WOMEN'S WHITE KID
1 strap buckle shoe. Price \$2.75

A. G. LEHMAN

GOODWOOD

Wm. Todd is serving on Jury at Whitby.

The game next Saturday with Cherrywood promises to be interesting.

Miss Olive Ottowell of Toronto was visiting her mother here.

Mrs. J. G. Holman of Parry Sound is here on a visit to her mother.

We note that Pastor Harden is slated for New Lowell, after next conference. The United Church circuit certainly has a distinction for frequent changes in its pastorate locally.

You are reminded of the annual strawberry festival of the United Church which will be held on Friday June 26th. Tottenham talent will furnish the program by giving a farce comedy entitled "Too Many Husbands". This is a laughable play and you will enjoy it.

Goodwood football team took the Claremont boys in hand last week, trimming them to the tune of the whitewash brush. The score 2-0 indicated a good game however. The locals also put it over Green River 3-1, there being only one goal scored in the first half. When Green River evened the score the excitement was great, and the crowd fairly stood on their ears.

AN ATHA WEDDING

A very pretty wedding took place at the home of Mr. and Mrs. Geo. Thompson Atha, Ontario, on Saturday, June 6 at 3 p.m., when their second daughter Florence Mae, became the bride of Mr. Franklin B. Carter, son of Mr. and Mrs. Benj. Carter, Green River, Ontario. Rev. Walter Rackham of Locust Hill United Church officiated. The bride entered the room on the arm of her father to the strains of the wedding march played by Miss Edith Linton of Claremont. During the signing of the register Misses Edith and Eileen Linton played. The bride was charmingly attired in mauve flowered silk chiffon over silk with tulle veil and lace cap caught with orange blossoms. She carried Columbia roses and lily of the valley and maiden hair fern. She wore the bride groom's gift, a pearl necklace. The bride was attended by her sister Eleanor, who wore yellow flowered silk chiffon, and carried lily of the valley and maiden hair fern. Little Mildred Linton made a pretty flower girl in white crepe-de-chene, carrying a basket of blue forget-me-nots. Mr. Clarence Carter of Port Perry, acted as best man.

The wedding supper was served to about 35 guests of the bride and bride-groom. The happy couple left amid showers of confetti for a short honeymoon to Detroit and other points. For travelling the bride wore a smart ensemble of blue. On their return they will reside in Green River.

SEVENTH LINE MARKHAM

Here we are again after the damp weekend. Rain did a world of good and outside of dampening a few would-be picnickers no ill-effects were reported.

After attaining the high honour of being Warden of York County it seems to be on the cards for Reeve Wesley Gohn of Markham Township to retire. Current opinions say that he will not. Be that as it may, Wes. is a very capable official and his place will be hard to fill. But to get back to our text we have a potential councillor in our midst should any vacancy arise or not. He lives over at Melville and his name is Edgar H. Nigh. The son of a former reeve and Warden, the late Jonathan Nigh, Ed is bound to have inherited a considerable amount of legislative talent. Couple this with a goodly supply of business ability, plus sound common sense and let us forget the most important—a mind of his own, and you have a capable official. We firmly believe that Mr. Nigh answers present in every department mentioned and more. But Ed. having no aspirations for the high places proves the first obstacle. It's up to you who make the wheels go round to get busy. We expect results.

The brethren at Peaches' Church turned out in force on Thursday morning to make effective some alterations to the property. Two tents were taken off the shed; a woodshed built in the east end and a board and sheed all in a day. They are to be congratulated on the success of their efforts in making a general all around improvement.

First Deputy Reeve R. A. Smith attending the June session of the York County Council this week.

A rather novel experience fell to the lot of a farmer at the north end the other day. Bringing a sow along the road in a small truck the end-board worked loose and presto! the porker wandered out into the world by falling on her nose. No damage was done. Our friend reached home backed up to the pig-pen door and behold the pig had departed. All's well that ends well, piggie finished the journey on foot.

