CARD OF THANKS—Following the deep and sudden sorrow into which we have been placed, we sincerely thank the kind neighbors and friends who in any way assisted us and for the sympathy shown us at this time. Mr. and Mrs. A. Bartholomew and family

NURSERY STOCK—We offer to our customers for Spring Delivery, a most complete list of Fruit and Ornamental Trees, Shrubbery and Perennials. Order now your requirements through our local representative, Mr. A. S. Collins, Stouffville.

Catalogue on request.
Stone & Wellington,
"The Ponthill Nurseries,"
Toronto.

In Planting Grass—The fine seeds of grasses and legumes require a firm soil that is fine in tith, and moist. They are very small in size and if seeded too deep will produce plants which either lack in vigour when they emerge above the ground, or are completely smothered. The soil should be firm so that the seed will not be buried too deeply and so that moisture will be near the surface to facilitate the germination of the small seeds before the nurse crop becomes sufficiently well established to smother the small seedlings.

SEVENTEEN YEARS COMING FROM TORONTO

Cards Mailed in 1914 Arrive Last Week From Toronto

The above caption may sound a little catchy, but its simple truth dear reader, it actually took a couple of post cards seventeen years to reach Stouffville from their original destination in Toronto. On August 7, 1914, and again on Dec. 20, 1914 a Mr. Kennedy of Toronto mailed a couple of post cards to his wife who at that time was just a bride spending a few days with her mother-in-law, Mrs. Henry Kennedy at Bloomington. Last week the local mail courier for that district, Mr. Herb. Porter carried the two cards bearing the summer news and the Christmas greetings of 1914, and delivered them to Mrs. Kennedy, sr., who will probably lay them by as relics of bygone days, and as a memorial to the speedy postal service we imagine we have in this present day and generation. Where these cards have been during the intervening seventeen years remains a mystery that probably the postal authorities themselves could not solve.

Just imagine, these cards were mailed in Toronto just when the Great War was getting under way, and before women took to knee skirts and bobbed hair, before any of us ever heard a radio program, and before a single pupil nor attending our public school was born. That this long over due bit of mail, should arrive after so many years without recognition by the local press world have been just too bad.

THE PASSION PLAY

There will be no meeting of the Swastika Society on Monday, May 4th, but on Thursday, May 7th, there will be a lecture, illustrated by lantern slides, of the famous "Passion Play" at Oberammergau, given by Rev. E. Crossley Hunter of Carlton Street United church, Toronto. Rev. Mr. Hunter has given this lecture more than forty times this winter and it is a great privilege for us to have him. It is a full two hour lecture and is intensely interesting, especially to the grown-ups. Admission, Adults 25c, Children 15c. Reserve the date and secure a ticket for this wonderful lecture.

GOODWOOD

Mr. J. Nupel and Rev. A. Harden had a motor trip to Parry Sound last week.

The play entitled Cyclone Sally which was given in the Goodwood United church, last Wednesday was well performed. All the artists did their part to kings taste. The evening was so wet it has been decided to repeat the play in the near future.

Goodwood is going to be a place of more importance in the near future as Jno. Rae is about to build an up-to-date garage on the Foskett corner, where he has purchased a lot and a building from I. J. Foskett. It is rumored there will be a lunch room in connection, and maybe a dance hall will be fitted up in the upstairs part, or perhaps Mr. Rae intends getting married and using the upstairs for a dwelling as he promises a 24 hour service, so will necessarily have to be on hand at all times.

RINGWOOD

Mervyn Brownsberger and lady friend were Sunday visitors at Albert Reesor's.

Mrs. Nelson Chapman and Miss Mildred Crox all of Uxbridge spent the weekend at Mrs. J. M. Grove's. After being ill for some time our village smithy A. Pemberton, is again at his forge.

Ed Brownsberger, our local carpenter, along with his assistants are very busy erecting a new aeroplane hangar on Dufferin street, Toronto. The building which is being erected by the Toronto Flying Club will be 90x40.

Floyd Steckley was the guest at Truman Grove's on Sunday.

A large number from Ringwood, Altona, Churchhill, Bloomington and Stouffville attended the very successful 2nd Annual Young Peoples' Congress of the Christian churches, which convened in Newmarket Christian Church last Saturday and Sunday. Miss Lucy Eldridge of Dayton, Ohio; Mrs. Nellie Dearborn of Toronto, Hugh B. Kilgur of the Church of Christ, and F. L. Meadows of Newmarket, brought real inspiration to the enthusiastic group.

