \$100 was for missions, and the choir had a fine year, completing payment of \$150 on the organ-blower. Following the adoption of the M. & M. and Local Budgets for 1931, the election of Stewards for a three year term returned Roy Stewart, George Walker James Thompson and Robert Harrison. Rev. H. O. Hutcheson, Byron Stiver and Edmund Wagg were appointed a committee to secure copies of the new Hymnary for the congregation. Lyman Person and Ryerson Humphrey were appointed auditors, and the retiring ones were heartily thanked. After adjournment of the business meeting all present sang from the heart, "Praise God from all blessings flow," and the minister pronounced the benediction: The Mount Albert and Hartman congregation placed over \$250 on the plate in the special envelopes last Sunday, to be sent forward as an extra gift in view of the emergency conditions in our mission work.

The Farmers Information

(From Dept of Agriculture)

Many purchasers of dairy cattle are beginning to realize that a dairy cow is worth what she is able to produce on her investment, after taking care of necessary expenses. More and more the discriminating cow buyers are looking for animals with records, and the enterprising dairyman who is far-sighted enough to see this trend can well jump at the chance of having his cows tested and their relative profits determined.

(Tire Drainage)

The Drainage Department, O.A.C. supplies a man to survey your farm for tile drainage. Such survey will show you on a blue print a complete system of tile drainage recommended for your farm. It will tell you what depth to dig each drain and the number and various sizes of tiles to purchase. Send in your application to your local departmental representative.

Good Apple Season

With practically the whole of last year's apple crop marketed, it may be assumed, according to P. W. Hodgsets, that Ontario growers have had an excellent season. The bulk of the Ben Davis were disposed of in continental European markets with the exception of a thousand barrels which went to South America. Apple marketing conditions have been restored more or less to normal with the gradual opening up of a new market in Europe and the displacement of Ben Davis with much better varieties. Although the crop has been only fair in quantity, prices have been quite satisfactory. As a result, the general year is regarded with a good deal more enthusiasm than in several years past. With regard to 1931, prospects seem quite good. All fruit trees went into the winter in first class shape and there was no excessive moisture last fall.

Seed-Cleaning Machines

The Ontario and Dominion Departments of Agriculture have reached an agreement whereby they will share the cost of helping farmers at strategic centres to install, maintain and operate power seed-cleaning plants. Assistance is to be given in the form of grants amounting to 50 per cent. of invoice cost of cleaning machines at local stations such grant in no instance to exceed \$500. The grant will be made available to an individual or an organization of farmers interested in seed-cleaning machinery, and provided it is shown there is a need for such equipment in the district from which the application comes. Each application must be accompanied by a petition signed by 25 farmers stating that there is a need in the district for such cleaning machinery. Owners of plants receiving Government grants will be asked to sign a seven-year contract promising seed-cleaning to neighboring farmers at reasonable rates. The plan is calculated to increase farm efficiency and decrease grain production costs. The result of seed drill surveys in Ontario in the last two years shows that more than 30 per cent. of the samples of seed taken from seed

drills was undesirable on account of heavy weed seed content.

Junior Farmer Education

Schools of agriculture and household science in every county in Ontario is the objective and part of the permanent policy of the Department, Hon. Thomas L. Kennedy, Minister of Agriculture, recently stated in announcing that there are 12,000 young men and women attending the winter short course classes. For the first time every county in the province has a short course under the direction of the Department. Part of the federal grant which is coming to the Ontario Department will be used to establish permanent county centres. Colonel Kennedy is a strong believer in agricultural education for the junior farmer, a work that is still only in its infancy.

Boosting Ontario Products

The success achieved by Ontario Week demonstrates the possibilities that lie behind a well-organized and ably-directed campaign for the sale of home grown farm products. The union growers started out with the idea of bettering their position by their own efforts and have found that such a worthwhile enterprise gains friends and supporters as it proceeds. Plans are now under way for promoting the consumption of home-grown carrots and cabbage. The net result of these efforts must be to reduce the amount of foreign-grown produce sold on Canadian markets. The Department is endeavoring to play an important part in this work by means of its daily noon broadcasts over Station CKGW, Toronto, which are eagerly listened to by thousands of Ontario families.

Rations For Cattle

The committee on rations for Ontario, which has made a careful study of the subject, recommends the following rations for dairy cattle: For every 100 lbs. live wt., 1 lb. alfalfa hay or red clover, 2 lbs. silage, 2 lbs. roots, with the following concentrates, 200 lbs. oats, 200 lbs. bran, 100 lbs. barley, 50 lbs. cotton seed, 50 lbs. oil cake, or as alternative concentrates, 200 lbs. oats, 100 lbs. bran, 100 lbs. gluten feed, 25 lbs. oil cake. When lower grades of hay are used, the recommendations are: For every 100 lbs. live weight, 1 lb. lower grades of hay, 2 lbs. silage, 2 lbs. roots, and the following concentrates: 200 lbs. oats, 200 lbs. bran, 100 lbs. barley, 100 lbs. oil cake, 100 lbs. cotton seed. Alternative concentrates are as follows: (1) 200 lbs. oats, 100 lbs. bran, 100 lbs. gluten feed, 50 lbs. oil cake, 50 lbs. cotton seed; (2) 100 lbs. oats, 100 lbs. barley, 100 lbs. bran, 100 lbs. oil cake, 50 lbs. cotton seed; (3) 200 lbs. oats, 100 lbs. bran, 100 lbs. barley, 200 lbs. oil cake. Where roots are not available, increase silage to 3 lbs. per 100 lbs. live weight and use same grain ration as above. Where silage is not available increase roots to 4 lbs. per 100 lbs. live weight and use same grain ration as above. The rations recommended where no silage or roots are available will appear in this column next week.

