

LOCAL HAPPENINGS

Sedan car for hire with driver. Phone 2702. Arthur Dowswell.

Constable Pugh summoned a few speeders to court this week, as well as a couple who were driving cars without the necessary driver's license.

Mr. J. P. Cassidy, the local Massey-Harris agent, was successful in passing his second year examinations at the Ontario Veterinary College. He obtained a mark of 70 and over on the 15 subjects written.

The Stouffville Public Library Board will meet on Thursday evening, May 11th, at seven o'clock, when Mr. Hugh W. Watson will give his report of the O.L.A. Convention. All members are urged to be present. Please note the change of time, 7 p.m.

At Church Hill Church, on Thursday, May 11th, the four act play "The Country Doctor" will be presented by the young people of Church Hill, beginning at 8 p.m. Tickets 25c and 15c.

Be sure to come and bring your friends, you will enjoy this play.

Messrs. Sam Armstrong and Eli Raymer, carpenters, are rushing the repairs on George Watson's residence, damaged by fire on May 1. An entire new roof has already been built over the rear half, and other repairs necessary will be new ceilings, plaster and papering throughout. With the roof on, and all trades can be rushed so that Mr. and Mrs. Watson may be quickly settled in their comfortable place again. Their daughter Miss Edna, registered nurse at Woodstock, was in town for a few days last week.

STOUFFVILLE BREAD

Buy it from the wagon; buy it from the bakery; buy it from your grocer. Just please yourself, but if you want the best there is, the very last word in Good Bread, then buy Stoyer's Bread. There's a reason and you'll find it in the bread. All the ingredients that go to make bread, pastry and cake are of first class quality at Stoyer's. Come this weekend and see our display of fancy baking.

Very Special—We are breaking records with our Buns, and Rolls—none finer. Be sure and take a dozen home.

Clean up your yard!

Mr. and Mrs. Geo. Wagg Sr., of 10th concession, just north of Island Lake, will be at home to their friends and relatives on Sunday May 14, afternoon and evening, it being their 61st wedding anniversary day.

The opening game in the East York League in the O.A.L.A. will be played in the Arena, Stouffville, on Friday, May 19, between Agincourt and Scarborough Grads, known last year as the Rouge Hill team. These are the two teams that played in the finals last year, and should provide a brilliant opening game in Stouffville. Ball faced 3.15.

The re-organization meeting for the local baseball team was to be held on Wednesday evening of this week, as this paper is being issued. It is proposed to form a league this season composed of Sutton, Aurora, Uxbridge and Stouffville, which should prove a satisfactory frame.

Mr. H. J. Gould of Uxbridge, one of its leading business men for half a century, celebrated his 76th birthday on May 1st. We always wondered why H. J. and his brother Jonathan of Markham Township, are such ardent followers of Isaac Walton. The opening of the trout season is a fitting time to choose for a holiday.

A number of local fishermen went to Uxbridge park pond for the opening of trout season at 12.01 a.m. on Monday, May 1st. Sixty-four lined the bridge for the occasion. An Oshawa man landed a 3 pounder, while "Massie" Mowder caught one ranging in length from 12 to 17 inches (according to who tells the story).

Evangelist D. L. Shultz will conclude the two weeks special services in the Mennonite Church, Stouffville, on Sunday evening. The meetings have been well attended while the inspiration and leadership given those who are concerned about their salvation was gratifying too. If you have not got in on one of these services, make it a point to get your share of the good being spread by Evangelist Shultz by attending this Thursday or Friday evening or Sunday next.

The quarterly statements of the Bethesda & Stouffville Telephone Co. now going forward to subscribers in town, are being delivered by messenger man from door to door. This is a system the village has adopted when issuing Hydro and Water accounts, and it all goes to show that the post office department by high rates have driven the business from the town drive. This is a situation that obtains not only in Stouffville, but in almost every town, and even in cities. It will take some cutting of postal rates to bring back this business to the old and really nicer way of passing it through the post office.

The Stouffville Tribune special offer to new subscribers at \$1 to end of 1933. Begin at once and get the most for your money.

