A. W. Scott

Nothing More Deceiving

What is more deceiving than a loaf of Bread. Its looks do not indicate whether it contains No. 1 or 3 grade flour or whether it has the other nutritious ingredients so necessary to health building.

Our Bread is made of the best flour, pure malt, flakey lard, etc. You can depend on the quality.

THE STOUFFVILLE BAKERY

A. STOVER

Cakes Cookies Squares

Sweeping Reductions on Incubators

To clear our present stock, we are quoting prices so low they will astound you. Call and see the Incubators we have to offer

During January, February and March we close 6.30 every evening, except Saturday.

F. Y. W. Brathwaite

Hardware — Stouffville, Ontario.

Wanted, a maid for general house work, phone 2405

Mr. A. F. Hines will be at the W. H. Shaw Store, Saturday March 25, with a good line of spring coats, suits and dresses. Come and select your need.

Miss Olive Turner is now recovered after a few weeks illness from flu, at the home of her parents Mr. and Mrs. John Turner. Miss Turner will shortly resume her duties as a registered nurse

Rev. Oscar Burkholder accompanied by his brother Clarence were here from Breslau over Friday night on a brief visit to their parents Mr. and Mrs. Aaron Burkholder. The preacher is deeply interested in the strawberry business, as will be seen by his advertisement in this issue offering plants for sale.

The pork market may be in a bad way, but little pigs are as welcome as babies, so we estimate by the readiness of the public to place bids on them at the farm stock sale at Nehemiah Gayman's auction at Almiria last Saturday. A batch of these sucklings were knocked down by Auctioneer Silversides at \$5 each, and the old sow at \$30. Horses at this same sale sold at \$110, \$120, \$125, while milch cows averaged \$70 a head. The implements were not considered high-class and brought usual prices. The total sale amounted to \$1600, of which sixty per cent was paid in cash. This is a very good cash payment on a credit sale in these days of tight money.

Messrs. John Cleaver and Ralph Baker have been acting on jury at the General Sessions in Toronto, concluding their duties on Saturday last. Mr. Cleaver happened to be on the jury which convicted the man who held up the bank at Clinton and College streets in Toronto. Since the jury found him guilty the prisoner made a written confession proving the judgment of the jury was not at fault after a big fight had been made to get the convict off.

Few towns or villages the size of Stouffville have sold their bonds to any better advantage than was done here. However, we see that Port Elgin obtained a price on the sale of \$42,000 twenty year bonds of 4.35% to the village, while Dundalk paid slightly over par to sell their issue of \$76,000. In both instances the issues were sold to bond houses while Stouffville ratepayers took their whole allotment of \$62,000 locally.

The produce arriving on the local market last Thursday was the heaviest since Christmas market. This is partly due to the fact that the week previous there was no market at all owing to the snow blockade, and also to the fact that the mild weather has started the hens laying better. The quantity of eggs on the market proved more than the dealers knew what to do with. Prices on the market for hen fruit was 15 to 18 cents a dozen, a sharp decline, although we understand farmers were getting 19 cents as a top price at the stores. Butter remained at 30 cents for best quality, and chickens sold at 25 to 30c a pound.

Ready-to-wear trousers and spring suitings now showing at F.E. Rae's tailoring shop.

Miss Sadie Evans of Claremont is spending the week with her aunt Miss S. Stewart

Mr. Wm. Ratcliff of the 8th concession of Whitechurch is able to be on the move again, after quite a severe illness.

Special prices on incubators at Brathwaite's Hardware will interest poultry raisers. All machines in stock reduced to absolute cost price.

High School Commencement Exercises in Ratcliff's Hall on Thursday, April 2nd. Oratorical and reading contests, also presentation of diplomas. The public invited. Admission 25c and 15c for students.

Jacob Grove of the 7th concession, Markham, has 500 ducklings out this spring, and is running 13 chick incubators at the present time. This bit of information is not for the benefit of chicken thieves for the Grove place is guarded

A visitor to The Tribune office on Monday from a nearby town declared he could not get a suitable house to rent in town. Indeed there are few of any class vacant, but none whatever with conveniences such as the average person demands today.

Rev. Stuart Woods who resigned the pastorate of a United Church circuit in Markham Township, has received a call to Beamsville Presbyterian church, he having switched back to the old kirk which he left at the time of Union. Mr. Woods was inducted in his new charge last week.

Stiver Bros. the local feed and seed merchants, announce that their place of business will now be open every night of the week excepting of course Sunday. Farmers may feel free to come in the evening just when they can get here, and they no doubt will appreciate the accommodation extended by this local firm.

