In the back row are Doris, Alma, Merlyn, and Allan, Between Mr. and Mrs. Baker is Mary, the baby of the group. Allan attends upper school in Stouffville, where both the girls first entered high school studies. (From photo taken 1929)

MILD SMALLPOX OUTBREAK

Mount Albert, June 21—Prompt precautions taken by H. E. Johnson, township M.O.H. are believed to have been successful in preventing an outbreak of smallpox here following discovery that the disease had been contracted in a mild form by a Queensville relief worker, who is thought to have come in contact with the disease in a Toronto barber shop.

More than 40 persons have been vaccinated, including twelve men who worked with the patient in a gravel pit before he went to Toronto while five families are being quarantined. Officials of Toronto health department doubted that the disease could have been contracted in that city. There has not been a case there since 1932, they stated.

Ivan Corn has broken her engagement with Mr. Foot, since he is using Cress Corn Salve. At J. M. Storey's Drug Store, Stouffville.

E. A. GRUBIN, Registered Optometrist

ONTARIO COUNTY FARMS WORTH \$41,095,663

Farm Statistics For the Year 1933. Large Acreage Sown But Prices Were Generally Lower On Account of Dry Weather

The total value of farm property—implements—and live stock, on Ontario County farms in 1933 was \$41,095,663, according to the annual report of the Statistics Branch of the Ontario Department of Agriculture, just issued. The division is made as follows:

Land	\$21,622,308
Buildings	11,629,336
Implements	3,948,733
Live Stock	3,825,236
Grand total	\$41,095,663

Value of Crops. The total value of all field crops raised in the county of Ontario for the year 1933 was \$3,396,115, with 269,534 acres under cultivation.

Owing to the very dry season, the acreage under cultivation did not yield as much as the previous year and the crop values were less. However, according to all statistics, the reputation of the county as a great agricultural centre, with fine barns and plenty of good cattle and horses well maintained.

Cattle on county farms were valued at \$1,719,653; horses \$1,303,552; sheep and lambs, \$203,957; swine, \$264,999, and poultry, \$333,075.

Chattel Mortgages. There were 549 chattel mortgages to the amount of \$872,377. For 1932 and 1931 the chattel mortgage figures are:

No Mortgages	Amount
1932	555 \$730,613
1931	278 551,558

In view of depressing times on the farms there was little change in the situation in the years 1933 and 1934.

COUNTY COMMISSIONERS

The over-throw of the Henry Government will call for a change on the personnel of the York County Road Commission. The Commission is composed of two county council representatives, one city representative and two government members, 5 in all.

The names of Morgan Baker and W. J. Gardhouse are being advanced and there is a likelihood that they will get the appointment for the government.

Premier Henry had always reserved the right to himself to be one of the Commissioners but this will pass to the new members, and the guess is that Messrs. Baker and Gardhouse will be given the appointments.

URGES PRACTICAL EDUCATION FOR YORK RURAL STUDENTS

County Council Committee Finds Farm Children Lack Urban Opportunities.

The children of the agricultural and working classes are at a disadvantage throughout the province in regard to education, and the theory that every child has an equal opportunity is not substantiated by the records of the department of education, members of York county council educational committee declared in a report to county council last week.

Pupils in the rural sections of the province and in many suburban districts lacked many facilities found in strictly urban schools, it was pointed out. Many children are at a disadvantage "in part due to the absence of kindergarten facilities, auxiliary classes, domestic science and manual training classes, free textbooks, dental and medical clinics and specialized vocational training," the report states.

Continuing, the educational committee observes: "It is felt that in the secondary schools the heavy cost for room, board and transportation are factors in the situation." Having in mind the many educational problems that arise from time to time, the committee advised that the provincial government be petitioned to appoint a commission to

make a comprehensive study of the administrative system of education and to determine the advisability of several reforms. The committee suggests, among many things, specific courses in primary or secondary schools with subjects and length of term limited to vital requirements in agriculture, commerce teachers' training courses and common vocations.

Notes and Comments

Confused as were the election issues in Ontario and Saskatchewan, one stood out clearly in both provinces. Followers of Mr. Hepburn and followers of Mr. Gardiner criticized rising taxes and mounting public debts under the regime of the Governments they were fighting. This was the outstanding issue both in the East and the West. And in Ontario and Saskatchewan the people rose against the excesses of Government and registered a striking and unequivocal demand for more reasonable expenditures, for the right to retain for themselves larger proportion of their incomes, now so largely diverted to taxation, and for an end to the snowballing of public debt without regard for the future.

It has taken years to arouse the public to an appreciation of the manner in which their liberties were being cramped by excessive Government, and their incomes were being undermined by the cost of that Government. But now the public knows and it augurs ill for Governments that do not heed the lesson.

LEMONVILLE

We welcome Mrs. Neighorn and family back for the summer months. We welcome Rev. Charles and Mrs. Jeffrey, our new pastor into our midst.

Gordon Lemon attended the bowling tournament in Stouffville, on Friday night. Mr. and Mrs. Blake Sanders, of Stouffville, visited with Mr. Sander's aunt, Mrs. M. Cook on Sunday. Last week Rev. Mr. Kell was called to Cooktown owing to the death of his brother Wilson Kell, aged 42 years.

Mrs. E. C. Penneck and son Harry of Stouffville, visited with Mrs. Penneck's mother, Mrs. M. Cook, Saturday afternoon.

We are very sorry to learn of the illness of our store-keeper's wife Mrs. E. S. Barkoy, we wish for her a speedy recovery. Harold Cook has been very ill with septic sore throat. We are glad to note that he is getting along as well as can be expected.

Mr. Thos. Drewery's foundation for his new home was finished last week, and is now ready for the carpenters.

We congratulate Mr. Mor. Baker, one of our neighboring farmers on the wonderful majority he received in the recent election. Good sized congregations greeted

Harry Sifton who died in his 43rd year, following a prolonged illness. In 1926 he made a notable run for the Liberal party in North York Dominion contest, being defeated by the late Col. T. H. Lennox.