The town constable is charged with the duty of collecting dog taxes. If any canines escaped the assessor by being hid away when the officer was on his rounds last month. Every dog is going to be treated alike this year, and owners are to be made to recognize the fact. A fine may be imposed for having a dog in ones possession for which a tag has not been taken out.

The annual meeting of the Sr. Women's Institute, will be held on Wednesday afternoon, May 17th, at the home of Mrs. W. Hill, Victoria St. This meeting is for the election of officers and all members are requested to attend, and hear the yearly report and cast their vote. There will be no lunch served.

Stouffville folk are requested to keep in mind the spring party of the Stouffville Old Boys and Girls' Association of Toronto, to be held this Friday evening (May 12) at Ramona Dance Gardens, 2271 A. Bloor West. Games, music and supper, and a real social time assured for all. Admission, members 25; non members 50.

Mr. and Mrs. W. W. McLaughlin, of Toronto who spent a recent weekend with her mother in town (Mrs. Jas. McCullough) intend to spend a five weeks' holiday in the British Isles. They will sail on Friday of next week from Montreal aboard the Duchess of Bedford.

According to the program for the Uxbridge Spring Fair to be held again this 24th of May, there will be no horse racing, and it will be interesting to see how this will affect the size of the crowd which annually attends this event in our sister town. No doubt the difficulty to obtain financial backing these days for such institutions as fairs, is the prime reason of dropping this important drawing card from the afternoon attractions. The general admission is again dropped to 25 cents for adults.

Those two boys must have enjoyed a great day together! We refer to Mr. Simeon Stouffer who went down to Toronto on Tuesday to celebrate his 87th birthday at the home of Mr. David Stouffer who is 89 years of age. Team mates through life, the pair have much in common, and the pioneer events that they would be able to recall, would fill a book. We congratulate our townsman on his being spared to record another year, and may he enjoy many more!

Two prominent business men of Stouffville, Messrs. John and James Ratcliff, were bereaved this week in the death of their brother Fred L. Ratcliff of Toronto, who was in his 62nd year. Deceased was born in Dundas, and was educated at Peterboro Collegiate. He became a prominent business man in Toronto, and was a director of the Canadian National Exhibition Board. As well as being president of the Ratcliff Paper Co. he was a Governor of the Orthopedic Hospital, and a prominent club man. Mr. Ratcliff was a strong Baptist and was president of the Baptist Young Peoples' Union at the time of his death. Besides his two brothers in Stouffville he is survived by a wife, and by one sister Mrs. George Mathews of Brantford. The funeral took place Wednesday to Forest Lawn Mausoleum.

There were no cases of widespread importance heard at the sitting of the Division Court in the Municipal Hall on Monday morning, at which His Honor Judge Field presided. The only one with any local color was a claim entered by E. R. Sinclair of Ringwood against George Baker, real estate agent, on which judgment was rendered for \$23.30. A counter claim by Mr. Baker for \$250 was dismissed. Sinclair carried an account for gasoline, and for driving Baker in real estate business, while the counter claim of Baker was for trying to sell the road house at Ringwood. Sinclair contended that the agent never had any instructions to advertise his premises for sale, and Baker's effort to sell was of his own but so to speak. Baker admitted not bringing a buyer, but said he had spent money in advertising, and although there was no written contract as required by law, he anticipated Sinclair would come across with some dough, as he agreed to sell. The judge wanted to know if the confiding parties were bad friends, but both denied being such. In fact Baker said he had visited the Road House only a day or two ago, and patronized the booth. They were friends, and the dispute was a friendly one. The settlement was apparently acceptable to both parties. Percy Middleton obtained judgment for \$65 against Andrew Peterson for an account, and he also won out on another case getting a \$17 judgment from Thos. Britton for pressing hay back in 1929. Norman Boyd sued F. R. Hamilton for damages of \$190 on a dispute arising over the sale of a truck which Hamilton took away from the plaintiff. They settled the matter for \$30; Plaintiff is a son of Alex Boyd.

The next public holiday will be Wednesday, May 24, which is the 114th birthday of the late Queen Victoria.

