(The Barrie Advance) On Saturday, Sept. 9th, Mr. and Mrs. Arthur F. Pugh celebrated the . twenty-fifth anniversary their wedding at their home, Tiffin St. During the afternoon and evening a hundred friends and relatives took advantage of the occasion to extend in person their best wishes. Mr. and Mrs. Pugh wish to extend their sincere thanks to all who helped to make their silver wedding anniversary a happy and memorable occasion.

Our sympathy goes out to them, but we do laugh when we see a man get red in the face and double up his fists and defy the whole world to put him down .. Here and There

It is corn roast time in Canada, one of the two principal outdoor festivals in the Dominion with which the passing of the years does not seem to interfere. The other is "sugaring off" at maple sugar time in the early days of spring.

Canadian Pacific Railway experimental farm at Calgary took honors in the sheep judging at the Canadian Pacific Exhibition held recently at Vancouver with two firsts in each of the rams, ewes and pens classes, five seconds and the grand champion Suffolk ram and ewe champion. ..

Keeping well in the forefront of the golfing world in Canada, the Seignory Club, Montebello, Quebec, has recently staged a women's golf tournament and has followed this up by the tournament of the Canadian Senior Golfers Association. Both were well patronized, the latter drawing a big and prominent entry from the United States.

The world's valuable deposits of coal and iron lie with the Atlantic nations rather than with those who front on the Pacific, the discussions of the fifth biennial conference of the Pacific Relations Institute held recently at the Banff Springs Hotel, revealed. The fact enters largely into the problems of the countries of the Pacific.

Figures from the Dominion Bureau of Statistics draw attention to the safety of railway travel in Canada. In collisions only two fatalities occurred among a total of more than 21 million passengers. Passengers injured numbered only 339. Other fatalities bringing the total up to seven were due to such causes as falling from trains or in getting on or off trains. The figures are for the year to March 31, 1933.

Striking success of the cent-amile coach travel plan inauguratod last May and June by Canadian railways, providing full facilities for trans-Canada excursions, east and west, is the justification of its repetition on the same scale during September, C. P. Riddell, chairman, Canadian Passenger Association, announces. Two great tides of travel will again be set in motion, one from the west to the east and the other from the east to the west.

"Starting with the commencement of the round trip from Southampton at the end of August, the Empress of Britain for the following twelve weeks will be engaged upon what amounts to a continuous voyage of 40,320 miles. In the course of this voyago the ship will spend a total of eighty days actually under way.". was the statement of George Stephen, wice-president of traffic, Canadian Pacific Railway, who.
