

# LOCAL HAPPENINGS

Earl A. Grubin, Registered Optometrist, will be in his Stouffville office Monday and Tuesday next week.

The Stouffville Library Board will meet on Thursday evening, May 10th at 7.30. It is hoped that all members will make it a point to be present.

Mr. Arthur Forsyth who recently left town and purchased a barbering business in Uxbridge, is recovering from a bad attack of the flu, at the home of his mother here on Main street east.

The introduction of the summer Wednesday half-holiday with the alternative of open nights for Tuesday, Thursday and Saturday was made without a hitch. The public seemed to be ready for the change, and thus there was no confusion.

## RENNIE'S SEEDS

Quality flower and garden seeds in bulk and packages... 5 & 10c

GEO. LAWSON Proprietor

The regular meeting of Whit-church Council for the month of May will be held on Saturday next at Vandorf.

Miss Edwards of Toronto spent the weekend with her sister Mrs. Wm. Waddel, Main st. west.

Mr. Cecil Carpenter, of Sutton, visited at the home of Mr. and Mrs. Blake Sanders, over the weekend.

Mrs. I. Paisley who resides with her daughter on Wellesley street, Toronto, made a brief call on friends in town one day last week.

Mrs. Sam. Hisey, Clark Street, has been quite ill and was threatened with pneumonia for a time. Friends will be glad to know that she is slightly improved.

Mr. Stanley Cressman, and son Kenneth from London, and Mr. Frank Cressman from Kitchener motored to town last Saturday and spent the day with their parents at the Mennonite parsonage.

Townpeople are getting behind the Horticultural Society this year in grand style, even though the governments are letting the societies down, and as a consequence the membership is said to have been rolled up to the hundred mark or thereabout. If you haven't sent in your membership yet do so without delay.

Stouffville is noticeably quiet these afternoons, for the farmers are more than busy on the land. Plowing, cultivating and seeding goes on with all forces at work. Farmers are optimistic individuals for they plunge in every spring and work hard for a new harvest, never sure that they will even get back the cost of the seed planted. At that few folk are happier than the farmer.

The oldest person in the Uxbridge district died at Sandford in Scott Township last Friday in the person of Isabella Wallace, relict of the late Robt. Hardwood, in her 106th year. Deceased had been in bed for three months prior to her death, and suffered for three years from blindness. Up to her 100th birthday however, she was a very active woman, and took a real interest in the things about her. Her husband died long years ago, but a family of sons and daughters survive. Mrs. Harwood lived longer than any other person on record in the district with one exception, being that of Michael O'Neill who died in Uxbridge town in his 107th year about 25 years ago. It is a singular thing that two such elderly persons should establish such advanced ages right in the one district.

Two weeks from to-day is Victoria Day and a public holiday.

TO RENT—Desirable square plan 6-roomed house on Main street, west—All conveniences. A. E. Weldon.

Master Garnet Fleischer has been seriously ill with pneumonia at his parental home at 183 Terrace Hill Street, Brantford, but met the crisis successfully last week.

Mr. McKerrill of Toronto will preach in Church of Christ, westend, Stouffville, on Sunday morning, May 13th, at 11 o'clock. Everybody welcome.

Mr. George McCormack of Vivian who tapped 2000 maples this year for sap, harvested only two-thirds as much maple syrup from the same number of trees as he did the previous year. This is evidence that the run was not so good this year. There was a great variation in the quality too.

Rev. W. E. Hassard who spoke in the Mennonite Church here two Sundays ago on the Prohibition question, was in a humorous vein when he said that the argument that the drinking of more beer would reduce the appetite for the hard stuff, was just as foolish as telling a woman she must eat ice cream with apple pie to reduce her weight.

Mr. Lorne Baker of Gormley has a White Leghorn hen which is an established layer of large eggs. On an average she puts up eggs weighing 36 ounces to the dozen (average dozen should weigh 28-30 oz.) but a few days ago produced one weighing five ounces and measuring 7x9 inches. This yearling of the Leghorn breed could sit in at the Experimental Stations and do herself and her owner proud.

Two lots at the north end of Mill street which formed part of the estate of the late Mrs. Casey, were sold last week to Mr. Ralph Rae. The property has a total frontage of 95 feet, and has a barn on it. When Mr. Thos. Gostick purchased the Casey home he also bought the lots now transferred to Mr. Rae. Some day the new owner may build on the property, but he has no plans at present.