The Sunday motor traffic through the village hit the peak for some months last Sunday. Of course dry roads to the north, plus fine weather, did the trick.

Mrs. Stanley Robinson of Bowmanville, and Mr. and Mrs. Wilton Dixon of Oshawa, spent Sunday with their parents Mr. and Mrs. Alfred Pugh.

Last week was the time to apply the first spray to apple trees, outside of spies. This spray is very important in the control of scab, and Edw. Walls the local vineyard man was busy on the job.

The town of Whitby has just passed a by-law forbidding the sale of un-pasteurized milk in that town. When the by-law became operative last week, no less than five dairies had complied with the regulations by installing expensive pasteurizing plants. In Stouffville the citizens are permitted to use their own judgment and they may have pasteurized milk on their porridge or un-pasteurized, for both grades are available through the vendors. In case of an epidemic breaking out at any time as it did some years ago, it would spell the end of the un-pasteurized product, however.

A piano has been installed in the Mennonite Church, Stouffville, for the period of the present evangelistic meetings. It is said that not since the erection of the church back in 1903 has such an instrument been used in the praises so well sung in this sacred edifice. A few years ago a vote was taken on the question of installing a stringed instrument, and was defeated. The present change is for the duration of the special meetings, and a piano will not become a fixture in the church until such times as it is accorded a place by a vote of the communicants which may be taken at no distant date. At the little church in Dickson's Hill an organ has been placed in the church, after over half a century through which the instruments were not allowed there.

At the last meeting of the Municipal Council the reeve recommended to council that regular or stated hours for the Clerk's Office should be set. He suggested they follow closely those of the banks, so that persons might know exactly when they could expect to pay the treasurer hydro or water accounts. Better care of important records of the town, such as the collector's roll also came under proposed changes needed at the town office, which the reeve would like council to give consideration to. Clerk Dougherty said a vault would be required to hold all the books, but he endeavoured to keep as many current documents in the safe as possible. A fire, it was said, would destroy valuable documentary information under present conditions. The council agreed to order 3,000 gallon of road oil for use on all gravel streets, which will be delivered by oil tanks right onto the roads. The cost will be 10 cents per gallon distributed. A very small number of accounts were presented, in addition to two insurance policies being renewed for \$16.90 on municipal hall, and \$100 for accident insurance renewal premium.

HOUSE TO RENT—Main street, all conveniences, and centrally located. Isaac Bowdway.

LOST—Black leather music case containing music sheets and books in or near Stouffville. Finder please phone 209, or leave at Tribune.

Mr. and Mrs. Job Scott, Toronto, were in town for a short time on Tuesday. They have recently moved from Bloor street to 863 Davenport Road.

At a meeting of the Official Board of the United Church Stouffville, held on Tuesday evening, a general reduction was made in all salaries, including a cut in the minister's stipend of \$200, to a salary of \$1800. The reason for the general cut in salaries is the falling off in contributions, which it is hoped will be shortly overcome by a return to better conditions in the country.

Reg. Walker, a local youth, who was remanded in police court a week ago, on a charge of stealing a sweater while down at the Rouge fishing grounds, was given a sentence of 30 days in jail, when he appeared before Magistrate Keith on Monday. His Worship observed that the offence was a minor one, but the boy's previous record was against him.

Introducing the 1933 Norge Here

The first electric refrigerator ever in Stouffville was installed in one of our homes three years ago, and its a Norge. This machine is giving the same constant satisfaction now, as when it was first installed, and it runs 12 months in the year. This substantiates the claim that the Norge never wears out. The Norge Electric has another feature—it cost no more to own and costs less to operate. One of the latest designs is now on exhibition at L.E. O'Neill's furniture store. The ladies of Stouffville and country are urged to call and see it—made a close inspection—and learn all the fine things it can do, for with a Norge Electric the mother can make any of the wonderful recipes described in our booklet. We'll consider it a favor to have you call and see the Norge—No obligation whatever to buy. L. E. O'Neill, open Tuesday, Thursday and Saturday evenings each week, in addition to usual daily hours.