In tearing down an old building last week Mr. Jonas Lewis had the good fortune to discover five-dollar gold piece in a very good state of preservation. We suppose the wreckers will be busy all along the line after this.

Mr. and Mrs. J. H. Brjcken attended the anniversary services at St. James' Anglican Church, Caledon east, Peel County, the other Sunday. Herbert is a brother to the Rev. H. A. Bracken present rector of St. David's Church, Toronto, who was ordained and confirmed at St. James'.

Mr. and Mrs. McMaster and family and Mr. and Mrs. Kerr also Mr. Fish all of Toronto called on Mr. and Mrs. Thos. Spence on Sunday.

The other day we had a talk with Jake Reesor of this township who had just returned from Prince Edward Island where he had been delivering a valuable stallion for James Torrance. Mr. Reesor at one time was a store keeper at Mongolia, later farmed on the 9th on the Eli Hoover place, and now is over a concession or two nearer the centre of the township. Jake left here on a Monday and delivered the valuable horse flesh on Friday safe and sound. He returned via the Maritime Express and although not away very long just put on 12 pounds of flesh. He reports grain just coming through the ground beyond Montreal district but one thing that struck home to him the fact of the hard times of this period was when a round-up train, who were riding the bumpers as we call it. They totalled 159, a small army we say.

We notice that Herbert Wells of Aurora carried off two first prizes in the filly classes at the Aurora Fair and as a matter of fact, people, he bought his prize-winning steed from Allan Lewis of the Seventh Line. Not so bad, what?

Miss Scynthia Cook spent a day in Toronto last week.

Mr. Ralph Richards called on Mr. Lewis on Monday evening.

Mrs. John T. Hosking and family are holidaying in Port Hope.

Mrs. Mary Canning of Toronto, and son Hugh spent the weekend with Mr. Michael Wallace.

Misses Francis and Helen Walsh of Newmarket visited a few days with Mr. and Mrs. J. Cooney.

Mr. and Mrs. W. G. Lewis of Toronto called on Mr. and Mrs. Wells at Lemoville on Sunday.

Mr. and Mrs. R. A. Smith along with Mr. and Mrs. R. Meyer of Markham spent the weekend in Owen Sound.

Mrs. E. C. Penneck and son Jack of Stouffville, spent Sunday with Mrs. Penneck's mother Mrs. M. Cook. Miss Lillian Cook has been holidaying with her sister Mrs. E. C. Penneck.

There comes the dawn. We'll retire and make room for some one else—Melville for instance. Cheerio

DROPPED DEAD ON THE STREET

Uxbridge residents were shocked last week to learn of the death of Edward Bewell of Unionville who collapsed on the highway in front of his home there without warning. He died before a doctor could reach him. His death was due to heart failure.

Although Mr. Bewell had been subject to heart attacks the past year, his death came as a shock to his family and the many friends. Born at Greenbank, Reach Township, he lived there and at Quaker Hill, Uxbridge Township until coming to Markham Township in 1912, where he engaged in farming on what is known as the Pingle homestead, coming to Unionville to live some 9 years ago. He was in his 70th year, and is survived by his widow, 3 sons, Harry of Saintfield, Charles of Theodore Sask; James of Sudbury; 3 daughters Mrs. W. Culham, Sunset Prairie B.C., Mrs. Eric Fitten, Toronto and Cora at home, also one brother Harry at Cochrane. Mr. Bewell was an active member of Central United Church and a Liberal in politics. The funeral service was held from the family residence on Friday afternoon at 2 o'clock. Interment in Uxbridge cemetery.

with salt in the proportion of ten pounds of salt to one of crushed tobacco leaf. The leaf should be dried so that it may be broken up in a size equal to wheat bran. This when mixed with the salt, slightly moistened, forms a cake which the sheep will lick when placed before them in the field or pen. This recommendation is made by Dr. Lionel Stevenson, author of the valuable bulletin, "Common Animal Parasites Injurious to Sheep in Eastern Canada," in which he states that for a flock unused to the tobacco a slightly less proportion of tobacco should be used for a week or two at the beginning.