The appeals filed against six of our citizens by ex-reeve W. E. Morden on the ground that no effort was made to collect income tax from them by the village assessor, will be heard by the Court of Revision on the evening of Monday, May 28th. The appeal court consists of Reeve Sanders and all the members of the council. If their decision is appealed, the county judge will sit on the matter.

Miss Annie Duncan has been spending a few days in town at the old home here, while her brother, Rev. Gordon Duncan pastor at Warkworth, was in attendance at the annual meeting of the Synod in Toronto. Rev. N.R.D. Sinclair, of Essa, St. Presbyterian Church, Allandale was elected Moderator. A native of Whitby, Rev. Sinclair is a brother of W.E.N. Sinclair, M.P.P., former House leader of the Liberal party. He has been at Allandale for the past 12 years.

Calling at The Tribune office to renew her subscription to this paper, Mrs. William Story of Bloomington, says that she would not be without the local weekly, and that it is the only paper she takes outside of the Sunday issues. Mrs. Story is a very bright woman and for 50 years has lived at Bloomington. Eleven years ago her husband built the present comfortable home on the corner of the farm and retired there, where he died nine years ago, and their son Edgar runs the farm. Mrs. Story has her sister living with her, and so is not without a good companion.

Miss Zaida Barker, daughter of Mr. and Mrs. Morley Barker of Stouffville, has been recommended from among hundreds of students attending Toronto Normal School, for a position on the occasional staff of the Toronto public school board. To be one of the very few chosen from the annual issue of teachers from this academy, is a mark of distinction conferred on our local girl, who will complete her first year at Normal next month. In the event of not securing a permanent school position on Toronto's occasional staff is not to be regarded lightly.

## NOTICE TO DOG-OWNERS

Dog owners are hereby notified that there is a bylaw in the village of Stouffville, which prohibits the running at large of all dogs on the streets. A fine is provided under the bylaw for non-compliance with the same, and I hereby call upon all owners to do their part to maintain the law.

Chickens and other poultry are also forbidden from running at large and must be contained in one's own property.

This notice is published in pursuance of complaints that the bylaw is being disobeyed.

H. W. Sanders,  
Reeve of Stouffville.

## Betty Beauty Salon

### PERMANENT WAVING

Mr. Williams of Edward & White Limited, Toronto, will be at this Salon from Monday to Thursday, May 28-31.

For appointment Telephone 3206

## Assessment Court Set For May 28th

### Municipal Council Transacts Volume of General Business

The reeve and municipal councillors on Monday evening were occupied for an hour and a half in receiving deputations at their regular May meeting.

George Kiloh applied for an electric light on Cemetery Lane, and Constable Pugh reported all dog taxes paid with one single exception. H. O. Klinck reminded council they had not made any grant to the Horticultural Society, while Dr. Sangster, Dr. Ball and N.M. MacLean appeared for more money for the Park Commission which obtained a \$50 last meeting of council.

The fire brigade was advised that it would be all right with the council for them to answer calls in the surrounding townships provided the persons getting the service paid expenses, and the firemen do their own collecting.

An additional grant of \$100 was made to the Parks and a grant of \$10 to the Horticultural Society, which was said would end the "granting" business for this year.

The Hydro balance sheet was submitted by the auditors showing the Stouffville system had a net profit last year of \$1027.60, after the Hydro Commission had deducted 5 per cent for depreciation. The local system has 421 customers in all, and its showing for the year was highly gratifying to the council.

It was decided to purchase 3500 gallons of road oil for use on our dirt roads, and same to be put on as soon as feasible. The cost is 10c per gallon laid down, and the work will be done by the Municipal Road Spraying Co.

The assessor's roll was received and the date for the Court of Revision set for Monday, May 28, at 7.30 p.m.

(Councillor Weldon pressed the council to give further consideration to extending a water main in the west end with a view to eliminating small pipes running under the pavement. Favorable things were said about the need for the work, and the reeve requested the clerk to prepare an estimate of the total cost, so it could be more carefully considered.

Several applications were received from property owners on Main st., for permission to tap the storm sewer. This was granted with the provision that all liability be assumed by the property owners granted the concession, and work to be done under recommendation of the county engineer.

Reeve Sanders presided over the meeting, and all members were present including Councillors Waits, Weldon, Brilling and Brown.

The B.B.L. Society will give their play "Cranberry Corners" in Ratcliff's Hall, Stouffville, on May 18, as a benefit affair for Mr. and Mrs. Thos. Drewery, Lemonville, who lost their home by fire last week.

