

LOCAL HAPPENINGS

Mr. Art Swift, the gargeman, has rented the house on Albert street lately vacated by Rev. W. W. Fleischer, and moved in last week.

E. A. Grubin, Optometrist, will be at his office in Stouffville on Monday and Tuesday, July 24th and 25th.

Dollar wheat will gladden the hearts of the farmers of not only Western Canada, but here in Ontario it will be a welcome change to the growers.

Mrs. Peacock, widow of the late Harry Peacock who died in Stouffville last spring, is visiting her sister-in-law Mrs. Herb Porter for a week.

The Tribune is in need of a correspondent at Mongolia and Bethesda. We supply paper, envelopes and postage, and a complimentary copy of the paper. Let us hear from someone in these localities.

Stouffville was well and ably represented at the Lawn Bowling Tournament held in Uxbridge on Wednesday of last week, when several crack teams from here took part. Messrs. F. L. Button, W. R. Sanders, George Saunders, and D. H. Russell all entered rinks, with the last named being successful in winning second prize from among the 36 rinks competing. Councillor Russell and his rink composed of Fred Carruthers, Bert Smith and A. C. Burkholder had three wins and a score of 49, and were beaten by only Bert Lott, Uxbridge rink. The Stouffville champions were presented with electric table lamps.

Mrs. Richard Ward is holidaying with friends at Stratford.

Mrs. Hugh Boyd is spending a week at Wasaga Beach.

FOR SALE—27 Model T—Ford Coach. In good condition. Walter Miller, West End.

Mrs. Myrtle Beebe Monks, teacher of piano and theory, will be in her studio every Saturday during July and August. Special rate for summer term. Phone 503.

Miss Erma Holden has been appointed to the position of teacher at the Victoria Square School. This is Miss Holden's first school, and we congratulate her on securing such a desirable section in which to teach, and the trustees on the wisdom of their choice.

The long campaign against houseflies is undoubtedly bearing fruit. There are not nearly as many flies as there used to be, and more modern methods of fighting them with spray guns and the like will end the fly nuisance some day. Cleaner yards and closer supervision of dumps and stables have played a large part in the battle. But the war against the mosquito has been very half-hearted and has borne little fruit. When flies are finally under control, some attention should be paid to the breeding places of mosquitoes.

Mr. John Anderson, of Toronto, spent the weekend with Mr. and Mrs. E. A. Button, O'Brien Ave.

Master Walter Holden is spending a week with Billy Still at Caledon Lake.

Misses Mildred and Edna Birkett, also Messrs. Charles Nolan and Jack Pennock were recent guests at the summer home of Mr. and Mrs. E. M. Still, Caledon Lake, Ontario.

Mr. and Mrs. A. V. Nolan, spent Sunday at Maple Beach, Lake Simcoe, with Mr. and Mrs. Fred Marshall.

Mr. L. H. Cook, retiring principal of the Markham High School left last week on a trip to England where he will visit his aged mother.

Miss Edna Watson, R.N., matron at the Woodstock hospital, is holidaying at the home of her parents, Mr. and Mrs. George Watson.

A peculiar accident overtook Jack Drewey, son of Russel Drewey at Musselman's Lake last Thursday evening. He was engaged driving the tractor when he fell off the machine and suffered a compound fracture of the bones in the left forearm.

Mr. L. E. Beebe, teacher of Hawaiian Guitar, will be in the Stouffville branch of Sound Kea Studios, Saturday afternoon as well as evening to accommodate students who wish to advise in guitar before school starts. Terms moderate Phone 503.

Miss Doreen Lehman, daughter of Mr. and Mrs. Willis Lehman of Alimira met with a peculiar accident last week, when she ran a large needle deep into her hand, while engaged in scrubbing the verandah floor. She was brought to the office of Dr. Free where the object was located with the x-ray, and speedily removed. It was believed at first to be a piece of wood.

The Baseball Club have issued lucky number tickets for their final game to be played on the local diamond on August 1st. The boys have made a good record this season, and look like one of the teams to figure in the play-off for the league championship. They need the support of the citizens, and if you buy a ticket you may win the handsome floor lamp to be given away at this final game, while at the same time you give financial help to the club.

The Municipal Council are insisting on a close observance of the bylaw governing the use of domestic water in the village. The bylaw provides for the use of lawn hose between the hours of 6 and 8 o'clock any evening, but at no other time. Some who have insisted on disobeying the regulations have been threatened with having the supply cut off entirely from their residences. The long dry spell has caused a heavy drain on the supply at the reservoirs and indiscriminate use of it will bring disaster to the whole community.

