HARDWARE STOUFFVILLE, ONTARIO

Mr. Simeon Stouffer, spent the weekend in Toronto with his brother Mr. David Stouffer.

The Friday and Saturday grocery specials at A. W. Wilkinson's in the Collard Block, are proving big attractions in Stouffville each week. Just look at page 8 of this issue, and use your own judgment about the best place to buy your supplies. Orders delivered. Use the phone.

For Rent—Four or six rooms. Electric, water, verandah, garden, cellar, fixtures, shades. Apply to Mrs. Irwin, Victoria St., Westend.

Some things turn yellow with age, but it takes money to turn your auto marker to that hue.

Mr. H. Mckerlie, of Toronto, will preach in Church of Christ, West-end, Stouffville, on Sunday, January 22nd at 11 o'clock a.m. Every one welcome.

Special for three days, January 19, 20, 21, at the Betty Beauty Shoppe—Shampoo and Finger-Wave, 75c, Shampoo and Marcel 75c (For short hair only). This shop will be closed from January 23 until January 30th.

Workmen did a good job on Tuesday when they cleaned the accumulation of mud, etc., off the Main street pavement. A road of this nature is only at its best when properly kept clean, and the citizens will appreciate the action of the road committee in seizing the opportunity during the mild weather to do this work. Also the men employed were given the chance they sorely needed to get a day's work.

The local curlers are having a rather hard time of it this winter, because of the vagaries of Old Man Winter. However, the club has enjoyed some good games despite the mild weather. A plan of presenting spoons to the winning rink has been hit upon, and the first game for the silverware was won by D. H. Russell's rink.

Sympathy is being extended to Mrs. B. Burkett, who is mourning the loss of her mother, Annie Bell Smalley, widow of the late Mordica Alcock, who passed away in Newmarket, on Friday of last week in her 70th year. Besides Mrs. Burkett, her other daughter survives, being Mrs. Morrison, of Coleman, Alberta. One sister Miss Ella Smalley, nurse, of Brooklyn, New York, and one brother Clark Smalley, of Sutton, also survive. The funeral on Monday from her late home, took place to Newmarket cemetery. Mrs. Burkett had been in Newmarket part of last week, while Mr. and Mrs. Robt. Irwin and Mrs. George Baker also attended the funeral from Stouffville.

Mrs. Harry Burgess who was removed to Grace Hospital, Toronto, the day before Christmas, is reported to be making satisfactory progress. She was in a very serious condition of health and will be in the institution for observation for possibly three months.

Mr. Elijah Penneck was in Markham village on Monday visiting with Mr. and Mrs. W. H. Clark, who are former citizens of Stouffville. Mrs. Clark has been very ill, but is somewhat improved again. The Clarks conducted a store business in town at one time in the building now occupied by Herb. Porter.

Once more the C.N.R. has demonstrated the popularity of the low excursion rate, so well patronized in days gone by. Last weekend the return fare, Stouffville-Toronto, was only 50c, and no less than 105 took advantage of it. A few went to Hamilton because of the special rate to that city. The excursion which was run as part of the regular trains required 12 coaches on Saturday morning to carry the passengers, totalling 500 from Lindsay to Markham.

Farming conditions, bad as they are in Ontario, are much better than in some parts of Canada. A citizen was in our office the other day, carrying with him a dozen eggs for which he paid 28c at the store. He told us that in a letter from his son living in a small Saskatchewan village, it stated that eggs were retailing at eighty cents per dozen. The producer was only getting 6c and less in some places. Locally eggs are fairly firm in price at 25c to the producer, hence we say, things are not so bad but that they could be worse. Let's all cheer up!

