

# LOCAL HAPPENINGS

Miss Erma Holden and brother Harry spent Sunday at Richmond Hill the guest of Miss Isabel Coulter.

Messrs. Fred Timbers and John Spence have returned to their respective farms in Whitechurch, after serving on jury in Toronto for a few weeks.

Some particular sort of thief stole 25 ducks from the pen belonging to Silvester Pollard at Ballantrae, leaving all the cull and removing the best of the flock.

Sr. IV—Elmer Winn, Gordon Hoover, Edythe Grubin C. E. Watson

Yes, it's pleasant to have your baking done—if it's done in our own bakery instead of in your own home. The pure-food ingredients of our bread and pastry thoroughly mixed and baked with expert skill bring to your home the acme of the baker's art when you order our goods by name.

**Stouffville Bakery**

AMBROSE STOVER, Prop.

Dr. D. C. Smith and family spent Thanksgiving in Woodville.

The attendance at Stouffville Continuation school for Sept. shows an enrolment of 107 students. There are 45 in form 1, 27 in form 2, and 35 in form 3. Forty-eight pupils are in attendance from other municipalities.

We are having a great response to the special subscription offer to The Tribune of only 25 cents until January 1, 1933. The sooner you start the more you get for your money. New subscriptions only please.

Jim Lawson a third form student of Stouffville Continuation School, and youngest son of Mr. and Mrs. George Lawson, (west end merchant), has entered the employ of the Bank of Nova Scotia, commencing his duties in the local branch last week, to fill the vacancy caused by the resignation of Jack Sanders from the staff.

Before His Honor Judge Lee the Mary Ann Wright will case came up for hearing in Toronto last week, and was adjourned until Friday of this week. Several witnesses were heard from Stouffville, and the case is expected to conclude at the next sitting. Two nephews living in the U.S.A. seek to set aside the will on the ground that the testator was incompetent to direct such a document. The estate amounting to \$6000 is willed to the Faith and Truth Temple, and its leader Mr. Crockett is named as executor. Three months ago a caveat was filed which forbade any funds being paid from the estate until the judge gives his verdict on the appeal.

The District Medical Association are appreciative of beautiful flowers, and have donated \$5 to the Stouffville Horticultural Society because of this fact. For the annual gathering of the association held in Stouffville last week, the society provided the floral decorations which looked so attractive in the hall on that occasion, the cut stock being secured from the gardens of Mr. Jos. Mertens whose daughter, Miss Marjorie is secretary of the Horticultural Society. Mr. J. R. Hodgins, president, together with the executive and entire membership appreciate the generous ways in which the professional organization expressed their appreciation.

The school board will meet on Friday evening to transact general business.

Mr. and Mrs. J. A. Jerman and baby "Jean Beverly" visited at the home of Mr. and Mrs. A. S. Collins over the holiday.

Miss Mary Lemon of Winnipeg is visiting here at the home of her sister Mrs. Wm. Silvester. A week ago Mrs. Silvester who is in very delicate health, motored to Toronto to see her daughter Miss Hazel Silvester, who is seriously ill.

Some subscribers find it more convenient these days to renew the subscription to The Tribune for six months at a time rather than pay for the whole year in one instalment. This suits the management so long as readers do not over look the little matter of paying the dollar without undue delay.

The Misses Daley attended the wedding of their niece, Miss Helen Taylor in Toronto, on Saturday, October 8th. Their brother Rev. Dr. Daley and his daughter, Nora came home with them, spending Sunday in Stouffville.

Reserve next Saturday for a visit to the big special showing of winter coats for misses and women, at Shaw's Store, as well as sport and afternoon frocks in newest designs on special display. Ladies are asked to call on this occasion, and view the special display.

Mrs. Frank Gordon was receiving the happy good wishes of her relatives and many friends on Sunday last, on the occasion of her 70th birthday. A number of intimate friends from out of town were guests at the Gordon home that day to mark the event.