Mrs. Joel Nendick is recovering from an operation on her eyes for the removal of cataracts. Despite her advanced age of 86 years, Mrs. Nendick underwent the strain of the operation which was performed at the Western Hospital, Toronto. In good spirits, and is doing as well as a patient might be expected to do if born half a century later. The many friends in Stouffville will be glad to know of her improvement. Mrs. Nendick is one of the very oldest persons ever operated on in the Western Hospital.

The event of the season will be the Garden Party on the evening of Friday, July 28, at the beautiful home of Mrs. J. A. Helso, Main street west. This is an ideal location for an outdoor event of this nature, and in keeping with the surrounding a program of rare interest is being provided. Miss Mildred Brownscombe of Uxbridge, soloist, and Chic Rogers, the radio entertainer, in cowboy costume will sing and play the guitar and mouth organ. Supper from six o'clock. You will enjoy this evening under auspices of the Evening Auxiliary of the United Church.

While it is illegal for high pressure salesmen to peddle bonds of private companies from door to door these days, we are not so sure but that they are within their rights when they peddle government bonds. Last week one individual from Toronto canvassed part of the village in an effort to induce holders of Dominion or Ontario bonds to trade them for bonds of the Province of Manitoba 6 per cent. The higher yield on the Western bonds is given, of course, because the security behind the bonds, is not so good as behind those selling to yield a lower rate of interest. Persons would do well to go slow when bond salesmen approach them, and make thorough investigation and enquiry before completing any deal. We are not prepared to say there is anything wrong about exchanging Dominion or Ontario bonds for those of Manitoba, but the season for higher interest rates is, as we have stated, demanded because of a weaker security behind the principal.

Stanley Theatre

STOUFFVILLE
All-Talkie
FRIDAY AND SATURDAY
JULY 21 and 22

A FIRST CLASS PROGRAM

Feature Picture
Comedies and Short Subjects
Friday 8.15; Saturday 7 and 9 p.m.

Lawson's week-end grocery bargains should not be overlooked. Watch for them in this issue.

Mr. H. McKerlie, of Toronto, will preach at Church of Christ, West end on Sunday, July 23, at 11 o'clock, Hear him!

Send or phone the names of your guests to The Tribune office, or inform us of your travels. We appreciate contributions to these columns.

George Meggs, wife and family of Rochester, N.Y., paid a brief visit at the home of Mr. H. O. Klinck last week.

Agnes, Phyllis and Kenneth Klinck are holidaying at the home of their aunt at Bridgenorth, Lake Chemong.

S. T. Bodendistel, V.S., our local veterinarian attended the veterinary convention held in Guelph last week.

Civic Holiday, not yet proclaimed by the reeve, will likely fall on Monday, August 7th, the same day as Toronto Civic Holiday.

Norman Baker, and Misses Corinne Bunting and Marjorie Flint have just returned from a trip to Rochester where they were spending a week with friends.

Dresses to suit everyone, 500 to choose from, sizes from 14 to 46. New Silk Swagger Suits—Prints in every color and size, pastels and printed chiffons, also dark dresses and color combinations. One day only, Saturday, July 22, at the W. H. Shaw Store.

The United Church picnic held on Friday afternoon last week was well patronized to Musselman's Lake—135 enthusiastic people sat down to a splendid picnic supper after a jolly time spent at the water side. Bathing, racing, and other sports occupied the attention of the scholars. Supper was served on the north shore.

The death occurred last week at Sunderland of a well known Brock Township person, William Brethour, who at one time farmed east of Stouffville on the St. John place. After leaving this district Mr. Brethour travelled for a grocery firm for years, but owned and conducted a fine farm on the outskirts of Sunderland village. He was 80 years of age.

Musical notes were loudly sounded by car horns and old tin cans last Saturday evening, between 7 and 8 o'clock, after Ethel May Bunker, daughter of Mr. and Mrs. Norval N. Bunker, and Arthur Lloyd Wagg, son of Mr. and Mrs. Frank Wagg, were united in matrimony at the home of Rev. E. Morton. A number of their relatives were present to enjoy the service. Mr. Fred Crossin and Miss Leta A. Bunker acted as witnesses. After being away on their honeymoon trip, the happy young couple will make their home at Altona.