The Regal Bakeries has been sold to George Weston Limited, according to announcement in the Financial Post. Regal trucks have solicited a share of the business in this territory, but it is said that the firm was not making money which probably led to the amalgamation. G. S. A. Whaley of Toronto, quite well known in Masonic circles, purchased the Regal business two years ago but will now retire in favor of the Weston concern

On the McCormack farm at Vivian thirteen hundred trees are tapped this spring for sap, and it is expected that some fifteen thousand gallons of sap will run, which when boiled down will make in the neighborhood of three hundred gallons of syrup. There is no license required for a farmer to sell his own product from his sugar bush, as he is not classed as a manufacturer or packer for which a license is necessary under the new regulations recently enacted.

Noticing a kindly comment in the Tribune a week or so ago regarding meetings of Faith and Truth Temple Mission, and after having had so many inquiries would just like to say the meetings are continuing at the home of Mrs. S. J. McKuen, Mill street each Sunday afternoon and Friday evening. All members of other denominations who have been in the habit of coming to the meetings for anointing and prayer will be just as welcome as formerly. We stand for the fundamental principles of our Lord and Saviour Jesus Christ who suffered for us at so great a cost for the salvation of souls and healing of the body. Get right with God and he will both save the soul and heal the body. God's promises are many. All requests for prayer should be phoned to 503. S. J. M.

The handsome new spring suit lengths in the finest cloths will interest the men and young men at Rae's tailor shop.

Gasoline has gone down and the price of whiskey has gone up. It is hard to draw any lesson from that because the two should never be mixed.

Public auction sale today (Thursday) on Earl Drewery's farm south of Ringwood.

Markham village Board of Trade has come to life in a real way, and their second meeting was held last week, when several matters pertaining to the advancement of the village were discussed. Among them is the arrangement to put up plenty of sign boards on all roads indicating the direction to Markham and incidentally advertising the place.

There is a public meeting called for the municipal hall on Friday evening this week to settle the matter of the clock tower. If you are interested in the town's opportunity to secure a fine tower clock as a gift be at this meeting and assist the business men in arranging for the cost of the proposed new tower. The whole matter must be settled this week.

Two rinks of local curlers entered the Oshawa Bonspiel last week, one of which brought home the prize in the third event, namely, the Eaton trophy. The winning granite twirlers were H.W. Sanders, (sk.) J. S. Dougherty, M. E. Watts, and C. Pipher. The second rink from here was skipped by Sam Armstrong, and his team mates were Will Armstrong, Christie Armstrong, and Thos Birkett. At one stage of the bonspiel the two Stouffville rinks were drawn against each other. The winning rink floored Lindsay, Port Colborne, and Toronto in the Eaton contest.

Mr. Harry Leadbetter is making slow recovery from his recent accident when the iron grating in front of the Crosby store in Markham village broke down as he stepped on it, resulting in a bad fracture of the skull. On Monday he was still paralyzed on one side as a result of a clot of blood located in the head. It is too early to state what permanent injury, if any, will result from the strange accident, which will probably involve the village in heavy expenses.

Mr. Richard Ward, probably the oldest citizen in Claremont, was stricken with a stroke on Saturday last. He is in his 92nd year, and is an uncle to our Richard of gasoline and automobile fame. The aged citizen of Claremont made a request to see his name-sake only on Friday hence Richard Jr. made the trip over the snow banks and difficult roads in order to gratify the request of the aged man that same day. Strange as it may seem, he was hearing his end at that time, although he made the statement that he never felt better in his life. Next morning he suffered the stroke

The hardware and plumbing store one door west of the Bank of Nova Scotia will again be open for business after being closed for a few months. The present owner Mr. Chas. Cooper of Claremont who bought out Mr. Fletcher Goudie has engaged Mr. Elsworth McGrattan, a highly qualified plumber to handle the business. Mr. McGrattan is thoroughly competent in every department of the plumbing and tin-smithing trade, and will thus be a real acquisition to the shop. It is also announced that the store will be open all the time, and a man will be engaged for this end of the business too, so that customers may have attention every business day of the week. Twenty-five years ago the McGrattan tin shop was a flourishing business in the town of Uxbridge, and Mr. Elsworth McGrattan was the junior member of the firm.

Public meeting Friday night.

6 O'ctive organ, Dominion, cheap for quick sale, Mrs. John Gower.

The date of the O.E.S. euchre announced for April 2nd is changed to Wednesday, April 1st.

One week from tomorrow (April 5th) is Good Friday and the first public holiday of the season. Easter Sunday is 15 days earlier than it was in 1930.

It is estimated that the recent snowstorm will cost Whitechurch Township about \$3000 for opening roads again.

John McKinnon, the east end gardener, and caretaker of the Stouffville cemetery, marked up his 73rd birthday anniversary last Friday, and was surprised to receive a batch of cards and a shower of flowers from old friends.

Residents on Main street who will take the trouble to scrape the pavement in front of their premises will secure some needed fertilizer for their boulevards. In addition to cleaning up the road after the winter season, the new ground left for boulevards will benefit greatly.

