## BOY DARTS IN PATH OF MOTOR CAR

### And Suffers Two Fractures on Both Legs Above the Knees

A motor accident, which had shocking results for Robert Fong aged 11 years, occurred on Friday morning about 10.45, when the little chap ran out onto the road directly in front of a passing auto driven by Wm. H. Qummell of 106 Shepherd Street, Lansing. Young Fong was struck by the passing car, suffering a double fracture of both legs. The accident happened in front of the post office, and the driver of the car stopped almost on the spot.

The unfortunate young Chinaman, who is quite a favorite among the lads and other folk too, raced onto the road-way in an effort to cross the street. He darted from behind a parked car and a standing express wagon, so that the driver had no chance whatever of avoiding the accident. Eye witnesses say the auto could not have been moving more than about 12 miles an hour. It stopped in four feet. The boy was struck by the bumper, both legs being broken just above the knees and again just below the thighs. No other marks were on his body. He was rushed to the local hospital.

Mrs. Sam. Goudie and Mr. A. C. Burkholder were eye-witnesses of the affair, and agree that the lad ran from behind the parked car and horse drawn vehicle. His limp body was picked up just under the running board, but the wheel of the car had not touched him. The fractures were set at the Stouffville hospital by Dr. S. S. Ball and Dr. H. Freel.

He will probably be on his back 13 weeks, and a complete recovery may be expected according to the doctors. The little Fong had lived at the Cafe which is conducted by the elder brother Harry, Master Robt. and another boy Alex, aged 14, came to Stouffville two years ago, and attend school here. They were born at Port Albernie on Vancouver Island where their Chinese parents still reside.

The driver of the car, Qummell, is a bond salesman, and was on his way home from Toronto. He was visibly affected by the unfortunate occurrence. Constable Pugh did not lay a charge on the ground that the cause of the accident was entirely due to the boy neglecting to exercise necessary caution, and because of the low rate of speed which the driver was going. Qummell was in town again on Saturday to look into the welfare of the boy, and has offered to do something toward paying the expense involved.

## NO SETTLEMENT IN SIDEWALK CASE

The threatened court action over the building of a new cement sidewalk abutting the tailoring shop of Mr. John Monkhouse and the Chinese Laundry, by Dr. Ira Freel the landlord, proceeded a step further on Monday evening when the doctor and his legal adviser, Mr. F. L. Button, met the Sidewalk Committee of the council, composed of Reeve Morden and Councilors D. H. Risnell and George Dowswell.

The reeve said the meeting was called in an effort to learn what peaceable settlement of the matter could be made. If there was any reason for seeking damages at all, the reeve said he could not understand why it should be such a high figure as \$375. He felt sure the council would not entertain paying any such amount.

Councillor Risnell said he could not find a ratpayer but that had said the walk was a benefit to the property, which stands almost opposite O'Brien Ave on Main St., north side just over the creek. To this Mr. Button retorted that the laying of the walk at a different level than what had been agreed on was a piece of high-handed business. "I'm a ratpayer," said Mr. Button, "and I don't want to see the town stuck, and my advice is that you gentlemen put the walk back to the level agreed on."

The reeve sought several times to get a final offer, but Dr. Freel said that his original offer would stand. "We'll call a ratpayers meeting," said Councillor Risnell. "We'll call the judge," said Dr. Freel.

The original offer is for the town to pay \$375, less \$40 which the owner would assume, as it represented repairs.

The meeting concluded with the understanding that the reeve would consult his councillors, and report the decision of the whole body.

Verbal tilts between Dr. Freel and Councillor Risnell featured the meeting, in which the Doctor said that if there was any way to judge a personal charge against the councillor, he would do so.

On Tuesday of last week Dr. Freel served a legal seven day notice on council, which intimated that he would appeal to the county judge for arbitration, falling a satisfactory settlement.

We understand that at a subsequent meeting of the council on Tuesday, it was determined to fight the case before the county Judge, rather than make an offer of settlement.

## Tailor Asks Damages

As a sort of appendage to the threatened arbitration suit between Dr. Freel and the village, Mr. John Monkhouse, has written the council through his solicitor asking for damages alleged to have been caused by his tailoring business, through the condition of the sidewalk or premises in front of his shop. The letter asks for unstated damages and contains a demand to abate the nuisance alleged to exist.

## ALTONA

Mrs. Wm. Clarkson spent Thursday with Mrs. Thos. Lewis.

Mr. and Mrs. Arthur Wagg visited with his grandparents, Mr. and Mrs. George Wagg, on Saturday.

A number from Altona have been attending the special meetings in the Mennonite Church, Stouffville.

The Altona Women's Institute are preparing for a concert to be held in the school in the near future.

We extend congratulations and wish much joy to the bride and groom, Mr. and Mrs. Richard Jones, (nee Viola Bunker).

Fred and Earl McNair, Earl Howsam, also Millard Reesor attended the bicycle race at Toronto on Monday evening.

"Did you hear the cow" bells on Monday night? This is a sure sign that the past has been wedding bells.

The applesauce and cider mill has been very busy ever since it has been opened. Apples are a low price this year and farmers can't afford to waste anything in these times.

Misses Olive and Hilda Madill accompanied by Harry Thorne and Gordon Bartholomew attended a birthday party in Toronto Wednesday evening.

## CHURCH HILL

The Church Hill Institute are holding a Hallowe'en and Masquerade party at the home of Mrs. A. Williams, Shadow Lake, on Monday night, October 30. Prizes awarded for the best costumes. Everyone not coming in costume must pay a fine of a nickel. Everybody come and have a good time. Admission 10 cents.