The regular meeting of the Sr. Women's Institute will be held on Wednesday afternoon, October 19, at the home of Mrs. Lowndsworth, Edward street. It will be an old fashioned day, all members to come in old fashioned costume. Prizes for best costumes. There will be an exhibit of piece work for which prizes will be given, and an old fashioned lunch will be served.

This week the roofs are being completed on two new houses in town. The solid brick bungalow on Main street being erected by Mr. Fred Betz, and the solid brick square plan house on Church street being built for Mr. Paul Bowdway, are both at this stage of construction. Both places will be splendid additions to our residential properties.

Rev. A. W. Banfield who will address three meetings in this district on Sunday, October 23, in the interests of the Upper Canada Bible Society, is a noted speaker on this subject. He will speak in the Ballantrae church at 10.30 in the morning, and in the New Gormley church at 2.30 in the afternoon. In the evening at 7 o'clock a mass service of all the town churches will be held in the United church, when Mr. Banfield will give an illustrated lecture on "The Black Prophet of Africa." No canvassing done at these services.

As soon as it was announced that there would be an open season for partridge that toothsome bird immediately went crazy over the prospect and one of them flew into Flesherton and crashed through a large bedroom window in Mr. John MacDonald's residence about daylight on Tuesday morning. Some of the children were sleeping in the room and they proceeded to scream, thinking it was burglars, and awakened the household. Mrs. MacDonald captured the bird alive and placing it in a box she probably crated fed it until the season opened when it will be transformed into "quail on toast."

A petition is in circulation to have the local stores remain closed on Wednesday afternoons throughout the year, rather than to cease the holiday at the end of October as is the case now. We do not suppose that such a petition would receive the endorsement of all merchants, for business is hard enough to get as it is, and any curtailment of accommodation to customers would not tend to improve the situation. One of Toronto's largest stores is extending its hours, and announces that it will remain open on Saturday evenings until ten o'clock. This will be a crack for the smaller stores who do most of their business when the big fellows are closed up. Stouffville merchants should not become involved in changing the present plans for business hours here without getting together in some meeting place to decide the question.

Miss Myrtle Watson, A. T. C. M. student, wishes to announce she will accept pupils in piano and theory at her home, Main street, Phone 5008. Moderate Charge

Edward Walls booked one order for 20 barrels of apples last week. His Snows and Macintosh Reds are all choice sprayed fruit, hence find a ready market.

Thanksgiving Day was "just another holiday" in Stouffville for most of our people still there are those who used the holiday as a time for Thanksgiving.

The Women's Auxiliary of the United Church, Stouffville, will serve a chicken pie supper on the evening of Monday, November 7, following the anniversary services on Sunday.

Over 300 attended the Whitechurch Veterans Dance held at Couttie's Pavilion, Lake Musselman, on Saturday evening last. Kidd Bros. orchestra furnished the music, and those who were there say it was all that could be desired.

Mr. and Mrs. Ernest Harvey have moved from Shrigley in Grey County to Gormley where they will now reside. For the past two years Mr. Harvey had been in charge of the Menonite work at Shrigley, but at the conference held at Kitchen-er he did not obtain another appointment. The information given in this paper last week, however, to the effect that he resigned, is incorrect.

A. D. Grove of Ringwood who supplied a number of customers in town with spring ducks for Thanksgiving, raised six thousand birds this spring. Mr. Grove is the largest duck man in this section we venture to say, and counted this as a successful year for the birds, but he's not so sure about the market.

Tommy Fong, who has been employed at the local Chinese Cafe left last week for Vancouver. It is understood that Tommy intends to take unto himself a wife while out at the coast, and he will remain there for a couple of years at least with his Chinese lady. Tommy is a cousin to the two Chinese boys living in town and attending the local school.

On Friday October 7th the secretaries and treasurers of East York district Women's Institutes held a conference in Stouffville at the home of Mrs. E. J. Davey. After the morning session all the delegates went for dinner to the Blue Bird Inn. At the afternoon session several interesting addresses were given. Lunch was served and enjoyed by those present.