FIVE TEAMS IN BASEBALL LEAGUE

Stouffville Club to Present Radio to Lucky Admission Ticket for Opening Game

The Stouffville Baseball Club decided on Tuesday evening to enter a five-league fixture with Uxbridge, Aurora, Newmarket and Sutton, for the coming season, according to the outcome of a meeting held over on Yonge street on that evening. Messrs. W. J. Mather and Chris. Armstrong were the local delegates and report that interest was high and that a big season in baseball is likely to be the outcome. A double schedule is being drafted but is not ready yet for publication. It is expected that the opening game in Stouffville will take place around June 1.

As a means of raising the gate receipts and thereby helping the club to finance, it has been decided by the local club to present a new 7-tube Philco Radio to the holder of the lucky number ticket for this opening match. Tickets will be sold at 25c each and will be on sale shortly. The radio to be presented is a screen grid and sells for \$130.

Markham Debentures

Last week Markham Township Council accepted the tender of C. H. Burgess & Co. of Toronto, for the purchase of \$25,000 worth of debentures at \$102.15, a cost basis of 4.73 to the township.

The money for this issue was spent on replacing bridges and damage done in the big flood two years ago, and since which time the loan has been carried as an overdraft in the bank at a cost of 6% and later at 5 1/2%. The debentures are to be issued in five instalments returning the purchasers 5 1/2% interest. The difference between the bank carrying the issue and the broker at the reduced rate means a saving to the township of \$100 per year.

SIXTH LINE, WHITCHURCH

Lives of farmers all remind us. Honest toil doesn't get a chance. The more we toil we have behind us bigger patches on our pants.

Mr. and Mrs. Lindsay Ferguson are leaving us to reside on the Seventh line. Sorry to lose them.

Mr. and Mrs. John Spence were the guests of their son, Mr. Wm. Spence, of the Seventh, on Sunday last.

Miss Myrtle Woollings and friend Fred Stephenson, of Toronto were guests of Mr. and Mrs. Allan Pike on Sunday.

The Misses Katherine and Edith Johnson spent Sunday under the parental roof.

Mrs. Henry Johnson is absent from among us at present, being engaged at the home of Mr. Elmer Spence of the tenth line, where they have a splendid baby girl. Congratulations Elmer!

Mr. and Mrs. John Gould who were recently engaged with Mr. Jerry Sibley are leaving us to reside on the Seventh line. We understand that Mr. Sibley's son Kirby is filling the position vacated by Mr. Gould.

BETHESDA

Mr. S. P. Foote has purchased a new cultivator. We wonder how the harness fits.

Mrs. Lou Brillinger and Dorothy also Mr. and Mrs. Russel Sproton were in Toronto on Wednesday.

Mr. Chester Cook, of Melville, gave a couple of instrumentals on Tuesday evening which were enjoyed by all present.

Prayer meeting was held at Mr. Joseph Sider's home, on Tuesday evening, by the M.B.C. people, from Dixon Hill. Some from here were present.

Mr. Bert Yake and son have got the old Hup, on the road again, after its long winter confinement, and really it runs good for the shape its in.

Mr. Ralph Allan has sold his milk cow. Most of us would willingly do the same thing: to be relieved of handling milk, but then just how can we?

The reporter and his assistants had a very close call last week while on duty, however we are still alive, and as somebody has said, "all is well that ends well."

Miss Janet Empringham has tea with her friend Miss Bessie Bolander on Sunday. But there we forget, we must not mention certain names.

BIRTHS

Bruels—At Ringwood on April 23, 1931, to Mr. and Mrs. Fank Bruels, a son.

Spence—On con. 10, Whitchurch on April 24, 1931, to Mr. and Mrs. Elmer Spence, a daughter.

Haley—To Mr. and Mrs. P. W. Haley, Stouffville, on April 27, 1931, a daughter.

HIGH HONORS CONFERRED ON DR. L. W. KLINCK

The high standard reached by the University of B. C. in teaching French language and literature has been recognized by conferring a signal honor on President L. S. Klinck, by the government of France. The president of this distinguished university is a native of Victoria Square, and his mother Mrs. Thos. Klinck resides in our town as a highly cherished citizen.