Local Hockey League

Locust Hill and Claremont play finals Wednesday, Feb. 4th, Friday February 6th, and if necessary for the third game Monday February 9. Best two games out of three for the prize. The teams are very evenly matched and play a good hard checking game. Fans will get their moneys worth. Come and watch them do their stuff.

Persistent rumours have it that Col. Herb. Lennox, M.P., is slated for a Senatorship, while Dr. Lockhart of King City, President of the N. Y. C. Association is talked of as Conservative Standard Bearer.

MRS. BERTHA IRWIN

On Monday evening, December 29th at 6.30 o'clock occurred the death of Mrs. Bertha A. Irwin at Warsaw, N.Y. Mrs. Irwin had been in poor health for a year past but not seriously ill until three weeks previous to her death, which was due to heart trouble.

Mrs. Irwin was born in Markham, Ontario, Canada on August 12th, 1868 and was the daughter of Henry and Esther Robson of Mt. Joy. On December 28, 1886 she was married to Joseph A. Irwin, who died on December 22nd, 1924. Mr. and Mrs. Irwin went to the United States about 30 years ago, living for many years in the farming country adjacent to Warsaw.

The deceased was a member of the Warsaw M. E. church, the M. E. Ladies Aid society and the W. T.C.U., taking an active part in the work of these organizations in spite of her many home duties. She was a faithful and devoted wife and mother.

Surviving are the following children (Rev.) Mrs. Lester Guler of Wilkes Barre, Pa., Wesley J. of Cananda, Ernest M. of Perry, Jesse A. and Ralph E. of Silver Springs, Mrs. Harold Cammarata of Buffalo, Francis H., Joseph D., William R., Albert H., and Mabel Irwin, all of Warsaw; and 12 grandchildren.

Also surviving are four sisters: Mrs. Alice Clark, Mrs. Mary Cook well, Mrs. Lewis Ramer and Mrs. Etta Miller, all living in Canada, and one brother, Frank Robson, of Detroit, Mich.

Acetylene Welding

is one of the main branches of our business, and we have the facilities and experience to do you a first-class job.

Experienced men only work on your battery if brought to our garage.

Car Repairing of all Kinds

Bargains in Good Battery Sets

These sets have all been re-conditioned and have Brand New Batteries and Tubes and we give our written, New-Set Guarantee with each one, call & see them. Prices from \$10 to \$60. All Electric sets from \$75 up. Also a farm lighting system for sale cheap.

Do you know that your Local Dealer can supply any Radio at exactly the same price that you can buy them for in Toronto, and give you more for your old radio than you can get for it in the city. WHY?

- 1 Because we haven't got the over-head and heavy operating expenses.
- 2 We can repair and re-sell your old RADIO for more money where in the city it is a thing of the past.
- 3 We live here at your service doing repairing, and we always keep a stock of repairs on hand. When you buy here you have it repaired quicker and cheaper and our service guarantee on every set we sell is a protection worth nearly the price of the Radio.

When the daily papers announce a special bargain price don't be misled and think that the city is the only place you buy it at a certain price. Your local dealers can supply the same article at the same time at the same price. Why? Because the large stores buy their products at the same place that your local dealer does. To prove this I would suggest any person going to buy a RADIO. Select the model you want and get the best price you can get in Toronto, then get your local dealers price and you will be astonished. You will then be convinced you can buy them for in Toronto, and give you more that we can save you dollars.

A Governor General Departs

Full military honors were accorded Viscount Willingdon, on the occasion of his sailing from Saint John, N.B. in the Canadian Pacific liner "Montclare", on relinquishing his post as Governor General of Canada to assume that of Viceroy of India. The pictures show: the vice-regal party on board ship, including Their Excellencies Viscount and Lady Willingdon; Captain G. Fitzgibbon McCombie, of the "Montclare"; Colonel Humphrey Snow, Comptroller of the Household; and Lieutenant D. H. Fuller, A.D.C.; the inspection of the guard of honor, with Captain Streetfield, A.D.C., in the foreground; he had a special berth on the ship; taking the salute in front of the Admiral Beatty Hotel, and one of the gun-crews of the saluting battery on Partridge Island, which fired 19 guns as the liner passed, bearing Their Excellencies to England.
