Bethesda & Stouffville Telephone Company, Limited

Take notice that a public meeting will be held in Ratchiff's Hall, Stouffville on

Monday, November 23, 1931

at 8 o'clock p.m.

This meeting is being called for the purpose of discussing a petition which has been received by the Board of Directors; signed by one hundred and five patrons of the Company, and demanding a great reduction in charges for telephone service.

ALL PATRONS OF THE COMPANY ARE URGED TO BE PRESENT.

It is also desirable that shareholders attend. The public, generally will be welcome. Come and learn what the Directors can do, and what they are willing to do, relative to telephone rates. Full opportunity will be given for discussion.

THE BETHESDA & STOUFFVILLE TELEPHONE COMPANY, LIMITED

Alex. D. Bruce
President

David W. Heise
Secretary

NOW READY

PLOWING MATCH PROVES POPULAR

Five Thousand Attend Annual Contests of E. York Association.

About five thousand people attended the East York plowing match, held last Wednesday on the farm of F. P. O'Connor, North York, near Wexford, a large number of plowmen taking part in the competition for which prizes to the value of \$1,000 were distributed. The soil was of excellent loam and the contest was billed "open to the world."

Following the match a grand banquet was staged at Wexford Arena by the ladies of Zion Church, "Jamie" Reid being the entertainer. Hon. G. S. Henry and Reeve Col. G. B. Little, as well as members of the Scarborough Council, were on the platform. The Premier spoke well of the plowmen and was lustily cheered.

Winners.
The following winners were announced:

First class sod high cut, open to all—Winfred Timbers, Edward Timbers, H. J. Couperthwaite.

Second class sod, high cut—Howard Ormrod, Ernest Timbers, Garnet Coveill

Boys under 18, in sod—Harold Pickett, Elmer Daniels, James Clark

Jointer plows, no wheels, in sod—John Medd, Alex Black, Robert Watson.

Jointer plows, no wheels, shares not less than 9 inches—A Pherrill, Joe Hands, J. B. Lister.

Sixth class, in stubble—Russell Little, S. C. Irwin, Robert Webster.

Seventh class in stubble, to non-prize winners—Len Short, William Tapscott, Marshall Deems.

Eighth class in stubble, boys under 16, no wheels—Lloyd Clark, Ross Morgan, Willard Featherstone

Class nine, tractors in sod—Fred Timbers, Harry Pugh, Murray Little.

Class ten, tractors in stubble, open to those who never won a first prize—Andrew Grant, Harry Jarvis, Owen Loveless.

The special prize awards were: Best plowed land, Winfred Timbers; best plowed stubble, Russell Little; best turnout in field, Marshall Deems and best going team, Ernest Willis. The youngest plowboy on the field, 13-year-old Russell Featherstone, and the oldest, G. Baxter aged 63.

CARD OF THANKS
The family of the late Mr. John Mantle beg to thank the many kind friends and neighbors for assistance rendered them during their present bereavement.

Farmers' Information

Western Cattle For Ontario

As a result of the recent visit of Hon. Robert Weir and Hon. Thos. L. Kennedy to the beef cattle raisers of the western provinces, arrangements are under way for ensuring a plentiful supply of feeder cattle for Junior Farmer Clubs in Ontario. Arrangements have also been made for a system of standardization of feeder cattle, which will result in the establishment of a mail order cattle business for farmer, who will be able to purchase cattle without having the expense, as at present, of having to go and view the stock first. By the use of strict grading of feeders stock at the farms and ranches by inspectors of the Council, any desired type and age can be ordered with confidence.

Red Clover Seed

For the first time in many years the 1931 crop assures a substantial surplus of domestic red clover seed. The annual consumption of this seed in Canada is about three million pounds, while the 1931 production will be between four and five million. Usually red clover has been relatively high in price, but owing to the heavy production this year and the weakness of export markets there appear good prospects for cheaper red clover seed next spring, and with cheaper seed it might be expected that consumption will be so stimulated as to make use of all the 1931 crop. Red clover is perhaps the most generally grown legume crop in Canada, and provides cheap protein feed for live stock, in addition to being a cheap source of nitrogen for soil enrichment.

