FARM PRODUCE PRICES

In 1894 Dressed Hogs Were Sold at \$3.50 and \$4 Per Hog

"There never was a depression like this one before" is a statement frequently heard. The fact is that not more than nineteen years ago there was a periord of hard times when prices of commodities were of aluminum disks, each revolving down to the levels prevailing today, at a slightly different plane than the The Tribune was told of the sale of other, an efficient plucker is proa pig on the 1st of January, 1912, duced. The disks are lined with at 6c a pound. At this the vendor rubber, eliminating noise and givmade a profitable sale as the pre- ing a better grip. Musical Cruisaders to Resume Travels

TA7ith its network of twenty-six W broadcasting stations linking Halifax, Nova Scotia, with Victoria, B.C., the Canadian Pacific Railway hour of music on Friday evenings gives a very complete coverage of Canadian radio listeners. The programmes planned for the winter season 1931-1932 will consist chiefly of musical travelogues, interpreting the music of various European and Mediterranéan countries. Programmes on similar lines were provided last winter by the celebrated Ensemble known as the Musical Cruisaders, and these

brought in so many letters from intending visitors to Europe who desired further information on this subject, and also from new Canadians of European origin settled in Western Cangramme has

ALFRED HEATHER been selected

for the coming season as being useful as well as entertaining. This has necessitated a vast amount of research which has been undertaken for the Canadian Pacific Radio department by George M. Brewer, well-known organist and composer of Montreal. Each hour of music includes approximately 20 selections, so that for the series of 18 musical travelogues which has been planned, Mr. Brewer has had to select a total of 360 numbers, each with its special interest and each illustrating some particular phase of the country concerned.

These musical travelogues will be interpreted by the Musical Cruisaders, under the direction of Alfred Heather, assisted by Rex Battle's Royal York Concert Orchestra, supported by a specially designed studio organ built by J. E. Pepin, of Montreal. There will also be guest artists of various nationalities for certain of the programmes.

This series commences on October 2, with programme of music from Norway, folowed on October 9 by a programme of Danish and Icelandic mu-

sic. There will be programmes of Spanish French and German music, REX BATTLE and concerts illustrating the music of Sweden, Finland, Italy, Belgium, Austria, Czecho-Slovakia, Greece, Turkey, Poland, Hungary, Egypt, Scotland and Ireland. Interspersed in these musical travelogues will be other general programmes—for instance, a programme of music rendered by a choir in London, Ontario, on November 20. This series of programmes will be of great educational interest as well as being highly entertaining, and will undoubtedly prove one of the major attractions of the coming season. Immortalizing Pioneer Priest

Canadian West is immortalized today, at the scene of his labors, St. Albert, on the Sturgeon River, just outside Edmonton, by the preservation in the Mission Park of the Oblate Fathers of the original "cathedral" and mission which he founded in 1860, under

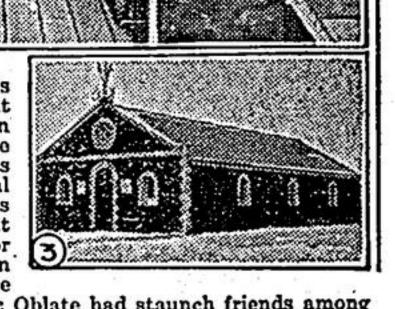

orders from His Lordship Bishop Tache, of St. Boniface, and in which carried on his work until his death in 1916. This colebrity is no less renowned than Rev. Father Albert

Lacombe, after whom Lacombe, Alta. is

named, and who played such an important part in the pacifying of the warring Indian Tribes of the West and the building of the Canadian Pacific Railway. His untiring efforts in the latter connection won him special recognition from Sir William Van Horne, its president, who not only gave him a permanent pass on the line, but made him its head for

one day. From the day of his arrival in the West in 1849, from Quebec, where he was born in 1827, this brave and energetic Oblate had staunch friends among the Indians and continued to establish himself, both among them and the white population, as one of the best-known and most-loved characters of the most stirring days of the Prairies. Apart from his religious activities, Father Lacombe is known as one of the real Westerners of Canada. The country was

> or the scene of a devoted missionary's labours. It is a milestone in the progress of the Canadlan West and, hence, in the progress of the Dominion. The pictures show:
>
> (1) the approach to Mission Park. (2) the interior of the old "cathedral." (3) its exterior, with the brick building which now encases the old log church (inset) the statue of Rev. Father Lacombe.

in a very undeveloped state when he first established himself in it and Mission Park, today, stands for a great deal more than just a mission station,