Mr. Lud Hoover started the ball rolling, so to speak, for the big egg season, by producing a healthy large specimen from his White Leghorn flock as reported last week. This evidently got "under the feathers" of the flock down on the farm of Clark Bunker, 10th concession of Markham. His White Leghorns left in the nest the other week six eggs, all around 6 1/4x8 inches in size. The half dozen are equal to a normal dozen of eggs in weight. Another pen that commenced to "cackle" since Lud Hoover was heard from, belongs to Evertor Smith, of Stouffville, and teacher of the public school, Ringwood. Mr. Smith got his "find" also from a White Leghorn layer which has anything but a good record for this season. The egg is 6 1/4 inches circumference by 5 5/8 inches long. This will sure be hard to beat. A Ringwood man left an unusual specimen, measuring 5 3/4 inches round by 8 1/4 inches long, and as in the case of all the other champion eggs, this winter, was laid by a White Leghorn pullet. We are sorry not to have the name of the owner in this latter case.

The seventh annual installation ceremonies in connection with Jubilee Chapter, Order of the Eastern Star, was held on Tuesday evening. Opening with a banquet in Ratcliff's Hall at six o'clock, the installation proceedings followed in the chapter rooms in the same block. About 100 enjoyed the banquet, which wound up with a short toast list presided over by Mr. E. M. Still, manager of the Canadian Bank of Commerce. In addition to the well laden tables, the hall and chapter rooms were elaborately decorated the credit for which is due to the artistic taste of Mr. Geo. Saunders. Guests were present from the surrounding chapters, including a number of Grand chapter officers. Jewels were presented to the retiring worthy matron, Mrs. A. V. Nolan, and the worthy patron, Mr. Chas. Barkey, by Miss J. Birkett and Mr. Still, on behalf of the local chapter. Solos were rendered by a member of Queen City chapter, Toronto, and the installation of the new officers for 1933 was in charge of Mrs. Lucy Waters, installing matron, assisted by Mrs. Margaret Thompson, D.D.G.M. as Marshal and Mrs. Anne Wright, chaplain, also the past matrons and patrons of Jubilee Chapter. The officers installed were:

Miss Emma Winn is visiting friends in Toronto for a week.

Herbert Stoutenburg was admitted to the General Hospital last week for foot trouble.

Mr. and Mrs. R. E. Wiancko and son Eldon and Miss Bertie Raymer of Toronto, also Mrs. E. Hoover and son Herbert visited on Sunday with their parents Mr. and Mrs. Chris. Raymer who are not very well.

Special Notice—E. A. Grubin, Optometrist, will not make his regular bi-weekly visit to his Stouffville office on January 23 and 24th. His next visit to the Stouffville office will be Monday and Tuesday, Feb. 6th and 7th.

The first meeting of the 1933 school board is to be held Wednesday evening this week. The selection of a chairman is the first item on the program, after the members take the declaration of office.

A resident of Stouffville for about 25 years, and one of the oldest ladies in the community, Mrs. Eleanor Caseley, died on Thursday last week, aged 85 years. She had been ill only a couple of months, and up to that time did all her own household work. She would not tolerate help from any source. Mrs. Caseley was raised in Markham Township, her maiden name being Eleanor Lynn. She married the late James Caseley, and the couple settled on the 5th concession of Markham, where they spent many years together. After retiring to town, Mr. Caseley passed away in 1920, since which time the widow lived alone. They sold their 100 acre farm in the township to Mr. Frank Stiver the present owner, the property being just south of the well-known Stiver farm. Mr. and Mrs. Caseley had no family, but Mrs. Caseley was an aunt to Mr. Morley Barker and Mrs. Harmon Hoover of town, and Mrs. Clark Johnston of the 6th concession, Markham. The funeral on Saturday took place to Victoria Square for interment. Rev. Thos. Laidlaw conducted the service at the late home on Duchess street, just west of the United Church.

