EVIDENCE CONCLUDED IN ACTION AGAINST SEED CO.

Ex-Warden of Ontario County Asked \$2,000 for Damage to His Crop — Judge's Decision withheld.

Further evidence was heard at Whitby on Thursday in the County Court by His Honor Judge Thompson in the action brought by Edgar Dure, farmer, of Mira, and former Ontario County warden, against the Brechin Milling Company, for alleged damages to his farm, loss of crop, loss of possible sales of farm products, etc., amounting in all to two thousand dollars. Plaintiff claims that he purchased from the defendants, through Malcolm McNab, their manager of 1930, two bushels of red clover seed, represented to be, it was alleged, of first class quality. The seed was sown as red clover, and later weeds of a strange variety made their appearance in the clover field, these being identified later by government experts at Toronto and Ottawa as pepper grass, a secondary annual weed which, it was alleged, grew up so thick that it destroyed the clover crop and caused plaintiff heavy damages.

At the resumed hearing counsel for the defendant company called numerous witnesses in an effort to prove that Mr. Dure did not purchase the alleged defective clover seed from their manager, Mr. McNab, or from any other person in the mill on the 29th of April, also that the books, accounts, vouchers, etc., of the company, failed to show any transaction with Mr. Dure on that date. Mr. Dure claimed that he paid cash, \$40 for, the seed he purchased but witnesses testified that this could not have been the case as there were no records to show the transaction.

Earl Dure, son of the plaintiff, testified that he was with his father when the clover seed was bought from Mr. McNab, the defendant's manager. He was in the box considerable length of time and was subject to a stiff cross-examination by defendant's counsel, Mr. Harvey of Orillia.

Edgar Dure, the plaintiff, was the final witness to take the stand on Friday afternoon before the case closed, being called by his counsel, Fred C. MacDonald, of Beaverton, to give rebuttal evidence in reply to evidence given by witnesses for the defense. Mr. Dure emphatically denied that he had made a statement to any person as alleged, that he did not keep a sample of the seed which he bought from the Brechin Milling Company. He also denied that he had said that he had sown his own clover seed which he had saved from his alicae.

Under cross-examination by Mr. Harvey, of Orillia defendant's counsel, Mr. Dure admitted that he had sold several persons in his district, including the directors of the milling company that he did not know if he had paid for the seed which he alleged he purchased from the mill from Malcolm McNab, the company's manager, although in his statement of claim for damages he claimed that he had paid cash to Mr. McNab for the seed.

"You can lie when it suits your purpose," suggested Mr. Harvey pressing for an explanation as to why he had told some people that he did not know whether he had paid for the seed and then told the court that he had paid cash for it. Mr. Dure explained that he had done so to protect Mr. McNab as there was a story in circulation to the effect that Mr. McNab had got the money he paid him for the seed and had not accounted for it. Witness said that he had every confidence in Mr. McNab and wanted to do something to protect him. Mr. Dure resented the suggestion by defendant's counsel that he lied when it suited his purpose, stating emphatically that he had given the court evidence to the best of his knowledge and ability and based on actual facts. Mr. Dure stated further that he had taken his case to the company's directors with the hope of getting a settlement and avoiding a court action.

Mr. Dure told the Court that his neighbor, George Muir, had visited him on May 24th at his farm and

Bethesda Lad saves Child from Drowning

The prompt action of Master Alex. Logan, son of our storekeeper at Bethesda, saved the life of little Irene Staley from a watery grave over at Preston's Lake, Vandorf, on Saturday afternoon.

The boy plunged into the 3 1/2 feet of water from where he was fishing off a log and brought the little girl to land. The body was quite limp and only a few moments more rescue would have been too late to save the life. Only children were in the immediate neighborhood at the time.

Young Alex. Logan, journeyed from his home at Bethesda, bent on having an afternoon fish at the lake. He was sitting on a log, while a group of children, all very young, played at the water's edge. Suddenly a scream went up and Alex. saw the plight of the young child. She had gone under when he reached the boy.

The rescued child, Irene Staley, is the grand-daughter of George Staley who is well known in the township. The authorities should recommend Alex. for a medal to mark his bravery in saving the young life which he has to his credit. The lad is only 14 years of age.

Stopped at the Border!

The drastic action of the emigration department at Niagara last week almost brought havoc to the camp meetings now in progress at Pike's Bush, just north of Bethesda. Mrs. Alice Durham, evangelist in charge, who is an American citizen, found it was difficult to enter this country at the present time, even to conduct a religious revival.

After having successfully passed the gauntlet of officers at the Bridge, she encountered one official who insisted that Mrs. Durham should not enter the "promised land," so to speak. Much argument and entreaty followed, and although successful in getting by, Mrs. Durham admits that it was the most difficult passage she ever encountered on her many visits to Canada.

The fact that the evangelist had something that would do Canadians good, didn't seem to have any weight with officious individuals, at the portals, nor did the other alternative that she was not coming to Canada to carry on any profitable financial enterprise.

However, Mrs. Durham is not the first Yankee to have been stopped at the border, for a couple of winters ago the well-known pastor of the Churchhill Evangelistic Tabernacle, Buffalo, was hung up when on a trip to deliver a message at Hamilton. He, too, finally made the journey, but "he shall not enter" sign hung up against him was the subject of a popular sermon he later delivered at Buffalo on the text, "Stopped at the Border!"