SHOP CLOSED
My place of business in the Silvester Block (upstairs) will be opened by appointment only. Watches and spectacles repaired or lenses replaced with proper glasses. Jacob Yake, Stouffville

Ford Resale Depot

Some people trade in their cars every year regardless of condition. If you can't buy a New Ford Car now, we have several used Model A Fords offering thousands of miles of unused transportation Reconditioned and guaranteed. We don't need to mark up used car prices to make up for excessive trade-in allowances. The New Ford is priced too close to the cost of production to permit unreasonable trade-in concessions. That accounts for our lower prices. See these special bargains at once

Farmers' Information

Look out for the cabbage maggot. The cut worm is best avoided by circling your cabbage, cauliflower and lettuce plants with a tinned paper or mulch paper protection, sunken a few inches into the ground and standing an inch or two above it.

Purchase of Limestone
George R. Paterson, who is in charge of feed and fertilizer distribution work for the Department, points out as to what type of limestone to advocate: "The situation is such that at present the various grades of agricultural limestone offered in Ontario are about equal in value according to their degree of fineness. We do not suggest where limestone should be purchased, but we feel that location of quarry and freight cost should form a major consideration. Local quarries that offer material of a suitable nature at satisfactory prices might well be patronized."

The fifty-second annual report of the Agricultural and Experimental Union for 1930 is now available. It contains a complete resume of results achieved in the way of co-operative fertilizer experiments, utilization of home-grown feeds, soil improvement, crop rotation and numerous other important agricultural features. The Department will gladly furnish a copy of this booklet to any applicant.

Campaign Against Weeds
The provincial authorities are leaving no stone unturned in their campaign against weeds. Many of the highways have the usual prolific crops along the sides of the road. Some of the farms throughout the country have crops of weeds which will soon be ripening and spreading their seeds to the four winds. Delinquents in this respect will be given an opportunity to explain the reason for their contempt of the law as soon as the weed inspector makes his rounds.

Summer Homes For Hogs
The hog does not require an expensive home. Not only that, but best results are actually obtained from the cheaper equipment. Two or three cabins and a box-stall for the farrowing sow will supply the necessary housing in the case of the farmer who grows a few hogs. Experiments have proved successful with cabins constructed of strong though relatively light material and provided with hinged sides for free passage of air in the summer season. They are built on runners so as to be easily shifted from place to place. The A-shaped cabin is subject to damage by the pressure of the hogs from the inside. The upright cabin with the peaked roof will last for years. A circular is available at your local agricultural office giving specifications for a suitable summer home which when tightened up and properly protected, makes an all-year hog house.

Tobacco For the Sheep
Losses from unthriftiness due to internal parasites in sheep may be reduced by the feeding of tobacco to the flock. The tobacco is given

HORSE REGISTER
Dol. (173205.) (12921) The Imported percheron stallion the property of E. A. Somerville. He is a government premium horse, at his own stable, lot 14, tenth line, Markham. Terms \$12.00 No. 2336. To insure foal \$12. Two mares or more \$10, payable Feb. 1st 1932. Owners of mares when bred will be held responsible.

Re-surface old walls and ceilings with Gyproc

HERE is a wallboard that does not burn, made from gypsum rock into sheets 4 to 10 feet long, 4 feet wide and ¾ of an inch thick. It is used for interior walls, ceilings and partitions.

As well as being fire-resistant, it has structural strength, insulation value and is draught and vermin-proof. Use Gyproc Joint Filler for sealing the joints between the tall, broad sheets of wallboard.

When you are "doing over" any room in the house or adding new ones in the attic or basement, use Gyproc for walls and ceilings because you can nail it directly over the old surface. Gyproc is also an excellent base for Alabastine, Gypsex or wallpaper.

Gyproc is Canada's pioneer non-burning gypsum wallboard. Ask your nearest dealer for full details and a Gyproc direction sheet. Or write us for the FREE booklet, "Building and Remodelling with Gyproc". 374
