

LOCAL HAPPENINGS

Miss Nellie Dickson has been nursing a wounded foot which was injured when she was stepped on by a cow.

The six or seven hour rain last week will do much to save the root crop from being a failure. Locally more moisture would be a great benefit to the crops right now.

On Monday Reeve W. E. Morden was celebrating his birthday. It's significant that the chief Magistrate declared that day as a public holiday, but per haps it is just a co-incident.

Mr. John F. Reid, Goodwood, Ontario, wishes to announce the engagement of his daughter Viola to Mr. Gordon Verney Crapper of Ottawa, son of Mr. and Mrs. William Crapper, Goodwood. The marriage to take place quietly early in September.

A few days ago in connection with our duties as a Justice of the Peace, the editor of this paper handled some papers in reference to a certain estate which involved some life insurance taken out with the local court Independent Order of Foresters. A branch of this organization was established in Stouffville in the year 1888 with ten charter members and ten years later, according to the records, the lodge had a membership of 39. Amongst the very first officers were the late A. S. Leaney and the late John Urquhart, also Mr. George Urquhart, who is with Mr. Richard Underhill, about the only surviving members of the original organization. The late W. J. Stark was the I.O.F. treasurer here, for years.

The suggestion in these columns to move the Memorial gates at the park, up to Main street for a new entrance, provoked a good deal of discussion, some suggest that new pillars should be constructed entirely.

Mr. Alex. Graham, prominent citizen of Uxbridge for the last half a century, is very ill, and continued to his bed. This information will be received with general regret to Mr. Graham's numerous friends in Stouffville, where he made many friends through the medium of the bowling green.

Rev. Gordon Duncan and sister Miss Annie returned about the middle of last week to their home in Warkworth, where Mr. Duncan is minister in the Presbyterian church. His holidays were cut a little short in order to attend to some urgent work in his parish.

A prominent citizen of Stouffville thirty years ago, Mr. Walter Renfrew, was in town on Saturday visiting old friends. Prior to 1903 Mr. Renfrew occupied the fine residence now owned by Dr. S. S. Ball which he sold that year to Mr. Thos Williamson who later disposed of the place to the Doctor. Mr. Renfrew who resides at British Columbia, is looking well, time having dealt kindly with him. He was the guest of Mr. Robert Miller while here.

Monday, Civic Holiday, was a time of mixed entertainment in the home of the villagers. As the poet writes, "some were sad, and some were gay." There was no celebration in town, and the only afternoon sport was the mixed bowling tournament. Consequently many people availed themselves of the opportunity to go visiting in outside places. Some homes were in mourning, too, and the funeral of the late "Uncle Dave" Stouffer attracted a great throng of old associates who came to pay their last respects to this fine old man, whose name is inseparable from the early history of this community.

Mrs. R. Kirby has sold her farm on the 3th concession of Whitechurch at Ballantrae, to Mr. Andrews of Toronto, who has recently moved to the place. Mrs. Kirby is now living in the Ratcliff house at Baker Hill and will shortly move to Toronto, where her son David will attend Normal School. There have been very few farms sold the past three or four years, and the fact that Mrs. Kirby's hundred acres is reported as a cash deal, makes it the most outstanding sale in this locality for some time.

Art Swift, the Garageman, left a standing inducement with the baseball boys to the effect that he would give a gallon of motor oil to each and every home run hitter. Well, the hitting hasn't been too good, for the season is about over, and the only one to swat the pill out for a four-bagger is Lou Lehman, who connected in the necessary way at the last game against Aurora. Lou's feat will save the boys from entirely rejecting the chance of that free motor oil.

J. A. Groskurth, manager of the Imperial Bank at Richmond Hill and Gormley, was recently given a suitable "send-off" by the folks at Gormley, on the eve of the Imperial discontinuing its branch there, and consequently its manager leaving. As evidence that the old-time community spirit still prevails in many country places, over one hundred friends gathered at the home of Mr. and Mrs. George Baker, while Councillor Charlie Hoover of Markham Twp told the ex-manager how sorry they were to see him go. Mr. George Leary acted as master of ceremonies, and piloted through an interesting program, which included a popular number by Geo. Baker and Mr. Croskurth. Mr. Baker presented the latter with a smoking set and floor lamp, all gratefully received. These sort of goodwill demonstrations are all so scarce these days in the hurry of time.

The prize list for the annual Horticultural Society fair to be held in the Arena on Thursday and Friday, August 24 and 25, will be issued in a day or two. Members should see that they obtain a copy early for everybody is urged to exhibit the best they have this year, in order to help swell the flower show. This time when so many societies have been forced to cancel their show altogether, the local organization will require every effort on the part of the members to put across the exhibition here. If this is done, the success of the affair is assured. Watch for the issue of the prize list.

The large school garden which was planted last spring by the students of the Continuation School, under the direction of Principal H. W. Watson, is something to look at right now. The plot is located just opposite the school building on the north side of Main street, and contrary to predictions it did not run wild during the holiday season. Pupils are entitled to avail themselves of any vegetables from their own little piece of land, or they may sell the crop in bulk and donate the funds to the school sports fund. This season when vegetables are not so plentiful, the production from the school plot is worth while having, and the pupils will be delighted to see the result of their early toil. Since school stopped John Phillips has been doing the weeding for which the Department makes a grant to the school board for the repayment of the small cost.