THE CLERK'S BIRTHDAY

The genial clerk of Whitechurch Township, Mr. William Crawford, is receiving the congratulations of his numerous friends on the attainment of another birthday. These events came rather thick in the Crawford home last week. The following day John Crawford, son of the township clerk, had a birthday while a grand child Ross Avis also chafed up another milestone. The triple event was the occasion of a family gathering at the Crawford home, and friends far and near sent flowers and congratulations. Mr. Crawford has made a remarkable recovery from a serious illness, and is carrying on his onerous duties as township official with his customary welcoming smile.

PETER B. FORSYTHE

Honorary chieftain of the Forsythe Clan, Peter B. Forsythe, died last week in his seventy-third year at the home of a niece in Newark, N. J. He was born in Uxbridge in the centre of the district in which the six hundred and more members of the clan are located. Mr. Forsythe was formerly engaged in real estate and financial business in Washington, D. C. Since his retirement he had spent much time travelling, paying two or three visits every year to the seat of the clan in Ontario. He is survived by one sister, Mrs. E. D. Winchester, of Grand Rapids, Mich., and by numerous nephews and nieces. His wife predeceased him. Interment was made in Washington, D. C.

tried to start a conversation about the seed case before the Court, but he refused to make any comment whatever. Muir, he alleged, then told him not to be too hard on him for if he did he would cook his case in court.

ASSESSMENT COURT STRIKES A SNAG

Reeve Morden Polls Deciding Vote to Sustain Assessment on W. B. Sanders Residence

Only two appeals came before the municipal council on Monday evening which sat as a Court of Revision on the assessment roll for the year 1932. One was withdrawn, and Mr. Isaac Boadway was then heard. He appealed against the assessment of \$2700 on his newly acquired property, the old W. B. Sanders place opposite the station. \$600 is placed against the land and \$2100 on the brick residence, now a double dwelling.

Councillor Russell moved that the assessment be reduced \$200, and Councillor Watts moved that it be sustained. Assessor George Storey thought the amount set by him was fair, but would not oppose the court if they saw fit to reduce the amount. A similar sized place is Dr. Storey's residence assessed at \$3000. This was held to be a better property, but was proportionately higher, said members of the court.

Mr. Boadway considered that he had been penalized with high taxes because he improved the place, and that only half was rented at \$15 per month. Total taxes are \$112.

A division was encountered when Councillors Russell and Dowsell supported the reduction of \$200, and Councillors Watts and Weldon voted nay. The reeve had the deciding vote, and sustained the assessment at the old figure.

Mr. Boadway unsuccessfully appealed last year, and said he might appeal to the Judge. He has five days in which to file such an appeal.

Don't overlook the special service of song on Sunday evening next when the Aeceon male choir of Toronto will be present in the church here. Service commencing at 8 o'clock. A hearty invitation is extended to all.

TRUSTEE MEETING EXCLUDES PRESS

Rumor Says Salaries of P. S. Teachers Reduced at their Special Meeting.

A special session of the School Board was held on Wednesday evening of last week, but the press was not represented. The chairman called the meeting, and advised the members that it would be just as well to treat the notice of meeting as a subroa.

Meetings of public bodies held in camera invariably invite suspicion, and plenty of whispering was going on, so that the press (which it was intended to exclude from the gathering), was cognizant of what was taking place all the time, but we didn't want to spoil the plot, and refrained from turning up on the night appointed.

It is currently rumored on the street that the salaries of public school teachers were reduced at the special meeting.

The street report may not be correct, however. At the May meeting of the school board these salaries were under discussion, and it was agreed to defer any action until the June meeting, thus if teachers wished to speak on their own behalf they would have this opportunity. To exclude the press where so wide, and important matter is dealt with is hardly fair to the ratepayers. The press has given the salary question for the public school a fair discussion to show the actual saving the proposed cut in salaries would mean. Neither in this or no other way has the local paper embarrassed the members of the school board, that they should shun publicity.

All members of the School Board were present at the closed session but all by no means favored the meeting being held "under cover," so to speak.
The members are Trustees E. A. Lloyd, Jacob McMullen, Ambrose Stover, Dr. Ball, Dr. Freeland and the chairman, Edw. Baker.

MAIN BUSINESS PAYING ACCOUNTS

June Session of Municipal Council Finds Business Light.

The municipal council met on Monday evening, clearing the slate in short order. Reeve Morden presided, all other members being present, namely Councillors Weldon, Watts, Russell and Dowsell.

The Athletic Commission was granted permission to use the street on the evening of August 1st for a street carnival.

Mrs. Ward sent a letter of thanks to the council for their kindly remembrance to Mrs. Ward and family during their recent bereavement in the death of her husband a former councillor in Stouffville.

On motion of Councillors Dowsell and Russell the clerk was instructed to order 1000 gallons of road oil at a cost placed on the road of slightly over \$100, for use on the 9th and 10th concessions. The ninth south will be gravelled but not oiled this year. This oil is calculated to preserve the gravel on these main thoroughfares. The reeve pointed out that a tarvia top road suitable for side streets can be secured now at 40c per square yard, which someone said was cheaper in the long run than gravel. The reeve did not think it feasible to consider this type of road just at present.

Some discussion took place over laying a new walk in front of new Bank of Nova Scotia premises, now a brick sidewalk. Councillor Russell pressed for a new pavement, but no action was taken.

Accounts were passed for payment as follows:
