Community Folk Celebrate at the Lake

On Wednesday evening of last week a crowd of folks from Lemonville, Ballantrae, and Bloomington communities went to Musselman's lake and had an enjoyable time together. After supper two married couples known as Mr. and Mrs. Dawson Burnett and Mr. and Mrs. Herbert Dennie, who had been specially kept in memory since their wedding day, were asked to stand before the gathering. These were presented with two Coleman gas lamps. After a brief address given by Rev. E. Morton, the grooms voiced the sentiment of their better halves with a few words of gratitude. Games were indulged in, and all felt happy in spending the evening together.

It is to the two pairs that are newly wed that these few words are now to be read. We have broken away from our many labors.

To meet with you here as a few of your neighbors: And we hope you are feeling quite pleased with the crowd. As you notice not one appears to be proud.

We want you to know we are all your relations. And are here to add another to your many celebrations. We trust married life has not become wear;

But daily you say to the other "Yes Dearie!"

Wouldn't it be splendid if we would all say. When ever your right I'm ready to obey?

But so often there is wrong with him or with me. And that is the time when we do not agree.

Each man and each woman in this gathering to-night. Has had a real part in both wrong and the right.

But as we go forward into life's daily calling. Let us cleave to the Lord who will keep us from falling.

Many times you've been wished to have happiness. And we hope each one will keep cool thru this weather. Let husband keep working from morning till night. And wife keep house to his daily delight.

JOINS THE MOUNTIES

Earl Clendenen second son of Mr. Harvey Clendenen, has been appointed to a place on the staff of the North West Mounted Police, and has gone to Regina to take up his duties.

Having read considerable relative to the fine work and thrilling experiences of these men as they carry the law into the far off lumber camps and mining sections, Earl has an interesting career ahead of him. Being a young man who stands four-square his success is almost assured if he chooses to follow up the police work after a period of exacting training which he must pass through.

Boys, girls, ladies and gents should dress for the Calthumpian parade on August 3rd in connection with the big street carnival. Valuable prizes for best or comiest costumes. Parade at 8 p.m.

CLAREMONT

Mrs. C. A. Overland was hostess for a meeting of the Women's Institute on Wednesday afternoon, July 15th, when the girls of the community were guests of honor. About seventy members and guests assembled and a most delightful and profitable afternoon was spent by all. The special speaker for the occasion was Mrs. Brownridge of Whitevale who gave a splendid address on "The Ideal Girl." Looking back at her own girl-hood, Mrs. Brownridge decided that the girls of today possessed just as fine characteristics as those of a generation ago. The ideal girl, according to her standard, is the one whose development is four-square or properly balanced along mental, spiritual, physical and cultural lines. She spoke of some of the undesirable characteristics resulting from an over development along one or more lines to the neglect of the others. Mrs. Brownridge is a woman of pleasing personality who possesses an unbiased conception of present day conditions.

Other interesting items on the program, apart from business, were, a reading "Mother and The Auto" by Miss Joyce McCullough, two vocal selections by a sextette of teen age girls accompanied at the piano by Mrs. E. Palmer, and a minut by Miss Jane Goddard, of Balsam, who looked charming in a quaint, pink costume of Victorian Style, as she danced this graceful, old fashioned dance to music played by her mother.

There was an exhibit of light cake and drop cookies made by girls from eleven to sixteen years of age. The first prize for cake went to Miss Marjory Ward and second prize to Miss Marion Kilpatrick. Miss Margaret Johnston won the prize for cookies.

At the close of the programme a dainty lunch was served by members of the Institute and a jolly social hour enjoyed by all.

The Y.P.S. held their annual picnic last Thursday afternoon at Musselman's Lake, and had a very fine time. The married men played the single men in a game of baseball but the former won by seven runs.

GOODWOOD

Mr. Wm. Yake expects to start threshing the latter part of this week.

Mrs. R. Sollitt of Peterboro is visiting her daughter Mrs. C. O. Feasby.

We are glad to report Mrs. Wm. Todd able to be up again after her illness of last week.

Who says Goodwood can't play football? Why Claremont of course. They trimmed the locals 4:1 last Saturday night and Green River are out to trim them this Saturday night, so come and see what happens.

After seven months Walter Davey of Toronto has recovered sufficiently to resume part of his work with the Ault and Wiborg Co. of Toronto. While still walking on canes Walter improves each week. Run down by hit and run motorist breaking every bone of the right leg and severe scalp injuries the recovery of Mr. Davey certainly was a miracle.

The decoration day at Goodwood cemetery last Sunday was well attended. The splendid addresses by Rev. Mr. Barry and Mr. Clifford Pugh of Toronto were greatly appreciated and the music furnished by the Goodwood orchestra with the assistance of six outside musicians under the direction of Mr. Floyd Dike who led the combined orchestra received great praise by the audience. The Goodwood musicians are greatly indebted to the Beaverton musicians for their assistance.

The cemetery has been put in fine shape by the caretaker and the plot owners added beauty to the spot by decorating the graves of their loved ones with beautiful flowers. There was a flourishing business done at Mrs. S. Ottowell's flower garden where so many called for flowers for the occasion and Mrs. Ottowell so cheerfully supplied them free of charge so we give Mrs. Ottowell the praise.

Mr. Wm. Whittleton has his full gang of men on repairing his machines in readiness for the threshing season.