Clean up the Hen House

Every hen house should be cleaned before putting in the pullet crop. A good thorough cleaning consists of removing the litter and all poultry house fixtures, such as mash hoppers, drinking fountains and the like, then flushing the walls, ceilings, dropping boards and floor, scraping loose any dirt, that may have a tendency to stick. After the house has been thoroughly cleaned it is ready for a coat of whitewash. This will improve the appearance of your hen house, make it much lighter for the birds and at the same time helps to kill parasites and disease germs. A common practice is to add a pint of disinfectant to a gallon of whitewash. Clean, comfortable quarters for the pullets go a long way toward increased production during the winter months.

Open Letter From The Assessor of Pickering Township

To the Editor of Stouffville Tribune

In the last issue of The Tribune I notice a letter from Mr. John A. White who was a candidate for the office of Reeve of Pickering Township, and evidently attributes his defeat to Mr. Roy Ward, Road Supt. and to your humble servant the assessor.

I beg to say that since being appointed assessor of the municipality in 1927 I have not taken part in any of the municipal contests and did not in the last one.

Mr. White is wrong in attributing defeat to the names of 25 non resident voters to the Municipal Voters list. They were added on application of ratepayers residing in the polling sub divisions and were then put on by the County Judge.

As there are 562 names on the voters list for that Polling Division of which 458 are non residents and the total votes polled there numbering 106 it cannot be said that there was a very heavy vote polled there, or that the addition of 25 would make much difference. However I believe all the non-resident persons on the list for that polling division are bona fide owners and had the right to vote. I also beg to say that my salary as assessor is \$400 and 10c per each dog entered for assessment. Thanking you for the space accorded for these corrections to some of the statements appearing in Mr. White's letter.

Truly Yours, Adam Spears Whitevale Jan. 18, 1933.

Here and There

A total of 120 sailings to and from Halifax will be made during the coming season to the Old Country, the majority of which will be by Canadian Pacific steamships.

A rise in wholesale prices in Canada during September is considered to be one of the outstanding favorable events in the Canadian economic situation, according to a statement recently issued by the Department of Trade and Commerce.

Popularity of Canadian tobacco in the United Kingdom is increasing. For the eight months to August last, 8,950,568 lbs. of Canadian tobacco valued at \$2,545,380 was exported to Great Britain as compared with 4,917,128 lbs. valued at \$1,429,892 exported in the same period of 1931.

The Canadian silver production in 1931 was approximately 20 1/2 million ounces, or 10.5 per cent of the world's computed production of 196 million ounces. Canada has for many years ranked third amongst the silver-producing countries of the world, being exceeded by Mexico and the United States.

New Brunswick is to stage the North American Cover Dog International Trials as an annual sporting event. Success of two days' trial concluded at Petersburg recently, has brought about formation of a permanent dog fanciers and owners' association which has fixed dates for 1933.

Photographs of Bangkok's shrines, temples, statues, and other places of interest in Siam taken during world cruises by Canadian Pacific liners, are being taken to Bangkok for King Prajadhipok by the Siamese Consul-General in Canada, who sailed for the Far East on the Empress of Asia recently.

Hon. Herbert M. Marler, Canadian Minister to Japan, left for Tokyo recently aboard the Empress of Asia after a two-month vacation in Canada, strong in the belief that the Dominion is on the threshold of great trade developments in the East. With 500 million people in Japan and China, the possibilities, said the Minister, are incalculable.

China is on the eve of an era of tremendous development in railway expansion, engineering works and general trade, in the opinion of Major W. S. Nathan, chairman of the Pekin syndicate, who recently sailed on the Empress of Japan from Shanghai to Victoria en route for England. Rationalization and expansion of China's railways would be the first step in this expansion, he stated.

Can you afford to lose?

Or are you counting only on a gain when you invest your money? Would a loss cause you serious embarrassment? Would it cripple you and yours financially? Ask yourself these questions before you venture.

For no matter how rosy the picture... no matter how tempting the promise of profit... the possibility of loss must be taken into account.

The hindsight of thousands has been better than their foresight. Profit by their experience.

If you can venture only on gain, consider the protection afforded by a savings bank account.

The gain is sure and safe.
