THE TOWER CLOCK REACHES CANADA

Big Time-Piece Reported in Bond in Toronto Customs Office

The fine new \$2000 tower clock, a gift to the citizens of Stouffville to perpetuate the name of one of the former old families of this place, reached Canadian soil from the manufacturers in Croydon, England, last week, and will be shipped here some time this week. The shipment is made in seven pieces, and a tower clock expert from Toronto with the assistance of the local jeweler, we understand, will be engaged to install the new time piece in the tower now under construction at the fire hall.

The tower contractor, Mr. F. W. Betz, had the brick work high enough last Saturday to commence providing the openings for the clock dials, but on learning that the clock was in Canada, work was stopped until the clock dials could be secured, so that they may be built into their places in the four walls. This will ensure a better job, and eliminate any possibility of mistake.

After the clock dials are installed there is still some 15 feet of tower to build, and it is not expected that the work will be completed until about the middle of August.

Mystery Bullet Kills Valuable Young Mare

A valuable two-year-old mare belonging to Edgar Storry at Bloomington died last week as a result of being shot when grazing in the pasture field. Mr. Storry found the horse in a bad condition and called Dr. Bodendistel the local veterinarian. The animal was suffering from peritonitis and died the day following the veterinarian's call.

Owing to a mysterious wound just behind the left elbow it was decided to perform a post mortem, which revealed the fact that the animal had been shot, and at fairly close range, but possibly from a stray bullet. The post mortem showed that the bullet had passed 5 or 9 inches along under the skin, entering the chest cavity, then piercing the lung. It then passed through the liver and lodged in the kidney.

Mr. Storry can assign no reason why anyone would shoot an animal belonging to him, and is inclined to the belief that some person out of rifle shooting had carelessly shot in the direction of the pasture field. The animal was a promising Percheron.

Constable Pugh was called and is investigating.

CHILD STRUCK DOWN BY MOTOR CAR

When Attempting to Cross Road From Between Parked Cars

An automobile accident which nearly cost little Billy Kirk his life happened on Main street Sunday afternoon, when the child darted cut from behind a parked car right in the path of a passing auto driven by Clarence Bunker, son of Mr. Norman Bunker of Mongolia. The child was struck by the front wheel of the car and knocked against the curbing, sustaining a deep scalp wound necessitating several stitches, also a badly cut lip and body bruises. He was rushed to Dr. Sangster's office. The boy is now out of danger and is recovering.

The accident happened right in front of the Kirk home almost opposite Montreal street. Two children on the opposite side of Main street called to the unfortunate lad to come over, and seeing the danger a young man named Mustard called from the veranda of the Kirk home, for the child, not to go, but at the same moment he rushed out from between the two cars and was struck. Bunker was driving west at what was said by onlookers to be a lively rate of speed. The child was struck by the right front wheel next the curb, indicating that he had almost got clear across the road. Bunker stopped some distance ahead and remained at the scene of the trouble until County Constable Lud. Hoover took particulars.

A charge of reckless driving was laid against young Bunker by constable Lud. Hoover.

Mr. and Mrs. Kirk and family moved here only a few weeks ago to locate in the house recently remodelled by A. S. Collins. Mr. Kirk is a returned soldier and is employed in the C.P.R. express in Toronto. He came to Stouffville partly to give the children a better chance away from the heavy street traffic of the city. Another son of only tender years was also injured by being struck by a car when the family lived in Toronto.

Mr. Kirk is a brother-in-law to Mr. Percy Spofford of Almiria.

JUDGMENT RESERVED ON GOLF CASE

John Low of Birch Cliff Golf Club together with Mr. Bloom of the Danforth Driving Field and the proprietors of the driving field at Birchmount and Kingston Rd. were summoned before the county court for violation of township By-law 1745 on the question of Sunday Golf.

The case of Mr. Low came up for hearing Wednesday and the plea of not guilty was entered by Mr. Low's counsel. The case for the defence was that the Birch Cliff course is not a "miniature golf course" and so does not come within the township by-law; also that said club is duly incorporated and the Municipal Act gives the township no jurisdiction and also that said club is different only in degree of fees, charged from such august clubs as Greenfield and St. Andrews and many others in the township.

Saying that the case presented absolutely new features and that his decision would establish a precedent, Magistrate Keith reserved judgment, in the meantime he refused the plea of the prosecution to close the course on the coming Sunday.

The point at issue, viz that the pee-wee courses are discriminated against by the by-law while the larger courses are free to do as they like did not arise—the Birch Cliff Club claimed to belong to the "larger courses" and therefore exempt from township control.

SEVENTH LINE MARKHAM

Sorry we weren't on deck last week but the back-draft from that "baby cyclone" sort of spoiled our journalistic ambition. We had a very good view of the "twister" from this line the cloud resembling nothing so much as an oversize mushroom with the stem coming to a point and rotating in a left-hand direction. Then we saw a cloud of dust which seemed to rise up and meet the cone of the twister. However we hadn't any idea that such an innocent looking little contraption could pick up a barn but the effort must have been too much as it broke up immediately afterwards into several little streamers and disappeared entirely.