New Weed Slides

A set of 55 colored slides on Farm Weeds has recently been prepared by the Department of Agriculture with the co-operation of the Motion Picture Bureau. These slides illustrate all the bad weeds growing in Ontario as well as many of the common but less harmful weeds. Suitable comments on each slide is furnished with the set.

This set is available for use by teachers, agricultural representatives, weed inspectors and any organizations interested in Farm Weeds. The set is loaned free of charge with the exception of express charges one way. Applications should be addressed to Slide Department, Motion Picture Bureau, Parliament Buildings, Toronto.

Where Projection Lanterns are not available these can be rented from the Slide Department for a nominal fee.

Weekly Crop Report

Fine fall weather benefited the live stock men in that their cattle continued on pasture longer than usual and will go into winter quarters in good condition. Prices for fresh eggs and poultry are quite satisfactory but many farmers are having difficulty in getting their pullets started to lay. An excellent crop of roots and potatoes has been harvested but farmers are experiencing very discouraging prices. Apple crops have been better than was anticipated and are finding a fairly ready market. There is a greater mane of cheese and butter this fall than has been manufactured for a number of years, due largely to the excellent pastures. Many farmers have a quantity of small seeds, this year and from present indications it would appear that there is a considerable supply of alfalfa, red clover and mixed seeds for disposal.

British Apple Market

Andrew Fulton, fruit growers representative in Great Britain, reports that unprecedented quantities of North American apples have been reaching the United Kingdom, with the result that supplies are greatly in excess of demand. It would appear, he says, that with the large crop of apples in North America, and the poor domestic market, shippers will continue to export so long as they can get the price of the barrel back. He urges that Ontario growers should pay greater attention to colour and in the case of wealthies should ship only highly-coloured No. 1 grades. These latter have been commanding prices from \$4.13 to \$5.10 a barrel. Scarlet Pippins have sold for \$5.53 to \$6.37 a barrel, principally because of their good firm condition and high colour. The grading of Ontario apples this season, Mr. Fulton declares, has been excellent and has been warmly commented upon by the buyers. "The Norfolk" and Big "O" brands are becoming well-known for their uniform quality and are standing the depressed market conditions well, as they are still commanding from \$4.47 to \$5.53 for good quality fruit, according to variety, as compared with other marks which are receiving less than \$4.25. This is a splendid opportunity to build up a reputation for our Ontario brands and to become well-established for another season.

VEGETABLES WANTED

I am open to buy a number of car loads of carrots and also a quantity of potatoes, No. 1 large white stock preferred.

Want Lower Rentals

B. & S. Telephone Co. Confronted With Petition for Easier Rates

Petitions have recently been circulated among rural subscribers of the Bethesda & Stouffville Telephone Co., asking for a downward revision of telephone rentals.

While only a few over a hundred signed the petitions, the company is calling a public meeting to deal with the request, the date being set for Monday, Nov. 23, in Stouffville. The advertisement in this issue sets out the details fully.

No doubt the inspiration to move for lower telephone rates is inspired by the depression that has been hard on the farmers for two seasons, but which now shows definite signs of lifting. Telephone rates are largely controlled by the Railway Board who will not permit any telephone Co. to collect undue rates, nor will they allow rates that would be low enough to be ruinous to the company. Cost plus fair profit is what the railway board seeks to enforce, consequently we do not look for any difficulty in settling the questions of rates for the local company.

IN MEMORIAM

In loving memory of our dear mother Isabel Fowle, who passed away Nov. 11, 1929.

Every day our thoughts are wandering

To your grave not far away,

Where they gently laid you mother

Just two years ago to-day

She oft-times said we'd miss her

Her words have proved to be true

We lost the best and dearest friend

Dear mother when we lost you

Sadly missed by her daughter

and son-in-law Aggie and Lew.
