**RINGWOOD**

Mr. and Mrs. Chas. Thomas and Mr. Edward Stover of Toronto were Tuesday visitors, at Mrs. J. M. Grove.

Miss Addie Pipher of Toronto, is spending some time with her mother Mrs. Wm. Pipher.

Mr. and Mrs. Wm. Grove and family spent Christmas with Mrs. Grove's parents, Mr. and Mrs. Johnson, at Uxbridge.

There were several car accidents in this district the last few days, due to the icy condition of the roads. Bert Baker slipped into the ditch on the 8th, and broke the front wheel of his car off.

We are glad to report that Henry Grove who was struck by a bicycle some time ago, and was in a serious condition is greatly improved in health. We hope to soon see him out again.

We wish our readers a happy new

year, and at the same time would remind them to telephone The Tribune any items of news suitable to appear under our local heading.

Visitors to Grove's store at Ringwood last week were treated to an unusual sight in the form of a huge lemon weighing two pounds, one ounce. The large citrus specimen measured 16 inches by 18 inches and is probably the largest lemon ever to be seen by our people. It was grown in Texas, and was received in a Christmas box by Mr. S. H. Foote of the 7th concession Whitechurch, from his daughter Mrs. F. Whittlesey of Mission, Texas. Grove's store has a lemon tree which is quite a curiosity in this country, but the Texas lemon, for size, is like a great grape fruit.

The annual school meeting on Wednesday last week, was attended by the usual small number of ratepayers in our prosperous and well settled section, Mr. Abner Baker who had served the Township of

Whitechurch as a councillor, in not the very long ago, was voted to the chair. He was also nominated to run for trustee, but whether it was his criticism against the action of the old trustees in installing chemical closets or because the meeting desired someone else as trustee, Mr. Baker was on the short end of the count, and Delos Graham was elected for a term of three years. Someone said, it wouldn't do to ask a ratepayer to step back from the high office of councillor of Whitechurch to the menial job of school trustee. No matter how one looks at it, good men are needed in both positions, and either Delos Graham or Abner Baker are capable. Delos may have had added weight because he has children at school. The other trustees are William Ratcliff, and Everton R. Sinclair who is secretary. D. L. Stouffer is the retiring trustee. Some criticism was levelled at the trustees for not reducing salary of teacher even though a substantial cut was made a couple of years ago. It was explained that the trustees are not opposed to further salary reduction, and then the ratepayers were satisfied on the matter. The attendance at the school is 55, which is large for a country school, and the salary is \$1050. At one time Ringwood paid \$1200.

**MELVILLE**

Wes. J. Powell, merchant, was last week re-elected school trustee for Melville, for another three year term. Only ten ratepayers attended the meeting, which we take, not so much as a lack of interest, but as a sort of general satisfaction with the past management, and the school tax. The rate was lowered this year, but had a higher one gone into effect, the ratepayers would have been out in swarms. Archie Fleming is another trustee and secretary of the board, along with George Hoover.

A house party was held at the home of Mr. and Mrs. Maindonald, on Tuesday evening last week in honor of their daughter Marg. who was home from Business College, Toronto, over the holiday. There were around twenty-five present all reporting an enjoyable evening.

School meeting was held at the Webb school, No. 4, on Wednesday last week. Trustees appointed for coming year were: R. Ashenhurst, W. Symes and Harold Dickenson. Mr. Dave Elson resumed the 'caretaking' job as usual and Mr. John Norton sr. is putting in the wood, of Balsam, and Mr. L. Hopkins of Brougham, Mr. F. Slack, Gordon

**The Farmers' New Year**

Another year is beginning to unfold, and like its predecessor, may be full of many difficulties. It is a time when we must look into the future with faith and fortitude, and while the farmers' position looks gloomy, many other people are much worse off.

We thank you for your patronage in the past, and desire to express our wish to be of service to you in the future.

**ALTONA**

Miss Lizzie Davis is visiting with her sister, Mrs. Wild of Markham.

F. Wagg and family spent New Year's with Mr. and Mrs. Murray Dunkeld.

Miss Leta Bunker spent a few days with Miss Ruth Story during the holiday season.

Mr. and Mrs. S. Thompson and daughter, spent New Year's with Mr. and Mrs. Wm. McNair.

Mrs. R. Brown and family of Glasgow, spent New Year's with Mr. and Mrs. Willis McNair.

The Misses Eva and Ella Hook visited with their grandparents, Mr. and Mrs. A. Davis during the holiday. We were pleased to hear that our councillor, Wm. Reesor, has been re-elected for another year.

D. Crosier's had their New Year's dinner with relatives in Port Perry on Thursday.

Special meetings are being conducted in the church each night this week, several outsiders assisting with the music.

Mr. and Mrs. G. C. Johnson of Toronto, and Mrs. Lee and sons, Fred and Albert of Claremont, spent the New Year with A. Jones.

There was a splendid attendance at the church service on Sunday evening, and the music rendered by the Girls Class was much appreciated.

One of the older folk of the locality Mrs. Frank March of Glasgow is seriously ill. Lifelong friends will regret to learn of Mrs. March's condition.

It was quite a picturesque scenery, Monday afternoon on the huge sheet of ice, covering the pond, the hockey players reserving a portion, while numerous young people were enjoying themselves gliding over the ice on skates, (older ones as well) and of course we must not forget our curlers, who were very busy flooding their rink, and getting it in first-class condition to sweep again.

The checker king of Altona would be wise if he chose a little later hour, when he tries to take a turkey from a garage all ready for the New Year dinner. He was caught in the act by a couple of ladies just returning from an evening's visit with one of the neighbors. He says he was caught like a rat in a trap. "Be-ware."

Considerable interest was shown in the school meeting held on Wednesday last week. David Nighswander whose term as a trustee was out, was replaced by Samuel Fretz. Peter Nighswander and Ross Kester are the other trustees. Councillor Wm. Reesor acted as chairman, and there was quite a discussion about the Altona school admitting pupils from the Glasgow division. However, the Altona school is not by any means crowded these times, with an enrolment of about 35. The teacher is Miss Kate Reesor.

The January meeting of the Women's Institute will be held on Wednesday, the 11th, at the home of Mrs. Frank Wagg. A very attractive program is looked forward to. It includes roll call, something grandmother did or said; a paper by Mrs. W. McKay on 'Farming in Pioneer Days.' Music will be given by the grandmothers, and a demonstration will be made on homemade buns. The program will conclude with a discussion on historical events.

**Card of Thanks**