## Lemonville Boy Wins Silver Tea Service

The annual plowing match of the North York Association held on the farm of Mr. Walter Woods, Aurora, on Wednesday of last week, was the largest in the history of this young organization, which has been functioning for only some ten years. From an entry list of 28 a few years ago, this year's match showed no less than 75 contestants in the field.

Mr. Woods farm was an ideal location for such an event, while the land was ideal for plowing, except perhaps that used east of the barns which was a bit difficult to handle.

However, there was plenty of excellent plowing land, and seldom is a list of competitors favored with so much suitable sod and stubble to work on.

During the afternoon the Toronto Hunt Club came along with their bright show of red coats, and entertained the spectators with their brilliant spectacle.

Another feature of the afternoon was the plowing done with a pair of bulls owned by Jerry Sibley of Whitechurch. This attracted a good deal of interest, as did the several fine teams that were in the competition for best turnout.

The Presbyterian Church at Aurora served meals from a large tent pitched on the grounds, and did a splendid business.

Jim Hall of Lemonville won the Eekhart silver tea service. The complete list of prize awards is as follows:  
Class: One in Sod—Open to all—E. L. Timbers, G. Tran, S. Thompson.

Crown and Finish—E. Timbers  
Second Class in Sod—Joinder—E. Timbers, W. Ferguson, A. Black, Guelph; Don. Jarvis, Milliken; Lloyd Turner, Stouffville.

## CASH SALE FOR FARM

Mr. John Paisley has sold his 114 acre farm in Whitechurch, to Mr. Forefor, son-in-law of Mr. J. Torrance, Markham. The sale price is \$3,000 cash.

Mr. Forefor hails from Western Canada, and has not yet arrived, the sale being engineered by his father-in-law.

Mr. Paisley leaves the old homestead with considerable regret. He was born on the place, and spent his life thus far there. He now looks forward to a well earned rest, and with his wife will live at Ballantrae. They have purchased the Pryno house.

## AN APPRECIATION

The following resolution was passed at the regular meeting of Library Board "That the Stouffville Library Board expresses to Mr. Frank Sangster its sincere appreciation of the splendid gift of about fifty books, which will materially increase the range of subjects in the various departments of the library.

We would heartily commend the generosity of Mr. Sangster, who, after reading these books, has made it possible for others of his fellow-citizens to enjoy the same privilege."

## The West by Motor

Stouffville, Sept. 8, 1933

Dear Mr. Editor:

It's impossible to cover our trip from south-eastern Wyoming to Stouffville in one letter; however I must do my best with the limited space.

Following down the North Platte River by numerous old forts of the Hudson Bay Co. and though hundreds of miles of irrigated river bottom lands rich in sugar beets and corn, we swing across the state of Nebraska coming onto the Lincoln Highway at Ogallala, spending the night of Sept. 1st at Grand Island on the Platte River, and entering the State of Iowa a few miles north of Omaha by way of the big bridge over the Missouri River at Blair. We found most of the state of Nebraska very dry and apparently unproductive except for the irrigated valleys and the eastern portion.

Iowa appeared to us to be much the most fertile, and productive state of all. The soil is rich, the land gently rolling. There is little waste land and as far as one can see in any direction it is corn, corn, corn. There appears to be little variety however, and fruits are not successfully grown. In spite of the apparent prosperity the farmers here are hard hit by heavy mortgage and tax burdens arising from the optimism of a few years ago.

At Ames we spent an hour visiting the University and State Agricultural College where the writer's eldest brother held forth as a professor years ago. At Cedar Rapids, a city of 50,000 people, we spent Saturday night and Sunday forenoon among ideal camp surroundings.

On Sunday afternoon we crossed the Mississippi at Fulton, and in Illinois found conditions much more like in Ontario except that it was very dry and fruit was very scarce.

We reached Elgin, Ill. early in the evening. Here we looked up Mrs. Page, a sister-in-law of Mr. Ratcliff, and enjoyed the hospitality of her and her family as we took in the sights in the environs of Chicago, including the great air races.

Leaving the "Watch City" early Tuesday morning we wormed our way through Chicago to the grounds of the Century of Progress Exposition and footsore and weary repaired to our car, hastened from the great city and had refreshing slumber in a little hexagonal cabin at Indiana Harbor, not far west of Gary, Indiana.

You will see from the above, Mr. Editor, that our party is not fully qualified to give a detailed description of the great fair though we may be authorities on some particular portions of it.

Wednesday found us skirting the eastern shore of Lake Michigan to St. Joe and Benton Harbor then on through a good fruit growing country to the celery centre at Kalamazoo. At Battle Creek we visited the famous Sanatorium and the cereal plants, incidentally dining at the Kellogg Hotel. Through Jackson and Ann Arbor we hastened on to Detroit and darted through the great tunnel into Ontario. Except for the bears mentioned in my last letter we were absolutely unmolested by bandits in our entire trip across the United States.

Leamington, Ontario, welcomed us to bed, but the night was the hottest of our entire trip. The "bolled lobster" could put nothing over on "J. W." that night.

Yesterday we traversed the tobacco fields and fruit lands bordering Lake Erie. We called on friends in St. Thomas and ate Ontario grapes and peaches. Turning north from Jarvis, as we approached Hamilton, we entered a region rich in pastoral beauty, productivity and all the blessings a kindly Providence can bestow.

We viewed the city from the mountain then passed along the lovely lakeshore road to the Queen City and out through the familiar scenes to Home-Sweet-Home, having experienced on our 3,000 mile trip a great variety of conditions, but having found no spot as thoroughly livable the whole year through as that to which we have returned.

The question and answer column will be conducted by Mr. Ratcliff and Mr. Brillinger jointly.

Many thanks, Mr. Editor, for your valued space.  
H. O. Klinck