Those attending the Salvation Army Band Concert at the Morgan Memorial Park on Sunday evening (and there were many) had the surprise of seeing none other than C. F. Todds in the role of bandmaster, Charles did very well, leading the band through several numbers and we are inclined to believe, in the face of his many activities, that "F.C." is a very versatile performer.

The choir from Bethesda United Church were present at Peaches' church on Sunday morning. This is getting quite the habit as Melville choir visited us a week ago. Keep up the good work.

"Beauharnois!" Can you pronounce it? Beau-har-waw. Are we right. Everyone has their own way of doing it and that's ours. Brother Swoezey seems to have thrown the mozzuna about like a drunken sailor but then there may have been method in his madness. Very mysterious why Mr. Aird Jr. got that \$120,000 seemingly for nothing. That stuff doesn't go down because they don't throw around the long green for nothing and if we may venture a suggestion, the money wasn't meant for Mr. Aird.

The bees had a good thing and didn't know enough to keep it. They had the use of the church for a live seven days a week but then they raised serious objection to the people having it on Sunday for church. Mr. Henry Walker donned an outfit which turned him into a dead ringer for a trappish monk (Excuse our little joke Mr. Walker) and declared war on the brutes. At the time of writing the battle is nearly over with the bees coming in second best. A good job done Mr. Walker.

Over on the eighth there was born a litter of eleven pigs. The old lady however seemed to lack the maternal instinct and refused to own them. Whether she didn't like the looks of them or what, will never be known but it was thumbs down and that's all there was too it. So the owner, Garnet Kirk undertook the job of nursemaid. Whether he feeds them from a bottle, pan or trough we are not sure, but at any rate the wee porkers are doing famously so we'll wish Garnet all kinds of luck.

County Constable Jas. Walker was called out early Sunday morning to attend to the tribulations of a party of musicians whose car turned several somersaults just north of Markham on the eighth. Travelling north, enroute for Musselman's Lake the car got out of control and according to the report turned over three times, leaving the four back-seat occupants leaving by way of the roof which kindly opened to let them be on their way. Dr. J. A. MacDonald was summoned to patch up the injured sending one, we are informed to the hospital while Constable Walker took the rest to their destination. The car excepting the top, was not badly damaged.

Those injured are: Sidney Winston, bad cuts to face, arms and head; Robert Paradine, Whitechurch Township, cuts about head and face; Gordon Rusdon, cuts about both arms; Millie Cascaora, Deloraine avenue, Toronto, shaken up; Mary Statera, Ossington ave., Toronto, shaken up; Florence McClelland, shaken up.

Robt. Paradine the only local resident in the accident was the one to go to the hospital for treatment.

Last call. There's more but we can't think of it and even if we could, you wouldn't care to hear it. If you see one of those cyclones coming we would recommend that you get as close to the ground as possible being on to the grass—and most important of all—have a clear conscience.

C.N.R. PASSENGER RECEIVES INJURY

Strange Accident Happens on Morning Express From Toronto

A most unusual accident happened to a passenger on the Canadian National train from Toronto on Thursday morning when Miss McDonald of Brechin, daughter of Mr. Angus McDonald of that place received face bruises as a result of some object being thrown into the window of the train.

Miss McDonald was enroute to her home in Brechin when the train stopped at Scarborough Junction. The window was down and without warning a fair sized stone blazed its way through the glass striking Miss McDonald in the face, injuring her cheek just a half inch below the eye. The injured passenger proceeded on her way and when the train reached Stouffville Dr. Ira Freeland attended the injury which he signified would not develop anything serious.

The stone was recovered and is in possession of the C.N.R. detective department who are working on the case. It is suggested that the missile may have been thrown by a child or boy at play about the station yard, who seeing what he had done made his escape hurriedly.

BETHESDA

Mr. William Yake was the guest of Mr. Ernest Staley on Sunday.

Harvest has begun in this district.

Miss Kathleen Steekley visited her girl friend, Miss Dorothy Poinston of Altona, over the weekend.

On Sunday last the choir from Peaches took charge of the musical part of our service and was much appreciated.

Well probably some are wondering how Mr. Grimmer is getting along. Reports say that he is still alive and happy as he ever was, and perhaps a little more so. Why?

A number from here attended the social held at Rev. Wm. McNeil's on Wednesday, July 22. A very enjoyable time is reported.

This social was for the three appointments of the Y. P. S. Bethesda and Peaches played baseball against Melville. The score we understand was 19 to 26 in favor of the former. A very fine address was given by Rev. Mr. Auld of Markham.

REVIVAL CLOSURE

The revival campaign held in the local arena building came to a close last Sunday evening with a fairly large congregation. A splendid altar service saw some 25 persons seeking the better life. During the whole campaign 75 persons went to the altar.

Rev. J. A. Berry, the evangelist, rendered excellent service in bringing the messages, and was assisted by the ladies' quartette. All who had the privilege of attending these meetings could not help but receive great good. On Thursday the pastor Rev. S.S. Shantz expected to leave for Stayner where the big annual camp meetings are opening.