## SALE REGISTER

Mr. Otto Snider of Detroit was here for the funeral of his uncle the late David Snider.

Mr. and Mrs. F. W. Silvester are leaving St. Petersburg, Florida, this week, for their summer home at Keswick, Ontario.

Stouffville Men's Liberal Club—An important meeting will be held on Monday, May 14th, at 8 p.m. in the Municipal Hall, to transact urgent business in connection with the coming election campaign. All Liberals cordially invited.

The annual meeting of Stouffville Women's Institute will be held at the home of Mrs. Walls, Main Street on Wednesday, May 16th. All members are urged to attend as this is the election of officers. Each member requested to vote. Meet at 2 o'clock sharp. Usual social half hour.

The Minstrel Show Wednesday night of last week in Ratcliff's Hall drew a capacity crowd and although the admission was only 15 and 25c proceeds were nearly \$100. Local talent is always popular, and the boys of the undenominational Bible Class were no exception. The numbers were popular, and the manner in which some of the boys did their parts was a revelation.

The fire brigade has been busy lately. An alarm was sent in last week for a grass fire up Church street. The chemical hose was used, when Fletcher Goudie's house was threatened. Again on Monday morning Rev. Mr. Smalley's Main street east, had an anxious time when the chimney got ablaze. The brigade rushed to the place and stood by until the danger was over. The boys were also summoned to Lemonville on Friday for the big house fire there at Thos. Drewery's and again on Tuesday this week they raced to Ballantrae when Cavell's barn burned down.

## "QUALITY" "SERVICE"

# Selected Seed Grain

We pay a great deal of attention to the Quality of the Seed Grain we offer to our customers, and spare no expense to get absolutely the best the crop affords.

We have a Special this Season of Improved BANNER OATS grown from Registered Seed, The Banner Oat is a favorite with the farmer in York County, being a consistently heavy yielder and a good sample. The straw is strong, of good quality, the hull is thin, and the grain weighs heavy.

Government Standard No.1 @ 80c per bushel  
Our Clover and Timothy Seed is sown by the most critical farmers. We have given the closest attention to the selecting of this Seed.

The enormous increase in the demand for our Clover and Timothy Seeds is due to three outstanding features. PURITY, QUALITY, GERMINATION

SERVICE: Open Day and night

ANGELIQUE SPECIAL SHAMPOO

Price 25c per bottle.

STOREY'S DRUG STORE, STOUFFVILLE

## LEMONVILLE

Fire destroyed the frame house here occupied by Mr. and Mrs. Thos. Drewery last Friday morning about 11.30 noon. The blaze started in the roof evidently from a spark from the chimney, which gained rapid headway for everything was very dry. Many willing hands rushed to the scene and succeeded in getting out about all the furniture on the lower floor, but the bedrooms could

not be entered. The place was completely demolished, and only by dint of hard work was the home of Geo. Martin saved some 50 feet away. Fire trucks from Stouffville, Markham and Unionville responded, the latter being able to continue the fight by pumping water from the creek with their force engine, which was responsible for saving the adjoining buildings.

Send The Tribune to absent friends

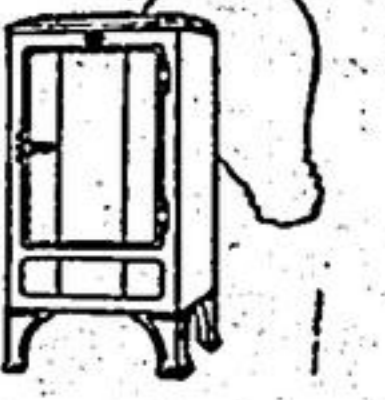

# Ours is a FRIGIDAIRE '34

AUTOMATIC ice tray releasing is just one of a host of features by which the Frigidaire '34 makes inconvenient refrigerators entirely out of date. Defrosting, for instance, is automatic. It freezes more ice—faster. It has a clever Utility Basket which groups small packages to save space. It has more room for tall bottles. It has the Servashef for carrying dishes from refrigerator to kitchen table. Several models are finished in lifetime porcelain inside and out; have double capacity vegetable Hydrators; have shelves adjustable up or down.

But you can't possibly appreciate how greatly electric refrigerators have been improved in the Frigidaire '34 until you see a demonstration. Won't you stop in—tonight?

THIS FRIGIDAIRE '34 MODEL ACTUALLY USES LESS CURRENT THAN ONE ORDINARY LAMP BULB

L. E. O'Neill, Dealer
