Information For Farmers

Graded Beef Popular

That Canadian consumers are beginning to appreciate the advantages of government graded beef, is borne out by the fact that monthly sales, in the Dominion, now approximately three million pounds it is also reported that the demand is increasing steadily.

When all classes of live stock do not have access to fresh water, they suffer considerably during the hot weather. The owner in turn suffers, as the animals, deprived of the required amount of water, do not put on flesh or produce milk as they otherwise might. A good water supply is a necessity on every live stock farm, and provision should be made to make it available to the animals.

Value of Cooling Milk

It is a simple matter to control bacterial growth in milk. At 40 degrees F. there is practically no change in the number of bacteria at the end of 24 hours; at 50 degrees the number increases four fold and at 60 degrees nearly a hundred times as many as at the start. Milk should be cooled as promptly as possible. Freshly drawn milk contains a substance known as lactenin which is able to restrain bacteria for a certain period. If the cooling is delayed the effect soon passes off; by prompt cooling the lactic effect may be extended even to 24 hours or longer.

Weekly Crop Report

The recent rains have greatly improved pastures and have assisted the spring seeding of clover and grasses. Lambton County reports a 25 to 30% increase in the acreage of land prepared for fall wheat. Threshing of oats and barley in Kent is practically complete and while yields are below average, they are better than anticipated. Kent also reports that two canning companies are paying five cents a bushel in advance of contract prices for tomatoes. Summer fallow and after harvest cultivation are receiving a great deal of attention in most districts now. In Haldimand quite a few farmers are having the opportunity of plowing their land twice, which is an old practice seldom followed in the last decade or so. Lincoln reports many early hatched poultry flocks beginning to lay freely and some are exceptionally well-grown by the judicious use of the O.A.C. growing mash. The yield of grain generally is much below normal, according to reports from several districts, but the quality is good. The harvest of Duchess apples is in full swing in the fruit-growing districts.

Cooking Schools

The cooking schools held at Strathroy, Exeter, St. Mary's and Aymer recently under auspices of the Department of Agriculture, proved very successful. For instance at Aymer, more than 200 women attended each day. Geo. A. Putman, superintendent of Women's Institutes for Ontario was in charge and his assistants were Miss Edith Hopkins and Miss M. E. McDermid. The idea was to demonstrate how to make the best use of Ontario's bountiful foodstuffs; new ideas for preparing economical menus; new ways to get the best out of meats; new thoughts on preparing dainty salads and desert and enjoyable beverages; new suggestions for canning fruits and vegetables; and new methods for making the table allow go farther and still keep the family well-fed. Printed recipes were also furnished. It is likely that the cooking school plan will be extended to other centres in the future.

GOODWOOD

Mr. and Mrs. Fred Boston and family spent Tuesday at the "Ex." The Mission Band enjoyed a picnic on Tuesday afternoon at Geo. May's woods.

Miss Viola Todd and girl friend of Toronto are holidaying at Wm. Todd's.

Miss J. Kester of Toronto is spending a few days with her cousins in and around the village.

MEN ARE CONFRONTED TRYING TO MAKE SALE

Two Alleged to Have Stolen Alfalfa Seed are Held Without Bail
Markham, Aug. 27—Alleged to have stolen two bags of alfalfa seed from the farm of George Cowie on the Seventh Concession of Markham Township, Bert Cochran and Fred Goldstone, both of 10 Dartford Road Toronto, were taken into custody yesterday by Chief of Police Walker. The accused men, according to the officer, at the time of their arrest were attempting to dispose of the alfalfa at the Jones' Elevator, Markham Village.

A short time previous, he had been notified of the theft, and on proceeding to the Cowie farm, followed the impressions of the marks until he came to the elevator. When he confronted the men in the act of trying to make a sale, they gave him false names, stating that they had no fixed address. Later, however, under examination, they admitted their identity and were removed to the jail farm at Langstaff, where they are held without bail, pending their appearance in the county Police Court.

Won High Honors

To Carl Harper goes the honor of winning the Kiwanis Medal presented to the pupil having the highest marks in the recent Entrance to High School examination in Markham Township. Carl is a son of Mr. and Mrs. Charles Harper, and a pupil of S.S.No.9 just south of Stouffville.

Miss McPherson, his teacher, sent up six pupils for Entrance, and every one was successful. Miss McPherson who is a daughter of John McPherson, one time owner of the Ringwood Carriage Shop, has the 9th line school in fine condition, and excellent work is being done. Both teacher and pupil are to be congratulated on winning the medal. Carl will be formally presented with the Kiwanis Medal in recognition of his high standing, at a meeting in the Broadview Y.M.C.A. this Thursday evening.

A WESTERN WEDDING

Tréherne, Man., Aug. 5—A pretty wedding took place at Matchettville church, Thursday, August 3, when Mabel Reta, eldest daughter of Mr. and Mrs. A. Harland, became the bride of William Harold Barlow, of Chicago, Ill. The church was tastefully decorated with cut flowers and potted plants. The ceremony was performed by Rev. Dr. J. A. Doyle, of Brandon, assisted by Rev. Hartley Harland, of Mather, Man., brother of the bride Miss Evelyn Harland presided at the organ.

The bride looked charming in an ankle length gown of cream embroidered chiffon finished at shoulders and hem-line with flounces of plain chiffon. She wore the conventional veil and orange blossoms and carried a bouquet of butterfly roses. She was given in marriage by her father.

Miss Annie Harland, sister of the bride, wearing a frock of printed chiffon, attended the bride. Her bouquet was of gladioli and fern.

Mr. Louis Matchett, of Tréherne, was groomsmen. During the signing of the register, A. Gill, of Pettapiece, sang "I Love You Truly."

Following the ceremony a buffet luncheon was served at the home of the bride's parents. Mrs. Barlow chose a green crepe ensemble, with dove grey hat and accessories for travelling. The happy couple will reside in Chicago. Out of town guests were: Dr. and Mrs. J. A. Doyle, Miss Roberta Doyle and Miss M. Matchett, of Brandon; Mr. and Mrs. A. Gill, of Pettapiece; Rev. Hartley Harland of Mather, and Mr. Wesley Harland, of Beausejour.

In Memoriam

Connor—In loving memory of our dear wife and mother, Sarah Connor, who passed away on August 28, 1931. Time speeds on two years have passed, Since death and gloom, its shadow cast, Within our home where all seemed bright, And took from us the shining light.

We miss that light and ever will The vacant place there's none can fill. Down here we mourn But not in vain Where up in Heaven, We'll meet again. Sadly missed by husband and daughters.