Hear Rev. J. Hygema of Ft. Wayne, Indiana, in his special address to The Young Peoples' Society in the M.B.C. Church at North Markham, on this (Thursday) evening March 26th) at 7.45 p.m.

The local Chinese Laundry has been sold by the owners to Ming Cook, a celestial well qualified in the business. Ming Cook took over the business this week, and will call for and deliver washing.

Mrs. C. Perry received a letter last week from Ottawa, stating that her cousins the champions of Ont., and Miss Ruth Robertson single badminton champion of Canada, were given on March 16th a complimentary dinner, by the city of Ottawa to which their parents were invited the father being president of the Rideau Badminton Club.

Reserve the evening of Thursday April 9, for the supper and lecture to be given in the Melville United Church. Supper from 6 p.m. followed by a lecture "The Passion Play" given by Rev. E. Crossley Hunter. See bills.

On Tuesday Almer Fockler rented the Mrs. Raymer farm just south of Ringwood on the 8th concession. The property contains 100 acres and has been worked recently by Orval Drewery who is holding an auction sale on the premises today in conjunction with Mrs. Raymer, the stock being owned jointly. Mr. Drewery in turn has rented the Nathan Gilbert farm north of Ringwood.

Just as soon as the frost is out of the ground Mr. Robt. McKinnon intends to proceed with the construction of a modern new home on Edward street just north of the Stouffville Planning Mills. The building will be 30x36 ft and bungalow style in stucco finish. From the architect's plan the dwelling will be thoroughly modern in every detail of appearance and equipment. Hot water heating will be installed, and Mr. McKinnon will occupy the place himself unless he should secure a buyer before it is ready to move in to late next summer. With Mr. Nathan Forsyth getting ready to build on Church street north, and other work under consideration, the present summer may be a prosperous one for the building trade in Stouffville.

The manager of the Strand Theatre, Uxbridge, Ontario has installed the Northern Electric Talking system, and in return requests the patronage of the citizens of Stouffville and suburban towns. Now he endeavours to give you the best making the admission as follows all seats 33c plus 2c tax, excepting on Tuesday and Friday nights, when the admission is 25c and 15c. "Rain or Shine" is an all talking, singing circus picture to be shown on Wednesday, Thursday, Friday, April 1-2-3, also Buck Jones in an all talking action Western Picture on Saturday, Monday, Tuesday. Don't miss these!

Dr. Dan Norman, missionary from Japan, addressed all public services in the United Church on Sunday and Swastika Club on Monday evening. Dr. Norman has a wonderful grasp of the religious and also the economic situation in that eastern country, and his discourses were highly interesting and instructive. The Communist movement is making every effort to overthrow the social and economic life of the Japs just as its hopes to overturn ideals in United States and Canada. Its greatest enemy is the Christian religion. The missionary said they had direct evidence in the east that large sums of money are being spent by the Russian Communist party to spread their propaganda among the yellow race.

Somehow or other tax collectors and trees have ever been associated with each other like ham and eggs, pork and beans, and so on. Away back

QUALITY

SERVICE

There is no Bargain in Seed

The BEST is none too GOOD

The quality of our Seeds is the best For Purity—Our Seeds are all taken from Selected fields

FOR ALFALFA

We have our own grown Genuine Canadian GRIMM ALFALFA. Grown on fields which have been down for a number of years

SALE STILL ON

White Gold-Filled Spectacle Frames

Of The Latest Designs At Less Than Half Price

Although many have taken advantage of my offer of last month I still have a few of the frames that I obtained in a bankrupt stock and the sale of these will continue through April until the supply is exhausted. In addition I have marked down the price of my standard lines of frames both in the white and the new natural gold.

Now is the time to get your eyes examined and get an up to date pair of glasses at a considerable saving.

Ask to see 'the new FUL-VUE' frames in natural gold. Nothing like them have been produced before and they are a constant source of pride to the wearer.

When you come to me for eye service you get first quality material at the lowest possible prices and have the services of the only Bams Gold Medalist and Hermant First Prize winner in the province of Ontario at the present time.

E. A. GRUBIN, R.O.

Optometric Eye Specialist

Offices at: Markham * Stouffville * Uxbridge
Markham Mondays ** Uxbridge Wednesdays

In bible times little Zachaeus climbed a sycamore tree to get a better look and the fact is recorded in the greatest of all books, then a few years ago a tax collector in Uxbridge township owned more trees or bush in that township than any other person in the municipality. Now we have the tax collector of Whitechurch blossoming out as drawing more sweetness from the trees in his township than any other farmer in the community with the exception of one. Last Saturday Mr. Steckley tapped no less than 800 trees for sap and on Monday the run was reported as fair, but it was a little too early to say whether this will be a big year for sap and sugar-ing-off or not. McCormacks at Vivian have the largest number of trees tapped.

DRESS UP FOR EASTER TIME