Thursday's Thanksgiving market was a small affair this year, due largely to the fact that Thanksgiving came so early in the season that the spring fowl are scarcely ready for killing. Chickens over 5-pounds brought 20c a pound, and under 5 pounds 18c. Hens were cheap enough at 15 cents. Butter and eggs are firm, and bring a fair price, butter 22 cents and eggs 25 cents a dozen.

For the first time, Stouffville Continuation School, entered the field day of sports for this district which was held at Markham on Saturday. The contestants from here met with a fair measure of success, for this, the first effort of the kind, Lambert Malloy won the most prizes in the boys' events, and Mary Doten stood highest among the local girls. Stouffville is tied with Agincourt for the junior girls' championship, and a silver cup will be awarded to each school for their prowess in this section.

The Menonite Young Peoples' meetings held in town on Thanksgiving Day, were largely attended, and were rewarded with live interesting meetings. The morning program was in charge of the Scott Society, and the afternoon event was taken by the Gormley-Dickson's Hill people. In the evening the Toronto friends took the platform. Meals were served to the visitors, and the evening meeting was transferred to Rattliff's Hall the seating of the church being unable to accommodate the crowd. In fact the hall could not seat them comfortably.

After having been privileged to sample a liberal number of fine peaches grown in the west end of the town, we have to revise our ideas about this section not being able to raise the luscious fruit to proper maturity like they do over in the Niagara district. Last week Mrs. B. E. Beebe introduced us to a peach tree which stood in the rear yard of her premises on Main street west, and which tree produced six baskets or more of as fine a sample as ever grew out of doors. The flavor was superior to that of the average peach, and the fruit was a good average size. The tree, five years old, grew from a pit.

E. A. Grubin, Optometrist, will be at his office in Stouffville on Monday and Tuesday, October 17th and 18th.

Mr. A. F. Hines will be here on Saturday, October 15th, with a very complete line of Winter Coats in all the latest styles, and every coat sumptuously trimmed with selected furs. Also a full showing of sport and afternoon frocks, in all the newest fabrics and styles. We invite your inspection. The W. H. Shaw Store.

Ten yards of cloth are needed for the new gowns this fall owing to the radical change in styles. That ought to keep the mills busier than it did five years ago when it scarcely required any cloth at all for the average frock.

Silver Bros. announce in their advertising space that coal and coke orders must be on a strictly cash basis from this date. This commodity runs into cash very fast, and evidently the courtesies extended are mounting into two great a figure. Anyway, coal is a cash commodity wherever it is handled.

Take a holiday from baking and give the family a change of cooks, by getting your pastry at the sale of home-made baking to be held on Saturday this week (Oct. 15) in the old Bank Nova Scotia building just west of post office, held under auspices of the Anglican Church W. A.

Nine usual contestants at the annual Provincial Plowing Match to be held this week at Ottawa, have been barred from the competition this year, because no one seems able to defeat them. Practically every one of the champions lives in this locality. The local boys have gone out and won all the choice prizes so many years that other contestants are beginning to say "what's the use."

Mrs. Chas. Urquhart of Port Credit is recovering from a motor accident of a week ago when she suffered a broken collar bone and other injuries, when a car driven by a doctor ran into the motor in which Mrs. Urquhart and her daughter, Mrs. (Dr.) Kilgour of Toronto were riding. The latter escaped uninjured. A report last week said that Mrs. Wm. Urquhart of Owen Sound was the victim of this accident, but this was an error, it was her sister-in-law Mrs. Chas. Urquhart of Port Credit who was injured.