The present season seems to be a rare good one for fishermen, and many good catches are being reported by local anglers who wander to the various lakes and streams at considerable distance from home. Last Saturday village clerk, J. S. Dougherty and Walter Talbot were trolling at Lake Scugog when the clerk snagged on to a big lunge which he successfully landed and brought home, much to the admiration of his friends. The fish weighed 13 pounds and measured 37 1/2". John says it was easy to land, for when he got the strike the fish made straight for the boat, and when within a few feet of him he raised its head, and it bounded right into the boat striking its great tail a smash against the side. Another party of fishermen composed of Messrs. F. L. and E. A. Button and John, Everton and Arthur Smith, and Fred Cowie also met with phenomenal success at Port Severn, when the party returned with 23 pike and lunge, including some real beauties. Ernie Batton landed the prize fish weighing pounds.

Mrs. S. S. Ball and children have returned from a week spent at Caesarea, on Lake Scugog.

Mrs. J. M. Tran of Toronto spent the weekend with Mrs. Leslie Rowbotham.

Miss Helen Good is home from Kitchener visiting at the Nursing Home, for a couple of weeks.

According to J. F. Clark, horticultural fieldman, shrubs that bloom in the spring should be trimmed after the flowering period. After flowering growth takes place from the tips of last year's branches, but there is usually a tendency for shoots to also start below the flowers. Severe pruning is not recommended, but a thinning out of the oldest wood. The following shrubs should be thinned when their blossoms fade: Deutzia, Forsythia, Honeyuckles, Lilacs, Mongollas, Mock Orange, Snowball, Spirea, Weigelia and Climbing Roses. So many of these shrubs are in evidence about Stouffville that we pass this information on from one who knows.

FIRE DESTROYS BARN AND BUILDINGS NEAR HOLT

Fire of an unknown origin completely destroyed the large barn and outbuildings on the farm of George Marles, on the 7th of East Gwillimbury, north of Holt, Wednesday. The mow full of hay was an easy prey to the flames and nothing could be done to stop the fire. Fences, trees and implements were burned, and it was feared that the flying embers would ignite the frame farm house at some distance from the barn. Being in the vicinity of Mount Albert, between three and four hundred carloads of people were quickly on the scene, but the fire had gained such headway that even a bucket brigade couldn't have helped the situation.

QUALITY SERVICE

The Lowest Prices in Years

so why not the BEST

At no time in its experience has Brantford Binder Twine ever offered you such value as the present. Lower prices than before and constant improvement in quality and features.

Made from Highest Quality Fibres

AN OPEN LETTER to the 13,060 motorists who killed or injured 8,733 men, women and children on the highways of Ontario last year

If you are one of those who know the rules of safe driving and obey them, thank you; this message is not for you.
If you are a driver who has helped to swell the total of deaths and injuries to the disgraceful figure shown above, take full note!
Because of your selfishness, your wilful neglect or thoughtlessness, or perhaps because you think you know better than anyone else how to drive a car and insist upon making your own rules, the lives of 502 citizens of Ontario were snuffed out in twelve months time. During the same period 8,231 were injured, scarred; some of these will never walk again. Among your victims were 853 children playing in the street!
Do you think this kind of driving is worth while? Do you think you are entitled to a license to drive? If one of these victims had been your child, your brother, sister, father, mother, or even a friend, would you accept the excuse that the offender's brakes failed, that the pavement was slippery, that he failed to give a proper signal, or just took some kind of a chance or another? Could you find any excuse for him?
Driving a car brings more pleasure and convenience to more people than perhaps any other modern utility. The highways department knows this. No Province has been more thoughtful and generous in seeking to add to this pleasure and convenience. But you, the unsafe driver, are nullifying the effect of all that has been done. You are making every street and highway unsafe for both pedestrians and other drivers. You are a menace to the aged, the infirm and to little children.
To educate you in the rules, to appeal to your sense of fair play, to show you how your recklessness imperils your own life and property, as well as that of others, this department has gone to great lengths. The press, the schools, the radio—all have been utilized in an effort to curb unsafe driving—and the campaign is being continued this year.
What are you going to do about it? Remember you are responsible only for your own acts. If the other fellow takes chances, let him. But if you, now that the heavy driving season is at hand, will do some common sense thinking, if you will let your sense of fair play govern your driving this season, if you never forget that by driving safely you can help to protect the life and property of every citizen of Ontario, then this department will have a different, happier story to tell a year hence.

Almasbury
MINISTER

Toronto, June 15th, 1933.
