

LOCAL HAPPENINGS

Mr. and Mrs. A. C. Burkholder are spending the month of July at their summer cottage at Port Carling, Muskoka. They motored north on Monday morning.

A weekend service of the Gray Coach Lines has been extended to Uxbridge and Goodwood for these summer months.

A plant for the manufacture of electric light bulbs is expected to commence in Markham shortly. The old Speight factory has been sold or leased for this purpose.

Mr. Hugh Watson, principal of the Stouffville Continuation School, is in Guelph for a few weeks taking a summer course in agriculture, which will give him a specialist standing in this subject.

Congratulations are due Miss Agnes Klinek, pupil of our Continuation School, and daughter of Mr. H. O. Klinek, on passing her theory examination in music, at the Toronto Conservatory of music. Agnes passed with honor standing.

Rev. James McEwan, the newly appointed pastor of the Melville-Bethesda United Church moved here last week, and is occupying the house on the Markham-Whitchurch town-line owned by Mr. Robt. Ratcliff, and located on his farm. Rev. A. McNeil the retiring pastor vacated this place about ten days ago, moving to Maxwell near Fisherton.

The committee in charge of the arrangements of the Presbyterian Church Garden Party report progress with the Harvey Boys as principal entertainers. The program will be filled with local talent. Bills and posters will be issued in the near future. Garden Party to be held at the home of Mr. and Mrs. Jas. Muston, on Thursday, 21st July

Next public holiday, Monday, August 1st—Stouffville's celebration Day.

Clearing sale for the season, of dresses and hats, on July 7, 8, and 9 Mrs. M. Watt's store.

The Horticultural Society annual exhibition is set for Thursday, August 25, in the arena. The officers met a few evenings ago and discussed the situation, appointing a committee to complete the prize list which it is hoped to have issued at an early date this year

The 2nd Markham Baptist Picnic will be held on the grounds of Robt. Ratcliff on Saturday, July 9th. Come and bring your baskets and enjoy an afternoon and evening of sports. Booth on ground.

Mr. and Mrs. E. G. Miller of Stoney Creek, are holidaying at the home of her parents, Mr. and Mrs. D. M. Hoover, O'Brien Avenue. Mr. Miller being a high school teacher is engaged marking papers in Toronto for a few weeks

Rev. Arthur Lee who succeeded Rev. W. S. Whitcombe as pastor of the 2nd Markham Baptist church, has announced his retirement from the circuit to take effect this summer. Rev. Mr. Lee intends to return to the Mission field in Africa in the late fall.

A combination of business men, mechanics, etc. went fishing in Lake Scugog last Saturday morning, but it remained for the town cop, Alf Pugh, to arrest the only "fin" that the group brought home. He landed a fish 30 inches long, and says it was great eating. His companions on the trip were Messrs. Tim O'Neil, the undertaker, J. S. Dougherty, town clerk, and Nelson Byer the electrician.

Mr. and Mrs. Robt Leslie and daughter are on a vacation in Owen Sound, their old home before going to western Canada.

Mr. and Mrs. T. Hargrave and children are spending their vacation with her parents Mr. and Mrs. Peter Lehman. Mr. Hargrave is with the T. Eaton Company in Toronto.

Mr. Harry Stover was Sunday guest of Reg. Warren, at Markdale, Grey County. Reg. is the son of a former United Church minister of this place.

Charlie Williamson, a well known horse buyer who travelled these parts for years, died at his home on Logan Avenue, Toronto, last week in his 59th year.

Preparations are underway for the annual lawn bowling tournament to be held on the Stouffville greens on Wednesday, July 20. Meals will be served to the players by the ladies bowling club, and attractive prizes will be presented to the winning rinks.

Robt. McKinnon marketed about a dozen baskets of new potatoes last week at 50c per 11 quart. This is the same price that prevailed at the opening of the season last year, but we hope it will be maintained at a better figure as the season progresses.

Rev. J. A. C. Kell, the newly appointed pastor on the Lemonville circuit of the United Church was in town on Tuesday having his first glimpse of Stouffville. Mr. Kell had been stationed in 'New Ontario' at Nakema, and is one of the younger members in this Presbytery.

A carload of Pochontas coal was delivered to the Stouffville school building last week for use there in the coming winter to keep the children warm. Time was when a birch rod and a box stove burning chunks sufficed for this purpose. The coal shipment contained 50 tons and will last for one year.

Constable Bill Beach who does duty for Whitchurch Township up at Lake Musselman, ought to be a first-rate cop, for he should get plenty of practise at home on how to manage a crowd, and declare martial law if need be at times. Constable Beach had just become the father of his twelfth child, all of whom are living, two being married and born to his first wife. The ten children of his second wife are at home with their mother. Philoprogenitiveness, which means the love of offspring, has a right place in the make-up of our township cop.

Fletcher Goudie, Ed Thorn, Web. Morton and Walter Davis formed a motoring party last week and journeyed into the north land on an extended tour covering some 900 miles in three days. In Mr. Goudie's Ford sedan they left here Saturday at noon, stopping at North Bay for tea, they visited Haileybury and Englehart, with an opportunity to do some fishing on the northern streams. The party called on former native sons in the person of Jos. Mertens at Haileybury and Dr. Harry Wilson at Englehart. Their visit with Dr. Wilson occupied so much time that they were unable to go on to Kirkland Lake. Plenty of fish in the north waters they say, and pickerel and pike were brought back with them.