Three local rinks skipped by M. Watts, George Saunders, and J. Rattliff, attended the Bowling Tournament at Newmarket on Thanksgiving Day. The rink skipped by M. Watts, with Mrs. Watts, Joseph Watts, and Luella Holden were successful in winning first prize with a score of 67 points for 3 games. This same rink scored 68 points at Newmarket a year ago. George Saunders' rink with Mrs. Saunders, Mrs. Grubin and Gordon Lemon brought home fourth prize. The first prize was beautiful bed spreads and blankets.

An unique and impressive ceremony took place at Musselman's Lake on Sunday just after the one o'clock noon hour, when a wreath was laid upon the waters right over the spot where the late Sidney Salmon sank to his doom one week previously. The unfortunate young man, it will be remembered, was tossed out of a boat, and as he could not swim, went down immediately. He is survived by a wife and child. The immediate family pushed out from shore in a boat to perform the solemn act in remembrance of one taken from them so suddenly.

Farm stock sales are so scarce this fall that prices soar high for most lines as compared to present market values. On Saturday good prices were realized for the stock and implements sold just east of Stouffville belonging to Earl Spence. A remarkable feature of the sale was the fact that although five months credit was extended, only two persons took advantage of the credit terms of the sale for small amount of \$29 and \$35. Outside of this the total sale returns were paid in cash amounting to \$1000.

Mickelsen—Svaneret

Glennview Presbyterian Church, beautifully decorated with autumn flowers was the scene of the marriage of Gerda Karla Svaneret and Chris. R. Mickelsen, whose parents are of Denmark.

Rev. H. E. Abraham officiated and the bride who was accompanied by Miss Marilyn Hooper looked charming. Mr. Alfred Kay was best man and Mr. Edward Davonport usher.

Following the ceremony a reception was held at the home of the bride's mother and later the young couple left for a honeymoon in the north.

Mr. Mickelsen will be well remembered by friends who knew him while with the Stouffville Creamery Company and who extend best wishes to the young couple.

"QUALITY" "SERVICE"

SHULVER—TAYLOR

A pretty autumn wedding took place Saturday afternoon last week in Kingston Road United church, when Helen May, daughter of Mr. and Mrs. W. C. Taylor, and granddaughter of Mr. and Mrs. R. J. Daley, was united in marriage to Mr. Eric Shulver, son of Mr. and Mrs. C. H. Shulver, the Rev. Dr. J. T. Daley of Port Hope, uncle of the bride, performing the ceremony, assisted by Rev. E. H. Toye, pastor of the church. Autumn foliage, palms and ferns were massed with large dahlias and other garden flowers to form an attractive setting for the event, and soft organ music was played by Mr. Cecil Tate throughout the service. The bride who was given in marriage by her father, was gowned in shimmering white satin with rose point lace godets set in to lead a graceful flowing flare to the skirt. On one shoulder a large bow of satin was looped allowing long ends to fall prettily down the back. The long sleeves were fitted tightly to the arms and the high neckline was round. Her veil was made of embroidered net and was fastened to a coronet of pearls, and caught at either side with small clusters of orange blossoms. She carried a shower bouquet of Ophelia roses and lily of the valley. Miss Annie Smart acted as bridesmaid, frocked in palest pink Chantilly lace with touches of blue in sash, lace mittens and blue velvet turban. She carried Talisman roses. The groomsmen was Mr. William H. Taylor, brother of the bride, and the usher, Mr. Herbert Arms. During the signing of the register, Mrs. Panny Arnold Wilson sang a wedding hymn. After the ceremony a reception was held at the home of the bride's parents, when Mr. and Mrs. Shulver and Mr. and Mrs. Taylor received with the bride and groom. Mrs. Taylor wore a becoming gown of wine colored georgette and lace with a matching hat of felt and a corsage of Talisman roses. Mrs. Shulver's gown was midnight blue lace with which she wore a bouquet of pale pink roses and a dark blue felt hat. Later the newly married couple left by motor for the eastern States, the bride travelling in a henna-tan wool costume trimmed with black Persian lamb and a small hat of felt to match. The occasion was of double importance as it was the wedding anniversary of the bride's mother.