The Vancouver Star produces the following splendid editorial on the appointment which comes to their university head:—"The announcement that the government of France is about to bestow on President Klinck of the University of British Columbia the decoration of Officer de l'Instruction Publique will arouse a sympathetic interest in this province.

It is, the despatches say, because of the distinguished teaching of French in the university and because of Dr. Klinck's signal contribution toward a better understanding between the two countries.

Those of us whose memories are longer will recall the fear in certain quarters when Dr. Klinck was appointed president of the university lest one whose training had been so highly scientific should not devote enough attention to the development of arts.

Yet in little more than ten years we have the most sophisticated nation in the world setting their highest stamp of approval on the teaching of their language in this university and on the work the president has done toward promoting international understanding.

In other words, while the rest of us have talked about better feeling, the quiet gentleman who leads the institution at Point Grey has actually accomplished enough in that direction to merit the attention of the French government.

We congratulate Dr. Klinck on this honor which comes at a time when it must be particularly grateful to him. And it is not too late for the people of this province to express a little of the gratitude they must feel for the leadership which is the controlling force of the University of British Columbia."

Filling Order For 300,000 Plants

The local firm of Muston & Sons have a tremendous sized order for tomato plants under growth totalling some 300,000 plants. The order is placed by the newly organized Claremont Canning Factory, and the plants when ready for putting out of doors, will be distributed to the farmers in the Claremont district who are under contract to the company.

Mr. Jas. Muston inform us that the plants which of course his firm grew from seed, are now at the transplanting stage and give promise of becoming particularly strong healthy plants, that should be of splendid size about the middle of June when ready to put out on the land.

RICHMOND HILL FAIR

Saturday May 23rd

Richmond Hill 32nd annual Spring Fair will be held on Saturday, May 23rd. Increased Live Stock Prizes, monster Softball Tournament, Athletic Events, Midway, and other feature attractions. Send for prize list and further particulars to R. S. Cooper, Secretary Richmond Hill, Ontario.

FORMER CITIZEN IN A CAR ACCIDENT

Holland Landing, April, 26.—A Toronto car figured in a skidding accident here tonight, which resulted in several of the occupants receiving injuries. They were attended by Dr. R. H. Campbell and Dr. J. H. Judge.

The car was driven by Frederick D. Nighswander of 396 Kingston Road, Toronto, and overturned into the ditch. The driver and Mrs. Martha Humphrey of 182 Galley Avenue, Toronto, who was a passenger, both sustained broken collar-bones, while a Miss A. Patterson of Toronto suffered a broken rib. Mrs. Annie Voss of 182 Galley Avenue, Toronto, also in the car, escaped injury but was suffering from shock. They were taken care of by friends at Bradford.

—Globe
Mr. Nighswander is an old Stouffville boy and is still a member of the local Masonic Lodge. His friends here will anxiously await his early recovery.

PERSONAL MENTION

Mrs. Rachel Cliff, of Toronto is visiting her aunt Mrs. Hiram Kester Mr. and Mrs. Archie Milroy of Cedar Grove, were guests at Mr. K. G. Tarr's last week.

Mrs. B. Gary Richardson, (nee Muriel Madill) of Stanoke Va., is spending a couple of weeks with Mr. and Mrs. G. T. Lee.

Miss Violet Layng, Miss Mary and Lillian Draper, Mr. Fred Draper, Edward Davio and Mr. David King, all of Toronto, had tea on Sunday with Mrs. Stewart, still street.

Dr. W. A. Sangster, Miss Edith Sangster, also Mrs. Shaw, Mrs. Grubin, Mrs. Burnett and Mrs. J. Borinsky attended the Ontario Liberal Women's convention held in St. Catharines this week. The party motored from Stouffville on Tuesday, Miss Sangster remaining in St. Catharines throughout the days of the convention.

Mr. Edward and Miss Edris Fockler of Detroit, as well as a large number of old friends and relatives from Toronto and other places were in town on Monday, for the funeral of the baby son of Mr. and Mrs. A. Bartholomew

BUILDING PROGRESS

Work was commenced this week on a new residence being erected by Mr. N. E. Forsyth on north Church street, which makes the third dwelling under construction at the present time. Robt. McKinnon has the foundation built while the excavation is completed and the walls ready to go up on John Madill's. This year promises to be a good one for new buildings in town, and is conclusive evidence that the new road built last year will not dampen our progress in the least, although it might lighten our pocket books.

ALTONA MOTHER DEAD AGED 75 YEARS

The little Dutch Church at Altona proved quite inadequate to hold those who attended the funeral of the late Mrs. Elsie Nighswander on Sunday afternoon last, and an overflow service was held in the Union church nearby. An out-of-door service was impossible owing to the wet weather. In the Dutch Church Messrs. Levi Grove and Abram Smith conducted the service while in the Union Church Messrs. L. W. Hoover and Thos. Reesor were in charge. Interment took place in the old Dutch burying grounds in the church yard.

Born 75 years ago on the ninth concession of Pickering Township, the late Mrs. Hoover was a daughter of Abram Burkholder who came of Pennsylvania stock and whose parents were pioneers in Pickering. After her marriage to Enos Nighswander (who died in 1917) the couple settled on the farm at Altona 46 years ago, where they spent the remainder of their lives, although, but strange to say, both happened to be away from their home when death took them. Mrs. Nighswander died on Friday at the home of her niece Mrs. A. E. Reesor of Markham where she had gone for a visit.

She is survived by two sons David of Altona and Peter on the homestead, and by one brother Aaron Burkholder of Stouffville, and one sister, Mrs. Harvey Quantz near Markham village. Mrs. Noah Weber of Waterloo is a half-sister to the deceased, while three half-brothers also survive, being Rev. L. J. Burkholder of Markham, and Amos and Normap Burkholder of Markham Township.

HEN GETS JOY RIDE

When a Ringwood farmer motored into town on Saturday evening last he noticed the eyes of the populace turned his way, but being a modest man he opined that his car, rather than himself, was making a hit, and so the procession moved on. When he stopped in front of Roy Curtis' store, attention seemed to still focus his way, but when a crowd of young fellows grew so hilarious when he drove up, he started to investigate, and beheld a hen that followed him about like Mary's lamb, plumping itself on top of the car. Although amused at the way old biddy must have hopped on as he moved off, the farm, and her success in keeping the perch on the polished sedan top, yet as he is not particularly set on invoking the smile of the multitude, he vowed that the next big fight would be in the air if he catches this bird pulling off this stunt again. Believing that enough people had enjoyed the sport the paper is earnestly requested to forgo a story here before names are mentioned.

BABY CAUGHT IN BELT IS KILLED

Youngest Child of Mr. and Mrs. A. Bartholomew is Victim.

A shocking accident with fatal results happened on the farm of Mr. Audrey Bartholomew on Saturday last week just at noon hour, when the baby of the family, little Harold, aged 4 years, was flogged to death through coming into contact with a revolving pulley in the saw mill in which his coat evidently got caught in some manner.

The child was rushed to the office of Drs. Free, but passed away two hours later. One arm was severed from the body, the head badly battered in, and the little body otherwise terribly mutilated.

There was no eye witness to the accident, but what actually happened, was all to apparent. The men were engaged in sawing lumber, and the little fellow sat nearby on a seat prepared for him from which he often watched his daddy and the other men sawing. At the time of the accident the men were within 12 feet of the lad but did not see the child who had stepped over to the pulley, which was running at only a slow speed. The first the men were aware the child left his seat was when they heard several heavy thumps which brought them promptly to his aid when they witnessed the body of the little fellow being thrown mercilessly about in the wheel. He was whirled around probably 25 times before the engine could be stopped.

In addition to the left arm being torn from the body at the shoulder, the little fellow was badly lacerated through striking a spike, and coming into contact with the wall each round. The child also sustained a ruptured lung, and although he breathed for two hours he probably suffered very little.

The parents are stricken with grief, and widespread sympathy is felt for them on every hand. The child was never accustomed to going near the machinery but had been taught to keep away. When the men left the scene of their work for the space of a few minutes he was sitting contentedly in the little seat that had been built for him in order that he might watch the operations at a safe distance.

In addition to the father and mother there is left a family of five brothers and sisters also two half brothers and one half sister. The funeral on Monday took place to Stouffville cemetery, from the late home just north of town on the 9th concession.

CHANGE OF OWNERSHIP

Foskett's Garage, Goodwood
Having purchased the garage business of Mr. I. Foskett, I will continue an up-to-date garage business. Experienced workmanship, and genuine satisfaction guaranteed.

Patrons will please note that Mr. Foskett will continue the blacksmithing, wood-working and implement business as heretofore.

Shortly new and enlarged premises will be under way right J. M. Rae, Goodwood.