Stouffville barbers seem to be the leaders in low price shearing, for during the boom days they removed the alfalfa from the heads of children for 20c when other places the rate was 25c. Now we read in one or two weeklies that the price for children's hair-cuts is down to 20c. As the price never went up locally very much, it can't come down either, and we doubt if the old song "Johnnie Get Your Hair Cut 15c", is ever again popular. Anyway, if it comes Stouffville will be in the front van of low prices, as always. The greatest worry of the local tonsorial artists is the charge accounts. If it is true as has been said, "That the Lord tempers the wind to the shorn lamb," people ought to pay spot cash or those southern Zephyrs thus promised us may be winter's stormy blast.

There are a lot of things going by their wrong name these days, and one of them in our judgment is the so-called "Pot Luck Supper." Last week the Women's Institute of Stouffville held one of these affairs at the home of their secretary Mrs. Wm. Simpson, and after hearing of the wonderful feast, we concluded right then that the word "pot" didn't signify anything, unless perhaps it told the kind of kettle the vegetables were cooked in. It was "pot" cooked all right by the deft hand of Mrs. Simpson, as the first thing on the menu was "green peas and new potatoes." They were cooked to the king's taste we are informed, and thus a repast that would have tickled the palate of a king was heartily enjoyed by the splendid attendance of institute members. After learning through the press that the institute dines on the fat of the land in this manner, we expect to hear of them having several applications for membership from their less fortunate sisters.

Mr. and Mrs. Fred Kirk and family motored to Wasaga Beach for a short holiday.

Miss Alma Baker, pupil of Mrs. Zillah Gilbert, passed her Intermediate vocal examination recently tried in Toronto.

The Whitchurch Township Council will hold their regular July meeting at Vandorf on Saturday of this week.

See the China Tea Sets in Shaw's window, the very same as bought by Queen Mary, for use in the Royal Household.

E. A. Grubin, Optometrist, will be at his office in Stouffville on Monday and Tuesday, July 11th and 12th

There will be no preaching services in the Mennonite church next Sunday, as many of the congregation will join their pastor at the camp meetings being held at Stayner.

Mr. and Mrs. Wetheral and young son are holidaying in town at her parental home, Mr. Robt Curtis. Mr. Wetheral is a former employee on the Bank of Commerce Staff, now in Owen Sound.

School teachers should send in their promotion school reports to The Tribune. No charge for publishing these results, and the average scholar will be encouraged to see his or her record chalked up in this manner.

Business Men and general public are invited to the Municipal Hall, on Friday evening this week, (July 8), at 8 p.m. by request of the Park Commission. The object is to discuss a proposed swimming pool and rock garden for the park. Whether you favor this undertaking or not, come and hear the scheme explained.

Advertising is profitable and may be done from many different angles. Last week we noticed that Mr. Ormsby Lehman placed a neat, well painted sign up in front of his boot and shoe store. Mr. Lehman is the "baby" business man on Main Street, having only a few weeks ago taken over his father's long established footwear business.

The frequent showers are making the grain and root crops bound ahead, although it is a bit catchy for haying. With hay a light crop in the eastern counties, prospects are for very high prices. Hay has maintained a high price all year as against the downward trend of other farm commodities.

Mr. and Mrs. A. S. Collins spent four days last week at Filly Beach, Jackson's Point. The occasion was marked by the celebration of two birthdays. A. S. C. reached the 72nd anniversary of his birth, and his youngest daughter Mabel E. Clark celebrated the sixteenth anniversary of her wedding day. The Collins had the opportunity to attend service at St. Andrews Presbyterian church Sutton, on Sunday morning.

Mr. Jack Barlett, British American Oil representative in this district, with Mrs. Barlett figured in a motor accident on Sunday when riding with friends in a large car travelling south on the Kennedy road. A small car just ahead of them suddenly swerved to make a left turn onto a side road, when the big car in which the local people were riding crashed into the smaller bus, and proved that it was as vulnerable as a hen's egg if proper pressure was applied to its body. Only the prompt appliance of the hydraulic brakes on the big car prevented a more serious accident. As it was Mrs. Barlett was tossed against the roof of the car and sustained a nasty bump, although the other passengers escaped injury. According to the evidence of the Stouffville party the small car which attempted the turn onto the side road gave no indication that they were about to do so, the driver failing to put out his hand. Constable Walker investigated.

That men's fancies are less stable than a school girl's flirtation is evidenced in the fate that befell the Tom Thumb golf. A few years ago one of these courses was set up on the most conspicuous place on the shores of Lake Musselman, where the owner made a beauty spot for the surroundings. Then the township fathers were besieged by ratepayers to throttle the thing from Sunday activities lest all the spare nickles would be attracted from the collection plate or Sabbath school offerings. But like Romo or Greece, one might ask, "where is it now?" It's glory has passed, and the lure is not even profitable for week days. Those who would sooner make "a hole in one" than be elected reeve of the municipality have lost the cunning of their hand, and see no more amusement in chasing a ball over the deserted course in public. Investors in miniature golf courses who didn't get their money back quickly, never will get it now.

STOUFFVILLE PUBLIC SCHOOL PROMOTIONS

Names in order of merit

- Jr. Pr. to Int. Pr.

NEW PASTOR INDUCTED AT MARKHAM CHURCH

Markham, July 2—At the induction service for Rev. Fred Smith who comes from Cobalt, into the pastorate of Markham United church Rev. D. A. MacKeracher, of Unionville, addressed the minister, Mr. Alex. Bruce, of Melville, the congregation and the Rev. Thomas Laidlaw, of Stouffville, preached the induction sermon. Rev. Dr. Pritchard, of Toronto, presided at the service in the absence of Rev. Mr. Paul, chairman of the Toronto East Presbytery. A reception was held in the East Church for Mr. and Mrs. Smith when D. F. Williams, clerk of the

session, presented the members of the church to the pastor and his wife. Tea was served. Miss E. Thomas and Mrs. Andrew Dimma presided, the young ladies of the church assisting in serving the congregation and guests
