## Information For Farmers

**Cooking Schools**  
With a view to assisting rural home-makers in the choice of proper foods and their preparation, the Department has conducted four cooking schools. The first was held in Aylmer on August 14 and 15, the second in Strathroy on August 17 and 18, Exeter on August 21 and 22, and in St. Mary's on August 24 and 25. The general plan of demonstration was based on the idea that the needs of the family can be met through the use of Canadian-grown products. At each session, a carefully prepared program was carried out and recipes of real worth distributed. Plans are being considered for holding similar demonstrations in many parts of the province at a later date.

**Ontario Junior Team**  
Third at Regina  
In competition with teams representing five different Provinces and three States of the Union, Ontario placed third in the Junior Seed Judging Competition held at the World's Grain Show, Regina. The Ontario team, composed of Maurice Baker, Durham County, Clifford Marshall, Oxford County, Oliver Smith, Durham County and John Wallace, Perth County, won a total of \$620 in prize money, with Maurice Baker securing the third high aggregate score. This is a real achievement for Ontario Juniors, particularly so, when it is realized that they were only excelled by teams from the growing Provinces of Saskatchewan and Alberta which placed 1st and 2nd respectively. The standing of the team is a splendid tribute to the all round programme being carried on with the Junior Farmers throughout Ontario by the Agricultural Representatives.

**Crop Conditions**  
The official survey made by the Department of crop conditions in Ontario early in August is now available. The continued drought during June and July so seriously affected the growth of crops that condition figures for the principal ones at the end of July were the lowest recorded in any year since 1918, the first year in which figures were compiled. Spring grain which was at the ripening stage during the last half of July suffered severely from the heat. Early oats and barley turned out better than anticipated, while fall wheat showed a wide range, with many fields having an excellent yield. Pastures were so badly burned at the end of July that farmers generally were forced to stable feed their dairy herds. Early August rainfalls, however, have improved the pasture situation. A much smaller yield of both barley and flue cured tobacco is indicated. The condition of dry beans is much below average in Western Ontario.

**Ontario Won Numerous Prizes at Grain Show**  
The corn growers of South Western Ontario captured the first nine prizes in the Late Flint Class at the World's Grain Show, and thereby demonstrated to the world that the banner Flint Corn growing areas no longer lie south of the 49th Parallel. The outstanding success of the Ontario corn growers, led by Wm. Weaver, Turnerville, is only one of the triumphs of Ontario farmers at the greatest World's Grain Fair ever held, which recently came to a successful conclusion at Regina.

**Mrs. Mary E. Maycock of Prince Edward County very decisively clinched her right to the World's White Bean crown by securing first prize in small White Field Beans, and second in medium White Beans.** Mrs. Maycock has secured the Bean Championship at the Chicago International Grain and Hay Show for three successive years, and her recent triumph is a monument to her energy and ability in the selection and growing of this important Cash Crop in Ontario.

**R. S. Lee, Chatsworth, R. R. 1, took first place in the small White Field Pea class.**

**Northern Ontario came into prominence by securing first honour in the class for Field Peas, any other type. This prize goes to A. E. Browning, Oxdrift.**

**Douglas H. Hart, Woodstock, had the distinction of winning the largest single prize coming to Ontario, by securing \$1250.00 as second prize in the White Winter Wheat Class. Seven other prizes came to Ontario in this class. D. L. Scott, City View, who won the \$500.00 Canada Maltng Company prize at the 1932 Royal Winter Fair secured a similar amount with second prize in the Early Oat Class at Regina.**

**Statistics on the World Grain Exhibition show that there were a total of three thousand entries from forty countries, States and Provinces. Ontario forwarded 300 entries, and secured one hundred and fifty-seven prizes in forty of the fifty-six classes. The fact that Ontario Farmers made entry in**

## Church of the Nazarene

25 Westmopt Ave., Toronto, August 23, 1933  
Dear Sir—  
I was delighted to have you inquiring about our welfare as a local church and the changes and benefits of our recent move in becoming a unit of the Church of the Nazarene.

In reviewing our past church year that closed on March 31, it is gratifying to say that we have enjoyed what we feel is the very best year of our history. Perhaps without exception, have we ever been in such a strong position financially. This was the cause of great rejoicing in our largely attended annual business meeting in April.

Previous to the business meeting I had written to the Church of the Nazarene offering myself and services to them. They gave me a gracious welcome, afterwards granting full recognition of my credentials as an ordained minister of the Gospel. I might say that I had made one or two stipulations in my covenant with them. In the first place I asked the privilege of labouring in my own native province and secondly, should my local church vote to go Nazarene and desire my services as pastor I should feel duty bound as well as it being my own choice to serve them still. I am happy to say that after a few months have rolled by we find ourselves in the midst of our seventh year in this parish having the very best and happiest time of my experience in the ministry.

Toward the close of the last century a movement for the spread of Old Time Religion developed almost simultaneously in different parts of the United States. Out of this great urge came the birth of several groups of churches which finally united becoming in 1903 what is now known as the church of the Nazarene.

The great impulse of this movement has been the emphasis placed by the scriptures upon the fact that in the atonement Jesus Christ has made provision not only to save men from their sins, but also to perfect them in love. This is identical with the doctrine taught by the Wesleyes and all the Bishops and preachers of the Old Methodist School. In brief it might be truly said of the church of the Nazarene that they are continuing Methodists. They were also described by the associated press in April last as the fastest growing Protestant Body. Their total membership exceeds one hundred and eighteen thousand. Their Sunday school and Young Peoples Society are the strongest Missionary Churches found anywhere.

With their hospitals training schools and vast army of workers in the foreign land it is a notable victory that thus far they have not had to retrench.

The membership of the church of the Nazarene increases at the rate of ten thousand per year and in the Michigan-Ontario district to which we belong there has been a total increase of over twelve hundred in the past two years.

Locally we are responsible for the holding of tent campaigns in three different centres this summer each

one registering conversions and being carried on at the same time. We are trusting to have two more tents erected before the snow flies. It is a great joy to be backed yea crowded out into this great field, in an effort to serve this generation that is passing with us to the judgment, by a church with such a vision and passion for souls.

I believe that the distress of nations and perplexity and alarming condition religiously, morally and commercially in the world today, will not be relieved by effort of carnal man. New orders, religious, the C.C.F. nor any change of government will never bring about a solution. The trouble is men have forgotten God. The human race is sick. The prophet Isaiah in chapter 5, verse 34, has the cause I think quite accurately pictured "As fire devoureth stubble and flame consumeth chaff, so their root shall be as rottenness and their blossoms shall go up in dust, because they have cast away the law of the Lord of hosts and despised the word of the Holy One of Israel."

Yours very truly  
W. M. McQuire
